INDEPENDENT AUDITOR'S REPORT

Board of Directors
Noor International Academy

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Noor International Academy, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Noor International Academy as of June 30, 2014, and the respective changes in financial position for the year then ended in accordance with accounting principles accepted in the United States of America.

Members: A.I.C.P.A. and M.I.C.P.A.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the budgetary comparison information, as identified in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Government Auditing Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Noor International Academy's basic financial statements. The nonmajor funds combining statement of revenues, expenditures, and changes in fund balances – special revenue funds is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The nonmajor funds combining statement of revenues, expenditures, and changes in fund balances, statement of revenue and expenditures – budget and actual are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applies in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the nonmajor funds combining statement of revenues, expenditures, and changes in fund balances, statement of revenue and expenditures – budget and actual are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 2, 2014, on our consideration of Noor International Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance. That report is an integral part of the audit performed in accordance with Government Auditing Standards in considering Noor International Academy's internal control over financial reporting and compliance.

Wilkerson & Associate PC

3 PARKLANE BLVD. SUITE 612 DEARBORN, MICHIGAN 48126 313-982-4340 FAX 313-982-4342 LARRY WILKERSON, C.P.A THOMAS E. WILKERSON, C.P.A

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of Noor International Academy

We have audited the financial statements of Noor International Academy as of and for the year ended June 30, 2014, and have issued our report thereon dated October 2, 2014. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Noor International Academy is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Noor International Academy's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Noor International Academy's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Noor International Academy's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Members: A.I.C.P.A. and M.I C.P.A.

To the Board of Directors of Noor International Academy

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Noor International Academy's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information and use of the Board of Directors, management and the Michigan Department of Education and is not intended to be and should not be used by anyone other than these specified parties.

Management's Discussion and Analysis For the Fiscal Year ended June 30, 2014

This section of Noor International Academy's (the Academy) annual financial report presents discussion and analysis of the Noor International Academy's Financial Performance during the year ended June 30, 2014. It should be read in conjunction with the Academy's financial statements, which immediately follow this section.

The Academy is required to implement the provisions of Governmental Accounting Standards Board Statement No. 34 (GASB No. 34) in its financial statement presentation. This accounting standard requires the reporting of two types of financial statements: District-wide Financial Statements and Fund Financial Statements.

The financial report is only one measure of an Academy's viability. An Academy's goal is to provide educational services to the students, not to generate profits as commercial entities do. Consideration should also be given to other non-financial factors, such as the quality of the education provided and safety of the schools, in the assessment of the overall health of a school's district.

District-Wide Financial Statements

The District-Wide Financial Statements provide information about the activities of the Academy as a whole, presenting both an aggregate view of the Academy's finances and a long-term view of those finances. District-Wide Statements are presented on a full accrual basis, which is the primary accounting method, used in private industry. The Statement of Net Position reports all the Academy's assets regardless if they are available for current use or legally restricted, and all of its liabilities, both short-term and long-term. The Statement of Activities reports all of the Academy's revenues and expenses by type of activity.

Fund Financial Statements

The Academy segregates resources and activities in separate Funds (or entities); each used for a specific purpose, to facilitate accountability for those resources. The Fund Financial Statements provide a detailed short-term view of the operations of a School District's various fiscal components, not a long-term view of the School District's as a whole. It provides information as to the amount of financial resources that can be spent in the near future to finance programs. It also provides information about the School District's most significant Funds – the General Fund (the Academy's principal operating Fund) and Debt Service Fund, and its non-major Funds, which are grouped together and presented as Other Governmental Funds. The Academy's non-major Funds are Food Service, Capital Projects, and Future Obligations. Fund Financial Statements are presented on a modified accrual basis. Only those assets that

are measurable and currently available are reported. Liabilities are recognized to the extent that they can be paid using current financial resources.

The School District as a Whole

As discussed above, the Statement of Net Position provides information of the Academy as a whole. Table 1 provides a summary of Noor International Academy's Net Position as of June 30, 2014.

Table 1-Summary of Noor International Academy's Net Position.

	Governmental <u>Activities</u> (in thousa	
<u>Assets</u>	<u>2013</u>	<u>2014</u>
Current and other Assets	\$ 327.4	\$ 550.0

Net Position Invested in capital assets Reserved for Deposits Unrestricted	\$ 178.2 \$ -0- <u>\$ 138.4</u>	\$ 112.8 \$ -0- \$ 318.9
Total Net Position	<u>\$ 316.6</u>	<u>\$ 431.7</u>

Net Position at year-end was \$431,702. The Academy's net investments in Capital Assets were \$112,834. The \$318,868 in unrestricted net position represents the cumulative operating results for the year ended June 30, 2014 and all prior years.

The Academy's total Net Position increased \$115,104 during the fiscal year ended June 30, 2014 (please refer to Table 2 below). The cost to operate the Academy's programs was \$1,356,014. Partially funding these programs were charges for services and grant revenues totaling \$101,154. The remaining cost of the Academy's was funded by general revenues, primarily State Aid totaling \$1,354,325 and miscellaneous revenue \$15,640.

Net Position - End of year	\$	316.6	<u>\$</u>	431.7	

State of Michigan Aid, Unrestricted

The State of Michigan aid, unrestricted is determined by the following variables:

- Per student, foundation allowance: annually, the State of Michigan sets the per student foundation allowance. The Academy's foundation allowance was \$7,168 per student for the 2013 - 2014 school year.
- Student Enrollment: The Academy's student enrollment for the fall count of 2013-2014 was 165 students. To calculate total state aid to be provided by the foundation allowance, a blend of 90% of current year fall count and 10 % of the previous year winter count is multiplied by the Academy's foundation allowance.

Subsequent to year-end June 30, 2014 preliminary student enrollment for 2014-2015 indicate that the 2014 fall student enrollment is approximately 193 students.

Capital Assets

At June 30, 2014 Noor International Academy had an investment in capital assets, net of accumulated depreciation of \$112,834 (please refer to Table 3 below). This includes Improvements/Infrastructure, Construction In progress, Computers, Software, Furniture, and other Equipment.

Capital assets purchased or acquired are capitalized at cost. The Academy's capitalization policy is individual amounts exceeding \$1,000.

The Academy added approximately \$2,880 of capital assets during the year. This consists primarily of building improvement and computer equipment. The assets were purchased with cash from the General Fund. More detailed information of fixed assets is included in the footnotes.

Depreciation on all assets is provided on the straight-line basis over the estimated useful lives of the assets. Total depreciation expense for the year was \$68,238.

Table 3 – Capital Assets

Description	June 30, 2013	<u>June 30, 2014</u>
Building Improvement Computer Equipment	\$ -0- \$ 199,509	\$ 1,750 \$ 200,639
Furniture & Equipment	\$ 43,652	\$ 43,652
Total Capital Assets Less Accumulated Depreciation	\$ 243,161 \$ - 64,969	\$ 246,041 \$ - 133,207
Net Capital Assets	\$ 178,192	<u>\$ 112,834</u>

Debt:

At the end of this year the Academy had no Long-Term debt outstanding.

The School District's Funds

As mentioned above, the Academy uses Funds to segregate and account for resources and activities that are used for specific purposes. At June 30, 2014 the Academy's Governmental Funds had a combined balance of \$314,962, an increase of \$193,484 from June 30, 2013. The contributions of each individual fund are:

General Fund:

The ending balance of the General Fund, the principal operating Fund of the Academy increased \$193,484 at June 30, 2014 to \$314,962 from \$121,478 at June 30, 2013. The increase is primarily attributable to additional funding during the year. The Fund Balance of the General Fund is available to fund costs related to school operations.

Other Governmental Funds:

The School District's non-major funds – Food Service (Lunch Program), is presented in this category. At June 30, 2014 the Food Service Fund equity balance was \$0.

Expenditures of the lunch program were \$15,425 above revenues that were transferred from the General Fund.

General Fund Budgetary Highlights:

State law requires that school districts periodically amend their budgets to ensure that expenditures do not exceed appropriations. During the year, the Academy revised its budget in response to and / or in anticipation of changing operating conditions. The Academy had two budget amendments during the year that were approved by the Board of Directors of Noor International Academy. The final Budget was approved in June 2014. (A schedule showing the Academy's Original Budget, Final Budget, and actual results for the general Fund is provided in the Required Supplemental Information section of these Financial Statements).

The majority of the School Districts revenue is based on student enrollment. For the fiscal year 2013-2014, it received \$7,168 per pupil from the State of Michigan. The original budget, which was completed at the end of the prior fiscal year, reflected certain assumptions for enrollment, grant funding, staffing and other expenditures. The June 2014 amended (Final) budget reflected actual enrollment based on the September 2013 official pupil count and a revised estimate of federally approved grant funding, Operating expenditures based on the revised revenues estimate were updated accordingly. The actual ending fund balance met expectations.

Final Budget Vs. Actual:

Revenues:	Final Budget	Final Actual
2011 - 2012	\$ 1,172,201	\$ 1,030,124
2012 - 2013	\$ 1,187,248	\$ 1,199,711
2013 - 2014	\$ 1,353,222	\$ 1,424,944
Expenditures:		
2011 - 2012	\$ 1,160,096	\$ 1,023,163
2012 - 2013	\$ 1,163,452	\$ 1,066,765
2013 - 2014	\$ 1,265,341	\$ 1,216,035

Economic Factors affecting Next Year's Budgets:

Our elected officials and administration consider many factors when setting the Academy's 2014 fiscal year budget. One of the most important factors affecting the budget is our student count. The State foundation revenue is determined by multiplying the blended student count by the foundation allowance per pupil. The blended count for the 2013-2014 fiscal year is 10 percent and 90 percent of the October 2013 and February 2013 student counts, respectively. The 2014 budget was adopted in June 2013, based on an estimate of students that will be enrolled in September 2013. Approximately 91 percent of total General Fund revenue is from the foundation allowance. As a result, Academy funding is heavily dependent on the State's ability to fund local school operations. Based on early enrollment data at the start of the 2013-2014 school year, we anticipate that the fall student count will be close to the estimates used in creating the 2014 budget. Once the final student count and related per pupil funding is validated, State law requires the Academy to amend the budget if actual Academy's resources are not sufficient to fund original appropriations.

Since the Academy's revenue is heavily dependent on State funding and the health of the State's School Aid Fund, the actual revenue received depends on the State's ability to collect revenues to fund its appropriation to local school districts. The State periodically holds a revenue-estimating conference to estimate revenues. At this time, the estimated Foundation Allowance for the year 2014-2015 is around \$7,218 per pupil.

Contacting the District's Management

This Financial report is intended to provide our parents and investors with a general overview of the Academy's finances and to show the Academy's accountability for the money it receives. If you have any question about this report or need additional information, we welcome you to contact the business office.

Total Net Change in Fund Balances - Governmental Funds		\$ 193,484
Amounts reported for governmental activities in the statement of activities are different because: -		
Capital outlays to purchase or build capital assets are reported		
in governmental funds as expenditures. However, for		
governmental activities those costs are shown in the		
statement and allocated over their estimated useful lives		
as annual depreciation expenses in the statement of		
activities. This is the amount by which depreciation		
exceeds capital outlays in the period:		
Depreciation expense	(68,238)	
Capitalized capital outlay	2,880	 (65,358)
Revenue is reported in the statement of activities		
when earned; they are not reported in the		
funds until collected or collectible within 60		
days of year end		
Prior year federal grant revenue deferred		(16,928)
Current year deferred revenue		 3,907
Change in Net Position of Governmental Activities		\$ 115,104

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Noor International Academy (the "Academy") conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of the significant accounting policies:

A. Reporting Entity

Noor International Academy is a public school academy that provides instructional and support services to elementary school students from kindergarten to the eighth grades. The Academy was formed as a public school academy pursuant to the Michigan School Code of 1976, as amended by Act No. 362 of the Public Acts of 1993 and Act No. 416 of the Public Acts of 1994.

The Academy entered into a five-year contract with Central Michigan University to charter a public school academy in March 2011, expiring June 30, 2016. The contract requires the Academy to act exclusively as a governmental agency and not undertake any action inconsistent with its status as an entity authorized to receive state school aid funds pursuant to the State Constitution. Central Michigan University is the fiscal agent for the Academy and is responsible for overseeing the Academy's compliance with the contract and all applicable laws. The Academy pays the Central Michigan University 3 percent of State aid as an administrative fee. The total administrative fee paid through June 30, 2014 to the Central Michigan University was approximately \$35,953.

The accompanying financial statements have been prepared in accordance with criteria established by the Governmental Accounting Standards Board for determining the various governmental organizations to be included in the reporting entity. These criteria include significant operational and financial relationships that determine which of the governmental organizations are a part of the Academy's reporting entity, and which organizations are legally separate, component units of the Academy. Based on application of the criteria, the entity does not contain component units.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. District-Wide and Fund Financial Statements

The district-wide financial statements (i.e., the statement of Net Position and the statement of changes in Net Position) report information on all of the nonfiduciary activities of the primary government. Substantially all interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenue, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All of the Academy's government-wide activities are considered governmental activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenue. Direct expenses are those that are clearly identifiable with a specific function. Program revenue includes: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; and (2) grants and contributions that are restricted to meeting the operational and capital requirements of a particular function.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

District-Wide Statements

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants, categorical aid, and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The effect of the interfund activity has been substantially eliminated from the government-wide financial statements.

Amounts reported as program revenue include: (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions. Internally dedicated resources are reported as general revenue rather than as program revenue. Likewise, general revenue includes all unrestricted State aid.

Fund-Based Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenue to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as required under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Unrestricted State aid, intergovernmental grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be available only when cash is received by the government.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The State of Michigan utilizes a foundation allowance approach, which provides for a specific annual amount of revenue per student based on a state-wide formula. The foundation allowance is funded from a combination of state and local sources. Revenues from state sources are primarily governed by the School Aid Act and the School Code of Michigan. The State portion of the foundation is provided from the State's School Aid Fund and is recognized as revenue in accordance with state law.

The Academy also receives revenue from the State of administer certain categorical educational programs. State rules require that revenue earmarked for these programs be used for its specific purpose. Certain categorical funds require an accounting to the State of the expenditures incurred. For categorical funds meeting this requirement, funds received which are not expected to be expended by the close of the fiscal year are recorded as deferred revenue. Other categorical funding is recognized when the appropriation is received.

The Academy reports the following major governmental fund:

General Fund

The General Fund is used to record the general operation of the Academy pertaining to education and those operations not provided for in other funds. Included are all transactions related to the approved current operating budget.

Additionally, the Academy reports the following nonmajor governmental Food Services Fund. This fund is used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes in the Academy's food service program. Any deficit generated by this activity is the responsibility of the General Fund.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Position or Equity

Deposits, Cash Equivalents, and Investments

Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with a maturity of twelve months or less when acquired.

The Academy believes that due to the dollar amounts of cash deposits and the limits of FDIC insurance, it is impractical to insure all bank deposits. As a result, the Academy evaluates each financial institution it deposits Academy funds with and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk are used as depositories.

The Academy is authorized by Michigan Compiled Laws, Section 129.91 to invest surplus monies in federally insured United States banks, credit unions, and savings and loan associations that have offices in Michigan. The Academy is also authorized to invest in bonds and notes, certain commercial paper, U.S. Government repurchase agreements, bankers' acceptances and mutual funds and investment pools that are composed of authorized investment vehicles.

Investments are recorded at fair value, based on quoted market prices, or estimated fair value.

Capital Assets

Capital assets, which include land, buildings, equipment, and vehicles, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$1,000 and an estimated useful life in excess of five years. Such assets are recorded at historical cost or estimated historical cost if purchased

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Position or Equity (Continued)

Capital Assets (Continued)

or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Costs of normal repair and maintenance that do not add to the value or materially extend asset life are not capitalized. The Academy does not have any infrastructure-type assets.

Buildings, equipment, and vehicles are depreciated using the straightline method over the following useful lives:

Buildings and additions	20 - 50 years
Buses and other vehicles	5-10 years
Furniture and other equipment	5-20 years

MPSERS Liability

The Academy contracted with Hamadeh Educational Services, Inc. – Management Company to provide all staffing personnel during the year under audit. Consequently, all staffing cost is treated as purchased services in these financial statements.

The Academy has no obligation to fund the Michigan Public School Employees Retirement System for the year ended June 30, 2014.

Deferred Revenue

Governmental funds report deferred revenue in connection with receivables for revenue that is not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Position or Equity (Continued)

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of Net Position. In the fund financial statements, governmental fund types recognize bond proceeds, premiums and discounts, as well as issuance costs, during the current period.

Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriations or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Comparative Data

Comparative data is not included in the Academy's financial statements.

District-wide financial statements (statement of Net Position and statement of activities) prepared using full accrual accounting for all of the Academy's activities have been provided.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Position or Equity (Continued)

Capital assets of \$112,834 (net of accumulated depreciation of \$133,207) are currently recorded in the governmental activities column of the statement of Net Position.

The fund financial statements focus on major funds rather than fund types.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Budgetary Data

The Academy is legally subject to the budgetary control requirements of the State of Michigan P.A. 621 of 1978 (the Uniform Budgetary Act). The following is a summary of the requirements of the Act:

- 1. Budgets must be adopted for the General Fund and Special Revenue Funds.
- 2. The budgets must be balanced.
- 3. The budgets must be amended when necessary.
- 4. Public hearings must be held before budget adoptions.
- 5. Expenditures cannot exceed budget appropriations.
- 6. Expenditures must be authorized by a budget before being incurred.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Assets or Equity (Continued)

Budgetary Data (Continued)

The following segments of the budget were over expended by the amounts stated below. In all cases adequate fund balance was available to cover these expenditures:

	Budget Actual		Variance	
General Fund				
Pupil support services Community services	28,970 17,868	85,553 25,925	56,583 8,057	

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

The Academy formally adopted General Fund, and Special Revenue Funds (Food Services) budgets by function for the fiscal year ended June 30, 2014. Expenditures at this level in excess of amounts budgeted are a violation of Michigan law. Unexpended appropriations lapse at year end; encumbrances are not included as expenditures. No encumbrances were outstanding in the General Fund and Special Revenue Funds at June 30, 2014. During the current year, the budget was amended in a legally permissible manner.

The combined statement of revenues, expenditures and changes in fund balances — all governmental fund types is presented in conformity with generally accepted accounting principles. The combined statement of revenues, expenditures and changes in fund balances — budget and actual is presented on the same basis of accounting used in preparing the adopted budget.

NOTE 3 - DEPOSITS AND INVESTMENTS

State statutes and the Academy's investment policy authorize the Academy to make deposits in the accounts of federally insured banks, credit unions, and savings and loan associations that have offices in Michigan; the Academy is allowed to invest in U.S. Treasury or agency obligations, U.S. government repurchase agreements, bankers' acceptances, commercial paper rated prime at the time of purchase that matures not more than 270 days after the date of purchase, mutual funds, and investment pools that are composed of authorized investment vehicles. The Academy's deposits are in accordance with statutory authority. The Academy has designated one bank for the deposit of its funds, and has not adopted any other formal investment policy.

The Academy's cash and investments are subject to custodial credit risk, which is examined in more detail below:

Custodial Credit Risk of Bank Deposits — Custodial credit risk is the risk that in the event of a bank failure, the Academy's deposits may not be returned to it. The Academy evaluates its depositories and only those with an acceptable risk level are used for the Academy's deposits. The Academy believes that due to the dollar amounts of cash deposits and the limits of FDIC insurance, it is impractical to insure all deposits.

At year end, the Academy's deposits and investments were reported in the basic financial statements as cash and cash equivalents of \$280,825.

The deposits of the Academy were reflected in the accounts of the financial institution at \$345,643 of which all is covered by federal depository insurance.

NOTE 4 - CAPITAL ASSETS

Capital assets activity of the Academy's governmental activities was as follows:

					Dis	posals		
	E	alance			2	nd	E	Balance
	Jul	y 1, 2013	A	dditions	Adju	stments	Jun	e 30, 2014
Assets being depreciated								
Building Improvements	\$	-	\$	1,750	\$	-	\$	1,750
Computer equipment		199509		1,130		-		200,639
Furniture and equipment		43,652						43,652
Subtotal		243,161		2,880		_		246,041
Accumulated depreciation:								
Building Improvements		_		486		-		486
Computer equipment		62,510		65,293		-		127,803
Furniture and equipment		2,459		2,459				4,918
Subtotal		64,969		68,238		-		133,207
Net capital assets	\$	178,192		(65,358)	\$	-	\$	112,834

Depreciation expense was not charged to specific activities as the Academy considers its assets to impact multiple activities and allocation is not practical.

NOTE 5 - RISK MANAGEMENT

The Academy is exposed to various risks of loss related to property loss, torts, errors and omissions and employees injuries (workers compensation), as well as medical benefits provided to employees. The Academy has purchased commercial insurance for all claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage since inceptions.

NOTE 6 - MANAGEMENT AGREEMENT

The Academy has entered into a management agreement with Hamadeh Educational Services, Inc. (the "Management Company"), a for-profit corporation. The Management Company is responsible for all management, operation, administration, and education of the Academy. All Academy personnel are provided by the Management Company. There management fees for the year ended June 30, 2014 were approximately \$156,612.

NOTE 7 - OPERATING LEASE

The Academy entered into a five (5) year operating lease agreement with ERA Sterling Heights, LLC, effective March 28, 2011. The Academy is responsible for insurance, repairs and maintenance for its building. The academy incurred rent expense in connection with this lease of \$75,000 for the period ended June 30, 2014.

NOTE 8 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 2, 2014, which is the date the financial statements were available to be issued. Events occurring after that date have not been evaluated to determine whether a change in the financial statements would be required.

NOOR INTERNATIONAL ACADEMY REPORT TO THE BOARD OF DIRECTORS

JUNE 30, 2014

Results of the Audit

We have audited the financial statements of NOOR INTERNATIONAL ACADEMY (the "Academy") as of and for the year ended June 30, 2014 and have issued our report thereon dated October 2, 2014. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated March 13, 2014 our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all materials respects, in conformity with U.S. generally accepted accounting principles. We are responsible for planning and performing the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement. As part of our audit, we considered the internal control of the Academy. Our consideration of internal control was solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters and our audit of the financial statements does not relieve you or management of your responsibilities.

Our audit of the Academy's financial statements has also been conducted in accordance with Government Auditing Standards, issued by the Comptroller General of the United States. Under Government Auditing Standards, we have made some assessments of the Academy's compliance with certain provisions of laws, regulations, contracts, and grant agreements. While those assessments are not sufficient to identify all noncompliance with applicable laws, regulations, and contract provisions, we are required to communicate all noncompliance conditions that come to our attention. We have communicated those conditions in a separate letter dated October 2, 2014 regarding our consideration of the Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements.

We are also obligated to communicate certain matters related to our audit to those responsible for the governance of the Academy, including certain instances of error or fraud and significant deficiencies in internal control that we identify during our audit. In certain situations, Government Auditing Standards require disclosure of illegal acts to applicable government agencies. If such illegal acts were detected during our audit, we would be required to make disclosures regarding these acts to applicable government agencies. No such disclosures were required.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters during the preliminary audit phase.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Academy are described in Note I to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2014.

We noted no transactions entered into by the Academy during the year for which there is a lack of authoritative guidance or consensus.

There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are in integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates included in this year's financial statements.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statements disclosures are particularly sensitive because of their significance to financial statements users. There were no particularly sensitive disclosures included in the financial statements.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no such misstatements identified.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statement or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 2, 2014.

Management Consultants with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Academy's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

In the normal course of our professional association with the Academy, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the Academy, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition of our retention as the Academy's auditors.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the Academy's financial statements and report does not extend beyond the financial statements. We do not have an obligation to determine whether or not such information is properly stated. However, we read the management's discussion and analysis and budgetary comparison schedule and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation in the financial statements.

In addition to the comments and recommendations in this letter, our observations and comments regarding the Academy's internal controls, including any significant deficiencies or material weaknesses that we identified, have been reported to you in the report on internal control over financial reporting and on compliance and other matters based on and audit of financial statements performed in accordance with *Government Auditing Standards*.

This information is intended solely for the use of the board of directors and management of NOOR INTERNATIONAL ACADEMY and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Wilkerson & Associate PC

Larry D. Wilkerson, CPA

Recommendations

NOOR INTERNATIONAL ACADEMY RECOMMENDATIONS

As a result of auditing standards required to be implemented last year, the audit continues to require a strong emphasis be placed on the Academy's internal controls systems. The primary goal of internal controls is to provide a reasonable (as opposed to absolute) protection to the Academy and its assets and financial information. During this year's audit process, we noted no items that required management to make changes; therefore, no recommendations are made for this year.

Informational items

NOOR INTERNATIONAL ACADEMY Informational Items

Budgeting Strategy Considerations for 2014-2015 and Beyond

Michigan's economy continues to show signs of improvement but the rate of improvement is slow. Even with the changes in tax structure, the State has shown an inability to generate substantial additional revenue. Over the last several years, Michigan academies have struggled with the reality that the State has not been able to significantly increase funding. Based on the State's current budgetary outlook, it is apparent that there will not be any additional funds for the foreseeable future. With no other revenue source to replace it, the School Aid Fund will not be equipped to maintain funding at the current level, creating a significant funding cliff.

In the next months, we encourage the Academy to craft its plan. Key to the plan is defining how the educational programs and services will need to be adapted or redefined to cope with the funding issues while meeting the educational needs of the students. These tasks are not easy, but in the end could become opportunities to redesign how services are provided and educational objectives are met. As the Academy looks to the future, careful planning will continue to be key. The use of budget modeling will increase in importance especially as it looks to assess the impact of the best practice funding approach and a continued focus of funding based on student achievement

NOOR INTERNATIONAL ACADEMY Informational Items

June 30, 2015 AUDIT REPORT

The Michigan Department of Education has changed the due date for the June 30, 2015 audit to October 15, 2015. Therefore, you should start preparing for the annual audit approximately a month earlier next year.
