The comparison made between what should have been accomplished and what has been actually accomplished. Concerning student learning, assessments make comparisons between what has been learned and what should have been learned.

ATTITUDE

One (1) of the five (5) major types of learning contained in courses of study, along with facts, concepts, principles, and skills. For example, students develop attitudes toward "doing quality work," "maintaining a clean environment," "participating in civic affairs," "not using drugs," etc.

CONCEPT

One (1) of the five (5) major types of learning involved in a course of study, along with attitudes, facts, principles, and skills. Students form an abstract idea by understanding the characteristics that are generally true of it. For example, *triangle* is the name for the concept of any plane, closed, geometric figure that has three (3) sides that form three (3) internal angles.

The name used to refer to all of the facts, concepts, principles, attitudes, and skills students are expected to learn in any course of study.

COURSE OF STUDY

An organized sequence of learning activities designed for students to acquire a body of knowledge, attitudes, and skills associated with a particular academic or vocational field. Course of Study activities may be scheduled over a semester, a school year, or several school years. Examples are a K-6 math program, 11th grade American History, or High School Science.

CRITERION (CRITERIA)

A feature or characteristic by which something or someone is measured or judged. For example, in judging a student's writing ability, some criteria that might be used are "organization," "originality of thought," "clarity of expression," "grammar," etc.

All the planned activities - formal and informal, individual and group, in and outside of the classroom – necessary to accomplish the educational goals of the Academy. (See Policy 2210)

LEADERSHIP

A five-step process of working with people, using certain knowledge, skills, and attitudes, combined with risk-taking, 1.) to envision a desired or needed outcome; 2.) to communicate to

others so they participate willingly in the necessary tasks; 3.) to monitor progress toward the outcome; 4.) to reinforce and/or remediate actions; 5.) to evaluate the results.

MANAGEMENT

The process of organizing and maintaining needed resources (people, things, time, and money) and ensuring they are utilized appropriately for their intended purpose.

MISSION

The stated purpose or intent of a school or school system. A mission statement provides reasons for the school's existence.

NORMS

A set of achievement levels attained by a given number or percentage of students from representative populations or areas of a state or the nation.

0131 Legislative

0131.1 Charter Contract Bylaws and Board Operating Policies

The Board of Directors shall adopt bylaws and policies for the organization and operation of this Board and the Academy and shall be bound to follow such bylaws and policies.

Policies that are not dictated by statute or rules of the State Department of Education, ordered by the State Board of Education, or directed by the Superintendent of Public Instruction or a court of competent authority may be adopted, amended, repealed, or suspended at any meeting of the Board.

The adoption, modification, repeal, or suspension of an Academy's policy shall be recorded in the minutes of the Board meeting. All policies shall be printed in the Board Policy manual. Any policy or part of a policy that is superseded by a term in the Charter Contract shall no longer be in force or effect as a policy.

Board policies that are neither dictated by the statutes or rules of the State of Michigan nor ordered by either the Charter Contract of the authorizing institution or a court of competent authority may be adopted, amended, and repealed at any meeting of the Board provided the proposed adoption, amendment, or repeal was proposed at a previous Board of Directors meeting and, once proposed, remained on the agenda of each succeeding Board of Directors meeting until approved or rejected.

Except upon a vote and with compelling reasons, the Board may adopt, amend, or suspend board policy contained herein, provided the amendment, adoption, or suspension does not conflict with the law or the Academy's Charter Contract. Any resolution that adopts, amends, or suspends a Board policy under this provision shall expire automatically at the next public meeting of the Board of Directors, unless the Board moves to adopt the resolution in final form.

Bylaws and policies shall be adopted, amended, repealed or suspended by a majority vote of the Board.

These technical corrections may include statutory references, scrivener's errors, renumbering that does not change the order of the sections or subsections, grammatical corrections or additions including punctuation or typographical errors, as well as alterations and omissions not affecting the construction or meaning of any sections, subsections, chapters, titles, or policies as a whole. Technical corrections may also include the updating of the named individuals in these policies where the originally named individual no longer works for the Academy or no longer works in the applicable position. Should the Board choose to make such technical corrections, it may be accomplished by resolution without going through the normal policy adoption procedures.

This does not apply to any amendments or renegotiations of a contract or to additional payments under the contract that were not authorized by the contract at the time of award.
- D. The official minutes of the Board must disclose the name of each party involved in the contract, the nature of the financial interest, and the terms of the contract, including the duration; financial consideration between the parties; facilities or services of the Academy included in the contract; and the nature and degree of assignment of school staff needed to fulfill the contract.

0169 Student Disciplinary Hearings

0169.1 Closed Session Requested

If parent or student requests a closed hearing, a vote must be taken. The purpose of the closed session should be announced: "To consider a student disciplinary matter, pursuant to the request of the parent/guardian" [NOTE: Do not need to use the name since that could identify the student]. A majority is required to go into a closed session.

Those invited into closed session should include the student, parent(s) and/or representative(s) and Academy administrator(s) bringing charges. Others may be admitted at Board discretion, if needed for the proceeding or at the request of student/parents.

Witnesses should be admitted when needed to testify. They should be asked to leave the closed session after testifying. Witnesses may be required to affirm that they will tell the truth.

The Administration should present a summary of the requested discipline and an overview of the incident(s) supporting discipline. The Administration shall call and question witnesses as it determines appropriate. The administrator may testify as a witness to the results of his/her investigation of the incident and the student's past record.

The student, parent, or representative (only one (1)) should be allowed to ask the witness(es) questions related to issues reasonably related to the discipline. Additional questioning by the Administration, the student/representative and/or the Board may be allowed at the Board's discretion.

The student, parent, or representative may then present witnesses or statements to the Board. The Administration and/or the Board may ask questions of these individuals. The Board may allow additional questioning at its discretion.

When the presentation of evidence is concluded, the Board will deliberate. It may exclude both the Administration and the student and representatives, or allow both sides to remain. If the Board desires clarification of any testimony during its deliberation, it shall assure that both the Administration and the student are present to hear the information.

<u>The Board shall not take any action in the closed session.</u> To act on the discipline the Board must return to open session where a majority vote is required to confirm any Board action.

During the open session the name of the student shall not be used in voting on the discipline, to protect student privacy under the Federal Family Education Rights and Privacy Act. The student may be referred to by a Code Number or Pseudonym (i.e. Student A). Only the reference code shall be indicated in the Board minutes, NOT the student's actual name. The reference code shall be listed in the student's discipline file.

If, at any time during the hearing, the student, parent or authorized representative withdraws the request for a closed hearing, the matter shall proceed under the open hearing provisions.

0169.2 Open Hearing Requested

If the student, parent or authorized representative does not request a closed hearing, the Board must still assure that the Family Education Rights and Privacy Act is not violated.

The parents (or student if eighteen (18) or older) should sign an authorization to release student record information to allow discussion of the student's information in the public forum (Form 8330 F4). If the parents refuse to sign the authorization or information relating to other students must be presented at the hearing, it should be done anonymously by referring to students by Code Numbers or Pseudonyms. If this is not possible, then the Board may go into closed session to receive student identifiable information pursuant to a two-thirds (2/3's) roll call vote for the announced purpose of "Considering material exempt from discussion or disclosure by State or Federal law."

In all other respects the hearing shall proceed as outlined under the Closed Hearing.

The Board must deliberate and act on the discipline in open session. The student, parents, administration and public will be allowed to be present. Students/parents who have not authorized disclosure to the public will not be mentioned by name during deliberations, but only by anonymous reference code. Any action must be by a vote of the Board in open session. If the student/parents © National Charter Schools Institute

have signed an authorization for public disclosure, then the student's name may be used in the motion and recorded in the Board minutes.

ASSESSMENT OF ACADEMY GOALS

One of the major functions of the Board of Directors is to establish the goals by which the Academy can accomplish its mission and to provide the resources necessary for their accomplishment. Because of the importance the Board places on accomplishing goals, it has established the following policy for effective assessment of the Academy's progress toward their realization.

The Board and the Educational Service Provider shall meet at least annually to discuss the progress of the Academy. These discussions may include the following:

- A. Data on the results-to-date of each Academy goal (see AG 1110) so assessment and evaluation can focus on how well the Academy is accomplishing its goals.
- B. Evaluations or progress assessments of the Academy's learning programs.

This annual process of assessing/evaluating the Board, programs, and resources shall not be considered finished until:

- A. Academy goals and the strategies and actions being used to accomplish them have been reviewed and reprioritized;
- B. revisions have been made in light of what all of the data for that year has indicated should be changed or continued in order to improve the accomplishment of Academy goals.

Adopted 7/28/11

CONFLICT OF INTEREST

Reference: 2 CFR 200.318

All staff members, officers, and agents of the Academy, whether employed by the Board or an Educational Service Provider, shall perform their official duties in a manner free from conflict of interest. To this end, the maintenance of high standards of honesty, integrity, impartiality, and professional conduct by staff is essential to ensure the proper performance of Academy business and to maintain public confidence in the Academy.

To achieve this, the Board of Directors has adopted the following procedures to assure that conflicts of interest do not occur. These procedures apply to all Academy personnel, including Board members, staff, whether employed by the Board or an Educational Service Provider, officers, and agents of the Academy. - C. If the financial interest pertains to a proposed contract involving and awards, the following requirements must be met:
 - 1. Academy personnel may not participate in the selection, award, or administration of a contract supported by the award if s/he has a real or apparent conflict of interest. Such a conflict of interest would arise when the Academy personnel, any member of his/her immediate family, his/her partner, or an organization which employs or is about to employ any of the parties described in this section, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
 - 2. No Academy personnel may solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.
 - D. Academy personnel shall not engage in business, the private practice of their profession, rendering services, or selling goods of any type that take advantage of any current or past professional relationship with any student, client, or parents in the course of their employment or professional relationship with the Academy. Included, as illustration rather than limitation, are the following:
 - 1. providing any private lessons or services for a fee;
 - 2. using, selling, or improperly divulging any privileged information about a student or client, which was gained in the course of the Academy

personnel's employment or professional relationship with the Academy through his/her access to Academy records;

- 3. referring any student or client for lessons or services to any private business or professional practitioner, if there is any expectation of reciprocal referrals, sharing of fees, or other remuneration for such referrals;
- 4. requiring students or clients to purchase any private goods or services provided by Academy personnel or any business or professional practitioner with whom any Academy personnel has a financial relationship, as a condition of receiving any grades, credits, promotions, approvals, or recommendations.
- E. Academy personnel shall not make use of materials, equipment, or facilities of the Academy in private practice. Examples include using the facilities before, during, or after regular business hours for service to private practice clients or checking out items from the instructional materials center for private practice.
- F. Academy personnel must disclose any potential conflict of interest which may lead to a violation of this policy to the Board. Upon discovery of any potential conflict of interest, the Board will disclose, in writing, the potential conflict of interest to the appropriate Federal awarding agency or, if applicable, the pass-through entity.

The Board will also disclose, in a timely manner, all violations of Federal criminal law involving fraud, bribery or gratuity that affect a Federal award to the appropriate Federal awarding agency or, if applicable, the pass-through entity.

Should exceptions to this policy be necessary to provide services to students or clients of the Academy, all such exceptions will be made known to the immediate supervisor and disclosed to the Board prior to entering into any private relationship.

Violation of this policy shall result in discipline, which may include termination from employment.

BOARD - EDUCATIONAL SERVICE PROVIDER RELATIONSHIP

The Board of Directors believes that, in general, it is the primary duty of the Board to establish policies and that of the Educational Service Provider to administer such policies. The Educational Service Provider should be given the latitude to determine the best method of implementing the policies of the Board.

The Educational Service Provider is the primary professional advisor to the Board. The Educational Service Provider is responsible for the development, supervision, and operation of the Academy program and facilities to the extent delegated with the Educational Service Provider contract. The Educational Service Provider's methods should be made known to the staff through the administrative guidelines of the Academy.

The Educational Service Provider and staff shall attend all Board meetings when requested. Staff participation shall be by professional counsel, guidance, and recommendation as distinct from deliberation, debate, and voting of Board members.

The Board is responsible for determining the success of the Educational Service Provider in meeting the goals established by the Board through regular evaluations of the Educational Service Provider's performance.

Adopted 7/28/11

DEVELOPMENT OF ADMINISTRATIVE GUIDELINES

The Board of Directors delegates to the Educational Service Provider the function of designing and implementing the guidelines, required actions, and detailed arrangements under which the Academy will operate. These administrative guidelines shall not be inconsistent with the policies adopted by the Board.

The Board itself will formulate and adopt administrative guidelines and rules only when required by law or when necessary in the judgment of the Board.

The Educational Service Provider shall ensure that any employee handbook is not inconsistent with Board policies, Federal/State law, the Charter Contract or applicable authorizer policies.

The Educational Service Provider shall develop student handbooks necessary for the effective administration of the Academy and distribute them to employees and students and/or their parents.

As long as the provisions of these administrative guidelines and student handbooks are not inconsistent with Board policies, Federal/State law, the Charter Contract or applicable authorizer policies, they will be considered to be an extension of the policy manual.

A copy of the Academy's administrative guidelines manual and a copy of all student and employee handbooks shall be made a part of the Board's reference materials maintained in the Academy office.

The Educational Service Provider shall maintain and keep at the Academy a current organizational chart to which immediate reference can be made by the Board or any employee of the Board.

Adopted 7/28/11

EVALUATION OF THE EDUCATION SERVICE PROVIDER

The Board of Directors believes it is essential to evaluate the Educational Service Provider's performance periodically to assist both the Board and the Educational Service Provider to properly discharge their responsibilities and to enable the Board to provide the Academy with the best possible leadership. To carry out this responsibility, the Board will evaluate the Educational Service Provider according to the contract between the Board and the Educational Service Provider and a mutually agreed-upon tool.

ACADEMY ADMINISTRATOR EVALUATION

Reference: MCL 380.1249; 380.1249b

The Board of Directors shall ensure that its Educational Service Provider establishes and implements a rigorous, transparent, and fair performance evaluation system that does all of the following:

A. Evaluates the Chief Administrative Officer and all other academy administrator's job performances at least annually in a year-end evaluation, while providing timely and constructive feedback.

The Educational Service Provider shall perform the academy administrators' evaluations. The Educational Service Provider shall perform the Chief Administrative Officer's evaluation. A Chief Administrative Officer or academy administrator rated highly effective on three (3) consecutive year-evaluations may be evaluated every other year at the Board's discretion.

- B. Establishes clear approaches to measuring student growth and assessment data and provides the Chief Administrative Officer or academy administrators with relevant data on student growth.
- C. Evaluates a Chief Administrative Officer or academy administrator's job performance as highly effective, effective, minimally effective or ineffective, using multiple rating categories that take into account student growth and assessment data. For the 2018-2019 school year twenty-five (25) percent of the annual year-end evaluation shall be based on student growth and assessment data. Beginning with the 2019-2020 school year, forty (40) percent of the annual year-end evaluation shall be based on student growth and assessment data.
- D. Uses the evaluations, at a minimum, to inform decisions regarding all of the following:
 - 1. The effectiveness of the Chief Administrative Officer or academy administrators, so that they are given ample opportunities for improvement;
 - 2. Promotion, retention, and development of the Chief Administrative Officer or academy administrators, including providing relevant coaching, instruction support, or professional development.
 - 3. Removing ineffective Chief Administrative Officers or academy administrators after they have had ample opportunities to improve, and providing that these decisions are made using rigorous standards and streamlined, transparent, and fair procedures.
 - E. The portion of the annual year-end evaluation that is not based on student growth and assessment data shall be based on at least the following:
 - 1. The Chief Administrative Officer or academy administrator's training and proficiency in conducting teacher performance

evaluations if s/he does so or his/her designee's proficiency and training if the administrator designates such duties.

- 2. The progress made by the academy in meeting the goals established in the academy improvement plan.
- 3. Student attendance.
- 4. Student, parent and teacher feedback and other information considered pertinent by the Board.
- F. For the purposes of conducting annual year-end evaluations under the performance evaluation system, the Educational Service Provider shall adopt and implement one (1) or more of the evaluation tools for teachers, or administrators, if available, that are included on the list established and maintained by the Michigan Department of Education. However, if the Educational Service Provider has one (1) or more local evaluation tools for administrators or modifications of an evaluation tool on the list, and the academy complies with G., below, the academy may conduct annual year-end evaluations for Chief Administrative Officers or academy administrators using one (1) or more local evaluation tools or modifications. The evaluation tools shall be used consistently among the schools operated by the Academy so that all similarly situated academy administrators are evaluated using the same measures.
- G. The Board shall post on its public website all of the following information about the measures it uses for its performance evaluation system for school administrators:
 - 1. The research base for the evaluation framework, instrument, and process or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDOE list, the research base for the listed evaluation tool and an assurance that the adaptations or modifications do not compromise the validity of that research base.
 - 2. The identity and qualifications of the author or authors or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDOE list, the identity and qualifications of a person with expertise in teacher evaluations who has reviewed the adapted or modified evaluation tool.
 - 3. Either evidence of reliability, validity, and efficacy or a plan for developing that evidence or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDOE list, an assurance that the adaptations or modifications do not compromise the reliability, validity, or efficacy of the evaluation tool or the evaluation process.
 - 4. The evaluation frameworks and rubrics with detailed descriptors for each performance level on key summative indicators.
 - 5. A description of the processes for conducting classroom observations, collecting evidence, conducting evaluation conferences, developing performance ratings, and developing performance improvement plans.

- 6. A description of the plan for providing evaluators and observers with training.
- H. The Educational Service Provider shall also:
 - 1. Provide training to school administrators on the measures used by the Academy in its performance evaluation system and on how each of the measures is used. This training may be provided by the Educational Service Provider or by a consortium consisting of 2 or more public school academies.
 - 2. Ensure that training is provided to all evaluators and observers. The training shall be provided by an individual who has expertise in the evaluation tool or tools used by the Educational Service Provider, which may include either a consultant on that evaluation tool or framework or an individual who has been trained to train others in the use of the evaluation tool or tools. The Educational Service Provider may provide the training in the use of the evaluation tool or tools if the trainer has expertise in the evaluation tool or tools.

The evaluation system shall ensure that if the Chief Administrative Officer or academy administrator is rated as minimally effective or ineffective, the person(s) conducting the evaluation shall develop and require the Chief Administrative Officer or academy administrator to implement an improvement plan to correct the deficiencies. The improvement plan shall recommend professional development opportunities and other measures designed to improve the rating of the Chief Administrative Officer or academy administrator on his/her next annual year-end evaluation. A Chief Administrative Officer or academy administrator rated as "ineffective" on three (3) consecutive year-end evaluations must be dismissed from employment with the academy.

The evaluation program shall aim at the early identification of specific areas in which the individual administrator needs help so that appropriate assistance may be provided or arranged for. A supervisor offering suggestions for improvement to an administrator shall not release that professional staff member from the responsibility to improve.

If a Chief Administrative Officer or academy administrator, after receiving a reasonable degree of assistance, fails to perform his/her assigned responsibilities in a satisfactory manner, dismissal procedures may be invoked. In such an instance, all relevant evaluation documents may be used in the proceedings.

CRIMINAL HISTORY RECORD CHECK

Reference: M.C.L. 380.1230 et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Academy hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Academy or with a third party vendor, management company, or similar contracting entity to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior to the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").¹ Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work within the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light"

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the Chief Administrative Officer may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. the record check has been requested;
- B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
- C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

¹ Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy or, if such access is approved by the Board, ESP personnel who are provided view only access by the Local Agency Security Officer. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.

Individuals working in multiple Academies or districts may authorize the release of a prior criminal history records check with another Academy or district in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Academy in lieu of submitting to a new criminal background check. If this method is used, the Chief Administrative Officer must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

All CHRI received from the State Police or produced by the State Police and received by the Academy from another proper source, will be maintained pursuant to Policy 8321.

When the Academy receives a report that shows an individual has been convicted of a listed offense under State statutes or any felony, the Chief Administrative Officer shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in M.C.L. 28.722. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the Chief Administrative Officer and the Board provide written approval.

The Academy must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Academy with regard to such conviction. Such report shall be filed within sixty (60) days of receipt of the original report of the conviction.

The Chief Administrative Officer shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the Chief Administrative Officer shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must submit, at no expense to the Academy, a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have

not been given access to CHRI by the Chief Administrative Officer or the Board. Violation of confidentiality is considered a misdemeanor punishable by a fine up to \$10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Academy employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a FOIA request.

CHRI may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school district, intermediate school district, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

The Board shall not permit the manufacture, possession, use, distribution, or dispensing of any controlled substance, alcohol, and any drug paraphernalia, by any member of the Academy's administration at any time while on Academy property or while involved in any Academy-related activity or event. Any administrator who violates this policy shall be subject to disciplinary action in accordance with Academy guidelines.

The School Principal shall establish guidelines that ensure compliance with this policy and that each administrator is given a copy of the standards regarding unlawful possession, use, or distribution of illicit drugs and alcohol and informed that compliance with this requirement is mandatory. Such guidelines shall provide for appropriate disciplinary actions, if and when needed.

NONDISCRIMINATION BASED ON GENETIC INFORMATION OF THE EMPLOYEE

Reference: 42 U.S.C. 2000ff et seq., The Genetic Information Nondiscrimination Act 29 C.F.R. Part 1635

The Board of Directors, through the Educational Service Provider, prohibits discrimination on the basis of genetic information in all aspects of employment, including hiring, firing, compensation, job assignments, promotions, layoffs, training, fringe benefits, or any other terms, conditions, or privileges of employment. The Board also does not limit, segregate, or classify employees in any way that would deprive or tend to deprive them of employment opportunities or otherwise adversely affect the status of an employee as an employee, based on genetic information. Harassment of a person because of his/her genetic information is also prohibited. Likewise, retaliation against an applicant or employee for engaging in protected activity is prohibited.

In accordance with the Genetic Information Act (GINA), the Board shall not request, require or purchase genetic information of employees, their family members or applicants for employment. Further, in compliance with this Act, employees are directed not to provide any genetic information, including the individual's family medical history, in response to necessary requests for medical information, with the exception that family medical history may be acquired as part of the certification process for FMLA leave, when an employee is asking for leave to care for an immediate family member with a serious health condition. Applicants for employment are directed not to provide any genetic information, including the individual's family medical history, in response to requests for medical information as part of the Academy's application process.

The Academy recognizes that genetic information may be acquired through commercially and publicly available documents like newspapers, books, magazines, periodicals, television shows or the Internet. The Academy prohibits, however, its employees from searching such sources with the intent of finding or obtaining genetic information, or accessing sources from which they are likely to acquire genetic information.

"Genetic information," as defined by GINA, means information about: (a) an individual's genetic tests; (b) the genetic tests of that individual's family members; (c) the manifestation of disease or disorder in family members of the individual (i.e., family medical history); (d) an individual's request for, or receipt of, genetic services, or the participation in clinical research that includes genetic services by the individual or a family member of the individual; or (e) the genetic information of a fetus carried by an individual or a pregnant woman who is a family member of the individual and the genetic information of an embryo legally held by an individual or family member using assistive reproductive technology.

If the Academy either legally and/or inadvertently receives genetic information about an employee or applicant for employment from the employee, applicant for employment or a medical provider it shall be treated as a confidential medical record in accordance with law.

The Chief Administrative Officer shall appoint a compliance officer who shall be responsible for overseeing the Academy's compliance with Federal regulations and promptly dealing with any inquiries or complaints. S/He shall also verify that proper notice of nondiscrimination for Title II of the Genetic Information Nondiscrimination Act of 2008 is provided to staff members, and that all Academy requests for health-related information (e.g., to support an employee's request for reasonable accommodation under the ADA or a request for sick leave) is

accompanied by a written warning that directs the employee or health care provider not to collect or provide genetic information. The warning shall read as follows:

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II, including the Board of Directors, from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by law. To comply with this law, do not provide any genetic information when responding to this request for medical information (unless the request pertains to a request for FMLA leave for purposes of caring for an immediate family member with a serious health condition). "Genetic information," as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic test, the fact that an individual or an individual's family member sought or received genetic services or participated in clinical research that includes genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

ADMINISTRATOR DISCIPLINE

Whenever it becomes necessary to discipline an Administrator, the Educational Service Provider shall utilize the following principles and procedures. The Board, or its designee, shall utilize the following principles and procedures if the Chief Administrative Officer is the subject of the disciplinary action.

The Educational Service Provider shall conduct an investigation of any alleged act or omission by an Administrator that could result in disciplinary action. The Administrator shall be provided with oral or written notice of the issue or incident being investigated.

The investigation shall include, at a minimum, interviews of appropriate persons and a meeting with the subject Administrator to allow the Administrator an opportunity to respond to the complaint. Prior notice of this meeting shall be provided to the Administrator for any discipline that may result in a suspension or loss of pay.

After completion of the investigation, if discipline is to be imposed, the Administrator shall receive written notice of the discipline and this notice shall also be placed in the Administrator's file.

Discipline may include, but is not limited to:

- A. written warning;
- B. written reprimand;
- C. suspension (paid or unpaid);
- D. discharge;
- E. financial penalty in accordance with Michigan law.

The Academy does not have to apply discipline in a progressive manner, but, rather, may impose discipline consistent with seriousness of the Administrator's conduct, as determined by the Academy. Additionally, nothing in this policy limits the Academy's right to take other appropriate action, such as placing an Administrator on administrative leave during the pendency of an investigation or issuing a counseling memorandum, which is considered instructional, not disciplinary.

The Educational Service Provider decision to impose any disciplinary action that is not subject to Board review is final.

Discharge, demotion or non-renewal of an Administrator may only be imposed by the Board in adherence with the requirements of the Revised School Code.

PHYSICAL EXAMINATION

The Board of Directors or the Educational Service Provider reserves the right to require any employee or candidate, after a conditional offer of employment, to submit to an examination in order to determine the physical and/or mental capacity to perform assigned duties. Such examinations shall be done in accordance with the Chief Administrative Officer's guidelines.

All such requests for examination shall include the following notice to the examiner:

"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, do not provide any genetic information when responding to this request for medical information. `Genetic information' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual or family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services."

Reports of all such examinations or evaluations shall be delivered to the Chief Administrative Officer, who shall protect their confidentiality. Reports will be discussed with the employee or candidate. Any and all reports of such examination will be maintained in a separate confidential personnel file in accordance with the Americans with Disabilities Act, as amended ("ADA") and the Genetic Information Nondiscrimination Act (GINA).

In the event of a report of a condition that could influence job performance, the Chief Administrative Officer shall base a non-employment recommendation to the Board upon a conference with a physician and substantiation that the condition is directly correlated to defined job responsibilities and reasonable accommodation will not allow the employee or prospective employee to adequately fulfill those responsibilities.

The Board shall assume any uninsured fees for required examinations.

UNREQUESTED LEAVES OF ABSENCE/FITNESS FOR DUTY

Reference: Americans with Disabilities Act of 1990, as amended 42 U.S.C. 12101 et seq. 29 C.F.R. Part 1630 29 C.F.R. Part 1635

It is the policy of the Board of Directors to protect students and employees from professional staff members who are unable to perform essential job functions with or without accommodation.

The Board may place a professional staff member on unrequested leave of absence when the staff member is unable to perform assigned duties in conformance with statute.

If the Chief Administrative Officer believes the staff member is unable to perform essential job functions, the professional staff member will be offered the opportunity for a meeting to discuss these issues.

If a professional staff member refuses to attend the meeting, the Board may order the professional staff member to submit to an appropriate examination by a physician designated and compensated by the Board.

All such requests for examination shall include the following notice to the examiner:

"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, do not provide any genetic information when responding to this request for medical information. `Genetic information' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or family member receiving assistive reproductive services.

If, as a result of such examination, the professional staff member is found to be unable to perform assigned duties with or without accommodation, the professional staff member may be placed on leave of absence for a reasonable time to heal or until the staff member is able to perform the essential job function, but only for a period not to exceed one (1) year.

Should a professional staff member refuse to submit to the examination requested by the Board and the professional staff member has exercised his/her rights under the provisions hereinabove set forth, such refusal shall subject the professional staff member to disciplinary action.

STUDENT SUPERVISION AND WELFARE

Reference: MCL 722.621 et seq., 750.520b, 750.520c, 750.520d, 750.520e

Administrators shall maintain a standard of care for the supervision, control, and protection of students commensurate with their assigned duties and responsibilities and are expected to establish and maintain professional staff/student boundaries that are consistent with their legal, professional and ethical duty of care for students.

The Chief Administrative Officer shall maintain and enforce the following standards:

- A. Each administrator shall report immediately to the Chief Administrative Officer any accident, safety hazard, or other potentially harmful condition or situation s/he detects.
- B. Each administrator shall immediately report to the Chief Administrative Officer any knowledge of threats or violence by students.
- C. An administrator shall not send students on any personal errands.
- D. An administrator shall not associate or fraternize with students at any time in a manner that may give the appearance of impropriety, including, but not limited to, the creation or participation in any situation or activity that could be considered abusive or sexually suggestive or involve harmful substances such as illegal drugs, alcohol or tobacco. Any sexual or other inappropriate conduct with a student by any administrator will subject the offender to potential criminal prosecution and disciplinary action by the Board up to and including termination of employment.
- E. If a student approaches an administrator to seek advice or to ask questions regarding a personal problem related to sexual behavior, substance abuse, mental or physical health, and/or family relationships, etc., the administrator may attempt to assist the student by facilitating contact with certified or licensed individuals in the Academy or community who specialize in the assessment, diagnosis, and treatment of the student's stated problem. However, under no circumstances should an administrator attempt, unless properly licensed and authorized to do so, to counsel, assess, diagnose, or treat the student's problem or behavior, nor should such administrator inappropriately disclose personally identifiable information concerning the student to third persons not specifically authorized by law.
- F. An administrator shall not transport students in a private vehicle without the approval of the Chief Administrative Officer.
- G. A student shall not be required to perform work or services that may be detrimental to his/her health.
- H. Administrators shall only engage in electronic communication with students via email, texting, social media and/or online networking media, such as Facebook, Twitter, YouTube, MySpace, Skype, blogs, etc., when such communication is directly related to curricular matters or cocurricular/extracurricular events or activities with prior approval of the principal.

I. Administrators are prohibited from electronically transmitting any personally identifiable image of a student(s), including video, photographs, streaming video, etc. via email, text message, or through the use of social media and/or online networking media, such as Facebook, Twitter, YouTube, MySpace, Skype, blogs, etc., unless such transmission has been made as part of a pre-approved curricular matter or co-curricular/extracurricular event or activity such as a school-sponsored publication or production in accordance with Policy 5722.

Since most information concerning a child in school, other than directory information described in Policy 8330, is confidential under Federal and State laws, any administrator who shares confidential information with another person not authorized to receive the information may be subject to discipline and/or civil liability. This includes, but is not limited to, information concerning assessments, grades, behavior, family background, and alleged child abuse.

Pursuant to the laws of the State and Board Policy 8462, each administrator shall report to the proper legal authorities, immediately, any sign of suspected child abuse or neglect.

USE OF TOBACCO BY ADMINISTRATORS

Reference: M.C.L. 333.12601 et seq M.C.L. 750.473

The Board of Directors recognizes that the use of tobacco presents a health hazard which can have serious consequences both for the user and the nonuser and is, therefore, of concern to the Board.

In order to protect students and employees who choose not to use tobacco from an environment noxious to them and potentially damaging to their health, the Board prohibits the use of tobacco on Academy premises, in Academy vehicles, and in all Academy buildings owned and/or operated by the Academy.

The Board prohibits the use of a tobacco product by administrators in Academy buildings, on Academy property (owned or leased), on Academy buses, and at any Academy-related event at all times (twenty-four (24) hours a day, seven (7) days a week) within any enclosed facility owned or leased or contracted for by the Board, and in the areas directly or indirectly under the control of the Board immediately adjacent to locations of ingress or egress to such facilities. This prohibition extends to any Board-owned and/or operated vehicles used to transport students and to all other Board-owned and/or operated vehicles. Such prohibition also applies to

- A. academy grounds,
- B. athletic facilities,
- C. any academy-related event, and
- D. on or off Board premises.

For purposes of this policy:

- A. "tobacco product" means a preparation of tobacco to be inhaled, chewed, or placed in a person's mouth;
- B. "use of a tobacco product" means any of the following:
 - 1. the carrying by a person of a lighted cigar, cigarette, pipe, or other lighted smoking device;
 - 2. the inhaling or chewing of a tobacco product;
 - 3. the placing of a tobacco product within a person's mouth;
 - 4. the use or smoking of electronic, "vapor," or other substitute forms of cigarettes, clove cigarettes or other lighted smoking devices for burning tobacco or any other substance.

The term "tobacco" includes any product that contains tobacco, is derived from tobacco, contains nicotine, or e-cigarettes and other electronic smoking devices (including but not limited to "JUUL's"), but does not include any cessation product approved by the United States Food and Drug Administration for use as a medical treatment to reduce or eliminate nicotine or tobacco dependence.

The Board shall require the posting of signs as required.

Advertising/Promotion

In accordance with Policy 9700.01, tobacco advertising is prohibited on academy grounds, in all academy-sponsored publications, and at all academy-sponsored events.

Tobacco promotional items that promote the use of tobacco products, including clothing, bags, lighters, and other personal articles are not permitted on academy grounds, in academy vehicles, or at academy-sponsored events.

Employees who violate this policy shall be subject to disciplinary action in accordance with policies of the Board.

STAFF DRESS AND GROOMING

The Board of Directors believes that administrators set an example in dress and grooming for their students to follow. An administrator who understands this precept and adheres to it enlarges the importance of his/her task, presents an image of dignity, and encourages respect for authority. These factors act in a positive manner toward the maintenance of discipline.

The Board retains the authority to specify the following dress and grooming guidelines for staff that will prevent such matters from having an adverse impact on the educational process. When assigned to Academy duty, all administrators shall:

- A. be physically clean, neat, and well-groomed;
- B. dress in a manner consistent with their professional responsibilities;
- C. dress in a manner that communicates to students a pride in personal appearance;
- D. dress in a manner that does not cause damage to Academy property;
- E. be groomed in such a way that their hairstyle or dress does not disrupt the educational process nor cause a health or safety hazard.

In accordance with Federal law, the Board of Directors shall provide up to twelve (12) weeks of unpaid FMLA leave in any twelve (12) month period to eligible administrators for the following reasons:

- A-1. the birth of a child and/or the care of a newborn child within one (1) year of the child's birth
- B-1. the placement of a child with the staff member by way of adoption or foster care and/or to care for the child within one (1) year of the child's arrival
- C-1. the staff member is needed to care for a spouse, parent or dependent child if such individual has a serious health condition, or
- D-1. the staff member's own serious health condition prevents him/her from performing the functions of his/her position

Employee Entitlement to Service Member FMLA

Leave Entitlement

Service member FMLA provides eligible employees unpaid leave for one, or for a combination, of the following reasons:

- A-2. A "qualifying exigency" arising out of a covered family member's (spouse, son, daughter, or parent) covered active duty or call to covered active duty in the United States Armed Forces including the National Guard and Reserves. Qualifying exigencies, as defined by Federal regulations, include: 1) short-notice deployment; 2) military events and related activities; 3) childcare and school activities; 4) financial and legal arrangements; 5) counseling; 6) rest and recuperation (maximum fifteen (15) calendar days); 7) post-deployment activities; 8) caring for a military member's parent who is incapable of self-care when the care is necessitated by the member's covered active duty; and 9) additional activities not encompassed in the other categories, but agreed to by the employer and employee. (See AG 1630.01C). Covered active duty means deployment with the Armed Forces to a foreign country.
- B-2. To care for a covered family member, including next of kin as provided in the statute, who has incurred an injury or illness or aggravation of a preexisting illness or injury while in the line of duty while on covered active duty in the United States Armed Forces, including the National Guard and Reserves, provided that such injury or illness may render the family member medically unfit to perform duties of the member's office, grade, rank, or rating. Covered active duty means deployment with the Armed Forces to a foreign country. This leave is also available to care for veterans of the United States Armed Forces, including the National Guard and Reserves,
 - © National Charter Schools Institute

provided the veteran was a service member at any time within the five (5) years prior to the start of the treatment, recuperation or therapy. In accordance with applicable regulations, a veteran's serious injury or illness incurred or aggravated in the line of active duty can also be manifested by: 1) a physical or mental condition with a VA Service Disability Rating of 50% or greater and is the condition precipitating the need for leave; or 2) a physical or mental condition that substantially impairs the ability to secure or substantially follow a gainful occupation, or would do so absent treatment; or 3) an injury, including psychological, for which the veteran has been enrolled in the Dept. of V.A. Program of Comprehensive Assistance for Family Care Givers.

Duration of Service Member FMLA

- A. When leave is due to a "Qualifying Exigency": An eligible employee may take up to twelve (12) work weeks of leave during any twelve (12) month period. Such leave shall be counted with regular FMLA leave time in calculating the twelve (12) weeks of allowable leave.
- B. When leave is to care for an injured or ill service member: An eligible employee may take up to twenty-six (26) work weeks of leave during a single twelve (12) month period to care for the service member who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness. This is a one time benefit per service member. Leave to care for an injured or ill service member, when combined with other FMLA-qualifying leave, may not exceed twenty-six (26) weeks in a single twelve (12) month period.
- C. Service Member FMLA runs concurrent with other leave entitlements provided under Federal, State, and local law.

General FMLA Provisions

Administrators are "eligible" if they have worked for the Board for at least twelve (12) months, and for at least 1,250 hours over the twelve (12) months prior to the leave request. Service time may be aggregated when the break in service is less than seven (7) years for military obligation or subject to recall under a collective bargaining agreement. All full-time administrators are deemed to meet the 1,250 hour requirement. All periods of absence from work due to or necessitated by USERRA-covered service is counted in determining and employee's eligibility for FMLA leave.

Twelve (12) month period for determining hours worked and use of leave is defined as the twelve (12) month period measured forward from the date the staff member's first FMLA leave begins (i.e., the "leave year" is specific to each individual staff member).

For Service Member FMLA leave, the use of the twenty-six (26) weeks of leave will be measured forward from the first date on which the employee takes leave.

Serious health condition is defined as an illness, injury, impairment, or physical or mental condition that involves:

- A. inpatient care, including any period of incapacity or any subsequent treatment in connection with such inpatient care; or
- B. continuing treatment by a healthcare provider, including:
 - 1. a period of incapacity of more than three (3) consecutive full calendar days and any subsequent treatment or period of incapacity relating to the same condition, that also involves either in person treatment two (2) or more times by a healthcare provider within thirty (30) days of the first date of incapacity absent extenuating circumstances beyond the employee's control, or in person treatment by a healthcare provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of a healthcare provider;

The first visit to the healthcare provider must occur within seven (7) days of the first date of incapacity.

- 2. any incapacity due to pregnancy or for prenatal care;
- 3. any period of incapacity or treatment for such incapacity due to a chronic serious health condition;
- 4. a period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective;
- 5. any period of absence to receive multiple treatments by a healthcare provider either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three (3) consecutive days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), kidney disease (dialysis);
- C. conditions for which cosmetic treatment are administered are not "serious health conditions" unless inpatient hospital care is required or complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomachs, minor ulcers, headaches other than migraines, routine dental or orthodontia problems, periodontal disease, etc., are conditions that do not meet this definition and do not qualify for FMLA leave.

Whenever the leave is foreseeable, the staff member shall provide the Educational Service Provider with thirty (30) days notice. If there is insufficient time to provide such notice because of unforeseeable events, the staff member shall provide such notice as soon as possible and practical, generally not later than the next business day after the employee realizes the need for leave. Failure to follow the leave notice requirements may result in delay of obtaining the leave. Employees will still be required to comply with the absence reporting procedures at their buildings.

When planning medical treatment, the staff member must consult with the Educational Service Provider and make a reasonable effort to schedule the leave so as not to unduly disrupt the regular operation of the Academy, subject to the approval of the healthcare provider.

The staff member may request to substitute any of his/her earned or accrued paid vacation leave, personal leave or family leave (per the applicable collective bargaining agreement) for unpaid FMLA leave provided for the birth, adoption or foster care placement of a child, or qualifying exigency for a Service Member Family Leave (see A-1, B-1, and A-2 on page one).

The staff member may request to substitute any of his/her earned or accrued paid vacation, personal leave or sick leave (per the applicable collective bargaining agreement) for unpaid FMLA leave provided for the staff member's own serious health condition or to care for a spouse, parent or dependent child with a serious health condition (see C-1 and D-1 on page one and B-2 on page two).

If the staff member has not earned or accrued adequate paid leave to encompass the entire twelve (12) or twenty-six (26) week period of FMLA leave, any additional weeks of leave to which the staff member is entitled to shall be unpaid. Whenever a staff member uses paid leave for a qualifying leave under this policy, such leave will count towards the maximum allowable leave, the paid leave, and FMLA/Service Member Family leave to which the staff member is entitled will run concurrently.

The Educational Service Provider may allow a staff member to take FMLA leave intermittently or on a reduced-leave schedule for the birth, adoption or foster care placement of a child (see A-1 and B-1 on page one). A staff member may take FMLA leave on an intermittent or reduced-leave schedule when medically necessary for his/her own serious health condition or to care for a spouse, parent or dependent child with a serious health condition (see C-1 and D-1 on page one). The taking of such leave results in the total reduction of the twelve (12) weeks only by the amount of leave actually taken. Leave will be accounted for in increments no greater than the smallest increment used for other similar leaves, but in no event greater than one (1) hour increments. Leave entitlement will not be reduced by more than the amount of leave actually taken.

If the intermittent or reduced-leave schedule is foreseeable based on planned medical treatment, the Educational Service Provider may require the staff member to transfer temporarily to an available alternative position which better accommodates recurring periods of leave. The alternative position shall have equivalent pay and benefits but not necessarily equivalent duties. Instructional staff members (i.e. individuals whose principal function is to teach and instruct students in a class, a small group, or an individual setting) who request intermittent leave or a reduced-leave schedule which would exceed twenty percent (20%) of the total number of working days over the period of anticipated leave must elect either to:

- A. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- B. transfer temporarily to an available alternative position offered by the Educational Service Provider for which the instructional staff member is qualified, and that has equivalent pay and benefits and that better accommodates the recurring periods of leave than the staff member's regular position.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

The Educational Service Provider will notify the staff member when the Academy intends to designate leave as FMLA-qualifying. Such notice may be given orally or in writing. When verbal notice is given, it will be followed by written notice within ten (10) business days. In the case of intermittent or reduced-leave schedule leave, only one (1) such notice is required unless the circumstances regarding the leave have changed. If the Educational Service Provider does not have sufficient information about the reason for an employee's use of paid leave, the Educational Service Provider may inquire further to ascertain whether the paid leave is FMLA-qualifying. Once Educational Service Provider learns that a paid leave is for an FMLA leave-qualifying reason, the Educational Service Provider will promptly notify the staff member that the paid leave will count toward the staff member's twelve (12) week FMLA-leave entitlement.

In cases in which the Board employs both spouses, the total amount of FMLA leave is twelve (12) weeks for the couple, except when the leave is due to the serious health condition of either spouse or a child, or twenty-six (26) weeks of FMLA leave for Service Member Leave.

When FMLA leave is taken for the staff member's own serious health condition or to care for a spouse, parent or dependent child with a serious health condition (see C-1 and D-1 on page one), the staff member must provide medical certification from the healthcare provider of the eligible staff member or his/her immediate family member). When the staff member requests qualifying Service Member Leave, s/he must provide certification of a qualifying exigency or of the service member's serious illness. For service member leave, any certification permitted under 29 C.F.R. 825.310 shall be allowed.

The staff member may either:

- A. submit the completed medical certification to the Educational Service Provider; or
- B. direct the healthcare provider to transfer the completed medical certification directly to the Educational Service Provider, which will generally require the staff member to furnish the healthcare provider with a HIPAA-compliant authorization.

In the event the staff member fails to provide medical certification, any leave taken by the employee will not qualify for FMLA Leave/Service Member Family Leave.

When the need for FMLA leave is foreseeable and at least thirty (30) days notice has been provided, the staff member must provide the medical certification before the leave begins. When this is not possible, the employee must provide the requested certification to the Educational Service Provider within fifteen (15) calendar days after the staff member requests FMLA leave unless it is not practicable under the circumstances to do so despite the staff member's diligent and good faith efforts.

Any dispute over eligibility for FMLA leave shall be discussed between the employee and Educational Service Provider. The Academy shall be responsible for maintaining a record of those communications.

The Board reserves the right to obtain, at its expense, the opinion of a second healthcare provider and, in the event of conflict, the opinion of a third healthcare provider whose decision shall be binding and final. The staff member may either:

A. submit the opinion of the second healthcare provider, and the opinion of the © National Charter Schools Institute third healthcare provider if applicable, to the Educational Service Provider; or

B. direct the second or third healthcare provider to transfer his/her opinion directly to the Educational Service Provider, which will generally require the staff member to furnish the healthcare provider with a HIPAA-compliant authorization.

In the event the staff member fails to provide the medical opinion of the second or third healthcare provider, if applicable, any leave taken by the employee will not qualify for FMLA leave.

A staff member who takes leave for his/her own serious health condition prior to returning to work, must provide the Educational Service Provider with a statement from his/her healthcare provider that s/he is able to resume work.

Upon return from any FMLA leave, the Board will restore the staff member to his/her former position or to a position with equivalent employment benefits, pay and conditions of employment. During FMLA leave, the Board shall maintain the staff member's current coverage under the Board's group health insurance program on the same conditions as coverage would have been provided if the staff member had been continuously working during the leave period. If the staff member was paying all or part of the premium payments prior to going on FMLA leave, the staff member must continue to pay his/her share during the leave.

Any leave or return from leave during the last five (5) weeks of an academic term shall be reviewed individually by the Educational Service Provider to minimize disruption to the students' program. Special rules under the FMLA may apply for instructional staff.

The use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of the staff member's leave.

If the staff member fails to return to work at the end of the leave for reasons other than the continuation, recurrence, or onset of a serious health condition of the staff member or of the staff member's immediate family member, or for circumstances beyond the control of the staff member, the staff member shall reimburse the Board for the health insurance premiums paid by the Board during the unpaid FMLA leave period.

A staff member who fraudulently obtains FMLA leave is not protected by this policy's job restoration or maintenance of health benefits provisions.

The Educational Service Provider shall prepare any guidelines that are appropriate for this policy and ensure that the policy is posted properly.

In any areas where discretion is allowed in the implementation of this policy or its guidelines for implementation, such discretion shall be exercised in a non-discriminatory manner. Similarly situated persons shall be treated similarly.

The Educational Service Provider shall provide a copy of the policy to all staff members, and retain a record of how and when the policy was distributed. A notice of Rights and Obligations shall also be provided each time an employee requests FMLA leave or the Academy has sufficient information to believe that the employee may qualify for FMLA leave.

The approval, denial and administration of leave under this policy will be governed by the Family Medical Leave Act of 1993, as amended, and its published regulations, as applied and interpreted by the Educational Service Provider.

Respondent is the individual who has been alleged to have engaged in unlawful discrimination/retaliation, regardless of whether the Reporting Party files a formal complaint or is seeking an informal resolution to the alleged discrimination/retaliation.

Third Parties include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the Academy community at academy-related events/activities (whether on or off Academy property).

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means a business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).

Bullying

Bullying rises to the level of unlawful harassment when one or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more students or employees and that bullying is based upon one (1) or more Protected Classes, that is, characteristics that are protected by Federal civil rights laws. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational or work environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school or work performance or participation; and may involve:

- A. teasing;
- B. threats;
- C. intimidation;
- D. stalking;
- E. cyberstalking;
- F. cyberbullying;

- G. physical violence;
- H. theft;
- I. sexual, religious, or racial harassment;
- J. public humiliation; or
- K. destruction of property.

"Harassment" means any threatening, insulting, or dehumanizing gesture, use of technology, or written, verbal or physical conduct directed against a student or Academy employee that:

- A. places a student or Academy employee in reasonable fear of harm to his/her person or damage to his/her property;
- B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or an employee's work performance; or
- C. has the effect of substantially disrupting the orderly operation of the Academy.

Sexual Harassment

For purposes of this policy and consistent with Title VII of the Civil Rights Act of 1964 "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity.
- B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual.
- C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.

Sexual Harassment covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
- B. Unwanted physical and/or sexual contact.
- C. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs, activities, or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
- D. Unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.
- E. Sexually suggestive objects, pictures, graffiti, videos, posters, audio recordings or literature, placed in the work or educational environment, that may reasonably embarrass or offend individuals.
- F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
- G. Asking about, or telling about, sexual fantasies, sexual preferences, or sexual activities;
- H. Speculations about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;
- I. Giving unwelcome personal gifts such as lingerie that suggest the desire for a romantic relationship;
- J. Leering or staring at someone in a sexual way, such as staring at a person's breasts, buttocks, or groin;
- K. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
- L. In the context of employees, consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment.
- M. Inappropriate boundary invasions by an Academy employee or other adult member of the Academy community into a student's personal space and personal life.
- N. Verbal, nonverbal or physical aggression, intimidation, or hostility based on

sex or sex-stereotyping that does not involve conduct of a sexual nature.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin/Ancestry Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

Anti-Harassment Compliance Officers

The following individual(s) shall serve as the Academy's Anti-Harassment Compliance Officer(s) (hereinafter, "the Compliance Officer(s)"):

Male and Female Compliance Officer 6919 N Waverly St, Dearborn Heights, MI 48127 313-565-0507

The names, titles, and contact information of these individuals will be published annually on the Academy's web site and in the staff handbooks.

The Compliance Officer(s) are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding harassment.

The Compliance Officer(s) will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the Academy community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept reports of unlawful harassment directly from any member of the Academy community or a Third Party or receive reports that are initially filed with an administrator, supervisor, or other Academy official. Upon receipt of a report of alleged harassment, the Compliance Officer(s) will contact the Complainant and begin either an informal or formal complaint process (depending on the request of the Complainant or the nature of the alleged harassment), or the Compliance Officer(s) will designate a specific individual to conduct such a process. The Compliance Officer(s) will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the Compliance Officer(s) will prepare recommendations for the Educational Service Provider or will oversee the preparation of such recommendations by a designee. All Educational Service Provider or forwider employees must report incidents of harassment that are reported to them to the Compliance Officer within two (2) days of learning of the incident.

Any Educational Service Provider employee who directly observes unlawful harassment is obligated, in accordance with this policy, to report such observations to the Compliance Officer(s) within two (2) days. Additionally, any Educational Service Provider employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Educational Service Provider employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer(s) or designee must contact the Complainant, if age eighteen (18) or older, or Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Reports and Complaints of Harassing Conduct

Members of the Academy community along with Third Parties are encouraged to promptly report incidents of harassing conduct to the Academy's Anti-Harassment Compliance Officer so that the Academy's Anti-Harassment Compliance Officer may address the conduct before

it becomes severe, pervasive, or persistent. Any administrator, supervisor, or other Academy official who receives such a report shall file it with the Compliance Officer within two (2) days of receiving the report of harassment.

Members of the Academy community and Third Parties who believe they have been unlawfully harassed by another member of the Academy community or a Third Party are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Educational Service Provider believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Educational Service Provider will report the act of bullying, aggressive behavior and/or harassment to the Compliance Officer(s) who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the Educational Service Provider shall suspend the Policy 5517.01 investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266. The Compliance Officer shall keep the Educational Service Provider informed of the status of the 1662 investigation and provide Educational Service Provider with a copy of the resulting written report. Likewise, the Title IX Coordinator will provide the Educational Service Provider with the determination of responsibility that results from the Policy 2266 grievance process.

Investigation and Complaint Procedure (See Form 1662 F1)

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, any employee or other member of the Academy community or Third Party (e.g., visitor to the Academy) who believes that they have been subjected to unlawful harassment may seek resolution of the complaint through either the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights and/or Equal Employment Opportunity Commission ("EEOC").

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student, other member of the Academy community, or Third Party who alleges unlawful harassment or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving an Educational Service Provider employee, any other adult member of the Academy community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is unwelcome and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the allegedly inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator; (2) directly to one of the Compliance Officers; and/or (3) to the Educational Service Provider.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Board's informal complaint procedure is designed to provide employees, other members of the Academy community, or third parties who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.
- B. Distributing a copy of this policy as a reminder to the individuals in the school building or office where the Respondent works or attends.
- C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer/designee is directed to attempt to resolve all informal complaints within fifteen (15) days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant, may proceed to file a formal complaint and, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, Principal, the Compliance Officer, Educational Service Provider, or other Academy official. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, Principal, Educational Service Provider, or other Academy official, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the Compliance Officer/designee within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions deemed appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the Compliance Officer/designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation. The Principal will not conduct an investigation unless directed to do so by the Compliance Officer.

Simultaneously, the Compliance Officer will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or Administrative Guidelines, including the Board's Anti-Harassment Policy. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the Compliance Officer/designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer/designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Respondent engaged in unlawful harassment/retaliation of the Complainant. The Compliance Officer's recommendations must be based upon the totality of the circumstances. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within five (5) business days of receiving the report of the Compliance Officer/designee, the Educational Service Provider must either issue a written decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Educational Service Provider's final decision will be delivered to both the Complainant and the Respondent.

If the Educational Service Provider requests additional investigation, the Educational Service Provider must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Educational Service Provider must issue a final written decision as described above.

The decision of the Educational Service Provider shall be final.

The Board reserves the right to cause a complaint or report of unlawful harassment/retaliation to be investigate regardless of whether the member of the Academy community or third party alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the

Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent, and the witnesses as much as possible, consistent with the Educational Service Provider's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer or designee will instruct all members of the Academy community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action by the Educational Service Provider up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Educational Service Provider shall consider the totality of the circumstances involved in the matter. In those cases where unlawful harassment is not substantiated, the Educational Service Provider may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Educational Service Provider becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Educational Service Provider and/or Educational Service Provider shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any Academy teacher or Academy employee who knows or suspects that a child under the age of eighteen (18) or that a person with a disability receiving services as a student from the Academy regardless of age has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy. This policy shall also apply to employees of an Educational Service Provider.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Educational Service Provider.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider shall provide appropriate information to all members of the Academy community related to the implementation of this policy shall provide training for Academy students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

- A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;
- B. any narratives that memorialize oral reports/allegations/ complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

- D. written witness statements;
- E. narratives, notes from, or audio, video, or digital recordings of witness interviews/statements;
- F. e-mails, texts, or social media posts that directly relate to or constitute evidence pertaining to an alleged violation of this policy (i.e., not after-the-fact commentary about or media coverage of the incident);
- G. notes or summaries prepared contemporaneously by the investigator in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.), but not including transitory notes whose content is otherwise memorialized in other documents;
- H. written disciplinary sanctions issued to students or employees and other documentation that memorializes oral disciplinary sanctions issued to students or employees for violations of this policy;
- I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;
- J. documentation of any supportive measures offered and/or provided to the Complainant and/or the Respondent, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;
- K. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
- L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student Code of Conduct and/or Employee Handbooks);
- M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;
- N. documentation of any training provided to Academy personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all Academy personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

PARENT AND FAMILY ENGAGEMENT

Reference: Sec. 1112, 1116 ESEA MCL 380.1294

The Board of Directors recognizes and values parents and families as children's first teachers and decision-makers in education. The Board believes that student learning is more likely to occur when there is an effective partnership between the school and the student's parents and family. Such a partnership between the home and school and greater involvement of parents and family members in the education of their children generally result in higher academic achievement, improved student behavior, and reduced absenteeism. This policy shall serve as the Academy policy.

The Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act of 2015 (ESSA), defines the term "parent" to include a legal guardian or other person standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the child's welfare).

The term "family" is used in order to include a child's primary caregivers, who are not the biological parents, such as foster caregivers, grandparents, other family members and responsible adults who play significant roles in providing for the well-being of the child.

Family engagement is a collaborative relationship between families, educators, providers, and partners to support and improve the learning, development and health of every learner. The principles of family engagement include: relationships as the cornerstone; positive learning environments; efforts tailored to address all families, so all learners are successful; purposeful and intentional efforts that clearly identify learner outcomes; and engaging and supporting families as partners in their child's education.

Through this policy, the Board directs the establishment of a Parental and Family Engagement Plan by which a school-partnership can be established and provided to the parent of each child in the Academy. The plan must encompass parent participation, through meetings and other forms of communication. The Parental and Family Engagement Plan shall reflect the Board's commitment to the following:

- A. <u>Relationships with Families</u>
 - 1. cultivating school environments that are welcoming, supportive, and student-centered;
 - 2. providing professional development for school staff that helps build partnerships between families and schools; ^{1,2}
 - 3. providing family activities that relate to various cultures, languages, practices, and customs, and bridge economic and cultural barriers;
 - 4. providing coordination, technical support and other support to assist schools in planning and implementing family engagement activities.²

B. <u>Effective Communication</u>

- 1. providing information to families to support the proper health, safety, and well-being of their children;
- 2. providing information to families about school policies, procedures, programs, and activities; ^{1,2}
- 3. promoting regular and open communication between school personnel and students' family members;
- 4. communicating with families in a format and language that is understandable, to the extent practicable; ^{1,2}
- 5. providing information and involving families in monitoring student progress;²
- 6. providing families with timely and meaningful information regarding Michigan's academic standards, State and local assessments, and pertinent legal provisions; ^{1,2}
- 7. preparing families to be involved in meaningful discussions and meetings with school staff.^{1,2}

C. <u>Volunteer Opportunities</u>

- 1. providing volunteer opportunities for families to support their children's school activities;²

- D. Learning at Home
 - 1. offering training and resources to help families learn strategies and skills to support at-home learning and success in school; ^{1,2}

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

F. <u>Collaborating with the Community</u>

- 1. building constructive partnerships and connecting families with community-based programs and other community resources; ^{1,2}
- 2. coordinating and integrating parent and family engagement involvement programs and activities with Academy initiatives and community-based programs that encourage and support families' participation in their children's education, growth, and development.

Implementation

The Chief Administrative Officer will provide for a comprehensive plan to engage parents, families, and community members in a partnership in support of each student's academic achievement, the Academy's continuous improvement, and individual school improvement plans. The Academy's plan will be distributed to all parents and students through publication in the Student Handbook or other suitable means. The plan will provide for annual evaluation, with the involvement of parents and families, of the plan's content, effectiveness and identification of barriers to participation by parents and families with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background; the needs of parents and family members to assist with the learning of their children (including engaging with school personnel and teachers); and the strategies to support successful school and family interaction. Each school plan will include the development of a written school-parent compact jointly with parents for all children participating in Title I, part A activities, services, and programs. The compact will outline how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards. Evaluation findings will be used in the annual review of the Parent and Family Engagement policy and to improve the effectiveness of the Academy plan. This policy will be updated periodically to meet the changing needs of parents, families, and the schools.

CONTROVERSIAL ISSUES

The Board of Directors believes that the consideration of controversial issues has a legitimate place in the instructional program of the Academy.

Properly introduced and conducted, the consideration of such issues can help students learn to identify important issues, explore fully and fairly all sides of an issue, weigh carefully the values and factors involved, and develop techniques for formulating and evaluating positions.

For purposes of this policy, a controversial issue is a topic on which opposing points of view have been promulgated by responsible opinion and is likely to arouse both support and opposition in the community.

The Board will permit the introduction and proper educational use of controversial issues provided that their use in the instructional program:

- B. does not tend to indoctrinate or persuade students to a particular point of view;
- C. encourages open-mindedness and is conducted in a spirit of scholarly inquiry.

Controversial issues related to the program may be initiated by the students themselves provided they are presented in the ordinary course of classroom instruction and it is not disruptive to the educational setting.

Controversial issues may not be initiated by a source outside the Academy unless prior approval has been given by the Educational Service Provider.

When controversial issues have not been specified in the course of study, the Board will permit the instructional use of only those issues which have been approved by the Educational Service Provider who shall report such approval to the Board for their review.

In the discussion of any issue, a teacher is expected to remain neutral, and must not express an opinion for the purpose of persuading students to his/her point of view.

The Board recognizes that a course of study or certain instructional materials may contain content and/or activities that some parents find objectionable. If after careful, personal review of the program lessons and/or materials, a parent indicates to the Academy that either content or activities conflicts with his/her religious beliefs or value system, the Academy will honor a written request for his/her child to be excused from particular classes or classroom units, for specified reasons. The student, however, will not be excused from participating in the course or activities mandated by the State and will be provided alternative learning activities during times of parent requested exclusion from the class in which the controversial discussion is taking place.

Academy Compliance Officers

The Board designates the following individuals to serve as the Academy's "Compliance Officers" (also known as "Civil Rights Coordinators") (hereinafter referred to as the "COs")

Male and Female Compliance Officer 6919 N Waverly St, Dearborn Heights, MI 48127 313-565-0507

The names, titles, and contact information of these individuals will be published annually on the Academy's web site and in the staff handbooks.

The Academy will accommodate the use of certified service animals when there is an established need for such supportive aid in the school environment. Certain restrictions may be applied when necessary due to allergies, health, safety, disability or other issues of those in the classroom or school environment. The goal shall be to provide all students with the same access and participation opportunities provided to other students in school. Confirmation of disability, need for a service animal to access the school programming, and current certification/training of the service animal may be required.

The COs are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination, retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination Act of 1975 is provided to students, their parents, staff members, and the general public. A copy of each of the Acts and regulations on which this notice is based may be found in the CO's office.

The Educational Service Provider shall annually attempt to identify children with disabilities, ages 0-25, who do not receive a public education.

The Board is committed to educating (or providing for the education of) each qualified person with a disability with persons who are not disabled to the maximum extent appropriate. Generally, the Academy will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment, even with the use of supplementary aids and services cannot be achieved satisfactorily. If the Board operates a separate class or facility that is identifiable as being for persons with disabilities, the facility, program, and activities and services must be comparable to the facilities, programs, and activities and services offered to students without a disability.

In addition, Educational Service Provider shall establish procedures to identify students who are Limited English Proficient (LEP), including immigrant children and youth, to assess their ability to participate in Academy programs, and develop and administer a program that meets

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

the English language and academic needs of these students. This program shall include procedures for student placement, services, evaluation and exit guidelines and shall be designed to provide students with effective instruction that leads to academic achievement and timely acquisition of proficiency in English. As a part of this program, the Academy will evaluate the progress of students in achieving English language proficiency in the areas of listening, speaking, reading and writing, on an annual basis (also see Policy 2225). The Educational Service Provider is responsible for verifying that a concentration of students who are Limited English Proficient (LEP) in one or more programs is not the result of discrimination.

Reports and Complaints of Unlawful Discrimination and Retaliation

Students and Educational Service Provider employees are required, and all other members of the Academy community and third parties are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to a teacher, administrator, supervisor, or other Academy official so that the Board may address the conduct. Any teacher, administrator, supervisor, or other Academy employee or official who receives such a complaint shall file it with the CO within two (2) days.

Members of the Academy community, which includes students or Third Parties, who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may constitute unlawful discrimination based on a Protected Class, the Principal shall report the act to one of the COs who shall investigate the allegation in accordance with this policy. While the CO investigates the allegation, the Principal shall suspend the Policy 5517.01 investigation to await the CO's written report. The CO shall keep the Principal informed of the status of the Policy 2260 investigation and provide the Principal with a copy of the resulting written report.

The COs will be available during regular school/work hours to discuss concerns related to discrimination/retaliation. COs unlawful shall accept reports of unlawful discrimination/retaliation directly from any member of the Academy community or Third Party, or received reports that are initially filed with another Educational Service Provider employee. Upon receipt of a report of alleged discrimination/retaliation, the CO will contact the Complainant and begin either an informal or formal complaint process (depending on the Complainant's request and the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to the Complainant and the Respondent. In the case of a formal complaint, the CO will prepare recommendations for the Educational Service Provider or oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) days of learning of the incident/conduct.

Any Educational Service Provider employee who directly observes unlawful discrimination/retaliation of a student is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

Educational Service Provider employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Educational Service Provider employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO/designee must contact the Complainant, if age eighteen (18) or older, or the Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedure

Except for sex discrimination and/or Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any employee who alleges to have been subjected to unlawful discrimination or retaliation may seek resolution of his/her complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims of discrimination/retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals are encouraged to file a complaint within thirty (30) days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights ("OCR"). The Cleveland Office of the OCR can be reached at 1350 Euclid Avenue, Suite 325, Cleveland, Ohio 44115; Telephone: (216) 522-4970; Fax: (216) 522-2573; TDD: (216) 522-4944; E-mail: ocr.cleveland@ed.gov; Web: http://www.ed.gov/ocr.

Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who alleges unlawful discrimination or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint.

The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who participate in the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving an Academy employee or any other adult member of the Academy community and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe doing so, the individual should tell or otherwise inform the Respondent that the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The Complainant should address the alleged misconduct as soon after it occurs as possible. The COs are

available to support and counsel the Complainant when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination (e.g., sex discrimination), the CO may advise against the use of the informal complaint process.

A Complainant who alleges unlawful discrimination/retaliation may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Educational Service Provider or other Academy-level employee; and/or (3) directly to one of the COs.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide the Complainant with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the Complainant's wishes, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate concerns to the Respondent.
- B. Distributing a copy of Policy 2260 Non-Discrimination and Access to Equal Educational Opportunity to the individuals in the school building or office where the Respondent works or attends.
- C. If both parties agree, the CO may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint, and, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one (1) of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the Complainant, from the outset, elects to file a formal complaint, or the Compliance Officer(s) determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, Principal, or other official at the student's school, the CO, Educational Service Provider, or another official who works at another academy or at the Academy level. Due to the sensitivity surrounding complaints of unlawful discrimination, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs. If a Complainant informs a teacher, Principal,

or other official at the student's school, Educational Service Provider, or other employee, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO/designee within two (2) days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deemed appropriate in consultation with the Educational Service Provider.

Within two (2) days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation. The Principal will not conduct an investigation unless directed to do so by the CO.

Simultaneously, the CO will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 2260 – Nondiscrimination and Access to Equal Educational Opportunity. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the CO or designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO/designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Respondent has engaged in unlawful discrimination/retaliation of the Complainant The CO's recommendations must be based upon the totality of the circumstances. In determining if unlawful discrimination or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or designee, the Educational Service Provider must either issue a written decision regarding whether the charges have been substantiated or request further investigation. A copy of the Educational Service Provider's final decision will be delivered to both the Complainant and the Respondent.

If the Educational Service Provider requests additional investigation, the Educational Service Provider must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) days. At the conclusion of the additional investigation, the Educational Service Provider shall issue a final written decision as described above.

If the Educational Service Provider determines the Respondent engaged in unlawful discrimination/retaliation toward the Complainant, the Educational Service Provider must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

The decision of the Educational Service Provider shall be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the student alleging the unlawful discrimination/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is

interviewed as part of an investigation is expected not to disclose to third parties any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Educational Service Provider shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or Educational Service Provider shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participate or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

The Academy will endeavor to assist the student and/or his/her parents in their access to Academy programs by providing notices to the parents and students in a language and format that they are likely to understand.

Materials approved by the State Department of Education describing the benefits of instruction in Braille reading and writing shall be provided to each blind student's individualized planning committee. The Academy shall not deny a student the opportunity for instruction in Braille, reading, and writing solely because the student has some remaining vision.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

Adopted 7/28/11 Revised 12/10/12; 6/23/14; 12/19/18; 5/24/21

SECTION 504/ADA PROHIBITION AGAINST DISCRIMINATION BASED ON DISABILITY

Reference: 29 USC 794, Section 504 Rehabilitation Act of 1973, as amended 34 C.F.R. Part 104 42 USC 12101 et seq., Americans with Disabilities Act of 1990, as amended

Pursuant to Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act of 1990, as amended ("ADA") and the implementing regulations (collectively "Section 504/ADA"), no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Board of Directors does not discriminate in admission or access to, or participation in, or treatment, in its programs or activities. As such, the Board's policies and practices will not discriminate against students with disabilities, and the Board will make its facilities, programs, and activities accessible to qualified individuals with disabilities.. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the Academy.

An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aides and cochlear implants or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, assistive technology, reasonable accommodations or auxiliary aids or services, or learned behavioral or adaptive neurological modifications.

With respect to public preschool, elementary and secondary educational services, a qualified person with a disability means a disabled person:

- A. who is of an age during which nondisabled persons are provided educational services;
- B. who is of any age during which it is mandatory under Michigan law to provide educational services to disabled persons; or
- C. to whom the State is required to provide a free appropriate public education pursuant to the Individuals with Disabilities Education Improvement Act (IDEA).

With respect to vocational education services, a qualified person with a disability means a person with a disability who meets the academic and technical standards requisite to admission or participation in the vocational program or activity. The Board will not deny a student with disabilities access to its vocational education programs or courses due to architectural and/or equipment barriers, or because the student needs related aids or services to receive an appropriate education.

Compliance Officer(s)

The Board designates the following individual(s) to serve as the Academy's 504 Compliance Officer(s)/ADA Coordinator(s) (hereinafter referred to as the "Academy Compliance Officer(s)").

Male and Female Compliance Officer 6919 N Waverly St, Dearborn Heights, MI 48127 313-565-0507

The names, titles, and contact information of these individuals will be published annually on the Academy's web site and in the staff handbooks.

The Compliance Officer(s) is/are responsible for coordinating the Academy's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the ADA. A copy of Section 504 and the ADA, including copies of the implementing regulations, may be obtained from the Compliance Officer.

The Compliance Officer(s) will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints.

The Educational Service Provider will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. (See below) The Educational Service Provider will further establish and implement a system of procedural safeguards in accordance with Section 504, including the right to an impartial due process hearing. (See AG 2260.01B)

<u>Training</u>

The Compliance Officer(s) will also oversee the training of employees in the Academy so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, Administrative Procedures and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Educational Service Provider will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the Academy's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the Academy will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the Academy is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto. Programs and activities will be designed and scheduled so that the location and nature of the facility or area will not deny a student with a disability the opportunity to participate on the same basis as students without disabilities.

Education

The Board is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who have a physical or mental impairment that substantially limits one or more major life activities, regardless of the nature or severity of their disabilities.

An appropriate education may include regular or special education and related aids and services to accommodate the unique needs of students with disabilities. For students with disabilities who are not eligible for specially designed instruction under the IDEIA, the special education and related aids and services (including accommodations/modifications/interventions) they need in order to have their needs met as adequately as the needs of nondisabled students are met, shall be delineated, along with their placement, in a Section 504 Plan (Form 2260.01A F13). Parents/guardians/custodians ("parents") are invited and encouraged to participate fully in the evaluation process and development of a Section 504 Plan. The quality of education services provided to students with disabilities will be equal to the quality of services provided to students without disabilities.

The Board is committed to educating (or providing for the education of) each qualified person with a disability who is enrolled by the Academy to the maximum extent appropriate. Generally, the Academy will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment even with the use of supplementary aids and services cannot be achieved satisfactorily. If the Academy places a person in a setting other than the regular educational environment, it shall take into account the proximity of the alternate setting to the person's home. If the Board operates a separate class or facility that is identifiable as being for persons with disabilities, the facility, program, and activities and services must be comparable to the facilities, programs, and activities and services offered to students without a disability.

The Academy will provide non-academic extracurricular services and activities in such a manner as is necessary to afford qualified persons with disabilities an equal opportunity for participation in such services and activities.

<u>Notice</u>

Notice of the Board's policy on nondiscrimination in education practices and the identity of the Compliance Officer(s) will be on the Academy's website and posted throughout the Academy, and included in the Academy's recruitment statements or general information publications. The Educational Service Provider shall develop Administrative Procedures for the proper implementation of this policy.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), parents and students will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, students and their parents will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights. Finally, students and parents will be advised of their right to request a due process hearing before an Impartial Hearing Officer (IHO) regarding the identification, evaluation or educational placement of persons with disabilities, including the right to participation by the student's parents or guardian and representation of counsel, and their right to examine relevant education records.

Internal complaints and requests for due process hearings must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint or the request for a hearing, and offer possible solutions to the dispute. The complaint or request for due process hearing must be filed with the Compliance Officer within specified time limits. The Compliance Officer is available to assist individuals in filing a complaint or request.

Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

Internal Complaint Procedures

An internal complaint may be filed by a student and/or parent. A student and/or parent may initiate the internal complaint procedure when s/he/they believe that a violation, misapplication or misinterpretation of Section 504 has occurred. Additionally, the following procedure may be used for any disagreement with respect to actions regarding the identification, evaluation, or educational program or placement of students who are identified as disabled or believed to be disabled pursuant to Section 504, and are not eligible under the IDEA, except in the case of disciplinary actions where the provisions of the Student Code of Conduct apply. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights or requesting a due process hearing.

<u>Step 1</u> Investigation by the Compliance Officer: A student or parent may initiate an investigation by filing a written internal complaint with the Compliance Officer. The complaint should fully describe the circumstances giving rise to the dispute and how the child is adversely affected. The complaint must be filed as soon as possible, but not longer than thirty (30) days after disclosure of the facts giving rise to the complaint. The Compliance Officer shall conduct an impartial investigation of the complaint. As part of the investigation, the Compliance Officer shall permit the complaint. The investigation shall be completed within fifteen (15) days of the written complaint being filed. The Compliance Officer will notify the complainant in writing of his/her decision.

<u>Step 2</u> If the complaint is not resolved satisfactorily at Step 1, the student or parent may request a due process hearing, provided the complaint involves an issue related to the identification, evaluation, or placement of the student.

If it is determined that the Complainant was subjected to unlawful discrimination, the Compliance Officer must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

OCR Complaint

At any time, if a student or parent believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

U.S. Department of Education Office for Civil Rights Cleveland Office 1350 Euclid Avenue, Suite 325 Cleveland, Ohio 44115 (216) 522-4970 FAX: (216) 522-2573 TDD: (216) 522-4944 E-mail: OCR.Cleveland@ed.gov Web: http://www.ed.gov/ocr

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or the ADA, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

TITLE I SERVICES

Reference: 20 USC 6301 et seq. 34 C.F.R. Part 200, et seq.

The Board of Directors elects to augment the educational program of educationally disadvantaged students by the use of Federal funds and in accordance with Title I of the Amendments to the Elementary and Secondary Education Act of 1965, as amended.

The Educational Service Provider/School Principal shall prepare and present to the State Department of Education a plan for the delivery of services which meets the requirements of the law, including those described below. The plan shall be developed by appropriate staff members and parents of students who will be served by the plan. The Academy will periodically review and revise the plan, as necessary.

<u>Assessment</u>

The Academy shall annually assess the educational needs of eligible children, as determined by Federal and State criteria. Such assessment shall include performance measures mandated by the Department of Education as well as those determined by the Academy's professional staff that will assist in the diagnosis, teaching, and learning of the participating students.

<u>Scope</u>

The Academy shall determine whether the funds will be used to upgrade the educational program of the entire Academy in Title I Academies that qualify as schoolwide schools and/or to establish or improve programs that provide services only for eligible students in greatest need of assistance. The program, for an entire Academy and/or a Targeted Assistance Academy, shall include the components required by law as well as those agreed upon by participating staff and parents.

Participation

The Title I program shall be developed and evaluated in consultation with parents and professional staff members, including teachers, School Leaders, paraprofessionals, specialized instructional support personnel, administrators and other appropriate academy personnel involved in its implementation. Appropriate training will be provided to staff members who provide Title I services. Parent participation shall be in accord with Board Policy 2261.01 and shall meet the requirements of Section 1118 of the Act.

Comparability of Services

Title I funds will be used only to augment, not to replace, State and local funds. The Academy will document its compliance with the supplement not supplant provisions by using a written methodology that ensures State and local funds are allocated to each academy on the same basis, regardless of whether an academy receives Title I funding. The Educational Service Provider shall use State and local funds to provide educational services in schools receiving Title I assistance that, taken as a whole, are at least comparable to services being provided in academies that are not receiving Title I assistance. The determination of the comparability of services may exclude, in accordance with Federal regulations, State and local expended for language instruction educational programs and the excess costs of providing services to children with disabilities as determined by the Academy.

The determination of comparability of services will not take into account unpredictable

changes in student enrollments or personnel assignments that occur after the beginning of the school year.

In order to achieve comparability of services, the Educational Service Provider/School Principal shall assign teachers, administrators, and auxiliary personnel and provide curriculum materials and instructional supplies in such a manner as to ensure equivalence throughout the Academy.

Professional Development

Members of the professional staff may participate in the design and implementation of staff development activities that:

- A. involve parents in the training, when appropriate;
- B. combine and consolidate other available Federal and PSA funds;
- C. foster cooperative training with institutions of higher learning and other educational organizations including other Academy's;
- D. allocate part of the staff development to the following types of strategies:
 - A. performance-based student assessment
 - B. use of technology
 - C. working effectively with parents
 - D. early childhood education
 - E. meeting children's special needs
 - F. fostering gender-equitable education
 - G. provide opportunities for paraprofessionals to work toward certification as professional educators.

Introduction

The Board of Directors of the Noor International Academy (hereinafter referred to as "the Board" or "the Academy") does not discriminate on the basis of sex (including sexual orientation or gender identity), in its education programs or activities, and is required by Title IX of the Education Amendments Act of 1972, and its implementing regulations, not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The Board is committed to maintaining an education and work environment that is free from discrimination based on sex, including sexual harassment.

The Board prohibits Sexual Harassment that occurs within its education programs and activities. When the Academy has actual knowledge of Sexual Harassment in its education program or activity against a person in the United States, it shall promptly respond in a manner that is not deliberately indifferent.

Pursuant to its Title IX obligations, the Board is committed to eliminating Sexual Harassment and will take appropriate action when an individual is determined responsible for violating this policy. Educational Service Provider employees, students, third-party vendors and contractors, guests, and other members of the Academy community who commit Sexual Harassment are subject to the full range of disciplinary sanctions set forth in this policy. The Board will provide persons who have experienced Sexual Harassment ongoing remedies as reasonably necessary to restore or preserve access to the Academy's education programs and activities.

<u>Coverage</u>

This policy applies to Sexual Harassment that occurs within the Academy's education programs and activities and that is committed by a member of the Academy community or a Third Party.

This policy does not apply to Sexual Harassment that occurs off school grounds, in a private setting, and outside the scope of the Academy's education programs and activities; such Sexual Misconduct/Sexual Activity may be prohibited by the Student Code of Conduct if committed by a student, or by Board policies and administrative guidelines, applicable State and/or Federal laws and/or Employee/Administrator Handbook(s) if committed by an Educational Service Provider employee.

Consistent with the U.S. Department of Education's implementing regulations for Title IX, this policy does not apply to Sexual Harassment that occurs outside the geographic boundaries of the United States, even if the Sexual Harassment occurs in the Academy's education programs or activities. Sexual Harassment that occurs outside the geographic boundaries of the United States

is governed by the Student Code of Conduct if committed by a student, or by Board policies and administrative guidelines, applicable State and/or Federal laws and/or Employee/Administrator Handbook(s) if committed by an Educational Service Provider employee.

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Sexual Harassment: "Sexual Harassment" means conduct on the basis of sex that satisfies one or more of the following:

- A. An Educational Service Provider employee conditioning the provision of an aid, benefit, or service of the Academy on an individual's participation in unwelcome sexual conduct (often called "quid pro quo" harassment);
- B. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, *and* objectively offensive that it effectively denies a person equal access to the Academy's education program or activity; or
- C. "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)A(v), or "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

"Sexual assault" means any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent, and the "nonforcible" sex offenses of Incest and Statutory Rape. Sexual assault includes rape, sodomy, sexual assault with an object, fondling, incest, and statutory rape.

- 1. *Rape* is the carnal knowledge of a person (i.e., penetration, no matter how slight, of the genita or anal opening of a person), without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
- 2. *Sodomy* is oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
- 3. Sexual Assault with an Object is using an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. An "object" or "instrument" is anything used by the offender other than the offender's genitalia.
- 4. *Fondling* is the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
- 5. *Incest* is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by State law.

- 6. *Statutory Rape* is sexual intercourse with a person who is under the statutory age of consent as defined by State law.
- 7. *Consent* refers to words or actions that a reasonable person would understand as agreement to engage in the sexual conduct at issue. A person may be incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. A person who is incapacitated is not capable of giving consent.
- 8. *Incapacitated* refers to the state where a person does not understand and/or appreciate the nature or fact of sexual activity due to the effect of drugs or alcohol consumption, medical condition, disability, or due to a state of unconsciousness or sleep.
- D. "Domestic violence" includes felony or misdemeanor crimes of violence committed by:
 - 1. a current or former spouse or intimate partner of the victim;
 - 2. a person with whom the victim shares a child in common;
 - 3. a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
 - 4. a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime occurred; or
 - 5. any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime occurred.
- E. "Dating violence" means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
- F. "Stalking" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to (1) fear for the person's safety or the safety of others; or (2) suffer substantial emotional distress.

Complainant: "Complainant" means an individual who is alleged to be the victim of conduct that could constitute Sexual Harassment.

Respondent: "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute Sexual Harassment.

Formal Complaint: "Formal Complaint" means a document filed by a Complainant or signed by the Title IX Coordinator alleging Sexual Harassment against a Respondent and requesting that the Academy investigate the allegation(s) of Sexual Harassment. At the time of filing a Formal Complaint with the Academy, a Complainant must be participating in or attempting to participate in the Academy's education program or activity. A "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal that the Board provides for this purpose) that contains the Complainant's physical or digital signature, or otherwise indicates that the Complainant is the person filing the Formal Complaint. Where the Title IX Coordinator signs a Formal Complaint, the Title IX Coordinator is not a Complainant or a party to the Formal Complaint and must not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Actual Knowledge: "Actual knowledge" means notice of Sexual Harassment or allegations of Sexual Harassment to the Academy's Title IX Coordinator, or any Academy official who has authority to institute corrective measures on behalf of the Board, or any Educational Service Provider employee. The mere ability or obligation to report Sexual Harassment or to inform a student about how to report Sexual Harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the Academy. "Notice" includes, but is not limited to, a report of Sexual Harassment to the Title IX Coordinator. This standard is not met when the only Academy official with actual knowledge is the Respondent.

Supportive Measures: "Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a Formal Complaint or where no Formal Complaint has been filed. Such measures are designed to restore or preserve equal access to the Academy's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the Academy's educational environment, or deter Sexual Harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, school/campus escort services, mutual restrictions of contact between the parties, changes in work locations), leaves of absence, increased security and monitoring of certain areas of the campus (including academy buildings and facilities) and other similar measures.

Education Program or Activity: "Education program or activity" refers to all operations of the Academy, including but not limited to in-person and online educational instruction, employment, extracurricular activities, athletics, performances, and community engagement and outreach programs. The term applies to all activity that occurs on academy grounds or on other property owned or occupied by the Board. It also includes locations, events and circumstances that take place off-academy property/grounds over which the Board exercises substantial control over both the Respondent and the context in which the Sexual Harassment occurs.

Academy community: "Academy community" refers to students and Educational Service Provider employees (i.e., administrators, and professional and classified staff), as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties: "Third Parties" include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with the Board, and other individuals who come in contact with members of the Academy community at academy-related events/activities (whether on or off Academy property).

Inculpatory Evidence: "Inculpatory evidence" is evidence that tends to establish a Respondent's responsibility for alleged Sexual Harassment.

Exculpatory Evidence: "Exculpatory evidence" is evidence that tends to clear or excuse a Respondent from allegations of Sexual Harassment.

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays),

Eligible Student: "Eligible Student" means a student who has reached eighteen (18) years of age or is attending an institution of postsecondary education.

Title IX Coordinator(s)

The Board of Directors designates and authorizes the following individual(s) to oversee and coordinate its efforts to comply with Title IX and its implementing regulations:

Title IX Coordinator/Investigator 6919 N Waverly St Dearborn Heights, MI 48127 (313) 565-0507

Title IX Coordinator/Decision-maker 6919 N Waverly St Dearborn Heights, MI 48127 (313) 565-0507

The Title IX Coordinator shall report directly to the Educational Service Provider. Questions about this policy should be directed to the Title IX Coordinator.

The Educational Service Provider shall notify applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, Educational Service Provider employees the following information:

The Board of Directors of the Noor International Academy does not discriminate on the basis of sex in its education program or activity, and is required by Title IX and its implementing regulations not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The Academy's Title IX Coordinator(s) is/are:

Title IX Coordinator/Investigator 6919 N Waverly St Dearborn Heights, MI 48127 (313) 565-0507

Title IX Coordinator/Decision-maker 6919 N Waverly St Dearborn Heights, MI 48127 (313) 565-0507

Any inquiries about the application of Title IX and its implementing regulations to the Academy may be referred to the Title IX Coordinator(s), the Assistant Secretary for the U.S. Department of Education's Office for Civil Rights, or both.

The Board has adopted a grievance process that provide for the prompt and equitable resolution of student and employee complaints alleging any action that is prohibited by Title IX and/or its implementing regulations. The grievance process is included in Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities, which

is available at: [insert the web address at which Policy 2266 can be found; or insert a hyperlink tied to the title of the policy] The grievance process specifically addresses how to report or file a complaint of sex discrimination, how to report or file a formal complaint of Sexual Harassment, and how the Academy will respond.

The Educational Service Provider shall also prominently display the Title IX Coordinator's(s') contact information – including name(s) and/or title(s), phone number(s), office address(es), and e-mail address(es) – and this policy on the Academy's website and in each handbook or catalog that the Board makes available to applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, and Educational Service Provider employees.

Grievance Process

The Board is committed to promptly and equitably resolving student and employee complaints alleging Sexual Harassment. The Academy's response to allegations of Sexual Harassment will treat Complainants and Respondents equitably, including providing supportive measures to the Complainant and Respondent, as appropriate, and following this Grievance Process before imposition of any disciplinary sanctions or other actions, other than supportive measures, against the Respondent.

The Title IX Coordinator(s), along with any investigator(s), decision-maker(s), or any person(s) designated to facilitate an informal resolution process, shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent.

If a determination of responsibility for Sexual Harassment is made against the Respondent, the Board will provide remedies to the Complainant. The remedies will be designed to restore or preserve equal access to the Academy's education program or activity. Potential remedies include, but are not limited to, individualized services that constitute supportive measures. Remedies may also be disciplinary or punitive in nature and may burden the Respondent.

Report of Sexual Discrimination/Harassment

Any person may report sex discrimination, including Sexual Harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or Sexual Harassment), in person, by mail, by telephone, or by electronic mail, using the Title IX Coordinator's(s') contact information listed above, or by any other means that results in the Title IX Coordinator receiving the person's oral or written report. Reports may be made at any time (including during non-business hours), by using the telephone number(s) or electronic mail address(es), or by mail to the office address(es), listed for the Title IX Coordinator(s). Reports may be submitted using the online reporting form posted at the academies website.

Students, Board members, and Educational Service Provider employees are required, and other members of the Academy community, and Third Parties) are encouraged, to report allegations of sex discrimination or Sexual Harassment promptly to the/a Title IX Coordinator or to any Educational Service Provider employee, who will in turn notify the/a Title IX Coordinator. Reports can be made orally or in writing and should be as specific as possible. The person making the report should, to the extent known, identify the alleged victim(s), perpetrator(s), and witness(es), and describe in detail what occurred, including date(s), time(s), and location(s).

If a report involves allegations of Sexual Harassment by or involving the Title IX Coordinator, the person making the report should submit it to the Educational Service Provider, or another Educational Service Provider employee who, in turn, will notify the Educational Service Provider of the report. The Educational Service Provider will then serve in place of the Title IX Coordinator for purposes of addressing that report of Sexual Harassment.

The Board does business with various vendors, contractors, and other third-parties who are not students or employees of the Board. Notwithstanding any rights that a given vendor, contractor, or third-party Respondent may have under this policy, the Board retains the right to limit any vendor's, contractor's, or third-party's access to school grounds for any reason. The Board further retains all rights it enjoys by contract or law to terminate its relationship with any vendor, contractor, or third-party irrespective of any process or outcome under this policy.

A person may file criminal charges simultaneously with filing a Formal Complaint. A person does not need to wait until the Title IX investigation is completed before filing a criminal complaint. Likewise, questions or complaints relating to Title IX may be filed with the U.S. Department of Education's Office for Civil Rights at any time.

Any allegations of Sexual Misconduct/Sexual Activity not involving Sexual Harassment will be addressed through the procedures outlined in Board policies and/or administrative guidelines, and/or Employee/Administrator Handbook.

Because the Board is considered to have actual knowledge of Sexual Harassment or allegations of Sexual Harassment if any Educational Service Provider employee has such knowledge, and because the Board must take specific actions when it has notice of Sexual Harassment or allegations of Sexual Harassment, an Educational Service Provider employee who has independent knowledge of or receives a report involving allegations of sex discrimination and/or Sexual Harassment must notify the/a Title IX Coordinator within two (2) days of learning the information or receiving the report. The Educational Service Provider employee must also comply with mandatory reporting responsibilities pursuant to M.C.L. 722.623 and Policy 8462 – Student Abuse and Neglect, if applicable. If the Educational Service Provider employee's knowledge is based on another individual bringing the information to the Educational Service Provider employee, the Educational Service Provider employee must provide the written complaint to the Title IX Coordinator.

If an Educational Service Provider employee fails to report an incident of Sexual Harassment of which the Educational Service Provider employee is aware, the Educational Service Provider employee may be subject to disciplinary action, up to and including termination.

When a report of Sexual Harassment is made, the Title IX Coordinator shall promptly (i.e., within two (2) days of the Title IX Coordinator's receipt of the report of Sexual Harassment) contact the Complainant (including the parent/guardian if the Complainant is under 18 years of age or under guardianship) to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a Formal Complaint, and explain to the Complainant the process for filing a Formal Complaint. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Any supportive measures provided to the Complainant or Respondent shall be maintained as confidential, to the extent that maintaining such confidentiality will not impair the ability of the Academy to provide the supportive measures.

Emergency Removal: Subject to limitations and/or procedures imposed by State and/or Federal law, the Academy may remove a student Respondent from its education program or activity on an emergency basis after conducting an individualized safety and risk analysis. The purposes of the individualized safety and risk analysis is to determine whether the student Respondent poses an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Sexual Harassment that justifies removal. If the Academy determines the student Respondent poses such a threat, it will so notify the student Respondent and the student Respondent will have an opportunity to challenge the decision immediately following the removal. See Policy 5610 – Emergency Removal, Suspension, and Expulsion of Students and Policy 5611 – Due Process Rights.

If the Respondent is a non-student employee, the Academy may place the Respondent on administrative leave during the pendency of the grievance process.

For all other Respondents, including other members of the Academy community and Third Parties, the Board retains broad discretion to prohibit such persons from entering onto its academy grounds and other properties at any time and for any reason, whether after receiving a report of Sexual Harassment or otherwise.

Formal Complaint of Sexual Harassment

A Formal Complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information set forth above. If a Formal Complaint involves allegations of Sexual Harassment by or involving the Title IX Coordinator, the Complainant should submit the Formal Complaint to the Educational Service Provider, who will designate another person to serve in place of the Title IX Coordinator for the limited purpose of implementing the grievance process with respect to that Formal Complaint.

When the Title IX Coordinator receives a Formal Complaint or signs a Formal Complaint, the Academy will follow its Grievance Process, as set forth herein. Specifically, the Academy will undertake an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence – and provide that credibility determinations will not be based on a person's status as a Complainant, Respondent, or witness.

It is a violation of this policy for a Complainant(s), Respondent(s), and/or witness(es) to knowingly making false statements or knowingly submitting false information during the grievance process, including intentionally making a false report of Sexual Harassment or submitting a false Formal Complaint. The Board will not tolerate such conduct, which is a violation of the Student Code of Conduct and the Employee/Administrator Handbook.

The Respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

<u>Timeline</u>

The Academy will seek to conclude the grievance process, including resolving any appeals, within sixty (60) days of receipt of the Formal Complaint.

If the Title IX Coordinator offers informal resolution processes, the informal resolution processes may not be used by the Complainant or Respondent to unduly delay the investigation and determination of responsibility. The timeline, however, may be subject to a temporary delay of the grievance process or a limited extension for good cause with written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; and the need for language assistance or accommodation of disabilities.

Upon receipt of a Formal Complaint, the Title IX Coordinator will provide written notice of the following to the parties who are known:

- A. Notice of the Board's grievance process, including any informal resolution processes;
- B. Notice of the allegations of misconduct that potentially constitutes Sexual Harassment as defined in this policy, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting Sexual Harassment, and the date and location of the alleged incident, if known. The written notice must:
 - 1. include a statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;
 - 2. inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence.
 - 3. inform the parties of any provision in the Student Code of Conduct, this policy, and/or Employee/Administrator Handbook that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, during the course of the investigation, the investigator becomes aware of allegations about the Complainant or Respondent that are not included in the original notice provided to the parties, the investigator will notify the Title IX Coordinator and the Title IX Coordinator will decide whether the investigator should investigate the additional allegations; if the Title IX Coordinator decides to include the new allegations as part of the investigation, the Title IX Coordinator will provide notice of the additional allegations to the parties whose identities are known.

Dismissal of a Formal Complaint

The Academy shall investigate the allegations in a Formal Complaint, *unless* the conduct alleged in the Formal Complaint:

- A. would not constitute Sexual Harassment (as defined in this policy) even if proved;
- B. did not occur in the Academy's education program or activity; or
- C. did not occur against a person in the United States.

If one of the preceding circumstances exist, the Title IX Coordinator *shall* dismiss the Formal Complaint. If the Title IX Coordinator dismisses the Formal Complaint due to one of the preceding reasons, the Academy may still investigate and take action with respect to such alleged misconduct pursuant to another provision of an applicable code of conduct, Board policy, and/or Employee/Administrator Handbook.

The Title IX Coordinator *may* dismiss a Formal Complaint, or any allegations therein, if at any time during the investigation:

- A. a Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint or any allegations therein;
- B. the Respondent is no longer enrolled in the Academy or employed by the Board; or
- C. specific circumstances prevent the Academy from gathering evidence sufficient to reach a determination as to the Formal Complaint or allegations therein.

If the Title IX Coordinator dismisses a Formal Complaint or allegations therein, the Title IX Coordinator must promptly send written notice of the dismissal and the reason(s) therefor simultaneously to the parties.

Consolidation of Formal Complaints

The Title IX Coordinator may consolidate Formal Complaints as to allegations of Sexual Harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of Sexual Harassment arise out of the same facts or circumstances.

Where a grievance process involves more than one Complainant or more than one Respondent, references in this policy to the singular "party," "Complainant," or "Respondent" include the plural, as applicable.

Informal Resolution Process

Under no circumstances shall a Complainant be required as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, to waive any right to an investigation and adjudication of a Formal Complaint of Sexual Harassment. Similarly, no party shall be required to participate in an informal resolution process.

If a Formal Complaint is filed, the Title IX Coordinator may offer to the parties an informal resolution process. If the parties mutually agree to participate in the informal resolution process, the Title IX Coordinator shall designate a trained individual to facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication. The informal resolution process may be used at any time prior to the decision-maker(s) reaching a determination regarding responsibility.

If the Title IX Coordinator is going to propose an informal resolution process, the Title IX Coordinator shall provide to the parties a written notice disclosing:

- A. the allegations;
- B. the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a Formal Complaint arising from the same allegations; and
- C. any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the Formal Complaint.

Before commencing the informal resolution process, the Title IX Coordinator shall obtain from the parties their voluntary, written consent to the informal resolution process.

During the pendency of the informal resolution process, the investigation and adjudication processes that would otherwise occur have stayed and all related deadlines are suspended.

The informal resolution process is not available to resolve allegations that an Educational Service Provider employee or another adult member of the Academy community or Third Party sexually harassed a student.

The informal resolution process is not available to resolve allegations involving a sexual assault involving a student Complainant and a student Respondent.

Investigation of a Formal Complaint of Sexual Harassment

In conducting the investigation of a Formal Complaint and throughout the grievance process, the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility is on the Academy, not the parties.

In making the determination of responsibility, the decision-maker(s) is(are) directed to use the preponderance of the evidence standard. The decision-maker(s) is charged with considering the totality of all available evidence, from all relevant sources.

The Academy is not permitted to access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the party provides the Academy with voluntary, written consent to do so; if a student party is not an Eligible Student, the Academy must obtain the voluntary, written consent of a parent.

Similarly, the investigator(s) and decision-maker(s) may not require, allow, rely upon or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege in writing.

As part of the investigation, the parties have the right to:

- A. present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence; and
- B. have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney. The Academy may not limit the choice or presence of an advisor for either the Complainant or Respondent in any meeting or grievance proceeding.
- C. Board Policy 2461 Recording of Academy Meetings Involving Students and/or Parents controls whether a person is allowed to audio record or video record any meeting or grievance proceeding.

Neither party shall be restricted in their ability to discuss the allegations under investigation or to gather and present relevant evidence.

The Academy will provide to a party whose participation is invited or expected written notice of the date, time, location, participants, and purpose of all investigative interviews, or other meetings, with sufficient time for the party to prepare to participate. The investigator(s) and decision-maker(s) must provide a minimum of one (1) days' notice with respect to investigative interviews and other meetings.

Both parties shall have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the Academy does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation.

Prior to completion of the investigative report, the investigator and/or Title IX Coordinator will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least ten (10) calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report.

At the conclusion of the investigation, the investigator shall create an investigative report that fairly summarizes relevant evidence and send the report to each party and the party's advisor, if any, for their review and written response. The investigator will send the investigative report in an electronic format or a hard copy, at least ten (10) calendar days prior to the decision-maker(s) issuing a determination regarding responsibility.

Determination of Responsibility

The Title IX Coordinator shall appoint a decision-maker(s) to issue a determination of responsibility. The decision-maker(s) cannot be the same person(s) as the Title IX Coordinator(s) or the investigator(s).

After the investigator sends the investigative report to the parties and the decision-maker(s), and before the decision-maker(s) reaches a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determination regarding responsibility: The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) must apply the preponderance of the evidence standard.

The written determination will include the following content:

- A. identification of the allegations potentially constituting Sexual Harassment pursuant to this policy;
- B. a description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, [and] methods used to gather other evidence;
- C. findings of fact supporting the determination;
- D. Conclusions regarding the application of the applicable code of conduct to the facts;
- E. a statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the decision-maker(s) is recommending that the Academy impose on the Respondent(s), and whether remedies designed to restore or preserve equal access to the Academy's education program or activity should be provided by the Academy to the Complainant(s); and
- F. the procedures and permissible bases for the Complainant(s) and Respondent(s) to appeal.

The following disciplinary sanctions/consequences may be imposed on a student Respondent who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

- A. Informal Discipline
 - 1. writing assignments;
 - 2. changing of seating or location;
 - 3. pre-school, lunchtime, after-school detention;
 - 4. in-school discipline;
 - 5. Saturday program.
- B. Formal Discipline
 - 1. suspension of bus riding/transportation privileges;
 - 2. removal from co-curricluar and/or extra-curricluar activity(ies), including athletics;
 - 3. emergency removal;
 - 4. suspension for up to ten (10) school days;
 - 5. long-term suspension or expulsion;
 - 6. any other sanction authorized by the Student Code of Conduct.

If the decision-maker(s) determines the student Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the Educational Service Provider of the recommended remedies, so an authorized administrator can

consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with Policy 5600 – Student Discipline, Policy 5605 – Suspension/Expulsion of Students with Disabilities, Policy 5610 – Emergency Removal, Suspension, and Expulsion of Students, Policy 5610.02 - In-School Discipline, and Policy 5611 – Due Process Rights. Discipline of a student Respondent must comply with the applicable provisions of the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.

The following disciplinary sanctions/consequences may be imposed on an employee Respondent who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

- A. oral or written warning;
- B. written reprimands;
- C. performance improvement plan;
- D. required counseling;
- E. required training or education;
- F. demotion;
- G. suspension with pay;
- H. suspension without pay;
- I. termination, and any other sanctions.

If the decision-maker(s) determines the employee Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the Educational Service Provider of the recommended remedies, so an authorized administrator can consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with applicable due process procedures, whether statutory or contractual.

Discipline of an employee will be implemented in accordance with Federal and State law and Board policy.

The following disciplinary sanctions/consequences may be imposed on a non-student/nonemployee member of the Academy community or Third Party who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

- A. oral or written warning;
- B. suspension or termination/cancellation of the Board's contract with the third-party vendor or contractor;
- C. mandatory monitoring of the third-party while on academy property and/or while working/interacting with students;
- D. restriction/prohibition on the third-party's ability to be on academy property; and

E. any combination of the same.

If the decision-maker(s) determines the third-party Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including imposition of sanctions. The Title IX Coordinator will notify the Educational Service Provider of the recommended remedies, so appropriate action can be taken.

The decision-maker(s) will provide the written determination to the Title IX Coordinator who will provide the written determination to the parties simultaneously.

In ultimately, imposing a disciplinary sanction/consequence, the Educational Service Provider will consider the severity of the incident, previous disciplinary violations (if any), and any mitigating circumstances.

The Academy's resolution of a Formal Complaint ordinarily will not be impacted by the fact that criminal charges involving the same incident have been filed or that charges have been dismissed or reduced.

At any point in the grievance process, the Educational Service Provider may involve local law enforcement and/or file criminal charges related to allegations of Sexual Harassment that involve a sexual assault.

The Title IX Coordinator is responsible for effective implementation of any remedies.

<u>Appeal</u>

Both parties have the right to file an appeal from a determination regarding responsibility, or from the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein, on the following bases:

- A. Procedural irregularity that affected the outcome of the matter (e.g., material deviation from established procedures);
- B. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- C. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant(s) or Respondent(s) that affected the outcome of the matter.
- D. The recommended remedies (including disciplinary sanctions/consequences) are unreasonable in light of the findings of fact (i.e., the nature and severity of the Sexual Harassment.

The Complainant(s) may not challenge the ultimate disciplinary sanction/consequence that is imposed.

Any party wishing to appeal the decision-maker(s)'s determination of responsibility, or the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein, must submit a written appeal to the Title IX Coordinator within five (5) days after receipt of the decision-maker(s)'s determination of responsibility or the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein.

Nothing herein shall prevent the Educational Service Provider implementing appropriate remedies, however, excluding disciplinary sanction, while the appeal is pending.

As to all appeals, the Title IX Coordinator will notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties.

The decision-maker(s) for the appeal shall not be the same person(s) as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator(s). The decision-maker(s) for the appeal shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant(s) or Respondent(s) and shall receive the same training as required of other decision-makers.

Both parties shall have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.

The decision-maker(s) for the appeal shall determine when each party's written statement is due.

The decision-maker(s) for the appeal shall issue a written decision describing the result of the appeal and the rationale for the result. The original decision-makers(s') determination of responsibility will stand if the appeal request is not filed in a timely manner or the appealing party fails to show clear error and/or a compelling rationale for overturning or modifying the original determination. The written decision will be provided to the Title IX Coordinator who will provide it simultaneously to both parties. The written decision will be issued within five (5) days of when the parties' written statements were submitted.

The determination of responsibility associated with a Formal Complaint, including any recommendations for remedies/disciplinary sanctions, becomes final when the time for filing an appeal has passed or, if an appeal is filed, at the point when the decision-maker(s) for the appeal's decision is delivered to the Complainant and the Respondent. No further review beyond the appeal is permitted.

Retaliation

Neither the Board nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or Sexual Harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or Formal Complaint of Sexual Harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of Sexual Harassment, filing a Formal Complaint, or participating in an investigation is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Complaints alleging retaliation may be filed according to the grievance process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy shall not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

Confidentiality

The Academy will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a Formal Complaint of Sexual Harassment, any Complainant, any individual who has been reported to be the perpetrator of sex discrimination, any Respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder (i.e., the Academy's obligation to maintain confidentiality shall not impair or otherwise affect the Complainant's and Respondent's receipt of the information to which they are entitled related to the investigative record and determination of responsibility).

Application of the First Amendment

The Board will construe and apply this policy consistent with the First Amendment to the U.S. Constitution. In no case will a Respondent be found to have committed Sexual Harassment based on expressive conduct that is protected by the First Amendment.

<u>Training</u>

The Academy's Title IX Coordinator, along with any investigator(s), decision-maker(s), or person(s) designated to facilitate an informal resolution process, must receive training on:

- A. the definition of Sexual Harassment (as that term is used in this policy);
- B. the scope of the Academy's education program or activity;
- C. how to conduct an investigation and implement the grievance process appeals and informal resolution processes, as applicable; and
- D. how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interests, and bias.

All Educational Service Provider employees will be trained concerning their legal obligation to report Sexual Harassment to the Title IX Coordinator. This training will include practical information about how to identify and report Sexual Harassment.

Recordkeeping

As part of its response to alleged violations of this policy, the Academy shall create, and maintain for a period of seven (7) calendar years, records of any actions, including any supportive measures, taken in response to a report or Formal Complaint of Sexual Harassment. In each instance, the Academy shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the Academy's education program or activity. If the Academy does not provide a Complainant with supportive measures, then the Academy will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation

of certain bases or measures does not limit the Academy in the future from providing additional explanations or detailing additional measures taken.

The Academy shall maintain for a period of seven (7) calendar years the following records:

- A. each Sexual Harassment investigation including any determination regarding responsibility any disciplinary sanctions recommended and/or imposed on the Respondent(s), and any remedies provided to the Complainant(s) designed to restore or preserve equal access to the Academy's education program or activity
- B. any appeal and the result therefrom
- C. any informal resolution and the result therefrom, and
- D. all materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process.

The Academy will make its training materials publicly available on its website. If a person is unable to access the Academy's website, the Title IX Coordinator will make the training materials available upon request for inspection by members of the public.

Outside Appointments, Dual Appointments, and Delegations

The Board retains discretion to appoint suitably qualified persons who are not Educational Service Provider employees to fulfill any function of the Board under this policy, including, but not limited to, Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor.

The Board also retains discretion to appoint two or more persons to jointly fulfill the role of Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor.

The Educational Service Provider may delegate functions assigned to a specific Educational Service Provider employee under this policy, including but not limited to the functions assigned to the Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor, to any suitably qualified individual and such delegation may be rescinded by the Educational Service Provider at any time.

Discretion in Application

The Board retains discretion to interpret and apply this policy in a manner that is not clearly unreasonable, even if the Board's interpretation or application differs from the interpretation of any specific Complainant and/or Respondent.

Despite the Board's reasonable efforts to anticipate all eventualities in drafting this policy, it is possible unanticipated or extraordinary circumstances may not be specifically or reasonably addressed by the express policy language, in which case the Board retains discretion to respond to the unanticipated or extraordinary circumstance in a way that is not clearly unreasonable.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

The provisions of this policy are not contractual in nature, whether in their own right, or as part of any other express or implied contract. Accordingly, the Board retains discretion to revise this policy at any time, and for any reason. The Board may apply policy revisions to an active case provided that doing so is not clearly unreasonable.

RELIGION IN THE CURRICULUM

Reference: U.S. Constitutional Amendment 1 M.C.L. 380.1170

Based on the First Amendment protection against the establishment of religion in the schools, no Board employee will promote religion in the classroom or in the Academy's curriculum, or compel or pressure any student to participate in devotional exercises. Displays of a religious character must conform with Policy 8800 and AG 8800 A-D. Instructional activities shall not be permitted to advance or inhibit any particular religion or religion generally.

An understanding of religions and their effects on civilization is essential to the thorough education of young people and to their appreciation of a pluralistic society. To that end, curriculum may be developed to include as appropriate to the various ages and attainments of the students, instruction about the religions of the world with the approval of the Educational Service Provider.

The Board acknowledges the degree to which a religious consciousness has permeated the arts, literature, music, and issues of morality. The instructional and resource materials approved for use in the Academy frequently contain religious references or concern moral issues that have traditionally been the focus of religious concern. That such materials may be religious in nature shall not, by itself, bar their use by the Academy. The Board directs that such materials be neutral in their approach and avoid using them to advance or inhibit religion in any way.

The Board recognizes that religious traditions vary in their perceptions and doctrines regarding the natural world and its processes. The curriculum is chosen for its place in the education of the Academy's students, not for its conformity to religious principles. Students should receive unbiased instruction in the Academy, so they may privately accept or reject the knowledge thus gained, in accordance with their own religious tenets.

Accordingly, no student shall be exempted from attendance in a state mandated course of study on the grounds that the instruction therein interferes with the free exercise of his/her religion. However, if after careful, personal review of the program's lessons and/or materials, a parent indicates to the school that either the content or activities conflict with his/her religious beliefs or value system, the school will honor a written request for his/her child to be excused from particular class periods for specified reasons. The student will be provided with alternate learning activities during the times of such parent requested absence.

No classroom teacher shall be prohibited from providing reasonable periods of time for activities of a moral, philosophical, or patriotic theme. No student shall be required to participate in such activities if they are contrary to the religious convictions of the student or his/her parents or guardians.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

PROGRAM 2270/page 2 of 2

The Board acknowledges that it may not adopt any policy or rule respecting or promoting an establishment of religion or prohibiting any student from the free, individual, and voluntary exercise or expression of the student's religious beliefs. However, such exercise or expression may be limited to lunch periods or other non-instructional time periods when students are free to associate.

The Board of Directors recognizes the value to students and to the Academy for students to participate in courses offered by accredited and degree-granting colleges and universities. Eligible postsecondary institutions shall include state universities, community colleges, and independent nonprofit degree-granting colleges or universities located in Michigan and that choose to comply with the Postseconday Enrollment Options Act and out-of-state colleges satisfying the requirements of M.C.L. 388.513 that choose to comply with the Postsecondary Enrollment Options Act and out-of-state colleges satisfying the requirements of M.C.L. 388.513 that choose to comply with the Postsecondary Enrollment Options Act.

Any tests are to be administered free of charge in accordance with the Academy's testing schedule (MCL 1279f). Students will be eligible to receive appropriate credit for completing any of these courses, in accordance with the Board approved course offerings.

The Educational Service Provider shall establish the necessary administrative guidelines to ensure that such courses are in accord with State law and are properly communicated to both the students and their parents. The Educational Service Provider shall also establish guidelines and procedures for the awarding of credit and the proper entry on a student's transcript and other records of his/her participation in a postsecondary program.

Upon receipt of a bill from the postsecondary institution itemizing the charges for a student's participation in a particular course, the Academy shall either pay the bill or the prorated percentage of the State portion of the foundation allowance for that student, whichever is lower.

The student and his/her parents are responsible for the remaining charges.

If a student participating in the postsecondary (dual) enrollment program fails to successfully complete an eligible course, the student and his/her parents are responsible for reimbursing the Academy for such charges incurred by the Academy for such enrollment. In the event reimbursement is not made in a reasonable period of time, the Educational Service Provider is authorized to file claim against the student and/or his/her parents in Small Claims Court for collection.

The Educational Service Provider is to submit annually to the Michigan Department of Education the following information:

- A. the amount of money paid to postsecondary institutions for this program
- B. the number of students in the high school and the number who participated in at least one (1) postsecondary program and received payment for all or part of the eligible charges under this program both in the aggregate and by grade level

HOMEWORK

The Board of Directors acknowledges the educational validity of assignments outside the classroom as adjuncts to and extensions of the instructional program of the Academy.

"Homework" shall refer to those assignments to be prepared outside of the classroom by the student or independently while in attendance at the Academy.

Homework should be a properly planned part of the curriculum to extend and reinforce the learning experience of the Academy.

Homework should help students learn by providing practice in the mastery of skills, experience in data gathering, and integration of knowledge, and an opportunity to remediate learning problems.

Homework should help develop the student's sense of responsibility by providing an opportunity for the exercise of independent work and judgment.

The number, frequency, and degree of difficulty of homework assignments should be based on the ability and needs of the student and take into account other activities which make a legitimate claim on the student's time.

As a valid educational tool, homework should be assigned with clear direction and its product carefully evaluated.

The Academy should recognize the role of parents by suggesting ways in which parents can assist the Academy in helping a student carry out assigned responsibilities.

Homework should always serve a valid learning purpose; it should never be used as a punitive measure.

FIELD AND OTHER ACADEMY-SPONSORED TRIPS

Reference: MCL. 380.502, 380.503

The Board of Directors recognizes that field trips, when used for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the Academy. Properly planned and executed field trips should:

- A. supplement and enrich classroom procedures by providing learning experiences in an environment outside the classroom;
- B. arouse new interests among students;
- C. help students relate classroom experiences to the reality of the world outside of school;
- D. bring the resources of the community natural, artistic, industrial, commercial, governmental, and educational within the student's learning experience;
- E. afford students the opportunity to study real things and real processes in their actual environment.

For purposes of this policy, a field trip shall be defined as any planned journey by one or more students away from the Academy premises, which is under the supervision of a staff member and an integral part of a course of study

Other Academy-sponsored trips shall be defined as any planned, student-travel activity which is approved as part of the Academy's total educational program.

The Educational Service Provider or its designee shall approve all proposed field trips.

Students may be charged fees for Academy-sponsored trips but no student shall be penalized academically for not participating. Those students shall be provided an alternative instructional activity.

Students on all Academy-sponsored trips remain under the supervision of this Board and are subject to the Academy's administrative guidelines.

The Board does not endorse, support, or assume liability in any way for any staff member, volunteer, or parent of the Academy who takes students on trips not approved by the Educational Service Provider. Further, the Board strongly discourages parents from allowing their students from participating in such trips. No staff member may solicit students of this Academy for such trips outside or within the facilities or on the Academy grounds of the Academy without permission from the Educational Service Provider. Permission to solicit neither grants nor implies approval of the trip. Such approval must be obtained in accordance with the Academy's Administrative Guidelines for Extended Trips.

The Educational Service Provider shall ensure:

A. the safety and well-being of students;

- B. parental permission is sought and obtained before any student leaves the Academy on a trip;
- C. each trip is properly planned, and if a field trip, is integrated with the curriculum, evaluated, and followed up by appropriate activities which enhance its usefulness;
- D. the effectiveness of field trip activities is judged in terms of demonstrated learning outcomes;
- E. each trip is properly monitored;
- F. student behavior while on all field trips complies with the Student Code of Conduct and on all other trips complies with an approved code of conduct for the trip;
- G. a copy of each student's Emergency Medical Authorization Form is in the possession of the staff member in charge.

A professional staff member shall not change a planned itinerary while the trip is in progress, except where the health, safety, or welfare of the students in his/her charge is imperiled or where changes or substitutions beyond his/her control have frustrated the purpose of the trip.

In any instance in which the itinerary of a trip is altered, the professional staff member in charge shall notify the administrative superior immediately.

REVISED POLICY—SPRING 2013 EDUCATIONAL OPTIONS

Reference: MCL 388.1621(b)

The appeal must include the reason provided by the Academy for not enrolling the student and the reason why the student is claiming that the enrollment should be approved.

The Educational Service Provider shall respond to the appeal within five (5) days after it is received. The instruction described in this policy shall stress that abstinence from sex is a responsible and effective method of preventing unplanned or out-of-wedlock pregnancy and sexually transmitted disease and is a positive lifestyle for unmarried young people.

Such instruction shall be elective and not a requirement for graduation.

A student shall not be enrolled in a class in which the subjects of family planning or reproductive health are discussed unless the student's parent or guardian is notified in advance of the course and the content of the course, is given a prior opportunity to review the materials to be used in the course and is notified in advance of his or her right to have the student excused from the class. The Michigan Board of Education shall determine the form and content of the notice required in this policy.

If a parent or guardian submits a continuing written notice, the student will not be enrolled in a class described in this policy unless the parent or guardian submits a written authorization for that enrollment.

The Academy shall provide the instruction by teachers qualified to teach health education. The Board shall establish a sex education advisory board and shall determine terms of service for the sex education advisory board, the number of members to serve on the advisory board, and a membership selection process that reasonably reflects the Academy's population. The Board shall appoint two (2) co-chairs for the advisory board, at least one (1) of whom is a parent of a child attending an Academy. At least (one-half) 1/2 of the members of the sex education advisory board shall be parents who have a child attending an Academy, and a majority of these parent members shall be individuals who are not employed by an Academy. Additional program goals and objectives may be established by the sex education advisory board that are not contrary to Michigan law.
- B. Review the materials and methods of instruction used and make recommendations to the Board for implementation. The advisory board shall take into consideration the Academy's needs, demographics, and trends,

including, but not limited to, teenage pregnancy rates, sexually transmitted disease rates, and incidents of student sexual violence and harassment.

Before adopting any revisions in the materials or methods used in instruction under this policy, including, but not limited to, revisions to provide for the teaching of abstinence from sex as a method of preventing unplanned or out-of-wedlock pregnancy and sexually transmitted disease, the Board shall hold at least two (2) public hearings on the proposed revisions. The hearings shall be held at least one (1) week apart and public notice of the hearings shall be given in the manner required for Board meetings. A public hearing held pursuant to this section may be held in conjunction with a public hearing held pursuant to M.C.L. 380.1169.

Each person who provides instruction to K to 12 students in accordance with this policy shall receive training based on Academy approved standards and in accordance with training requirements of the Michigan Department of Education (MDE) and the Michigan Department of Health and Human Services (MDHHS).

ACADEMY SPONSORED CLUBS AND ACTIVITIES

Reference: MCL. 380.1282, 380.1316 P.L. 98-377

The Board of Directors believes that the goals and objectives of this Academy are best achieved by a diversity of learning experiences, including those that are not conducted in a regular classroom but are directly related to the curriculum.

The purpose of curricular-related activities shall be to enable students to explore a wider range of individual interests than may be available in the Academy's courses of study but are still directly related to accomplishing the educational outcomes for students as adopted by the Board in Policy 2131.

For purposes of this policy, curricular-related activities are defined as those activities in which:

- A. the subject matter is actually taught or will be offered;
- B. the subject matter concerns the Academy's curriculum;
- C. participation is required;
- D. participation results in a grade.

No curricular-related activity shall be considered to be under the sponsorship of this Board unless it meets one or more of the criteria stated above and has been approved by the Educational Service Provider.

Such activities, along with extra-curricular activities (not directly related to the curriculum), may be conducted on or off Academy premises by clubs, associations, and organizations of students sponsored by the Board and directed by a staff advisor.

The Board shall allow non-Academy sponsored, student clubs and activities during noninstructional time, in accordance with the provisions in Policy 5730 -- Equal Access For Non-Academy Sponsored, Student Clubs and Activities.

Non-curricular student activities that are initiated by parents or other members of the community may be allowed under the provisions of Policy 7510 - Use of Academy Facilities. The Board, however will not:

- A. assume any responsibility for the planning, conducting, or evaluating of such activities;
- B. provide any funds or other resources;
- C. allow any member of the Academy's staff to assist in the planning, conducting, or evaluating of such an activity during the hours s/he is functioning as a member of the staff.

No non-Academy sponsored organization may use the name of the Academy or any other name which would associate an activity with the Academy.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

Students shall be fully informed of the curricular-related activities available to them and of the eligibility standards established for participation in these activities. Academy-sponsored activities shall be available to all students who elect to participate and who meet eligibility standards. Whenever a student becomes a member of an Academy-established student group or national organization such as the National Honor Society, in order to remain a member, s/he must continue to meet all of the eligibility criteria and abide by the principles and practices established by the group or the organization.

INTERSCHOLASTIC ATHLETICS

Reference:

MCL 380.1289, 380.1318 Good Sportsmanship Campaign, Michigan High School Athletic Association

The Board of Directors recognizes the value to the Academy and to the community of a program of interscholastic athletics for as many students as feasible.

The Board believes that it is the purpose of an interscholastic program to provide the benefits of an athletic experience to as large a number of students as feasible within the Academy.

The Board further adopts those eligibility standards set by the Constitution of the Michigan High School Athletics Association (MHSAA) and shall review such standards annually to ascertain that they continue to be in conformity with the objectives of this Board.

Since the primary purpose of the athletic program is to enhance the education of participating students as indicated in this policy, the Board places top priority on maximum student participation and the values of good sportsmanship, team play, and fair competition, rather than on winning, particularly at sub-varsity levels. The School Principal is to develop guidelines for coaches to follow which will ensure that as many team members as possible get the chance to play, so they have the opportunity to benefit from the learning experience.

Use of a performance-enhancing substance by a student is a violation that will affect a pupil's athletic eligibility and extra curricular participation, as determined by the Board.

A list of performance-enhancing substances developed by the State Department of Community Health shall be included in AG 2431. This list will be distributed to parents.

The School Principal shall develop appropriate Administrative Guidelines for the operation of the Athletic Program and a Code of Conduct for those who participate. Such guidelines should provide for the following safeguards:

Prior to enrolling in the sport, each participant shall submit to a physical examination by a licensed physician.

A female student shall be permitted to compete for a position in all interscholastic athletic activities. If the Academy has a girl's team in an interscholastic athletic activity, a female shall be permitted to compete for a position on any other team for that activity.

The Educational Service Provider/School Principal shall develop Administrative Guidelines which provide for a drug-testing procedure that will produce consistently-reliable test results and protects the student's rights to privacy. A list of performance-enhancing substances developed by the State Department of Community Health shall be included in AG 2431. This list will be distributed to parents and local physicians who might provide such a test.

Any athlete who tests positive for any drug other than a prescribed medication shall be disciplined in accordance with due process and the Discipline Code adopted by the Board.

In support of the Michigan High School Athletic Association's program to strengthen sportsmanship, ethics, and integrity, the Board commits itself to:

- A. adopt policies (upon recommendation of the administration) which reflect the Academy's educational objectives and promote, the ideals of good sportsmanship, ethics, and integrity;
- B. establish standards for athletic participation which reinforce the concept that athletic activities are a privilege, not a right;
- C. attend and enjoy school athletic activities, serving as a positive role model and expecting the same from parents, fans, participants, coaches, and other school personnel;
- D. support and reward participants, coaches, school administrators, and fans who display good sportsmanship;
- E. recognize the value of school athletic activities as a vital part of education.

In order to minimize health and safety risks to student-athletes and maintain ethical standards, school personnel, coaches, athletic trainers, and lay coaches should never dispense, supply, or recommend the use of any drug, medication, or food supplement solely for performance-enhancing purposes.

The School Principal is also to develop guidelines for ensuring that sportsmanship, ethics, and integrity characterize the manner in which the athletic program is conducted and the actions of students who participate. Such guidelines should include the MHSAA's set of expectations for each type of participant as well as the Sportsmanship Code of Conduct which each type of participant is to follow. The School Principal is authorized to implement suitable disciplinary procedures against those who violate this Code of Conduct.

MANAGING HEAT AND HUMIDITY IN INTERSCHOLASTIC ATHLETIC PROGRAMS

The Board of Directors authorizes the implementation of the model policy and procedures of the Michigan High School Athletic Association (MHSAA) for managing heat and humidity to minimize the risk of heat-related illness in interscholastic athletic programs. For all interscholastic athletic programs and activities as prescribed by the MHSAA, temperature and humidity shall be monitored and recorded in accordance with this policy and administrative guidelines (AG 2431.01). Temperature and humidity readings are to be recorded in writing and maintained for each school by the Athletic Director.

Heat Index measurements thirty (30) minutes prior to the start of the activity and again sixty (60) minutes after the start of the activity shall determine the appropriate measures to be followed with regard to the practice or competition activity. In all such circumstances, coaches/advisors shall provide the following, as indicated by the heat index:

- A. ample amounts of water
- B. water breaks
- C. ice-down towels, and
- D. careful monitoring of athletes/participants for necessary action

Coaches/advisors shall consider the nature of the sport/activity requiring additional equipment and shall adjust the time of outside activity and time of day for the activity in accordance with the MHSAA model policy.

If the Heat Index is above 104 degrees, the coach/advisor shall stop all outside activity in practice and/or play and shall stop all inside activity if air conditioning is unavailable. When the temperature is below 80 degrees, there is no combination of heat and humidity that will result in the need to curtail activity.

Any requests to place a recording device or other device with one- or two-way audio communication technology within a student's book bag or on a student's person shall be submitted, in writing, to the Educational Service Provider. The Academy representative shall notify the parent(s), in writing, whether such request is denied or granted within five (5) days.

CONFLICT OF INTEREST

Reference: 2 CFR 200.318

Staff members, whether employed by the Board or Educational Service Provider, shall perform their official duties in a manner free from conflict of interest.

To accomplish this, the Board of Directors has adopted procedures to assure that conflicts of interest do not occur. The following are not intended to be all inclusive or to substitute for good judgment on the part of all personnel:

- 1. No staff member shall engage in or have a financial interest, directly or indirectly, in any activity that conflicts or raises a reasonable question of conflict with his/her duties and responsibilities. When a staff member determines that the possibility of a personal interest conflict exists, he/she should disclose his/her interest to the Board or administration.
- 2. No staff member shall use his/her position to benefit either himself/herself or any other individual or agency apart from the total interest of the Academy.
- 3. If the pecuniary interest pertains to a proposed contract with the Academy, the following requirements must be met:

The staff member shall disclose the direct pecuniary interest in the contract to the Board, with such disclosure made a part of the official Board minutes. If his/her direct pecuniary interest amounts to \$250 or more, or five percent (5%) or more of the contract cost to the Academy, the staff member shall make the disclosure in one (1) of two (2) ways:

- a. In writing, to the Board president, at least seven (7) days prior to the meeting at which the vote on the contract will be taken. The disclosure shall be made public in the same manner as the Board's notices of its public meetings. (See Bylaw 0165.)
- b. By announcement, at a meeting, at least seven (7) days prior to the meeting at which a vote on the contract is to be taken. The staff member must use this method of disclosure if his/her pecuniary interest amounts to \$5,000 or more.
- 4. Staff members shall not engage in business, private practice of their profession, the rendering of services, or the sale of goods of any type where advantage is taken of any professional relationship they may have with any student, client, or parents of such students or clients in the course of their employment.

Included, by way of illustration rather than limitation, are the following:

a. the provision of any private lessons or services for a fee;

- b. the use, sale, or improper divulgence of any privileged information about a student or client gained in the course of the employment or through access to Academy records;
- c. the referral of any student or client for lessons or services to any private business or professional practitioner, if there is any expectation of reciprocal referrals, sharing of fees, or other remuneration for such referrals;
- d. the requirement of students or clients to purchase any private goods or services provided by a staff member or any business or professional practitioner with whom the staff member has a financial or other relationship, as a condition of receiving any grades, credits, promotions, approvals, or recommendations
- 5. Staff members shall not make use of materials, equipment, or facilities of the Academy in private practice. Examples include using facilities before, during, or after regular business hours for service to private practice clients or checking out items from an instructional materials center for the purpose of private practice.
- 6. Staff members may not participate in the selection, award, or administration of a contract supported by a award if the staff member has a real or apparent conflict of interest. Such a conflict of interest would arise when the staff member, any member of his/her immediate family, his/her partner, or an organization which employs or is about to employ the staff member, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
- 7. Staff members may not solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts involved with funds.
- B. Staff members must disclose any potential conflict of interest which may lead to a violation of this policy to the Board. Upon discovery of any potential conflict of interest, the Board will disclose, in writing, the potential conflict of interest to the appropriate Federal awarding agency or, if applicable, the pass-through entity.

The Academy will also disclose, in a timely manner, all violations of Federal criminal law involving fraud, bribery or gratuity that affect a Federal award to the appropriate Federal awarding agency or, if applicable, the pass-through entity.

- C. Should exceptions to this policy be necessary to provide services to students or clients of the Academy, all such exceptions will be made known to the immediate supervisor and will be disclosed to the Educational Service Provider <u>before</u> entering into any private relationship.
- D. Staff members found to be in violation of this conflict of interest policy will be subject to disciplinary action up to and including termination, as permitted by applicable Board policy.

The Educational Service Provider shall prepare Administrative Procedures to ensure all staff members are fully aware of the requirements of this policy.

The Educational Service Provider shall provide the Board with a list of the proposed staff that shows all current qualifications and licensing.

This section applies to teachers and administrators working at the Academy.

All staff are subject to a criminal history record check. See Policy 3121.

Neither the Board nor the Educational Service Provider may employ immediate family members of Board members to work in any capacity within the Academy.

Relatives of staff member(s) may be employed by the Board or the Educational Service Provider, provided the staff member(s) being employed is not placed in a position in which he/she would be supervised directly by his/her related staff member, or would supervise a related staff member.

A person employed as an Administrator or administrator must confirm that he/she has met, or is in the process of fulfilling, the appropriate educational or certification requirements established by the Revised School Code, Michigan Department of Education and applicable law.

Prior to hiring an applicant, the Educational Service Provider shall obtain from the applicant a signed Consent to Obtain Records (Form 3120-F2 or 3120-F4, as applicable) and shall obtain any records from the applicant's current or immediately-previous employer, including the applicant's personnel file (particularly any records relating to unprofessional conduct in which the applicant may have engaged). The Board that contracts with a person or entity to furnish substitute teachers under this section may purchase liability insurance to indemnify and protect the Academy and the person or entity against losses or liabilities incurred by the Academy and person or entity arising out of any claim for personal injury or property damage caused by the Academy, its officers, personnel, or agents. CRIMINAL HISTORY RECORD CHECK

Reference: MCL 380.1230, et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Board of Directors hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Board or with a third party vendor, management company, or similar contracting entity to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior to the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").¹ Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work in the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the Board may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. the record check has been requested;
- B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
- C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

For substitute teachers or substitute bus drivers currently working in another school, public school academy or non-public school in the State, the Board may use a report received from the State Police by such school to confirm the individual has no criminal history. Absent such confirmation, a criminal history record check shall be performed.

¹ Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy or, if such access is approved by the Board, ESP personnel who are provided view only access by the Local Agency Security Officer. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.

Individuals working in multiple Schools/Academies may authorize the release of a prior criminal history records check with another Academy in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school, Intermediate School District, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Board in lieu of submitting to a new criminal background check. If this method is used, the Board must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school, Intermediate School District, public school academy or non-public school within the State.

All CHRI received from the State Police, or produced by the State Police and received by the Academy from another proper source, will be maintained pursuant to Policy 8321.

When the Board receives a report that shows an individual has been convicted of a listed offense under State statutes or any felony, the Board shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Board will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in MCL 28.722. The Board will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the Board provides written approval.

The Board must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Board with regard to such conviction. Such report shall be filed within sixty (60) days of receipt of the original report of the conviction.

All those employed by the Board, either directly or under contract to regularly and continuously work in the schools prior to January 1, 2006, must undergo a criminal history records check, regardless of whether they have previously had such a check prior to 2006. The Chief Administrative Officer shall determine a schedule that assures that all such required checks are completed prior to July 1, 2008. Alternatively, substitute teachers within this category may authorize release to the Board of a valid criminal history check conducted by another school after January 1, 2006.

The Chief Administrative Officer may confirm with the Department of Education from results it maintains that the current regular substitute teacher does not have a criminal history.

The Chief Administrative Officer shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the Board shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation. An applicant must submit, at no expense to the Board, a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Any employee on staff must submit, at no expense to the Board, a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

<u>Confidentiality</u>

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to CHRI by the School Principal or the Board. Violation of confidentiality is considered a misdemeanor punishable by a fine up to \$10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Board employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a Freedom of Information Act request.

CHRI may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school, Intermediate School District, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

The Chief Administrative Officer shall develop Administrative Procedures to ensure full compliance with this policy.

Academy Compliance Officers

The Board designates the following individuals to serve as the School's "Compliance Officers" (also known as "Civil Rights Coordinators") (hereinafter referred to as the "COs")

Male Coordinator/Female Coordinator 6919 N Waverly St Dearborn Heights, MI 48127 (313) 565-0507

The names, titles, and contact information of these individuals will be published annually in the staff handbooks.

The COs are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination, retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II, of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendment Act of 1972, and Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act of 1975 is provided to staff members, and the general public. Any sections of the Academy's collective bargaining agreements dealing with hiring, promotion, and tenure need to contain a statement of nondiscrimination similar to that in the Board's statement above. In addition, any gender-specific terms should be eliminated from such contracts. A copy of each of the Acts and regulations on which this notice is based may be found in the CO's office.

Reports and Complaints of Unlawful Discrimination and Retaliation

Employees are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to an administrator, supervisor, or other Academy Official so that the Board may address the conduct. Any administrator, supervisor, or other Academy employee or official who receives such a complaint shall file it with the CO within two (2) school days.

Employees who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether © National Charter Schools Institute

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

formally or informally, will not adversely affect the complaining individual's employment. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept complaints of unlawful discrimination/retaliation directly from any member of the Academy community or a visitor to the Academy, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint, either directly or through a school building administrator, a CO will begin either an informal or formal process (depending on the request of the person alleging the discrimination/retaliation or the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to any person who files a complaint. In the case of a formal complaint, the CO will prepare recommendations for the Educational Service Provider or overseer the preparation of such recommendations by a designee. All members of the Academy community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO or designee must contact the employee within two (2) business days to advise him/her of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedure (See Form 3122 F2)

Any employee who believes that s/he has been subjected to unlawful discrimination or retaliation may seek resolution of his/her complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights or Equal Employment Opportunity Commission ("EEOC").

Informal Complaint Procedure

The goal of the informal complaint procedure is to quickly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for an employee who believes s/he has been unlawfully discriminated or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances

where the parties (the alleged target of the discrimination/retaliation and individual(s) alleged to have engaged in the discrimination) agree to participate in it.

Employees who believe that they have been unlawfully discriminated/ retaliated against may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a Academy employee or any other adult member of the School District community against a student will be formally investigated.

As an initial course of action, if an individual feels that s/he is being unlawfully discriminated/retaliated against and s/he is able and feels safe doing so, the individual should tell or otherwise inform the person who engaged in the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The complaining individual should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the person who allegedly engaged in the unlawful misconduct of his/her concerns is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination, such as sexual discrimination, the CO may advise against the use of the informal complaint process.

An individual who believes s/he has been unlawfully discriminated/retaliated against may make an informal complaint, either orally or in writing: (1) to a building administrator; (2) directly to one of the COs; and/or (3) to the Educational Service Provider or other Academy employee.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide employees who believe they are being unlawfully discriminated/retaliated against with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the individual claiming unlawful discrimination/retaliation, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the individual about how to communicate his/her concern to the person who allegedly engaged in the discriminatory/retaliatory behavior.
- B. Distributing a copy of Policy 3122 Non-Discrimination as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works.
- C. If both parties agree, the CO may arrange and facilitate a meeting between the individual claiming discrimination/retaliation and the individual accused of engaging in the misconduct to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal

complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the individual elects to file a formal complaint initially, the formal complaint process shall be implemented.

An individual who believes s/he has been subjected to unlawful discrimination/retaliation (hereinafter referred to as the "Complainant"), may file a formal complaint, either orally or in writing, with a Principal, the CO, Educational Service Provider, or other Academy employee. Due to the sensitivity surrounding complaints of unlawful discrimination and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. If a Complainant informs a Principal, Educational Service Provider, or other Academy employee, either orally or in writing, about any complaint of discrimination or retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in; the discriminatory/retaliatory conduct; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the person who allegedly engaged in the misconduct. In making such a determination, the CO should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deem appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent"), that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 3122 - Non-Discrimination. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO or a designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or the designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provide recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful discrimination/retaliations must be based upon the totality of the circumstances. In determining if discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the Educational Service Provider.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or the designee, the Educational Service Provider must either issue a final decision regarding whether the charges have been substantiated or request further investigation. A copy of the Educational Service Provider's final decision will be delivered to both the Complainant and the Respondent.

If the Educational Service Provider requests additional investigation, the Educational Service Provider must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Educational Service Provider must issue a final written decision as described above.

If Educational Service Provider determines the Complainant was subjected to unlawful discrimination/retaliation, she/he must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

A Complainant or Respondent who is dissatisfied with the final decision of the Educational Service Provider may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the Educational Service Provider's final decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the employee alleging the misconduct pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants proceeding through the formal investigation process will be advised that their identities may be disclosed to the Respondent(s).

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that s/he learns and/or provides during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Educational Service Provider shall consider the totality of the circumstances involved in the matter. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against an employee, all subsequent sanctions imposed by the Board and/or Educational Service Provider shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation, or participates as a witness in an investigation is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or

because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider or designee shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

Academy Compliance Officers

The Board designates the following individuals to serve as the Academy's "Compliance Officers" (also known as "Civil Rights Coordinators") (hereinafter referred to as the "COs")

Male and Female Compliance Officer 6919 N Waverly St, Dearborn Heights, MI 48127 313-565-0507

The names, titles, and contact information of these individuals will be published annually on the Academy's web site and in the staff handbooks.

The COs are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination/retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act of 1975 is provided to staff members and the general public. A copy of each of the Acts and regulations on which this notice is available upon request from the CO.

Reports and Complaints of Unlawful Discrimination and Retaliation

Employees are required to report incidents of unlawful discrimination and/or retaliation to an administrator, supervisor, or other Academy official so that the Board may address the conduct. Any administrator, supervisor, or other Academy official who receives such a report shall file it with the CO within two (2) days.

Employees who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept reports of unlawful discrimination/retaliation directly from any member of the Academy community or Third Party, or received reports that are initially filed with another Educational Service Provider employee. Upon receipt of a report of alleged discrimination/retaliation, the CO will contact the Complainant and begin either an informal or formal complaint process (depending on the Complainant's request and the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to the Complainant and the Respondent. In the case of a formal complaint, the CO will prepare recommendations for the Educational Service Provider or oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Educational Service Provider employee who directly observes unlawful discrimination/retaliation is obligated, in accordance with this policy, to report such

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

observations to one of the COs within two (2) business days. Additionally, any Educational Service Provider employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Educational Service Provider employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO or designee must contact the Complainant within two (2) business days to advise of the Board's intent to investigate the wrongdoing.

Investigation and Complaint Procedure (See Form 3122 F2)

Except for sex discrimination and/or Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any employee who alleges to have been subjected to unlawful discrimination or retaliation may seek resolution of the complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims of discrimination/retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals are encouraged to file a complaint within thirty (30) days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights or Equal Employment Opportunity Commission ("EEOC").

Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for an employee who alleges unlawful discrimination or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who participate in the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving an Academy employee or any other adult member of the Academy community and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe doing so, the individual should tell or otherwise inform the Respondent that the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The Complainant should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel the Complainant when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination (e.g., sex discrimination), the CO may advise against the use of the informal complaint process.

A Complainant who alleges unlawful discrimination/retaliation may make an informal complaint, either orally or in writing: (1) to a building administrator; (2) directly to one of the COs; and/or (3) to the Educational Service Provider or other Academy official.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide the Complainant with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate his/her concerns to the Respondent.
- B. Distributing a copy of Policy 3122—Non-Discrimination and Equal Employment Opportunity to the individuals in the school building or office where the Respondent works.
- C. If both parties agree, the CO may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint. And, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the Complainant, from the outset, elects to file a formal complaint, or the Compliance Officer(s) determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

A Complainant may file a formal complaint, either orally or in writing, with a principal, the CO, Educational Service Provider, or other Academy official. Due to the sensitivity surrounding complaints of unlawful discrimination and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs. If a Complainant informs a principal, Educational Service Provider, or other Academy official, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO/designee within two (2) business days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e.,

when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions deemed appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 3122 - Non-Discrimination and Equal Employment Opportunity. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the CO or a designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. Interviews with the Complainant;
- B. Interviews with the Respondent;
- C. Interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. Consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO/ designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Respondent has engaged in unlawful harassment/retaliation of the Complainant. The CO's recommendations must be based upon the totality of the circumstances. In determining if discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the Educational Service Provider.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or the designee, the Educational Service Provider must either issue a written decision regarding whether the charges have been substantiated or request further investigation. A copy of the Educational Service Provider's final decision will be delivered to both the Complainant and the Respondent.

If the Educational Service Provider requests additional investigation, the Educational Service Provider must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Educational Service Provider must issue a final written decision as described above.

If the Educational Service Provider determines the Respondent engaged in unlawful discrimination/retaliation toward the Complainant, the Educational Service Provider must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

The decision of the Educational Service Provider shall be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the employee alleging the misconduct pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Educational Service Provider shall consider the totality of the circumstances involved in the matter. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against an employee, all subsequent sanctions imposed by the Board and/or Educational Service Provider shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

An effective educational program requires the services of individuals with integrity, high ideals, and human understanding. STAFF DRESS AND GROOMING

The Board of Directors believes that staff members set an example in dress and grooming for their students to follow. A staff member who understands this precept and adheres to it enlarges the importance of his/her task, presents an image of dignity, and encourages respect for authority. These factors act in a positive manner toward the maintenance of discipline.

The Board retains the authority to specify the following dress and grooming guidelines for staff that will prevent such matters from having an adverse impact on the educational process. When assigned to Academy duty, all staff members shall:

TEACHER EVALUATION

Reference: MCL 380.1249 (as amended)

The Board of Directors shall ensure that its Educational Service Provider establishes and implements a rigorous, transparent, and fair performance evaluation system that does all of the following:

- A. Evaluates the employee's job performance at least annually in a year-end evaluation, while providing timely and constructive feedback. Teachers rated highly effective on three (3) consecutive year-end evaluations may be evaluated every other year, at the Board's discretion.
- B. Establishes clear approaches to measuring student growth and provides staff with relevant data on student growth based on the most recent three (3)consecutive school years of student growth data, or all available student growth data if less than three (3)years is available.
- C. Evaluates an employee's job performance, using rating categories of highly effective, effective, minimally effective and ineffective, which take into account data on student growth as a significant factor in the evaluation in accordance with State law student growth and assessment data. For the 2018-2019 school year twenty-five (25) percent of the annual year-end evaluation shall be based on student growth and assessment data. Beginning with the 2019-2020 school year, forty (40) percent of the annual year-end evaluation shall be based on student growth and assessment data.

Evaluations must also comply with the following:

- 1. The portion of a teacher's annual year-end evaluation that is not based on student growth and assessment data shall be based primarily on a teacher's performance as measured by the Educational Service Provider as described below.
- 2. Beginning with the 2018 2019 school year, for core content areas in grades and subjects in which state assessments are administered, fifty (50) percent of student growth must be measured using the state assessments, and the portion of student growth not measured using state assessments must be measured using multiple research-based growth measures or alternative assessments that are rigorous. Student growth also may be measured by student learning objectives or nationally normed or locally adopted assessments that are aligned to state standards, or based on achievement of individualized education program goals.
- 3. The portion of a teacher's evaluation that is not measured using student growth and assessment data or using the evaluation tool developed or adopted by the Educational Service Provider shall incorporate criteria enumerated in section M.C.L. 380.1248(1)(b)(i) to (iii) that are not otherwise evaluated under the tool.
- 4. If there are student growth and assessment data available for a teacher for at least three (3) school years, the annual year-end evaluation shall

be based on the student growth and assessment data for the most recent three (3) consecutive-school-year period. If there are not student growth and assessment data available for a teacher for at least three (3) school years, the annual year-end evaluation shall be based on all student growth and assessment data that are available for the teacher.

- D. uses the evaluations, at a minimum, to inform decisions regarding all of the following:
 - 1. the effectiveness of employees, so that they are given ample opportunities for improvement
 - 2. promotion, retention, and development of employees, including providing relevant coaching, instruction support, or professional development
 - 3. removing ineffective employees after they have had ample opportunities to improve, and providing that these decisions are made using rigorous standards and streamlined, transparent, and fair procedures
- E. provides a mid-year progress report for every certificated teacher who has received a rating of minimally effective or ineffective on the last most recent annual year-end evaluation

This mid-year report shall not replace the annual year-end evaluation. The mid-year report shall:

- 1. be based, at least in part, on student achievement;
- 2. be aligned with the teacher's individualized development plan;
- 3. include specific performance goals and any recommended training for the remainder of the school year, as well as written improvement plan developed in consultation with the teacher that incorporates the goals and training.
- F. includes classroom observations in accordance with the following:
 - 1. must include review of the lesson plan, State curriculum standards being taught and student engagement in the lesson
 - 2. must include multiple observations unless the teacher has received an effective or higher rating on the last two (2) yearend evaluations
 - 3. observations need not be for an entire class period
 - 4. at least one (1) observation must be unscheduled;
 - 5. the school administrator responsible for the teacher's performance evaluation shall conduct at least one (1) of the observations;

Other observations may be conducted by other observers who are trained in the use of the evaluation tool as described below. These other observers may be teacher leaders.

- 6. the Educational Service Provider shall ensure that, within thirty (30) days after each observation, the teacher is provided with feedback from the observation.
- G. For the purposes of conducting annual year-end evaluations under the performance evaluation system, the Educational Service Provider will adopt and implement one (1) or more of the evaluation tools for teachers that are included on the list established and maintained by the Michigan Department of Education ("MDE").
- H. The Board will post on its public website all of the following information about the measures it uses for its performance evaluation system for teachers:
 - 1. The research base for the evaluation framework, instrument, and process or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDE list, the research base for the listed evaluation tool and an assurance that the adaptations or modifications do not compromise the validity of that research base.
 - 2. The identity and qualifications of the author or authors or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDE list, the identity and qualifications of a person with expertise in teacher evaluations who has reviewed the adapted or modified evaluation tool.
 - 3. Either evidence of reliability, validity, and efficacy or a plan for developing that evidence or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDE list, an assurance that the adaptations or modifications do not compromise the reliability, validity, or efficacy of the evaluation tool or the evaluation process.
 - 4. The evaluation frameworks and rubrics with detailed descriptors for each performance level on key summative indicators.
 - 5. A description of the processes for conducting classroom observations, collecting evidence, conducting evaluation conferences, developing performance ratings, and developing performance improvement plans.
 - 6. A description of the plan for providing evaluators and observers with training.
- I. The Educational Service Provider shall also:
 - 1. Provide training to teachers on the evaluation tool(s) used by the Educational Service Provider in its performance evaluation system and how each evaluation tool is used. This training may be provided by the Educational Service Provider or by a consortium consisting of 2 or more public school academies.

2. Ensure that training is provided to all evaluators and observers. The training shall be provided by an individual who has expertise in the evaluation tool or tools used by the Educational Service Provider, which may include either a consultant on that evaluation tool or framework or an individual who has been trained to train others in the use of the evaluation tool or tools. The Educational Service Provider may provide the training in the use of the evaluation tool or tools if the trainer has expertise in the evaluation tool or tools.

The staff evaluation program shall aim at the early identification of specific areas in which the individual professional staff member needs help so that appropriate assistance may be provided or arranged for. A supervisor offering suggestions for improvement to a professional staff member shall not release that professional staff member from the responsibility to improve. If a professional staff member, after receiving a reasonable degree of assistance, fails to perform his/her assigned responsibilities in a satisfactory manner, dismissal, or non-renewal procedures may be invoked. A teacher rated as "ineffective" on three (3) consecutive year-end evaluations must be dismissed from employment as a teacher with the Board. In such an instance, all relevant evaluation documents may be used in the proceedings.

The Board shall not assign a student to be taught in the same subject area for two (2) consecutive years by a teacher who has been rated as ineffective on his/her two (2) most recent annual year-end evaluations. If the Board is unable to comply with this and plans to assign a student to be taught in the same subject area for two (2) consecutive years by a teacher who has been rated as ineffective on his/her two (2) most recent annual year-end evaluations, the Board will notify the student's parent or legal guardian in writing not later than July 15 immediately preceding the beginning of the school year for which the student is assigned to the teacher, that the Board is unable to comply and that the student has been assigned to be taught in the same subject area for a second consecutive year by a teacher who has been rated as ineffective on his/her two (2) most recent annual year-end evaluations. The notification shall include an explanation of why the Board is unable to comply.

All students, administrators, teachers, staff, and all other Academy personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on Academy property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against discriminatory harassment based on race, color, national origin, sex (including sexual orientation and gender identity), disability, age, religion, height, weight, marital or family status, military status, ancestry, or genetic information (collectively, "Protected Classes") that are protected by Federal civil rights laws (hereinafter referred to as "unlawful harassment"), and encourages those within the Academy community as well as Third Parties, who feel aggrieved to seek assistance to rectify such problems. The Board will investigate or cause to be investigated all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take or cause to be taken immediate steps to end the harassment, prevent its reoccurrence, and remedy its effects. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action either from the Board or by recommendation of the Board to the Educational Service Provider.

- B. Filing a malicious or knowingly false report or complaint of unlawful harassment.
- C. Disregarding, failing to investigate adequately, or delaying investigation of

allegations of harassment, when responsibility for reporting and/or investigating unlawful harassment charges comprises part of one's supervisory duties.

Bullying rises to the level of unlawful harassment when one or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more students or employees and that bullying is based upon one (1) or more Protected Classes, that is, characteristics that are protected by Federal civil rights laws. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational or work environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school or work performance or participation; and may involve:

- A. teasing;
- B. threats;
- C. intimidation;
- D. stalking;
- E. cyberstalking

- F. cyberbullying;
- G. physical violence;
- H. theft;
- I. sexual, religious, or racial harassment;
- J. public humiliation; or
- K. destruction of property.

Harassment

"Harassment" means any threatening, insulting, or dehumanizing gesture, use of technology, or written, verbal or physical conduct directed against a student or Academy employee that:

- A. places a student or Academy employee in reasonable fear of harm to his/her person or damage to his/her property;
- B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or an employee's work performance; or
- C. has the effect of substantially disrupting the orderly operation of the Academy.

Sexual Harassment

For purposes of this policy and consistent with Title VII of the Civil Rights Act of 1964 "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity;
- B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual;
- C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.

Sexual Harassment covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
- B. Unwanted physical and/or sexual contact.
- C. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs, activities, or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
- D. Unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.

- H. Speculations about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;
- I. Giving unwelcome personal gifts such as lingerie that suggest the desire for a romantic relationship;
- J. Leering or staring at someone in a sexual way, such as staring at a person's breasts, buttocks, or groin;
- K. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
- L. In the context of employees, consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment.
- M. Inappropriate boundary invasions by an Academy employee or other adult member of the Academy community into a student's personal space and personal life.
- N. Verbal, nonverbal or physical aggression, intimidation, or hostility based on

sex or sex-stereotyping that does not involve conduct of a sexual nature.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

Anti-Harassment Compliance Officers

The following individual(s) shall serve as the Academy's Anti-Harassment Compliance Officer(s) (hereinafter, "the Compliance Officer(s)"):

Male and Female Compliance Officer 6919 N Waverly St, Dearborn Heights, MI 48127 313-565-0507

The names, titles, and contact information of these individuals will be published annually on the Academy's web site and in the staff handbooks.

The Compliance Officer(s) are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding harassment.

The Compliance Officer(s) will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the Academy community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept reports of unlawful harassment directly from any member of the Academy community or a Third Party or receive reports that are initially filed with an administrator, supervisor, or other Academy official. Upon receipt of a report of alleged harassment, the Compliance Officer(s) will contact the Complainant and begin either an informal or formal complaint process (depending on the request of the Complainant or the nature of the alleged harassment), or the Compliance Officer(s) will designate a specific individual to conduct such a process. The Compliance Officer(s) will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the Compliance Officer(s) will prepare recommendations for the Educational Service Provider or will oversee the preparation of such recommendations by a designee. All Educational Service Provider or forwider employees must report incidents of harassment that are reported to them to the Compliance Officer within two (2) days of learning of the incident.

Any Educational Service Provider employee who directly observes unlawful harassment is obligated, in accordance with this policy, to report such observations to the Compliance Officer(s) within two (2) days. Additionally, any Educational Service Provider employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Educational Service Provider employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer(s) or designee must contact the Complainant, if age eighteen (18) or older, or Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Reports and Complaints of Harassing Conduct

Members of the Academy community along with Third Parties are encouraged to promptly report incidents of harassing conduct to the Academy's Anti-Harassment Compliance Officer so that the Academy's Anti-Harassment Compliance Officer may address the conduct before

it becomes severe, pervasive, or persistent. Any administrator, supervisor, or other Academy official who receives such a report shall file it with the Compliance Officer within two (2) days of receiving the report of harassment.

Members of the Academy community and Third Parties who believe they have been unlawfully harassed by another member of the Academy community or a Third Party are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Educational Service Provider believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Educational Service Provider will report the act of bullying, aggressive behavior and/or harassment to the Compliance Officer(s) who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, the Educational Service Provider shall suspend the Policy 5517.01 investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266. The Compliance Officer shall keep the Educational Service Provider informed of the status of the 1662 investigation and provide with a copy of the resulting written report. Likewise, the Title IX Coordinator will provide the Educational Service Provider with the determination of responsibility that results from the Policy 2266 grievance process.

Investigation and Complaint Procedure (See Form 3362 F1)

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, any employee or other member of the Academy community or Third Party (e.g., visitor to the Academy) who believes that they have has been subjected to unlawful harassment may seek resolution of the complaint through the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights and/or Equal Employment Opportunity Commission ("EEOC").

Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student, other member of the Academy community, or Third Party who alleges unlawful harassment or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving an Educational Service Provider employee, any other adult member of the Academy community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is unwelcome and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the alleged inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator; (2) directly to one of the Compliance Officers; and/or (3) to the Educational Service Provider.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Board's informal complaint procedure is designed to provide employees, other members of the Academy community, or third parties who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.
- B. Distributing a copy of this policy as a reminder to the individuals in the school building or office where the Respondent works or attends.
- C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer/designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant, may proceed to file a formal complaint. And, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, Principal, the Compliance Officer, Educational Service Provider, or other Academy official. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, Principal, Educational Service Provider, or other Academy official, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the Compliance Officer/designee within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions deemed appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the Compliance Officer/designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation. The Principal will not conduct an investigation unless directed to do so by the Compliance Officer.

Simultaneously, the Compliance Officer will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or Administrative Guidelines, including the Board's Anti-Harassment Policy. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the Compliance Officer/designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer/designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Respondent engaged in unlawful harassment/retaliation of the Complainant. The Compliance Officer's recommendations must be based upon the totality of the circumstances. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within five (5) business days of receiving the report of the Compliance Officer/designee, the Educational Service Provider must either issue a final decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Educational Service Provider's written decision will be delivered to both the Complainant and the Respondent.

If the Educational Service Provider requests additional investigation, the Educational Service Provider must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Educational Service Provider must issue a written decision as described above.

The decision of the Educational Service Provider shall be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment/retaliation regardless of whether the member of the Academy community or Third Party alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the

Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent, and the witnesses as much as possible, consistent with the Educational Service Provider's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer/ designee will instruct all members of the Academy community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effects

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any Academy teacher or Academy employee who knows or suspects that a child under the age of eighteen (18) or that a person with a disability receiving services as a student from the Academy regardless of age has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Educational Service Provider.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Board shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

HOMELESS STUDENTS

References: 42 U.S.C. 11431 et seq. (McKinney - Vento Homeless Act)

Definitions

Children who are identified as meeting the Federal definition of "homeless" will be provided a free appropriate public education (FAPE) in the same manner as all other students of the Academy. To that end, homeless students will not be stigmatized or segregated on the basis of their status as homeless. The Academy shall establish safeguards that protect homeless students from discrimination on the basis of their homelessness. The Academy shall regularly review and revise its policies, including school discipline policies that may impact homeless students, including those who may be a member of any of the Protected Classes (Policy 2260).

Homeless children and youth are defined as individuals who lack a fixed, regular, and adequate nighttime residence, and include children and youth who meet any of the following criteria:

- A. share the housing of other persons due to loss of housing, economic hardship, or similar reason
- B. live in motels, hotels, trailer parks, or camping grounds due to a lack of alternative adequate accommodations
- C. live in emergency or transitional shelters
- D. are abandoned in hospitals
- E. have a primary night time residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings, or
- F. live in a car, park, public space, abandoned building, substandard housing¹, bus or train station, or similar setting

Pursuant to the McKinney-Vento Act, an unaccompanied youth includes a homeless child or youth not in the physical custody of a parent or guardian.

¹ According to nonregulatory guidance from the U.S. Department of Education (ED), standards for adequate housing may vary by locality. Please see ED guidance for factors to consider when determining whether a child or youth is living in "substandard housing." *Education for Homeless Children and Youth Programs, Non-Regulatory Guidance, U.S. Department of Education (ED), Title VII-B of the McKinney-Vento Homeless Assistance Act, as amended by the Every Student Succeeds Act, at A-3 (July 27, 2016)*

Services to Homeless Children and Youth

The Academy will provide services to homeless students that are comparable to other students in the Academy, including:

- A. transportation services;
- B. public preschool programs and other educational programs and services for which the homeless student meets eligibility criteria including:
 - 1. programs for children with disabilities;
 - 2. programs for English Learners (ELs) (i.e., students with Limited English Proficiency (LEP));
 - 3. programs in career and technical education;
 - 4. programs for gifted and talented students;
 - 5. school nutrition programs; and
 - 6. before and after-school programs.

The Board will appoint a Liaison for Homeless Children who will perform the duties as assigned by the Educational Service Provider. Additionally, the Liaison will coordinate and collaborate with the State Coordinator for the Education of Homeless Children and Youth as well as with community and school personnel responsible for the provision of education and related services to homeless children and youths. For more information on the role of the Liaison, refer to AG 5111.01.

School Stability

Maintaining a stable school environment is crucial to a homeless student's success in school. To ensure stability, the Academy must make school placement determinations based on the "best interest" of the homeless child or youth based on student-centered factors. The Academy must:

- A. continue the student's education in the school of origin for the duration of homelessness when a family becomes homeless between academic years or during an academic year; and for the remainder of the academic year even if the child or youth becomes permanently housed during an academic year; or
- B. enroll the student in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

When determining a child or youth's best interest, the Academy must assume that keeping the homeless student in the school of origin is in that student's best interest, except when doing so is contrary to the request of the student's parent or guardian, or the student if he or she is an unaccompanied youth. The school of origin is the school the student attended or enrolled in when permanently housed, including a public preschool. The school of origin also includes the designated receiving school at the next level for feeder school patterns, when the student completes the final grade level at the school of origin.

When determining the student's best interest, the Academy must also consider studentcentered factors, including the impact of mobility on achievement, education, health, and safety of homeless students and give priority to the request of the student's parent or guardian, or youth (if an unaccompanied youth). The Academy also considers the school placement of siblings when making this determination.

If the Academy finds that it is not in the student's best interest to attend the school of origin or the school requested by the parent or guardian, or unaccompanied youth, the Academy must provide the individual with a written explanation and reason for the determination in a manner and form understandable to the parent, guardian or unaccompanied youth. This written explanation will include appeal rights and be provided in a timely manner.

Immediate Enrollment

The Academy has an obligation to remove barriers to the enrollment and retention of homeless students. A school chosen on the basis of a best interest determination must immediately enroll the homeless student, even if the student does not have the documentation typically necessary for enrollment, such as immunization and other required health records, proof of residency, proof of guardianship, birth certificate or previous academic records. The homeless student must also be enrolled immediately regardless of whether the student missed application or enrollment deadlines during the period of homelessness or has outstanding fines or fees.

The enrolling school must immediately contact the school last attended by the homeless student to obtain relevant academic or other records. If the student needs immunization or other health records, the enrolling school must immediately refer the parent, guardian or unaccompanied youth to the local liaison, who will help obtain the immunizations, screenings or other required health records. Records usually maintained by the school must be kept so that they are available in a timely fashion if the child enters a new school or Academy. These records include immunization or other required health records, academic records, birth certificates, guardianship records, and evaluations for special services or programs. Procedures for inter-State records transfer between schools should be taken into account in order to facilitate immediate enrollment.

In addition, the Academy will also make sure that, once identified for services, the homeless student is attending classes and not facing barriers to accessing academic and extracurricular activities, including magnet school, summer school, career and technical education, advanced placement, online learning, and charter school programs (if available). Additionally, the Academy should consider giving homeless children and youth's priority if there is a waitlist for these schools, programs, and activities.

Transportation

The Academy provides homeless students with transportation services that are comparable to those available to non-homeless students. The Academy also provides or arranges for transportation to and from the school of origin at the parent or guardian's request, or the liaison's request in the case of an unaccompanied youth. Transportation is arranged promptly to allow for immediate enrollment and will not create barriers to a homeless student's attendance, retention, and success. The following procedures also apply subject to a determination of the student's best interest:

- A. If the homeless student moves but continues to live within the area covered by the Academy's charter the Academy is considered the school of origin and the school of residence and, therefore, transportation will be provided or arranged for the student's transportation to or from the school of origin by the Academy.
- B. If the homeless student moves to an area outside of the Academy's charter, though continuing his/her education at the school of origin, the Academy and the public school district in which the student resides must agree upon a method to apportion responsibility and costs for transportation to the school of origin. If the Academy and the public school district cannot agree upon such a method, the responsibility and costs will be shared equally.
- C. When the student obtains permanent housing, transportation shall be provided to and from the school of origin until the end of the school year.

The Academy determines the mode of transportation in consultation with the parent or guardian and based on the best interest of the student.

In accordance with Federal law, the above transportation requirements still apply during the resolution of any dispute. The Academy will work with the State to resolve transportation disputes with other Academies. If the disputing Academy is in another State, the Academy will turn to the State for assistance as Federal guidance says that both States should try to arrange an agreement for the Academies.

Dispute Resolution

Homeless families and youths have the right to challenge placement and enrollment decisions. If a dispute arises between a school and a parent, guardian or unaccompanied youth regarding eligibility, school selection, or enrollment of a homeless student, the Academy must follow its dispute resolution procedures, consistent with the State's procedures. If such a dispute occurs, the Academy will immediately enroll the homeless student in the school in which enrollment is sought pending final resolution of the dispute, including all appeals. The student will receive all services for which they are eligible until all disputes and appeals are resolved.

Pursuant to State, Academy and Board of Directors policies, the Academy will provide the parent, guardian or unaccompanied youth with a written explanation of all decisions regarding school selection and enrollment made by the Academy or State, along with a written explanation of appeal rights.

The Academy's notice and written explanation about the reason for its decision will include, at a minimum, an explanation of how the school reached its decision regarding eligibility, school selection, or enrollment, including 1) a description of the proposed or refused action by the school, 2) an explanation of why the action is proposed or refused, 3) a description of other options the school considered and why those options were rejected, 4) a description of any other relevant factors to the school's decision and information related to the eligibility or best interest determination such as the facts, witnesses, and evidence relied upon and their sources, and 5) an appropriate timeline to ensure deadlines are not missed. The Academy must also include contact information for the Liaison and the State Coordinator, and a brief description of their roles. The Academy will also refer the parent, guardian or unaccompanied youth to the Liaison, who will carry out the dispute resolution process.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

The Academy ensures that all decisions and notices are drafted in a language and format appropriate for low-literacy, limited vision readers, and individuals with disabilities. For children and youth and/or parents or guardians who are English learners or whose dominate language is not English, the Academy will provide translation and interpretation services in connection with all phases of the dispute resolution process pursuant to federal laws. The Academy will also provide electronic notices via email if the parent, guardian or unaccompanied youth has access to email followed by a written notice provided in person or sent by mail.

Homeless Children in Preschool

Homeless preschool-aged children and their families shall be provided equal access to the educational services for which they are eligible, including preschool programs, including Head Start programs, administered by the Academy. Additionally, the homeless child must remain in the public preschool of origin, unless a determination is made that it is not in the child's best interest. When making such a decision on the student's best interest, the Academy takes into account the same factors as it does for any student, regardless of age. It also considers preschool age specific factors, such as 1) the child's attachment to preschool teachers and staff; 2) the impact of school climate on the child, including school safety; the quality and availability of services to meet the child's needs, including health, developmental, and social-emotional needs; and 3) travel time to and from school.

The Academy must also provide transportation services to the school of origin for a homeless child attending preschool. It is the Academy's responsibility to provide the child with transportation to the school of origin even if the homeless preschooler who is enrolled in a public preschool in the Academy moves to another Academy that does not provide widely available or universal preschool.

Public Notice

In addition to notifying the parent or guardian of the homeless student or the unaccompanied youth of the applicable rights described above, the Academy shall post public notice of educational rights of children and youth experiencing homelessness in each school. In addition, the Academy shall post public notice of the McKinney-Vento rights in places that homeless populations frequent, such as shelters, soup kitchens, and libraries in a manner and form understandable to the parents and guardians and unaccompanied youths.

Records

The local liaison will assist the homeless students and their parent(s) or guardian(s) or unaccompanied homeless students in their efforts to provide documentation to meet State and local requirements for entry into school.

All records for homeless students shall be maintained, subject to the protections of the Family Educational Rights and Privacy Act (FERPA) and Policy 8330, and in such a manner so that they are available in a timely fashion and can be transferred promptly to the appropriate parties, as required. Pursuant to the McKinney-Vento Act, information regarding a homeless student's living situation is not considered directory information and must be provided the same protections as other non-directory personally identifiable information (PII) contained in student education records under FERPA. The Academy shall incorporate practices to protect student privacy as described in AG 5111.01, AG 8330, and in accordance with the provisions of the Violence Against Women Act (VAWA) and the Family Violence Prevention and Services Act (FVPSA).

No Board policy, administrative procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or school success of homeless children.

------------	-------------------------	--	----	-------------	-------------	-----	----------	----------

Children of an active duty member of the United States armed services shall be entitled to all of the rights and protections afforded under the Interstate Compact on Educational Opportunity for Military Children (Compact).

The intent of this policy is to minimize the potential challenges to educational success for children of military families because of frequent moves and deployment of their parents by:

- A. facilitating the timely enrollment and placement of children of military families in educational and other school programs and activities;
- B. facilitating the on-time graduation of children of military families; and
- C. providing for the uniform collection and sharing of information between and among schools and military families.

The Chief Administrative Officer shall maintain guidelines for implementation of this policy which are consistent with the Compact and State law.

The guidelines shall apply to children of military families within the state as well as between member states.

CHILDREN AND YOUTH IN FOSTER CARE

References: 45 C.F.R. 1355.20

The Board of Directors recognizes the importance of educational stability for children and youth in foster care. Further, the Board recognizes these children and youth as a vulnerable subgroup of students in need of safeguards and supports in order to facilitate a successful transition through elementary and secondary education and into college and/or careers. To that end, the Academy will collaborate with the Michigan Department of Education (MDE), other Academy's, and the appropriate child welfare agencies to provide educational stability for children and youth in foster care.

Definitions

Children who meet the Federal definition of "in foster care" will be provided a free appropriate public education (FAPE) in the same manner as all other students of the Academy. To that end, students in foster care will not be stigmatized or segregated on the basis of their status. The Academy shall establish safeguards that protect foster care students from discrimination on the basis of their foster care status or other of the recognized Protected Classes (Policy 2260). The Academy shall regularly review and revise its policies, including academy discipline policies that may impact students in foster care.

Consistent with the Fostering Connections Act, "foster care" means 24-hour substitute care for children placed away from their parents or guardians and for whom the child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in:

- A. foster family homes;
- B. foster homes of relatives;
- C. group homes;
- D. emergency shelters;
- E. residential facilities;
- F. child care institutions; and
- G. preadoptive homes.

A child is in foster care in accordance with this definition regardless of whether the foster care facility is licensed and payments are made by the State, tribal or local agency for the care of the child, whether adoption subsidy payments are being made prior to the finalization of an adoption, or whether there is Federal matching of any payments that are made. (45 C.F.R. 1355.20 (a)).

Academy Stability

The Academy shall remove barriers to the enrollment and retention of children and youth in foster care in the Academy. Foster care students shall be enrolled immediately, even if they do not have the necessary enrollment documentation such as immunization and health records, proof of residency or guardianship, birth certificate, academy records, and other documentation.

The Academy shall meet the Title I requirements for educational stability for children and youth in foster care, including those awaiting foster care placement. The Academy shall identify which students are in foster care and shall collaborate with State and tribal child welfare agencies to provide educational stability for these children and youth. Academy staff will work closely with child welfare agency personnel to develop and implement processes and procedures that include these enrollment safeguards:

- A. a child/youth in foster care shall remain in his/her academy of origin, unless it is determined that remaining in the academy of origin is not in that child's best interest;
- B. if it is not in the child's best interest to stay in his/her academy of origin, the child shall be immediately enrolled in the determined new academy even if the child is unable to produce records normally required for enrollment; and
- C. the new (enrolling) academy shall immediately contact the academy of origin to obtain relevant academic and other records, including the student's Individualized Education Program (IEP) if applicable. (ESEA Section 1111(g)(1)(E)(i)-(iii)).

Academy of Origin

The Academy of origin is the academy in which a student is enrolled at the time of placement in foster care. If a student's foster care placement changes, the academy of origin would then be considered the academy in which the child is enrolled at the time of the placement change. A student in foster care shall remain in his/her academy of origin, if it is determined to be in the student's best interest, for the duration of the student's placement in foster care.

When a student exits foster care, the Academy will continue to prioritize the student's educational stability in determining placement, supports, and services deemed to be in the child's best interests.

A student who has exited foster care shall be permitted to remain in the academy of origin until the end of the academy year.

Best Interest Determination

In making the best interest determination, the Academy will follow the guidelines established by MDE and the State or tribal custodial agencies. The Academy shall utilize the prescribed process in conjunction with local custodial agencies in making best interest determinations, and shall make such determination within five (5) academy days of the child's placement in foster care or change in child's living arrangement. Once a determination is made the Academy shall provide the decision in writing to all relevant parties, in collaboration with the appropriate custodial agency. When making decisions regarding educational placement of students with disabilities under IDEA and Section 504, the Academy shall provide all required special educational and related services and supports provided in the least restrictive placement where the child's unique needs, as described in the student's IEP or Section 504 plan, can be met.

If there is a dispute regarding whether the educational placement of a child in foster care is in the best interest of that child, the dispute resolution process established by the Michigan Department of Education (MDE) shall be used.

The Academy's representatives shall collaborate fully in this process, considering relevant information regarding academic programming and related service needs of the child, and advocating for what the Academy believes is in the best interest of the child.

To the extent feasible and appropriate, the child will remain in his/her academy of origin while disputes are being resolved in order to minimize disruption and reduce the possible number of moves between academies. (ESEA Section 1111(g)(1)(E)(i)).

Since the custodial agency holds ultimate legal responsibility for making the best interest determination for the foster child in their care, if the dispute cannot be resolved, the custodial agency will make the final determination. Such final determination will be made within five (5) academy days of the child's placement in foster care or change in the child's living arrangement.

All notifications and reports regarding foster care placement, changes in academy enrollment, transportation services, and changes in the child's living arrangements shall be provided to the affected parties, in writing, in accordance with the forms, procedures, and requirements of the MDE and the State or tribal custodial agencies.

Local Point of Contact

The Educational Service Provider shall designate and make public a local point of contact who will perform the duties as assigned by the Educational Service Provider. The point of contact shall serve as a liaison to coordinate with child protection agencies, lead the development of a process for making the best determination for a student, facilitate the transfer of records, and oversee the enrollment and regular academy attendance of students in foster care.

<u>Records</u>

The Academy shall provide privacy protections for children and families and shall facilitate appropriate data-sharing pertaining to children in foster care between child welfare and educational agencies, in accordance with the Family Educational Rights and Privacy Act (FERPA) and Policy 8330 – Student Records.

Services to Children and Youth in Foster Care

Foster care children and their families shall be provided equal access to the educational services for which they are eligible comparable to other students in the Academy including:

A. educational services for which the student in foster care meets eligibility criteria including services provided under Title I of the Elementary and

Secondary Education Act or similar State and local programs, educational programs for children with disabilities, and educational programs for students with limited English proficiency;

- B. preschool programs;
- C. programs in vocational and technical education;
- D. programs for gifted and talented students;
- E. academy nutrition programs; and
- F. before and after-academy programs.

Transportation Services

The Academy must ensure that transportation is provided for children in foster care consistent with the procedures developed by the Academy in collaboration with the State or local child welfare agency. These requirements apply whether or not the LEA already provides transportation for children who are not in foster care.

In order for a student in foster care in his/her academy of origin, when in his/her best interest, transportation services shall be provided, arranged, and funded for the duration of the child's placement in foster care. The Academy's transportation services will provide that:

- A. Children in foster care needing transportation to their academies of origin will promptly receive that transportation in a cost effective manner and in accordance with Section 475(4)(A) of the Social Security Act; and
- B. If there are additional costs incurred in providing transportation to the academy of origin, the Academy shall provide such transportation if 1) the local child welfare agency agrees to reimburse the Academy for the cost of such transportation; 2) the Academy agrees to pay for the cost; or 3) the Academy and the local child welfare agency agree to share the cost. (ESEA 1112(c)(5)(B)).

Additional costs incurred in providing transportation to the academy of origin should reflect the difference between what the Academy would otherwise spend to transport a student to his/her assigned academy and the cost of transporting the foster care student to the academy of origin. The Academy will collaborate with the State Education Agency (SEA), other LEAs, and child welfare agencies to pursue possible funding sources and arrangements to deal with transportation costs.

Since foster care placements may occur across Academy, county, or State boundary lines, coordination among multiple agencies may be necessary. The Academy will work with appropriate State and local agencies to address such placement and transportation issues that arise. The Academy shall provide or arrange for adequate and appropriate transportation to and from the academy of origin while any disputes are being resolved.

No Board policy, administrative procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or academy success of children and youth in foster care.

A child who turns six (6) years of age before December 1st must be enrolled on the first school day of the school year in which the child's sixth birthday occurs, and a child who turns six (6) years of age on or after December 1st must be enrolled on the first school day of the school year following the school year in which the child's sixth birthday occurs.

A. <u>Prekindergarten</u>

A child is eligible for entrance into the Academy's prekindergarten program if s/he attains the age of four (4) on or before December 1st of the year in which s/he applies for entrance and has not yet attained the age at which s/he will be admitted to kindergarten. Children attending prekindergarten shall be charged tuition in accordance with Board policy.

The Academy may make a recommendation to the parent or guardian that the child is not ready to start kindergarten due to age or other factors, but the decision whether to enroll the child will remain with the parent or guardian.

The Academy must allow early entry by nonresident Schools of Choice students, provided the parent/guardian notifies the Academy by the applicable notification date above (C. 2. or 3.) of the intent to participate in the early enrollment option and timely applies for and is selected under the

All such programs must comply with any applicable State and Federal requirements, such as least restrictive environment.

E. <u>Preschool – Disadvantaged Children</u>

Readiness and compensatory education programs may be provided for disadvantaged children of preschool age, if they have been certified in accordance with the rules and requirements of the State, such as the Great Start Readiness Program.

The Board of Directors recognizes the positive cultural benefits to the students, staff, and the community in meeting students from other countries and in having foreign students as members of the student body of this Academy.

In accordance with other admissions policies, the Board will permit the admission of foreign students and foreign-exchange students (from recognized and approved student exchange programs) who are either deemed legal residents of the State of Michigan under applicable law or are permitted under MCL 380.504(3).

Student and Exchange Visitor Program for Nonimmigrant Students with F-1 Visas

Provided such petition is not prohibited by the Academy's authorizer, the Board authorizes the Academy to petition for approval to provide a Student and Exchange Visitor Program (SEVP). As an authorized SEVP provider, the Academy will issue the certificate of eligibility to nonimmigrant students who complete the application process successfully, which will enable them to apply for an F-1 Visa. All students entering under this section must be deemed residents of the State of Michigan or be permitted under MCL 380.504(3).

Participation by nonimmigrant students in this program will be consistent with Federal law that requires the following:

- A. the student possess sufficient English language proficiency to participate in the high school curriculum
- B. the student's participation does not exceed an academic year
- C. the student pays to the Board the full amount of tuition prior to the commencement of the academic term of attendance
- D. the student otherwise maintains his/her lawful temporary immigration status

Other Nonimmigrant Students

This policy does not apply to nonimmigrant students with citizenship in countries other than the United States who are not participating in an approved exchange visitor program or who are not sponsored by the Academy so they can attend the Academy as participants in the student and exchange visitor program (SEVP) on a valid F-1 visa.

All other nonimmigrant students with citizenship in countries other than the United States who seek to enroll in the Academy are subject to State law and the Academy's policies regarding enrollment and, if applicable, tuition. All such students must be deemed to be residents of the State of Michigan under applicable law or be permitted under MCL 380.504(3).

WITHDRAWAL FROM THE ACADEMY

Reference: MCL 380.1561, 388.1705

The Board of Directors affirms that, while Michigan law requires attendance of each student until sixteen (16) years of age, it is in the best interests of both students and the community that they complete the educational program that will equip them with skills and increase their chances for a successful and fulfilling life.

The Board directs that whenever a student wishes to withdraw from the Academy, efforts should be made to determine the underlying reason for such action and the resources of the Academy should be used, when and as appropriate, to assist the student in reaching his/her career goals.

The Educational Service Provider shall develop administrative guidelines for withdrawal from the Academy which:

- A. make every effort to satisfy the student's future educational needs;
- B. inform the student of the G.E.D.;
- C. assure the timely return of all Academy-owned supplies and equipment in the possession of the student.

PERSONAL COMMUNICATION DEVICES

Students may use personal communication devices (PCDs) before and after school, during their lunch break, during after school activities (e.g., extra-curricular activities), at school-related functions. Use of PCDs, except those approved by a teacher or administrator, at any other time is prohibited and they must be powered completely off (i.e., not just placed into vibrate or silent mode) and stored out of sight.

For purposes of this policy, "personal communication device" includes computers, tablets (e.g., iPads and similar devices), electronic readers ("e-readers"; e.g., Kindles and similar devices), cell phones (e.g., mobile/cellular telephones, smartphones (e.g., BlackBerry, iPhone, Android devices, Windows Mobile devices, etc.)), telephone paging devices (e.g., beepers or pagers), and/or other web-enabled devices of any type. Students may not use PCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school. Students may use PCDs while riding to and from school on a school bus or other Board-provided vehicles or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated.

Also, during after school activities, PCDs shall be powered completely off (not just placed into vibrate or silent mode) and stored out of sight when directed by the administrator or sponsor.

Under certain circumstances, a student may keep his/her PCD "On" with prior approval from the building principal.

Except as authorized by a teacher, administrator or IEP team, students are prohibited from using PCDs during the school day, including while off-campus on a field trip, to capture, record and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person. Using a PCD to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a PCD to violate the privacy rights of another person may have their PCD confiscated and held until a parent/guardian picks it up, and may be directed to delete the audio and/or picture/video file while the parent/guardian is present. If the violation involves potentially illegal activity the confiscated-PCD may be turned-over to law enforcement.

PCDs, including but not limited to those with cameras, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, classrooms, gymnasiums, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The building principal is authorized to determine other specific locations and situations where use of a PCD is absolutely prohibited.

Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior. In particular, students are prohibited from using PCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

disparagement of others based upon their race, color, national origin, sex, sexual orientation, disability, age, religion, ancestry, or political beliefs; and (2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Possession of a PCD by a student at school during school hours and/or during extracurricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The building principal will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned-over to law enforcement. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian or turned-over to law enforcement. School officials will not search or otherwise tamper with PCDs in Academy custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5771 - Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a PCD to school for a designated length of time or on a permanent basis.

A person who discovers a student using a PCD in violation of this policy is required to report the violation to the building principal.

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.

Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office.

ATTENDANCE

Reference:

MCL 380.1561, 380.1561(3a-3c), 380.1586(3) Pupil Accounting Manual 2019-2020, Michigan Department of Education

The Board of Directors shall enforce the regular attendance of students. The Board recognizes that the presence in the classroom enables the student to participate in instruction, class discussions, and other related activities. As such, regular attendance and classroom participation are integral to instilling incentives for the student to excel.

Attendance shall be required of all students during the days and hours that the School is in session.

A student may be considered a full-time equivalent student provided the student is enrolled in at least more than half day for K-8 students and six (6) units of instruction (courses) for 9-12 students, as defined by State law, per school year.

The Academy shall require, from the parent of each student or from an adult student who has been absent for any reason, a verbal or written statement and/or confirmation of the cause for such absence. The School Principal is authorized to verify such statements and to investigate the cause of each absence.

The Board considers the following factors to be reasonable excuses for time missed:

- A. illness
- B. recovery from accident
- C. required court attendance
- D. professional appointments
- E. death in the immediate family
- F. observation or celebration of a bona fide religious holiday
- G. such other good cause as may be acceptable to the Principal

Attendance need not always be within the Academy facilities, but a student will be considered to be in attendance if present at any place where school is in session by authority of the Board.

The Board authorizes, but does not encourage the Educational Service Provider to suspend a student from a particular class or from school if sincere efforts by the staff and parents cannot rectify the pattern of absence. In keeping with its philosophy, the Board supports efforts to provide for out-of-school alternative educational opportunities for truant students rather than to heighten the effects of absence through suspension.

The Educational Service Provider shall develop procedures for the attendance of students.

Adopted 7/28/11 Revised 6/29/20

ABSENCES FOR RELIGIOUS INSTRUCTION

Reference: MCL 380.1561(3c) A.C. Rule R340.71, R340.74

The Board of Directors desires to cooperate with those parents who wish to provide for religious instruction for the children but also recognizes its responsibility to enforce the attendance requirements of the State.

Upon the signed request of a student's parent, the Board will allow exceptions to the student's continuous attendance for religious instruction outside the building for no more than two (2) class hours per week; and for attendance at confirmation classes provided the child is twelve (12) or thirteen (13) years of age and the instructional period is no longer than five (5) months in either of those years.

A student must be properly registered and a copy of such registration must be filed with the School Principal.

The time for release for religious instruction or education shall be arranged by the School Principal in keeping with the regulations of the State Board of Education. S/He will also assure the appropriate continuance of the instructional program in the Academy during such release times.

No solicitation for attendance at religious instruction shall be permitted on Academy premises. No member of the staff shall encourage nor discourage participation in any religious instruction program.

LATE ARRIVAL AND EARLY DISMISSAL

It is necessary that a student be in attendance throughout the school day to benefit fully from the educational program of the Academy.

However, the Board of Directors recognizes that compelling circumstances occasionally require that a student be late to school or dismissed before the end of the school day.

If one parent has been awarded custody of the student by the courts, the custodial parent shall provide the Academy with a copy of the custody order and inform the Academy in writing of any limitations in the rights of the non-custodial parent. Absent such notice, the Academy will presume that the student may be released into the care of either parent.

No student who has a medical disability that may be incapacitating will be released without a person to accompany him/her. No student shall be released to anyone who has not been authorized such custody in writing by the parents.

Presentation of photo identification may be required of anyone authorized such custody. (See Form 5230 F1)

The Educational Service Provider shall develop procedures to ensure the proper implement of this policy.

Adopted 7/28/11 Revised 12/16/19

HEALTH SERVICES

Reference: 20 USC 1232(h)

In compliance with law, the Board of Directors may require students to submit to periodic health examinations to:

- A. protect the Academy community from the spread of communicable disease;
- B. determine that each student's participation in health, safety, and physical education courses meets his/her individual needs;
- C. determine that the learning potential of each child is not lessened by a remediable, physical disability.

The Academy may specify the need for services which may include, but not be limited to:

- A. student physical examinations;
- B. athlete physical examinations;
- C. dental examinations;
- D. tests for communicable disease;
- E. vision screening;
- F. audiometric screening;
- G. scoliosis test screening;
- H. drug testing;
- I. blood tests.

Any health services program should also include instruction to staff members on the observance of students for conditions that indicate physical defect or disability.

The Principal shall directly notify the parents of students of the specific or approximate dates during the school year when any non-emergency, invasive physical examination or screening is scheduled or expected to be scheduled for students if the examination or screening is required as a condition of attendance, administered by the Academy and scheduled by the Academy in advance, and not necessary to protect the immediate health and safety of a specific student, or other students.

The term "invasive physical examination" means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision or scoliosis screening.

IMMUNIZATION

Reference:

MCL 333.9201 et seq., 380.1177, 380.1177a AC 325.176

The Board of Directors believes that immunization is one of the most cost-effective measures to protect children from vaccine-preventable diseases. Accordingly, the Board requires that all students be properly immunized at the time of registration or not later than the first day of school pursuant to the provisions of the Department of Health and Human Services (DHHS) regulations.

However, students who do not meet the immunization requirements shall be admitted in accordance with Academy administrative guidelines. Transfer students shall not be admitted without proof of immunization as required by the State.

There are three (3) circumstances in which a required vaccine may be waived or delayed:

- A. A valid medical contraindication exists to receiving the vaccine. The child's physician must certify said contraindication.
- B. The parent(s)/guardian(s) hold religious or philosophical beliefs against receiving a vaccination. Any parent or guardian who wants to claim a nonmedical waiver must receive education regarding the benefits of vaccination and the risks of disease from a county health department before obtaining the certified nonmedical waiver form through the Local Health Department, and present same to the appropriate Academy personnel.
- C. The child has received at least one (1) dose of each immunizing agent and the next dose(s) are not due yet.

When the Academy provides information on immunizations, infectious disease, medications, or other school health issues to parents and guardians of pupils in at least grades 6, 9, and 12, then with that information the Board is required to include information about meningococcal meningitis and the vaccine for meningococcal meningitis as well as about the human papillomavirus and the vaccine for human papillomavirus. The information shall include at least the causes and symptoms of meningococcal meningitis, how it is spread, and the risks associated with human papillomavirus. In addition, the information shall include sources where parents and guardians may obtain additional information about both diseases and where they may obtain the associated vaccinations.

The Educational Service provider shall develop Administrative Guidelines to ensure the proper implementation of this policy.

Adopted 7/28/11 Revised 6/22/15

USE OF MEDICATIONS

Reference: MCL 37.1211(a); 20 USC §§ 5812, 7114; 41 USC § 702; 42 USC §§ 12114, 12210; 28 CFR § 35.131; 29 CFR §§ 825.112, 1630.3; 49 CFR §§ 382.121, 382.401, 382.601

The Board of Directors of the Academy recognizes that the health and physical well-being of the students may involve administering medication to students during the course of the school day. Therefore, the Academy will work cooperatively with parents in administering medication to students.

For purposes of this policy, *medication* means all medicines, including those prescribed by a physician and any non-prescribed (over-the-counter) drugs, preparations, and/or remedies, and performance-enhancing drugs as defined in AG 2431C. *Treatment* refers to the manner in which a medication is administered and to health-care procedures that require special training, such as catheterization.

In order to insure that medication is properly administered to students, the Board directs the Educational Service Provider to develop and implement procedures consistent with this policy including:

- A. Administering medication only when there is a written request form on file at the Academy. The written form must be signed and dated by the student's parent or legal guardian, and must contain the student's name, the physician's name, telephone number, and address of the physician prescribing the medication, the time(s) of day the medication is to be administered to the student, the length of time the medication is to be administered to the student, and any side effects caused by the medication;
- B. Administering prescription medication only to the student named on the prescription bottle or box;
- C. Administering non-prescription medication only when there is a written request form on file at the Academy that is signed and dated both by the student's parent or legal guardian, as well as the student's physician. STUDENTS WITH SPECIAL DIETARY NEEDS

The Board of Directors believes all students, through necessary accommodations where required, shall have the opportunity to participate fully in all Academy programs and activities.

In some cases, a student's disability may prevent him/her from eating meals prepared for the general Academy population.

Substitutions to the regular meal will be made for students who are unable to eat meals at school because of their disabilities, when that need is certified in writing by a physician. Meal service shall be provided in the most integrated setting appropriate to the needs of the student with this disability.

The licensed physician's statement shall specifically describe:

- A. the nature of the student's disability;
- B. the reason the disability prevents the student from eating the regular school meals;

A clearly-defined "504 Accommodation Plan" shall be developed and implemented for all such identified students in which necessary accommodations are made to ensure full participation of identified student in student activities. Such plan shall be signed by the appropriate staff, the parent/guardian of the student and the student's physician.

STUDENT ACCIDENTS

The Board of Directors believes that Academy personnel have certain responsibilities in case of accidents which occur in school. Said responsibilities extend to the administration of first aid by persons trained to do so, summoning of medical assistance, notification of administration personnel, notification of parents, and the filing of accident reports.

Staff should administer first aid within the limits of their knowledge of recommended practices. All staff should make an effort to increase their understanding of the proper steps to be taken in the event of an accident. The staff member in charge must submit an accident report on all student accidents.

This includes, and is not limited to, students involved in music trips, athletic trips, field trips, and academic contests. This does not include student spectators at events.

While school is generally a safe place, emergencies may occur. Therefore, it is imperative that the main office has on file necessary emergency information and phone numbers by which parents/guardians or friends may be reached at any time during the school day. PROMOTION, PLACEMENT, AND RETENTION

The Board of Directors recognizes that the personal, social, physical, and educational growth of children will vary and that they should be placed in the educational setting most appropriate to their needs at the various stages of their growth.

It shall be the policy of the Board that each student is moved forward in a continuous pattern of achievement and growth that is in harmony with his/her own development.

A student will be promoted to the succeeding grade level when s/he has in the professional judgment of the professional staff, achieved the instructional objectives set for the present grade and has demonstrated the degree of social, emotional, and physical maturation necessary for a successful learning experience in the next grade.

The guidelines for promotion, placement, and retention of students shall include:

- A. offerings to students who are falling seriously behind their peers or who may not be promoted receive the special assistance they may need to achieve the academic outcomes of the Academy's core curriculum;
- B. requiring the recommendation of the relevant staff members for promotion, placement, or retention;
- C. requiring that parents are informed in advance of the possibility of retention of a student at a grade level;
- D. assuring that efforts are made to remediate the student's difficulties before s/he is retained;
- E. assigning to the Principal the final responsibility for determining the promotion, placement, or retention of each student.

REPORTING STUDENT PROGRESS

The Board of Directors believes that the cooperation of the Academy and home is a vital ingredient to the growth and education of the whole child. It recognizes its responsibility to keep parents informed of student welfare and progress in school.

The Board directs the establishment of a system of reporting student progress which shall include written reports and parent conferences with teachers and shall require all appropriate staff members to comply with such a system as part of their professional responsibility.

The reporting of student progress to parents shall:

- A. ensure that both student and parent receive ample warning of a pending grade of "failure" or one that would adversely affect the student's status;
- B. enable the scheduling of parent-teacher conferences at such times and in such places as will ensure the greatest degree of participation by parents;
- C. specify the issuance of report cards periodically.

GRADING

The Board of Directors recognizes its responsibility for providing a system of grading student achievement that can help the student, teachers, and parents judge properly how well the student is achieving the goals of the Academy's program.

The Board believes that the Academy's grading system should be a reliable system and one that ensures each student's grades signify accurately his/her degree of accomplishment of those expected learning outcomes which are to be stated for each program at every grade level, kindergarten through twelfth.

The grading systems shall:

- A. develop clear, consistent criteria and standards particularly when grades are based on subjective assessment;
- B. help each student understand in each course or program what behavior and/or achievement is needed to earn each grade as well as what will produce a failing grade;
- C. provide frequent opportunities for each student to obtain information as to his/her progress toward the learning goals of his/her courses or programs;
- D. provide for a pass/fail grade in programs for which it is appropriate and approved by he Principal;
- E. provide students the opportunity to assess both their own achievements and their areas of difficulty.

The grading system should not inhibit the professional staff member from learning the strengths and weaknesses of each student on an individual basis.

The grading system should be subject to continual review by staff, students, and parents. Revisions shall be made only when such changes will assure a clearer, more valid, or more reliable system of grading. If a change occurs, it needs to be shared with the Principal, and thereafter students and parents.

The teacher responsible for a student's instruction in a particular course or program shall determine the student's grade. That grade may not be changed without the approval of the Principal.

STUDENT RECOGNITION

The Board of Directors values excellence and wishes to instill in students the desire to do their best in all things. It shall be the policy of this Board, therefore, to recognize outstanding accomplishment in the curricular, co-curricular, and extra-curricular areas.

The Board authorizes the Principal and other staff members to develop a plan for recognition of outstanding student achievement based on well-defined, consistent criteria and standards.

GRADUATION REQUIREMENTS

Reference: MCL 380.1166, 380.1278a(1), 380.1278a(2), 380.1278a(4)(c), 380.1279b 20 USC 1400 et seq. 20 USC 1401 et seq. 29 USC 794 42 USC 12131 et seq.

It shall be the policy of the Board of Directors to acknowledge each student's successful completion of the instructional program or a personal curriculum appropriate to the achievement of Academy goals and objectives as well as personal proficiency by the awarding of a diploma at fitting graduation ceremonies.

The Board shall award a regular high school diploma to every student enrolled in this Academy who meets the requirements of graduation established by this Board (see AG 5460), the Michigan Department of Education (MDE), and as provided by State law.

The Board shall annually notify each of its students and a parent or legal guardian of each of its high school students that all students are entitled to a personal curriculum. The annual notice shall include an explanation of what a personal curriculum is and state that if a personal curriculum is requested, the Academy will grant that request. The Academy shall provide this annual notice to parent and legal guardians by sending a written notice to each high school student's home or by including the notice in a newsletter, student handbook, or similar communication that is sent to a student's home, and also shall post the notice on the Academy's website.

Credit towards a high school diploma may be earned by:

- A. traditional course work;
- B. demonstrating mastery of subject area content expectations or guidelines for the credit;
- C. related course work in which content standards are embedded;
- D. non-traditional course work;
- E. independent teacher-guided study;
- F. testing out;
- G. dual enrollment;
- H. advanced placement courses;
- I. international baccalaureate or other "early college" programs; or
- J. Michigan Department of Education (MDE)-approved formal career and technical (CTE) program or curriculum; or
- K. online class.

High school special education students who properly complete the programs specified in their IEP and have received the recommendation of the IEPC may participate in graduation activities as recommended by the student's IEPC. Reasonable accommodation shall be made for students with disabilities, as defined under State or Federal law, to assist them in taking any required tests or assessments for graduation.

For State-mandated curriculum requirements, a high school student shall be granted credit toward graduation if s/he successfully completes the subject area content expectations or guidelines developed by the department that apply to the credit. A high school student may also receive credit if s/he earns a qualifying score, as determined by the State on the assessments developed or selected for the subject area by the State or the student earns a qualifying score, as determined by the Academy on one or more assessments developed or selected by the

Academy that measure a student's understanding of the subject area content expectations or guidelines that apply to the credit. For subject areas and courses in which a final examination is used as the assessment for successful attainment of the subject area content, a grade of C+ or better is required.

The Board shall grant credit toward high school graduation for any student who successfully completes, prior to entering high school, a State-mandated curriculum requirement, provided s/he completes the same content requirements as the high school subject area, and the student has demonstrated the same level of proficiency on the material as required of the high school students.

For elective courses, which are not State-mandated curriculum requirements, the Board shall grant credit to any high school student who has exhibited a reasonable level of mastery of the subject matter of the course. Mastery includes achieving C+ or better in the final exam for the course, or – if there is no final exam – through the basic assessment used for the course, which may consist of a portfolio, paper, project, presentation or other established means.

Such credit shall be counted toward the required number of credits needed for high school graduation. Mastery credits shall be counted toward any subject area requirement, any course sequence requirement, or graduation requirement. Once mastery credit is earned in a subject area, a student may not receive further credit for a lower sequence course in the same subject area.

A high school student shall be granted credit in any foreign language not offered by the Academy providing s/he meets the competency criteria established by the Educational Service Provider/School Principal.

Many high school credit requirements may be fulfilled through state approved career and technical education programs (see AG 5460.01). The career and technical education credits may include work-based learning by a student working at a business or other work setting with appropriate oversight by the Academy over the student's experience and learning in the work setting in which the work-based learning occurs.

Commencement exercises will include only those students who have successfully completed requirements as certified by the School Principal. No student who has completed the requirements for graduation shall be denied a diploma as a disciplinary measure. A student may be denied participation in the ceremony of graduation, however, when personal conduct so warrants.

Adopted 6/22/15

CREDITS FROM NONPUBLIC SCHOOLS

In recognizing its responsibility to uphold the minimum educational standards of the State of Michigan, the Board of Directors establishes the following policy and criteria regarding the acceptance of credits from nonpublic schools whether they are State-approved, non-approved, or home schools.

For credit or course-work to be accepted for courses taken in such schools, assurance of compliance with minimum requirements established by the State must be provided.

Recognition of credits or course-work shall be granted when the proper assurance and the student's transcript has been received. The Academy reserves the right to assess such transfer students in order to determine proper placement and to be assured the student can demonstrate the learnings which are prerequisite to a placement.

Although credits from nonpublic schools may be granted and placed on a student's transcript, no grades will be entered on the transcript or considered for class ranking. Only grades awarded for courses taken at the Academy or at a school approved by a State education agency shall be considered in class ranking and for entering on the transcript.

DRESS AND GROOMING

The Board of Directors recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference. The Board of Directors also recognizes that a school uniform policy creates an environment that is conducive to learning and reduces distractions that can hinder the educational process

Accordingly, the Educational Service Provider shall establish such grooming guidelines as are necessary to promote discipline, maintain order, secure the safety of students, and provide a healthy environment conducive to academic purposes. Such guidelines shall prohibit student dress or grooming practices which:

Each student should realize that vandalism to Academy property is costly to repair and is directly related to increased Academy costs.

Attempts should be made to teach students respect for property which can be done in connection with the care of textbooks and the use of Academy materials and equipment.

In accordance with law, students who cause damage to Academy property shall be subject to disciplinary measures, and their parents shall be financially liable for such damage to the extent of the law except that students over eighteen (18) years of age or older shall also be liable for damage they cause.

The Board authorizes the imposition of fines for the loss, damage, or destruction of Academy equipment, apparatus, musical instruments, library materials, textbooks, and for damage to the building.

- G. undressing or otherwise exposing initiates.

[NOTE: If the school club or organization does not have an official and approved initiation procedure, and if no school staff is involved in the activity, there is a significant likelihood that the activity may result in violation of this policy. Michigan law also makes hazing a crime, punishable by fine and/or imprisonment.]

Administrators, faculty members, and other employees of the School shall be alert particularly to possible situations, circumstances, or events which might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer of the prohibitions contained in this policy and shall be ordered to end all hazing activities or planned activities immediately. All hazing incidents shall be reported immediately to the Principal. Students, administrators, faculty members, and other employees who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil or criminal penalties.

The School Principal shall distribute this policy to all students and School employees, and shall incorporate it into building, staff, and student handbooks. It shall also be the subject of discussion at employee staff meetings or in-service programs.

General Policy Statement

It is the policy of the Board of Directors to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all Academy operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on Academy property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against discriminatory harassment based on race, color, national origin, sex (including sexual orientation and gender identity), disability, age (except as authorized by law), religion, height, weight, martial or family status, military status ancestry, or genetic information (collectively, "Protected Classes") that are protected by Federal civil rights laws (hereinafter referred to as unlawful harassment), and encourages those within the Academy community as well as Third Parties, who feel aggrieved to seek assistance to rectify such problems. The Board will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take immediate steps to end the harassment, prevent its recurrence, and remedy its effects. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

The Academy will offer counseling services to any person found to have been subjected to unlawful harassment, and, where appropriate, the person(s) who committed the unlawful harassment.

Other Violations of the Anti-Harassment Policy

The Board will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation.
 - © National Charter Schools Institute

- B. Filing a malicious or knowingly false report or complaint of unlawful harassment.
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of unlawful harassment, when responsibility for reporting and/or investigating harassment charges comprises part of one's supervisory duties.

<u>Definitions</u>

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Academy community means students and Board employees (i.e., administrators, and professional and classified staff), as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Complainant is the individual who alleges, or is alleged, to have been subjected to unlawful discrimination/retaliation, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged discrimination/retaliation.

Respondent is the individual who has been alleged to have engaged in unlawful discrimination/retaliation, regardless of whether the Reporting Party files a formal complaint or is seeking an informal resolution to the alleged discrimination/retaliation.

Third Parties include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the Academy community at academy-related events/activities (whether on or off Academy property).

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means a business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).

Bullying

Bullying rises to the level of unlawful harassment when one or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more students or employees and that bullying is based upon one (1) or more Protected Classes, that is, characteristics that are protected by Federal civil rights laws. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational or work environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school or work performance or participation; and may involve:

- A. teasing;
- B. threats;
- C. intimidation;

- D. stalking;
- E. cyberstalking
- F. cyberbullying;
- G. physical violence;
- H. theft;
- I. sexual, religious, or racial harassment;
- J. public humiliation; or
- K. destruction of property.

Harassment

"Harassment" means any threatening, insulting, or dehumanizing gesture, use of technology, or written, verbal or physical conduct directed against a student or Academy employee that:

- A. places a student or Academy employee in reasonable fear of harm to his/her person or damage to his/her property;
- B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or an employee's work performance; or
- C. has the effect of substantially disrupting the orderly operation of the Academy.

Sexual Harassment

For purposes of this policy and consistent with Title VII of the Civil Rights Act of 1964 "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity;
- B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual;
- C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.

Sexual Harassment covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
- B. Unwanted physical and/or sexual contact.
- C. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs, activities, or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
- D. Unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.
- E. Sexually suggestive objects, pictures, graffiti, videos, posters, audio recordings or literature, placed in the work or educational environment, that may reasonably embarrass or offend individuals.
- F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
- G. Asking about, or telling about, sexual fantasies, sexual preferences, or sexual activities;
- H. Speculations about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;
- I. Giving unwelcome personal gifts such as lingerie that suggest the desire for a romantic relationship;
- J. Leering or staring at someone in a sexual way, such as staring at a person's breasts, buttocks, or groin;
- K. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
- L. Inappropriate boundary invasions by an Academy employee or other adult member of the Academy community into a student's personal space and personal life.
- M. Verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment, or such that it is intended to, or has the effect of, denying or limiting a student's ability to participate in or benefit from the educational program or activities.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

Anti-Harassment Compliance Officers

The following individual(s) shall serve as the Academy's Anti-Harassment Compliance Officer(s) (hereinafter, "the Compliance Officer(s)"):

Male and Female Compliance Officer 6919 N Waverly St, Dearborn Heights, MI 48127 313-565-0507

The names, titles, and contact information of these individuals will be published annually on the Academy's web site and in the staff handbooks.

The Compliance Officer(s) are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding harassment.

The Compliance Officer(s) will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the Academy community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept reports of unlawful harassment directly from any member of the Academy community or a Third Party or receive reports that are initially filed with an administrator, supervisor, or other Academy official. Upon receipt of a report of alleged harassment, the Compliance Officer(s) will contact the Complainant and begin either an informal or formal complaint process (depending on the request of the Complainant or the nature of the alleged harassment), or the Compliance Officer(s) will designate a specific individual to conduct such a process. The Compliance Officer(s) will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the Compliance Officer(s) will prepare recommendations for the Educational Service Provider or will oversee the preparation of such recommendations by a designee. All Educational Service Provider or forwider employees must report incidents of harassment that are reported to them to the Compliance Officer within two (2) days of learning of the incident.

Any Educational Service Provider employee who directly observes unlawful harassment is obligated, in accordance with this policy, to report such observations to the Compliance Officer(s) within two (2) days. Additionally, any Educational Service Provider employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Educational Service Provider employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer(s) or designee must contact the Complainant, if age eighteen (18) or older, or Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Reports and Complaints of Harassing Conduct

Members of the Academy community along with Third Parties are encouraged to promptly report incidents of harassing conduct to the Academy's Anti-Harassment Compliance Officer so that the Academy's Anti-Harassment Compliance Officer may address the conduct before

it becomes severe, pervasive, or persistent. Any administrator, supervisor, or other Academy official who receives such a report shall file it with the Compliance Officer within two (2) days of receiving the report of harassment.

Members of the Academy community and Third Parties who believe they have been unlawfully harassed by another member of the Academy community or a Third Party are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Educational Service Provider believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Educational Service Provider will report the act of bullying, aggressive behavior and/or harassment to the Compliance Officer(s) who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the Educational Service Provider shall suspend the Policy 5517.01 investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266. The Compliance Officer shall keep the Educational Service Provider informed of the status of the 5517 investigation and provide the Educational Service Provider with a copy of the resulting written report. Likewise, the Title IX Coordinator will provide the Educational Service Provider with the determination of responsibility that results from the Policy 2266 grievance process.

Investigation and Complaint Procedure

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, any student who believes that they have been subjected to unlawful harassment may seek resolution of the complaint through either the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, time lines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights.

Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student, who believes s/he has been unlawfully harassed or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

Students who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving an Educational Service Provider employee, any other adult member of the Academy community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the allegedly harassing conduct is unwelcome and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the Complainant if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the alleged inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Educational Service Provider; and/or (3) directly to one of the Compliance Officers.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Board's informal complaint procedure is designed to provide students who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.
- B. Distributing a copy of this anti-harassment policy as a reminder to the individuals in the school building or office where the Respondent works or attends.

C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer/designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint, the Complainant process may proceed to file a formal complaint and, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, principal, or other Academy official at the student's school, the Compliance Officer, Educational Service Provider, or another Academy employee who works at another school. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, Educational Service Provider, or other Academy official, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the Compliance Officer/designee within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions deemed appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the Compliance Officer or a designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation. The Educational Service Provider will not conduct an investigation unless directed to do so by the Compliance Officer.

Simultaneously, the Compliance Officer will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including the Board's Anti-Harassment policy. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the Compliance Officer/ designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer/designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Respondent engaged in unlawful harassment/retaliation of the Complainant. The Compliance Officer's recommendations must be based upon the totality of the circumstances. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used. The Compliance Officer may consult with the Board's legal counsel before finalizing the report to the Educational Service Provider.

Absent extenuating circumstances, within ten (10) days of receiving the report of the Compliance Officer/designee, the Educational Service Provider must either issue a written decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Educational Service Provider's final decision will be delivered to both the Complainant and the Respondent.

If the Educational Service Provider requests additional investigation, the Educational Service Provider must specify the additional information that is to be gathered, and such additional investigation must be completed within ten (10) school days. At the conclusion of the additional investigation, the Educational Service Provider shall issue a written decision as described above.

The decision of the Educational Service Provider shall be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment/retaliation regardless of whether the student alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the

formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the complainant, the Respondent, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and its related Administrative Procedures shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer/designee will instruct all members of the Academy community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or Educational Service Provider, shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual

exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person from making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanction/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any Academy teacher or Academy employee who knows or suspects that a student under the age of eighteen (18) or that a person with a disability receiving services as a student from the academy regardless of age has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Educational Service Provider.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider, shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as information provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

- B. any narratives that memorialize oral reports/allegations/ complaints/grievances/statements/responses pertaining to an alleged violation of this policy;
- C. any documentation that memorializes the actions taken by Academy personnel or individuals contracted or appointed by the Board to fulfill its responsibilities related to the investigation and/or the Academy's response to the alleged violation of this policy;
- D. written witness statements;
- E. narratives, notes from, or audio, video, or digital recordings of witness interviews/statements;
- F. e-mails, texts, or social media posts that directly relate to or constitute evidence pertaining to an alleged violation of this policy (i.e., not after-the-fact commentary about or media coverage of the incident);
- G. notes or summaries prepared contemporaneously by the investigator in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.), but not including transitory notes whose content is otherwise memorialized in other documents;
- H. written disciplinary sanctions issued to students or employees and other documentation that memorializes oral disciplinary sanctions issued to students or employees for violations of this policy;
- I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;
- J. documentation of any supportive measures offered and/or provided to the Complainant and/or the Respondent, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;
- K. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
- L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student Code of Conduct and/or Employee Handbooks);
- M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;
- N. documentation of any training provided to Academy personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all

BULLYING

Reference: The Matt Epling Safe School Law, Public Act 241 of 2011, as amended by Public Act 478 of 2014 (MCL § 380.1310b).

The Board believes that a safe and nurturing educational environment in school is necessary for students to learn and achieve high academic standards. Therefore, it is the policy of the Academy to provide a safe and nurturing environment for all of its students. Appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of students, as well as administrators, faculty, staff, visitors, and volunteers.

BULLYING AND CYBERBULLYING ARE PROHIBITED

Bullying and cyberbullying of a student, whether by other students, staff, visitors, Board members, parents, guests, contractors, vendors and volunteers, is prohibited. All pupils are protected under this policy, and bullying and cyberbullying are prohibited without regard to its subject matter or motivating animus.

DEFINTION OF BULLYING

"Bullying" means any written, verbal, or physical act, or any electronic communication, including, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

- A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
- B. Adversely affecting the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- C. Having an actual and substantial detrimental effect on a pupil's physical or mental health.
- D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

"Cyberbullying" means any electronic communication that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

- A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
- B. Adversely affecting the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- C. Having an actual and substantial detrimental effect on a pupil's physical or mental health.

D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Since "bullying" also includes "cyberbullying," any reference in this policy to "bullying" shall also be deemed to refer to "cyberbullying."

Bullying and cyberbullying are prohibited at school. "At school" is defined as on school premises, at school- sponsored activities or events, in a school-related vehicle, or using telecommunications access device or a telecommunications service provider if the telecommunications access device or telecommunications service provider is owned by or under the control of the school district. "Telecommunications access device" and "telecommunications service provider" mean those terms as defined in Section 219a of the Michigan Penal Code (MCL § 750.219a).

Bullying and cyberbullying that does not occur "at school," as defined above, but that causes a substantial disruption to the educational environment may be subject to disciplinary action in accordance with this policy and applicable law.

REPORTING AND INVESTIGATING REPORTS OF BULLYING

Every student is encouraged to report any situation that he or she believes to be bullying behavior directed toward a student to a teacher, a counselor, administrator, or other staff member. Staff members shall report any reports made by students or situations that they believe to be bullying behavior directed toward a student to the Educational Service Provider. Complaints against the Educational Service Provider shall be reported to the Board.

Under state law, a school employee, school volunteer, student, or parent or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in this policy and who makes this report in compliance with the procedures set forth in this policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. This immunity does not apply to a school official responsible for implementing this policy or for remedying the bullying, when acting in that capacity.

Retaliation or false accusation against a target of bullying, a witness, or another person with information about an act of bullying is prohibited. Suspected retaliation should be reported in the same manner as suspected bullying behavior. Making intentionally false accusations of bullying is likewise prohibited. Retaliation and making intentionally false accusations of bullying may result in disciplinary action up to and including expulsion.

All complaints about bullying that may violate this policy shall be promptly investigated and documented. The Educational Service Provider or designee is responsible for the investigation. If the investigation results in a finding that bullying has occurred, it shall result in prompt and appropriate disciplinary action, up to and including expulsion for students, up to and including discharge for employees, and up to and including exclusion from school property for parents, guests, volunteers, and contractors. Individuals may also be referred to law enforcement officials.

The Board may utilize restorative practices that emphasize repairing the harm to the victim and school community in the correction of bullying behavior, which may include victim-offender conferences that:

- A. Are initiated by the victim;
- B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim;
- C. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team"); and
- D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Where the investigation results in a finding that bullying has occurred, both the parent or legal guardian of a victim of bullying and the parent or legal guardian of a perpetrator of the bullying shall be notified promptly in writing. In addition, administrators investigating alleged bullying may notify parents of the victim or perpetrator of bullying sooner than the conclusion of the investigation if circumstances dictate such earlier notification.

The Academy shall document any prohibited incident that is reported and shall document all verified incidents of bullying and the resulting consequences, including the required notification of parents or guardians and any discipline and referrals.

The Chief Administrative Officer is the school official responsible for ensuring that this policy is implemented.

CONFIDENTIALITY

The Academy will comply with all applicable laws regarding confidentiality of personally identifiable information within education records. In addition, the identity of an individual who reports an act of bullying or cyberbullying shall be and remain confidential. The Chief Administrative Officer, or the Chief Administrative Officer's designee, shall ensure that the name of an individual who reports an act of bullying or cyberbullying or cyberbullying is withheld from the alleged perpetrator and the perpetrator's parent(s), legal guardian(s) and representative(s), and is redacted from any report of bullying or cyberbullying that is publically disclosed.

NOTIFICATION

This policy will be annually circulated to parents and students, and shall be posted on the Academy website.

<u>REPORTING</u>

As required by state statute, the Academy shall provide a report of all verified incidents of bullying and other required information to the Michigan Department of Education on an annual basis, according to the form and procedures established by the Department.

As required by state statute, the Academy's procedures with respect to bullying are contained within this policy, and thus no administrative guidelines accompany this policy.

DISORDERLY CONDUCT

It is the purpose of the Board of Directors, acting within the intent and letter of the laws of this State, to provide instruction for students at public expense. Any act of any person(s) to interfere with or to thwart that purpose is unlawful or is in violation of Board policy. Therefore, actions by a student(s) to interfere materially or substantially with the operations of the Academy by defacing or destroying Academy property, by rioting, breaking-in, sitting-in, lying-in, smashing-in, or picketing to force students not to cross picket lines are illegal. Students who engage in such activities may be punished to the full extent of the law and Board policy.

For the purposes of this policy, the term "disorderly conduct" shall mean any unlawful student assemblage; or group act of violence, disruption, vandalism, or building seizure; or interference with the functioning of Academy personnel or any student or group of students.

- I. provide a biennial review of the Academy's program to determine its effectiveness and implement changes as needed and to ensure that disciplinary sanctions are consistently enforced;
- J. establish means for dealing with students suspected of drug use or suspected of possessing or distributing drugs in school and ensure that the Academy's policy and administrative guidelines on Search and Seizure (Policy 5771) and Suspension and Expulsion (Policy 5610) are complied with fully.

PERFORMANCE-ENHANCING DRUGS/COMPOUNDS

Reference: MCL 333.26301 et seq., 380.1318

The Board of Directors recognizes that the use of dietary supplements that contain performance-enhancing compounds and/or performance-enhancing drugs poses a serious health risk to students.

Accordingly, no staff member, volunteer, or contractor shall knowingly sell, market, distribute, or promote the use of a dietary supplement that contains a performance-enhancing compound or a performance-enhancing drug (e.g., anabolic steroids) to a student with whom the staff member, volunteer, or contractor has contact as a part of his/her duties. Furthermore, the staff member, volunteer, or contractor shall not endorse or suggest the ingestion, intranasal application, or inhalation of a dietary supplement that contains a performance-enhancing drug of a dietary supplement with whom s/he has contact as part of his/her duties.

Use of a performance-enhancing substance regardless of source by a student is a violation that will affect a pupil's athletic eligibility and extra-curricular participation, as determined by the Board. A list of performance-enhancing substances developed by the State Department of Community Health shall be updated annually and included in AG 2431. This notice shall also be published in the Parent/Student Handbook provided annually.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

INTERROGATION OF STUDENTS

Reference: MCL. 722.627 Attorney General's Opinion No 6869, September 6, 1995

The Board of Directors is committed to protecting students from harm that may or may not be directly associated with the academy environment but also recognizes its responsibility to cooperate with law enforcement and State's child protection agency.

Whenever it has been determined that an agency has a legitimate purpose and it is necessary to interrogate a student within the confines of the Academy, the Academy Principal or representative shall attempt to be present throughout the proceedings. S/He should also verify that the student(s) has been informed of his/her rights to refuse to answer questions, to be informed that anything s/he says may be used against him/her in court, and to consult with and be advised by legal counsel.

When police or other authorities arrive at the school and wish to interview a student or investigate an alleged violation of law, they must contact the School Leader indicating the nature of their investigation and their desire to question a student or students.

The School Leader shall ask the investigator whether s/he may contact the parents prior to the interview and document the response. Unless the investigator specifically requests that s/he not contact the parents, the School Leader shall attempt to contact the parents prior to questioning.

Before the student(s) is (are) questioned as a witness to or suspect in an alleged violation of law, the building administrator shall attempt to contact the parent prior to questioning and shall request to remain in the room during the questioning.

If the student is the subject of a child abuse/neglect investigation, the building administrator/or designee shall attempt to contact the parent prior to questioning, and s/he will make every effort to remain in the room during questioning. If an agency investigating child abuse/neglect indicates that the parent or a family member is believed to be the perpetrator, the School Leader will not contact either parent prior to the interview if so requested by the investigator.

All attempts to notify the parents should be documented.

When an authorized law enforcement officer or child protection agency removes a student, the building administrator will record the name of the investigator, the public agency involved and the destination of the student if possible. S/he shall also notify the parent and the Superintendent.

No school official may release personally identifiable student information in education records to the police or children's services agency without prior written permission of the parent, a lawfully-issued subpoena, or a court order, unless it is an emergency situation involving the health or safety of the involved student or other students. Proper directory information may be disclosed upon request. See Board Policy 8330.

Adopted 7/28/11 Revised 12/19/18

STUDENT DISCIPLINE

Board of Director Policy 5600 shall guide the development of the student discipline policies and is as follows:

Each teacher is fully responsible for the discipline in his/her classroom and will collaborate with students to develop a classroom management system appropriate for that age level to help students understand and integrate these guidelines and rules into their daily activities. Teachers are responsible for making their classroom management system known to all staff, volunteers and parents of their students to promote partnership and support to carry out the rules and guidelines, ensuring uniformity in understanding, interpretation, and implementation of the system.

- A. *Parent contact*. In the event that normal classroom management systems are not sufficient to correct disruptive or disrespectful behavior, the teacher will contact the parents. The parents will be responsible for discussing the problem with the child and assisting the child to correct the behavior.
- B. *Parent-teacher conference*: If the behavior continues, a mandatory parent-teacher conference will be scheduled with the teacher. If both the parent and teacher agree, the child may be included in the meeting. The teacher or parent may request that an administrator be present. The parent may also be required to observe in the classroom.
- C. *Staff intervention*: If the problem does not improve, the Assistant Principal will call the parents to schedule another conference to determine the most appropriate course of action. It may be recommended that a Student Study Team, consisting of teacher(s) and other appropriate staff, be convened to develop and appropriate action plan. The members of this team will work with the family and teacher to cultivate healthy classroom and playground behavior.

Detention

Detention is a classroom and school-wide management tool that may be assigned to students for discipline problems that arise. Detention will be served from 3:20 PM - 3:50 PM for all grades. During this time, the teacher will assign tasks to be performed by the student. The student's parent/guardian will be given a conduct referral letter. A copy of the letter will be put in the student's permanent records. The teacher will notify you in writing and phone conference a day in advance of the detention.

Saturday Detentions

A Saturday Detention Program may be used in lieu of an out of school suspension for misbehavior which is deemed inappropriate in our schools. We will be assigning a staff member supervising the students in doing their service. Saturday detentions will be issued by and at the discretion of the principal or assistant principal or his or her superior. Saturday detentions will be served as a substitute for regular school suspension but will remain at the discretion of the principal and assistant principal.

This detention will be offered to students for, but limited to habitual discipline problem, out of uniform policy violation, attendance violations and damage to school property.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

One (3) hours will be considered equivalent to a one day out of school suspension. The sessions will run from 10:00 AM. - 1:00 PM. Therefore, students will be able to serve one day out of school suspension on Saturdays.

A letter sent home with the student would notify parents of the violation, date and time. The letter must be returned to the school on the following day signed and dated.

Saturday Detention Assignments & Excused Assignments

This is to inform you that if your child violates any of our school policy he or she will be assigned the following:

- A. Reflection assignment paper
- B. School wide clean up: students must clean school grounds interior and exterior (weather permitting)

If your child is handicapped or has a disability he or she will be excused from doing activities that affect the condition of the student. If your child is to be excused from any physical activity during Saturday Detention a doctor's note is required.

Suspension Variables

An out-of-school suspension is a temporary dismissal from classes or school from one to ten days. In-school suspension requires students to do homework assignments with staff supervision.

Out-Of-School Suspension

Students who repeatedly violate the rules and regulations of conduct may be subject to an out-of-school suspension for 1-10 days as determined by the Principal's Office. Notice will be provided to the parents/guardians. Students who are suspended will not be eligible to participate in after-school activities. Students are responsible for making up any missed work, tests and/or assignments during the out-of-school suspension period.

Physical Assaults Against School District Employees, Volunteers Or Contractors

Subject to due process requirements set forth in this Student Code of Conduct and Disciplinary Steps, students in Grade 6 and above who commit a physical assault against a School District employee, volunteer or contractor at school shall be permanently expelled from school. Students may be subject to potential reinstatement after the expiration of 180 school days, under the procedure set forth in this Student Code of Conduct.

Verbal Assault Against School District Employees, Volunteers Or Contractors

"Verbal assault" means an oral threat of an immediate harmful or offensive touching, coupled with an apparent immediate ability to commit same, and which puts a person in a reasonable apprehension of such a touching; or the use of offensive language directed at a person, where such language is likely to provoke a reasonable person to physical violence.

Subject to due process requirements set forth in this Student Code and Disciplinary Steps, students in grade 6 and above who commit a verbal assault against a School District employee, volunteer or contractor at school are shall be suspended from school as set forth in the Disciplinary Steps.

© National Charter Schools Institute

Search & Seizure

General searches of school property may be conducted at any time by school personnel for the purpose of enforcing school regulations concerning health, safety or order.

Student Privacy

The utilization of surveillance cameras will in no way abrogate the defined rights of students to privacy and appropriate due process as it relates to search and seizure. The Board of Education recognizes that the privacy of students in their persons and their immediate personal property may not be violated by an unreasonable search and seizure. Students and their immediate personal property will not be subject to search and seizure without reasonable, individualized suspicion of misconduct as set forth below.

Specific Searches

Any search of school property assigned to a specific student may be made only if school authorities have reasonable cause to believe that the property contains an item, the possession of which constitutes a crime or code violation, is a threat to the health or safety of the student or others, or threatens a disruption of the educational process.

Searches of Person And Personal Property

An administrator may search that student's person and the property of that student, including by way of example, bags, briefcases, satchels, purses, and automobiles upon good cause of a reasonable suspicion to believe that a student may possess illegal items (firearms, weapons, drugs, pornography, etc.) or other items reasonably determined to be a threat to the safety or security of the student or others, or items which are used or attempted to be used to disrupt or interfere with the educational process.

Lockers

Students are assigned school lockers for use during the school year for the sole purpose of storing supplies, clothing, and other items essential to their daily needs while in attendance in school. All lockers remain the property of the school district, and school authorities reserve the right to conduct specific or general searches as set forth above.

Seizure

Illegal items or other items reasonably determined to be a threat to the safety or security of a person, property, or items which are used or attempted to be used to disrupt or interfere with the educational process, will be removed from the student's possession. Such items may be turned over to law enforcement agencies and used in connection with criminal proceedings against the student, as well as disciplinary action by the school district.

EMERGENCY REMOVAL, SUSPENSION, AND EXPULSION OF STUDENTS

Reference: M.C.L. 380.1301, 380.1309, 380.1310d, 380.1311 20 U.S.C. 3351 State Board of Education, Resolution to Address School Discipline Issues Impacting Student Outcomes, Adopted June 12, 2012

The Board of Directors is continually concerned about the safety and welfare of Academy students and staff and, therefore, will not tolerate behavior that creates an unsafe environment, a threat to safety or undue disruption of the educational environment.

Factors to be Considered Before Suspending or Expelling a Student

The Board of Directors also recognizes that exclusion from the educational program of the academy's is a severe sanction that should only be imposed after careful and appropriate consideration. Except as otherwise noted below with respect to possession of a firearm in a weapon free school zone, if suspension or expulsion of a student is considered, the Educational Service Provider shall consider the following factors prior to making a determination of whether to suspend or expel:

- A. the student's age
- B. the student's disciplinary history
- C. whether the student has a disability
- D. the seriousness of the violation or behavior
- E. whether the violation or behavior committed by the student threatened the safety of any student or staff member
- F. whether restorative practices will be used to address the violation or behavior
- G. whether a lesser intervention would properly address the violation or behavior

The Educational Service Provider will exercise discretion over whether or not to suspend or expel a student. In exercising that discretion for a suspension of more than ten (10) days or expulsion, there is a <u>rebuttable presumption that a suspension or expulsion is not justified</u> unless the Educational Service Provider can demonstrate that it considered each of the factors listed above. For a suspension of ten (10) days or fewer, there is no rebuttable presumption, but the Educational Service Provider will still consider these factors in making the determination.

Restorative Practices

The Educational Service Provider shall consider using restorative practices as an alternative to or in addition to suspension or expulsion. If the Academy determines that it will utilize restorative practices in addition to or as an alternative to suspension or expulsion of a student, it will engage in restorative practices which emphasize repairing the harm to the victim and academy community caused by the student's misconduct.

© National Charter Schools Institute

Restorative practices should be the first consideration to remediate offenses such as interpersonal conflicts, bullying, verbal and physical conflicts, theft, damage to property, class disruption and harassment and cyberbullying.

If the Educational Service Provider decides to utilize restorative practices as an alternative to or in addition to suspension or expulsion, the restorative practices may include victim-offender conferences that:

- A. are initiated by the victim;
- B. are approved by the victim's parent or legal guardian or, if the victim is at least fifteen (15), by the victim;
- C. are attended voluntarily by the victim, a victim advocate, the offender, members of the academy community, and supporters of the victim and the offender (the "restorative practices team");
- D. would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these.

The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Due Process

The Board recognizes exclusion from the educational programs of the Academy, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student and is one that cannot be imposed without appropriate due process, since exclusion deprives a child of the right to an education. The Board also recognizes that it may be necessary for a teacher to remove a student from class for conduct disruptive to the learning environment, and that such removals are not subject to a prior hearing, provided the removal is for a period of less than twenty-four (24) hours. However, if an emergency removal may result in a suspension, then due process must be ensured.

In all cases resulting in short-term suspension, long-term suspension or expulsion, appropriate due process rights described in Policy 5611 and AG 5610 must be observed. The School Leader shall check to make sure the student is not classified as disabled under Section 504. Students with disabilities under IDEA or Section 504 shall be expelled only in accordance with their rights under Federal law.

For purposes of this policy, suspension shall be either short-term (not more than ten (10) days) or long-term (for more than ten (10) days but less than permanent expulsion) removal of a student from a regular Academy program. The may suspend a student for a period not to exceed 10 school days.

For purposes of this policy, unless otherwise defined in Federal and/or State law, expulsion is defined as the permanent exclusion of a student from the Academy. Students who are expelled may petition for reinstatement as provided below.

Emergency Removal or Short-Term Suspension

A student may be removed from a class, subject, or activity for one (1) day by his/her teacher for certain conduct as specified in the Code of Conduct, or he/she may be given a short-term suspension by the Educational Service Provider. A student so removed may be allowed to attend other classes taught by other teachers during the term of the one (1) day removal. A student removed from the same class for ten (10) days will be entitled to the process for short-term suspensions outlined in AG 5610. A student removed from the same class for more than ten (10) days will be entitled to the process for long-term suspensions outlined in AG 5610. The Board designates the Educational Service Provider as its representative at any hearings regarding the appeal of a suspension.

Long-Term Suspension or Expulsion

Due process set out in Policy 5611 and AG 5610 shall be followed in all circumstances in which a student may be expelled or suspended for a period of more than ten (10) days.

The Educational Service Provider may suspend a student for a period longer than ten (10) days or expel a student. The Board shall act on any appeal to the decision.

In all cases resulting in short-term suspension, long-term suspension, or expulsion, appropriate due process rights must be observed. In determining whether a student is to be suspended or expelled, the Educational Service Provider shall use a preponderance of evidence standard.

The Educational Service Provider shall develop procedures to implement this policy that shall include the following:

- A. strategies for providing special assistance to students in danger of being expelled and not achieving the academic outcomes of the Academy's core curriculum;
- B. standards of behavior for all students in accordance with Academy Board policy on student discipline;
- C. procedures that ensure due process; and
- D. provision for make-up work at home, when appropriate.

When making a determination whether or not a student will be expelled or permanently excluded under this policy, the Educational Service Provider shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315 - Information Management (i.e. "Litigation Hold")) created and/or received as part of an investigation.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law – e.g., student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the Academy's records retention schedule.

Persistent Disobedience or Gross Misconduct/CSC Against Another Academy Student

Any student may be removed from the classroom, and/or, after consideration of the factors identified above, suspended or expelled for persistent disobedience or gross misconduct or if the student commits criminal sexual conduct against another student enrolled in the Academy regardless of the location of the conduct. A student may not be expelled or excluded from the regular academy program based on pregnancy status.

In recognition of the negative impact on a student's education, the Board encourages the Academy's administrators to view suspensions, particularly those over ten (10) days, and permanent expulsions as discipline of last resort, except where these disciplines are required by law. Alternatives to avoid or to improve undesirable behaviors should be explored when possible prior to implementing or requesting a suspension or expulsion.

Physical and Verbal Assault

Unless a different determination is made after consideration of the factors identified above, the Academy shall permanently expel a student in grade six or above if that student commits physical assault at the Academy against a staff member, a volunteer, or a contractor.

Unless a different determination is made after consideration of the factors identified above, the Academy shall suspend or expel a student in grade six or above for up to 180 school days if the student commits physical assault at the Academy against another student.

Physical assault is defined as "intentionally causing or attempting to cause physical harm to another through force or violence."

Unless a different determination is made after consideration of the factors identified above, the Academy shall suspend or expel a student in grade six or above and may discipline, suspend or expel at student in grade five and below for a period of time as determined at the Board's discretion if the student commits verbal assault at the Academy against a Academy employee, volunteer, or contractor or makes a bomb threat or similar threat directed at an academy building, property, or at an academy-related activity.

Verbal assault is a communicated intent to inflict physical or other harm on another person, with a present intent and ability to act on the threat.

"At the Academy" means in a classroom, elsewhere on academy premises, on an academy bus or other academy-related vehicle, or at an academy-sponsored activity or event whether or not it is held on academy premises.

The Academy may provide appropriate instructional services at home for an expelled student not placed in an Alternative Education Program. The instructional services provided shall be similar to those provided to homebound or hospitalized students and shall be contracted for in the same manner.

Weapons, Arson, Criminal Sexual Conduct

In compliance with State and Federal law, and unless a different determination is made after consideration of the factors identified above, the Academy shall expel any student who possesses a dangerous weapon, other than a firearm, in the Academy's weapon-free school zone (except as noted below), commits either arson or criminal sexual conduct in an academy building or on academy property, including academy buses and other Academy

transportation, or pleads to, is convicted of or is adjudicated of criminal sexual conduct against another student enrolled in the Academy.

In compliance with State and Federal law, the Academy shall expel any student who possesses a firearm in the Academy's weapon-free school zone in violation of State law, unless the student can establish the mitigating factors relating to possession of a dangerous weapon set out below, by clear and convincing evidence.

For purposes of this policy, a "dangerous weapon" is defined by law as a firearm, dagger, dirk, stiletto, knife with a blade over three (3) inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles. This definition also includes other devices designed to (or likely to) inflict bodily harm, including, but not limited to, air guns and explosive devices. The term "firearm" is defined as any weapon (including a starter gun) that will, is designed to, or may readily be converted to expel a projectile by the action of the explosive, the frame, or the bearer of any such weapon, as well as a firearm muffler, firearm silencer, or any such destructive device.

The Academy need not expel a student for possession of a dangerous weapon, including a firearm, if the student can establish in a clear and convincing manner the following mitigating factor(s) to the satisfaction of the Board the:

- A. object or instrument was not possessed for use as a weapon, or for direct (or indirect) delivery to another person for use as a weapon; or
- B. weapon was not knowingly possessed; or
- C. student did not know (or have reason to know) that the object or instrument in his/her possession constituted a dangerous weapon; or
- D. weapon was possessed at the suggestion, request, direction of, or with the express permission of the Educational Service Provider or the police.

There is <u>a rebuttable presumption</u> that expulsion for possessing the weapon is not justified if the Educational Service Provider determines in writing that the student has established that he or she fits under one of the exceptions above by clear and convincing evidence, and that the student has no previous history of suspension or expulsion.

For expulsions for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor, the Educational Service Provider shall provide that the expulsion is duly noted in the student's record, the student is referred to the Department of Human Services or Department of Community Health within three (3) school days after the expulsion, and the parents are informed of the referral. Furthermore, if a student who is expelled is below the age of sixteen (16), the Educational Service Provider shall ensure notification of the expulsion is given to the Juvenile Division of the Probate Court. In compliance with Federal law, the Educational Service Provider shall also refer any student (regardless of age) expelled for possession of a dangerous weapon to the criminal justice or juvenile delinquency system serving the Academy. In addition, the Education and shall include a description of the circumstances surrounding the expulsion of the student for possessing a firearm or weapon in the Academy's weapon-free school zone, together with the name of the Academy, the number of students so expelled, and the types of firearms or weapons brought into the weapon-free school zone.

A student expelled under this policy for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor may apply for reinstatement in accordance with the following guidelines:

- A. If the student is in grade five (5) or below at the time of the expulsion and was expelled for possessing a firearm or threatening another person with a dangerous weapon, the parents, legal guardian, adult student, or emancipated minor may submit a request for reinstatement after sixty (60) school days from the date of expulsion, but the student may not be reinstated before ninety (90) school days from the expulsion date.
- B. If the student is in grade five (5) or below at the time of the expulsion and was expelled for a reason other than possessing a firearm or threatening another person with a dangerous weapon, the parents, legal guardian, or emancipated minor may submit a request for reinstatement at any time, but the student may not be reinstated before ten (10) school days from the expulsion date.
- C. If the student is in grade six (6) or above at the time of the expulsion, the parents, legal guardian, adult student, or emancipated minor may submit a request for reinstatement after one hundred and fifty (150) school days from the date of the expulsion, but the student may not be reinstated before one hundred eighty (180) school days from the expulsion date.
- D. The parent, adult student, or emancipated minor shall submit the request for reinstatement to the Educational Service Provider.
- E. Within ten (10) school days after receiving the petition, the Board shall appoint a committee consisting of two (2) Board members, an academy administrator, a teacher, and an academy-parent representative. During this time period, the Educational Service Provider shall prepare and submit for consideration by the committee information concerning the circumstances of the expulsion and any factors mitigating for or against reinstatement.
- F. Within ten (10) school days after being appointed, the committee shall review all pertinent information and submit its recommendation to the Board. The recommendation may be for unconditional reinstatement, conditional reinstatement, or non-reinstatement, based on the committee's consideration of the following:
 - 1. extent to which reinstatement would create a risk of harm to students or academy staff;
 - 2. extent to which reinstatement would create a risk of academy or individual liability for the Board or academy staff;
 - 3. age and maturity of the student;
 - 4. student's academy record before the expulsion incident;
 - 5. student's attitude concerning the expulsion incident;
 - student's behavior since the expulsion and the prospects for © National Charter Schools Institute

remediation;

- 7. The degree of cooperation and support the parent has provided and will provide if the student is reinstated (if the request was filed by a parent), including, but not limited to the parent's receptiveness toward any conditions placed on the reinstatement. Such conditions, for example, might include a written agreement by the student and/or a parent who filed the reinstatement request to accomplish the following:
 - a. abide by a behavior contract involving the student, his/her parents, and an outside agency;
 - b. participate in an anger management program or other counseling activities;
 - c. cooperate in processing and discussing periodic progress reviews;
 - d. meet other conditions deemed appropriate by the committee;
 - e. accept the consequences for not fulfilling the agreed upon conditions.
- 8. student's behavior since the expulsion and the prospects for remediation.

The Board shall make its decision no later than the next regular Board meeting following the committee's submission of its recommendations. The Board's decision shall be final and is not subject to appeal.

In the event a student who has been permanently expelled from another academy requests admission to this Academy, in making its decision, the Board shall follow the same procedure it has established in paragraphs A-F, above, for the reinstatement of a student.

Students expelled for reasons other than dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor may also petition the Board for reinstatement. The Board may, at its discretion, consider the petition or upon any standards and with any procedures it determines appropriate under the circumstances.

The Educational Service Provider shall ensure Board policies and procedures regarding a student's rights to due process are followed when dealing with a possible suspension or expulsion under this policy.

In-School Discipline

The purpose of this policy is to provide an alternative to out of school suspension. The availability of in-school discipline options is dependent upon the financial ability of the Board to support such a program.

In-school discipline will only be offered at the discretion of the Educational Service Provider for offenses found in the Student Code of Conduct.

The Educational Service Provider is to establish procedures for the proper operation of such a program and to ensure appropriate due-process procedures are followed as applicable. (See Policy 5630.01)

Due Process Rights

The Board recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the Academy's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following:

A. <u>Students Subject to Short-Term Suspension</u>

Except when emergency removal is warranted, a student must be given at least oral notice of the charges against him/her and the opportunity to respond prior to the implementation of a suspension. When emergency removal has been implemented, notice and opportunity to respond shall occur as soon as reasonably possible. The Educational Service Provider or other designated administrator shall provide the opportunity to be heard and shall be responsible for making the suspension decision. An appeal may be addressed to the Educational Service Provider whose decision will be final.

B. <u>Students Subject to Long-Term Suspension and Expulsion</u>

A student and his/her parent or guardian must be given written notice of the intention to suspend or expel and the reasons therefore, and must also be given an opportunity to appear before the Board with a representative to answer the charges. The student and/or his/her guardian must also be provided a brief description of the student's rights and the hearing procedure, a list of the witnesses who will provide testimony to the Board, and a summary of the facts to which the witnesses will testify. At the student/parent's request, the hearing shall be held in closed session, but the Board must act publicly. The Board shall act by providing a written decision on any appeal of an expulsion, a request for reinstatement, or a request for admission after permanent expulsion from another academy.

The Educational Service Provider shall develop procedures to ensure all members of the staff use the above guidelines when dealing with students. In addition, this statement of due process rights shall be placed in all student handbooks, in a manner that facilitates understanding by students and their parents.

Corporal Punishment

While recognizing that students may require disciplinary action in various forms, the Board does not condone the use of unreasonable force and fear as an appropriate procedure in student discipline.

Staff shall not use physical force or violence to compel obedience. If all other means fail, staff members may always resort to the removal of the student from the classroom or Academy through suspension or expulsion procedures.

Within the scope of their employment, all staff may use reasonable force and apply restraint to accomplish the following:

© National Charter Schools Institute

- A. restrain or remove a student who refuses to comply with a request to behave or report to the office;
- B. quell a disturbance threatening physical injury to self or others;
- C. obtain possession of weapons or other dangerous objects within the control of the student, for either self-defense; or
- D. the protection of persons or property.

In accordance with State law, corporal punishment shall not be permitted. If any staff member (full-time, part-time, or substitute) deliberately inflicts, or causes to be inflicted, physical pain upon the student (by hitting, paddling, spanking, slapping or any other kind of physical force) as a means of discipline, the staff member may be subject to discipline and possibly criminal assault charges. This prohibition also applies to volunteers and those with whom the Academy contracts for services.

The Educational Service Provider shall provide guidelines, including a list of alternatives to corporal punishment.

Removal, Suspension, and Expulsion of Students with Disabilities

The Academy shall abide by Federal and State laws in matters relating to discipline, suspension, and expulsion of disabled students.

Adopted 7/28/11 Revised 6/24/13; 6/30/17; 12/19/18; 11/16/20

DUE PROCESS RIGHTS

The Board of Directors recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the Academy's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following guidelines which the Educational Service Provider shall use when dealing with students:

A. <u>Students subject to short-term suspension:</u>

Except when emergency removal is warranted, a student must be given oral or written notice of the charges against him/her and the opportunity to respond prior to the implementation of a suspension. When emergency removal has been implemented, notice and opportunity to respond shall occur as soon as reasonably possible. The School Leader or other designated administrator shall provide the opportunity to be heard and shall be responsible for making the suspension decision. An appeal may be addressed to the Educational Service Provider whose decision will be final.

B. <u>Students subject to long-term suspension and expulsion:</u>

A student and his/her parent or guardian must be given written notice of the intention to suspend or expel and the reasons therefore, and an opportunity to appear with a representative before the Educational Service Provider to answer the charges. The student and/or his/her guardian must also be provided a brief description of the student's rights and of the hearing procedure, a list of the witnesses who will provide testimony to the Educational Service Provider, and a summary of the facts to which the witnesses will testify. At the student's request, the hearing may be private, but the Educational Service Provider must act publicly. The Board shall act on any appeal, which must be submitted in writing, to an expulsion, to a request for reinstatement, or to a request for admission after being permanently expelled from another district (Policy 5610).

In determining whether disciplinary action set forth in this policy is to be implemented, the Educational Service Provider shall use a preponderance of evidence standard. Further, any individual charged with making a disciplinary determination under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315 - Information Management (i.e. "Litigation Hold")) created and/or received as part of an investigation.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the Academy's records retention schedule.

Adopted 12/19/18 Revised 11/16/20

STUDENT SECLUSION AND RESTRAINT

This policy is intended to provide the framework for organizational supports that result in effective interventions based on team-based leadership, data-based decision-making, continuous monitoring of student behavior, regular universal screening and effective on-going professional development. The Academy is committed to investing in prevention efforts and to teach, practice and reinforce behaviors that result in positive academic and social outcomes for students.

In the event that staff members need to restrain and/or seclude students, it must be done in accordance with this policy, which is intended to:

- A. promote the care, safety, welfare and security of the academy community and the dignity of each student;
- B. encourage the use of proactive, effective, evidence and research based strategies and best practices to reduce the occurrence of challenging behaviors, eliminate the use of seclusion and restraint, and increase meaningful instructional time for all students; and
- C. ensure that seclusion and restraint are used only as a last resort in an emergency situation and are subject to diligent assessment, monitoring, documentation and reporting by trained personnel.

In furtherance of these objectives, the Academy will utilize Positive Behavioral Interventions and Supports (PBIS) to enhance academic and social behavior outcomes for all students. PBIS implemented by the Academy will include socially valued and measurable outcomes, empirically validated and practical practices, systems that efficiently and effectively support implementation of these practices, and continuous collection and use of data for decisionmaking.

EMERGENCY SECLUSION

A. Prohibited Practices and Limitations on Use

The following practices are prohibited under all circumstances, including emergency situations:

- 1. confinement of students who are severely self-injurious or suicidal
- 2. corporal punishment, as defined in M.C.L. 380.1312(1) of the revised school code, 1976 PA 451
- 3. the deprivation of basic needs
- 4. anything constituting child abuse
- 5. seclusion of pre-school children
- 6. seclusion that is used for the convenience of academy personnel
- 7. seclusion as a substitute for an educational program

- 8. seclusion as a form of discipline or punishment
- 9. seclusion as a substitute for less restrictive alternatives, adequate staffing or academy personnel training in PBIS
- 10. when contraindicated based on (as documented in a record or records made available to the academy) a student's disability, health care needs, or medical or psychiatric condition

B. <u>Definition of Emergency Seclusion</u>

Seclusion means the confinement of a student in a room or other space from which the student is physically prevented from leaving. Seclusion does not include the general confinement of students if that confinement is an integral part of an emergency lockdown drill required under Section 19(5) of the Fire Prevention Code, 1941 PA 207, M.C.L. 29.19, or of another emergency security procedure that is necessary to protect the safety of students.

Emergency seclusion is a last resort emergency safety intervention involving seclusion that is necessitated by an ongoing emergency situation and that provides an opportunity for the student to regain self-control while maintaining the safety of the student and others.

To qualify as emergency seclusion, there must be continuous observation by academy personnel of the student and the room or area used for confinement:

- 1. must not be locked
- 2. must not prevent the student from exiting the area should staff become incapacitated or leave that area
- 3. must provide for adequate space, lighting, ventilation, viewing, and the safety of the student
- 4. must comply with State and local fire and building codes
- C. Time and Duration Emergency seclusion should not be used any longer than necessary, based on research and evidence, to allow a student to regain control of his/her behavior to the point that the emergency situation necessitating the use of emergency seclusion is ended, but generally no longer than:
 - 1. fifteen (15) minutes for an elementary school student;
 - 2. twenty (20) minutes for a middle school or high school student

If an emergency seclusion lasts longer than the suggested maximum times above, the following are required:

a. additional support (which may include change of staff, introducing a nurse or specialist, or additional key identified personnel)

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

b. documentation to explain the extension beyond the time limit

Additional procedures and requirements applicable to both seclusion and restraint are set out below.

A. <u>Prohibited Practices</u>

The following procedures are prohibited under all circumstances, including emergency situations:

- 1. mechanical restraint
- 2. chemical restraint
- 3. corporal punishment as defined in 380.1312(1) of the revised school code, 1976 PA 451, otherwise known as the Corporal Punishment Act
- 4. the deprivation of basic needs
- 5. anything constituting child abuse
- 6. restraint that is used for the convenience of academy personnel
- 7. restraint as a substitute for an educational program
- 8. restraint as a form of discipline or punishment
- 9. restraint as a substitute for less restrictive alternatives, adequate staffing or academy personnel training in PBIS
- 10. when contraindicated based on (as documented in a record or records made available to the academy) a student's disability, health care needs, or medical or psychiatric condition
- 11. any restraint that negatively impacts breathing, including any positions, whether on the floor, facedown, seated or kneeling, in which the student's physical position (e.g., bent over) is such that it is difficult to breathe, including situations that involve sitting or lying across an individual's back or stomach
- 12. prone restraint (the restraint of a person face down)

NOTE: Academy personnel who find themselves involved in the use of a prone restraint as the result of responding to an emergency must take immediate steps to end the prone restraint.

13. the intentional application of any noxious substance(s) or stimuli that results in physical pain or extreme discomfort

A noxious substance or stimuli can either be generally acknowledged or specific to the student.

14. physical restraint, other than emergency physical restraint © National Charter Schools Institute 15. any other type of restraint not expressly allowed

B. <u>Definition of Restraint</u>

Restraint means an action that prevents or significantly restricts a student's movement. Physical restraint is intended for the purposes of emergency situations only, in which a student's behavior poses imminent risk to the safety of the individual student or to the safety of others. An emergency situation requires an immediate intervention.

Emergency physical restraint is a last resort emergency safety intervention involving physical restraint that is necessitated by an ongoing emergency situation and that provide an opportunity for the student to retain self-control while maintaining the safety of the student and others. An emergency situation requires an immediate intervention. Emergency physical restraint may not be used in place of appropriate less restrictive interventions.

There are three (3) types of restraint: physical, chemical, and mechanical.

1. Physical restraint involves direct physical contact.

Restraint does not include actions undertaken for the following reasons:

- a. to break up a fight
- b. to take a weapon away from a student
- c. to briefly hold the student (by an adult) in order to calm or comfort him/her
- d. to have the minimum contact necessary to physically escort a student from one area to another
- e. to assist a student in completing a task/response if the student does not resist or if resistance is minimal in intensity or duration
- f. to hold a student for a brief time in order to prevent an impulsive behavior that threatens the student's immediate safety (e.g., running in front of a car)
- g. to stop a physical assault as defined in M.C.L. 380.1310
- h. actions that are an integral part of a sporting event, such as a referee pulling football players off from a pile or similar action
- 2. Chemical Restraint is the administration of medication for the purpose of restraint.

Restraint does not include administration of medication prescribed by and administered in accordance with the directions of a physician.

© National Charter Schools Institute

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

3. Mechanical Restraint means the use of any device, article, garment, or material attached to or adjacent to a student's body to perform restraint.

Restraint does not include the following:

- a. an adaptive or protective device recommended by a physician or therapist (when it is used as recommended)
- b. safety equipment used by the general student population as intended (e.g., seat belts, safety harness on academy transportation)

C. <u>Time and Duration</u>

Restraint should not be used:

- 1. any longer than necessary, based on research and evidence, to allow students to regain control of their behavior to the point that the emergency situation necessitating the use of emergency physical restraint is ended; and
- 2. generally no longer than ten (10) minutes.

If an emergency restraint lasts longer than ten (10) minutes, all of the following are required:

- 1. additional support, which may include a change of staff, or introducing a nurse, specialist, or additional key identified personnel
- 2. documentation to explain the extension beyond the time limit

Additional procedures and requirements applicable to both seclusion and restraint are set out below.

USE OF EMERGENCY SECLUSION/RESTRAINT

A. <u>When to Use Emergency Seclusion/Restraint</u>

Seclusion/restraint must be used only under emergency situations and if essential. Emergency situation means a situation in which a student's behavior poses imminent risk to the safety of the individual student or to the safety of others. An emergency situation requires an immediate intervention.

- B. <u>General Procedures for Emergency Seclusion/Restraint:</u>
 - 1. An emergency seclusion/restraint may not be used in place of appropriate, less restrictive interventions.
 - 2. Emergency seclusion/restraint shall be performed in a manner that is:
 - a. safe; © National Charter Schools Institute

- b. appropriate; and
- c. proportionate to and sensitive to the student's:
 - 1) severity of behavior;
 - 2) chronological and developmental age;
 - 3) physical size;
 - 4) gender;
 - 5) physical condition;
 - 6) medical condition;
 - 7) psychiatric condition; and
 - 8) personal history, including any history of physical or sexual abuse or other trauma.
- 3. Academy personnel shall call key identified personnel for help from within the academy building either immediately at the onset of an emergency situation or, if it is reasonable under the particular circumstances for academy personnel to believe that diverting their attention to calling for help would increase the risk to the safety of the student or to the safety of others, as soon as possible once the circumstances no longer support such a belief.
- 4. While using emergency seclusion/restraint, staff must do all of the following:
 - a. involve key identified personnel to protect the care, welfare, dignity, and safety of the student
 - b. continually observe the student in emergency seclusion for indications of physical distress and seek medical assistance if there is a concern
 - c. document observations
 - d. ensure to the extent practicable, in light of the ongoing emergency situation, that the emergency seclusion/restraint does not interfere with the student's ability to communicate using the student's primary mode of communication
 - e. ensure that at all times during the use of emergency seclusion/restraint there are academy personnel present who can communicate with the student using the student's primary mode of communication
- 5. Each use of an emergency seclusion/restraint and the reason for each use shall be documented and reported according to the following procedures:

© National Charter Schools Institute

- a. document in writing and report in writing or orally to the building administration immediately
- b. report in writing or orally to the parent or guardian immediately
- c. a report shall be written for each use of seclusion/restraint (including multiple uses within a given day) and the written report(s) provided to the parent or guardian within the earlier of one (1) school day or seven (7) calendar days
- 6. After any use of an emergency seclusion/restraint, staff must make reasonable efforts to debrief and consult with the parent or guardian, or the parent or guardian and the student (as appropriate) regarding the determination of future actions.
- C. <u>Students Exhibiting a Pattern of Behavior</u>
 - 1. If a student exhibits a pattern of behavior that poses a substantial risk of creating an emergency situation in the future that could result in the use of emergency seclusion/restraint, academy personnel should do the following:
 - a. conduct a functional behavioral assessment
 - b. develop or revise a PBIS plan to facilitate the reduction or elimination of the use of seclusion/restraint
 - c. develop an assessment and planning process conducted by a team knowledgeable about the student, including at least:
 - 1) the parent or guardian
 - 2) the student (if appropriate)
 - people who are responsible for implementation of the PBIS plan
 - 4) people who are knowledgeable in PBIS
 - d. develop a written emergency intervention plan ("EIP") to protect the health, safety, and dignity of the student. An EIP may not expand the legally permissible use of emergency seclusion/restraint.

The EIP should be developed by a team in partnership with the parent or guardian. The team shall include:

- 1) a teacher;
- 2) an individual knowledgeable about legally permissibly use of seclusion/restraint; and

3) an individual knowledgeable about the use of PBIS to © National Charter Schools Institute

eliminate the use of seclusion/restraint.

The EIP should be developed and implemented by taking all of the following documented steps:

- a. describe in detail the emergency intervention procedures
- b. describe in detail the legal limits on the use of emergency seclusion/restraint, including examples of legally permissible and prohibited uses
- c. inquire of the student's medical personnel (with parent or guardian consent) regarding any known medical or health contraindications for the use of seclusion/restraint
- d. conduct a peer review by knowledgeable staff
- e. provide the parent or guardian with all of the following, in writing and orally:
 - 1) A detailed explanation of the PBIS strategies that will reduce the risk of the student's behavior creating an emergency situation.
 - 2) An explanation of what constitutes an emergency, including examples of situations that would fall within and outside of the definition.
 - 3) A detailed explanation of the intervention procedures to be followed in an emergency situation, including the potential use of emergency seclusion/restraint.
 - 4) A description of possible discomforts or risks.
 - 5) A detailed explanation of the legal limits on the use of emergency seclusion/restraint, including examples of legally permissible and prohibited uses.
 - 6) Answers to any questions.

A student who is the subject of an EIP should be told or shown the circumstances under which emergency intervention could be used.

D. Data Collection and Reporting

1. The building administrator shall develop a system of data collection, collect the data and forward all incident reports and data regarding the use of seclusion/restraint to the Educational Service Provider.

The data must:

a. be analyzed to determine the efficacy of the academy 's academy -wide system of behavioral support;

© National Charter Schools Institute

- b. be analyzed in the context of suspension, expulsion, and dropout data;
- c. be analyzed for the purposes of continuous improvement of training and technical assistance toward the reduction or elimination of seclusion/restraint;
- d. be analyzed on a schedule determined by the Michigan Department of Education (MDE);`
- e. be reported to the MDE, if and as required;
- f. include a list of appropriately trained, identified personnel and their levels of:
 - 1) education;
 - 2) training; and
 - 3) knowledge.

NOTE: The Academy must report to the MDE on the use of seclusion and restraint periodically. MDE will develop guidelines that outline the process for reporting redacted, aggregated data regarding the emergency use of seclusion and restraint.

Training Framework

A comprehensive training framework will be implemented which includes the following:

- A. awareness training for all academy personnel who have regular contact with students; and
- B. comprehensive training for key identified personnel.

All substitute teachers must be informed of and understand the procedures regarding the use of emergency seclusion and emergency restraint. This requirement may be satisfied using online training developed or approved by MDE and online acknowledgement of understanding and completion of the training by the substitute teacher.

Comprehensive Training for Identified Personnel

Each building administrator will identify sufficient key personnel to ensure that trained personnel are generally available for an emergency situation. Before using emergency seclusion or emergency physical restraint with students, key identified personnel who may have to respond to an emergency safety situation must be trained in all of the following:

- A. proactive practices and strategies that ensure the dignity of students
- B. conflict resolution
- C. mediation
- D. social skills training

- E. de-escalation techniques
- F. positive behavioral intervention and support strategies

Except for the obligations set out above to document seclusion or restraint, report to/consult with parents, undertake the required actions if a student shows a pattern of behavior, and collect and report data to the state, academy personnel does not include a law enforcement officer (as defined above) assigned to regularly and continuously work under contract or under agreement in a public school.

"Chemical Restraint" means the administration of medication for the purpose of restraint.

"De-escalation Techniques" means evidence- and research-based strategically employed verbal or nonverbal interventions used to reduce the intensity of threatening behavior before, during, and after a crisis situation occurs.

"Documentation" means documentation developed by the Michigan Department of Education that is uniform across the State.

"Emergency Situation" means a situation in which a student's behavior poses imminent risk to the safety of the individual student or to the safety of others. An emergency situation requires an immediate intervention.

STUDENT GRIEVANCE

The Board of Directors recognizes that, as citizens, students have the right to request redress of grievances. Further, the Board believes that fostering respect for lawful procedures is an important part of the educational process. Accordingly, individual and group grievances should be provided for and appropriate appeal procedures implemented.

For purposes of this policy, a student complaint or grievance shall be any such that arises out of actions, procedures, and policies of this Board, staff or the lack of such policy or procedure.

The Board or its staff will hear the complaints and grievances of students, provided that such complaints and grievances are made according to procedures established by administrative guidelines of the Educational Service Provider.

ACADEMY-SPONSORED PUBLICATIONS AND PRODUCTIONS

The Board of Directors sponsors student publications and productions as means by which students learn, under adult direction/supervision, the rights and responsibilities inherent when engaging in the public expression of ideas and information in our democratic society.

For purposes of this policy, "Academy-sponsored student media" shall include both student publications and productions. "Student publications" shall include any written materials, (including, but not limited to, banners, flyers, posters, pamphlets, notices, newspapers, playbills, yearbooks, literary journals, books, and t-shirts and other Academy-sponsored clothing), as well as material in electronic or on-line form (including, but not limited to, websites, web logs ("blogs"), video or audio clips, and newsletters or announcements transmitted by e-mail, wireless broadcast or other similar distribution/dissemination). "Student productions" shall include vocal and theatrical performances, impromptu dramatic presentations, or any electronic media (including, but not limited to, radio and television programs, podcasts, and other video or audio productions that are recorded for re-broadcast or broadcast in real time using any available broadcast technology). Further, the term "publication" shall include presentation and broadcast of a student publication; and the term

The following speech is unprotected and prohibited in all Academy-sponsored student publications and productions: speech that is defamatory, libelous, obscene or harmful to juveniles; speech that is reasonably likely to cause substantial disruption of or material interference with school activities or the educational process; speech that infringes upon the privacy or rights of others; speech that violates copyright law; speech that promotes activities, products or services that are unlawful (illegal) as to minors as defined by State or Federal law; and speech that otherwise violates Academy policy and/or State or Federal law. The Board authorizes the administration to engage in prior review and restraint of Academy-sponsored publications and productions to prevent the publication or performance of unprotected speech.

All Academy-sponsored student publications and productions are nonpublic forums. While students may address matters of interest or concern to their readers/viewers, as nonpublic forums, the style and content of the student publications and productions can be regulated for legitimate pedagogical, school-related reasons. Academy officials shall routinely and systematically review and, if necessary, restrict the style and/or content of all Academy-sponsored student publications and productions prior to publication/performance in a reasonable manner that is neutral as to the viewpoint of the speaker. Legitimate pedagogical concerns are not confined to academic issues, but include the teaching by example of the shared values of a civilized social order, which consists of not only independence of thought and frankness of expression but also discipline, courtesy/civility, and respect for authority. Academy officials may prohibit speech that is grammatically incorrect, poorly written, inadequately researched, biased or prejudice, vulgar or profane, or unsuitable for immature audiences.

General Prohibitions

Regardless of their status as non-public or limited-purpose public forums, the Board prohibits publications, productions and advertisements that:

- A. promote, favor, or oppose any candidate for election or the adoption of any bond issue, proposal, or questions submitted at any election;
- B. fail to identify the student or organization responsible for the publication/performance;
- C. solicit funds for nonschool organizations or institutions when such solicitations have not been approved by the Board.

EQUAL ACCESS FOR NON-ACADEMY-SPONSORED, STUDENT CLUBS AND ACTIVITIES

Reference: Equal Access Act of 1984, Americans with Disabilities Act of 1990, Civil Rights Act of 1964 MCL 380.1299 20 USC 4071, et. seq. 42 USC 12101, et. seq. 42 USC 2000e

The Board of Directors will not permit the use of Academy facilities by non-Academysponsored, student clubs and activities or Academy sponsored extra-curricular clubs and activities during instructional hours. During non-instructional time, however, no group of students, regardless of the size of the group, will be denied an opportunity to meet on the basis of the religious, political, philosophical, or other content of the activity.

An application for permission for non-Academy-sponsored, student clubs and activities to meet on Academy premises shall be made to the School Principal, who shall grant permission provided that s/he determines that:

- A. the activity has been initiated by students;
- B. attendance at the meeting is voluntary;
- C. no agent or employee of the Academy will promote, lead, or participate in the meeting;
- D. the meeting does not materially and substantially interfere with the orderly conduct of instructional activities in the Academy; and
- E. non-Academy persons do not direct, conduct, control, or regularly attend the activity.

A student initiated group granted permission to meet on Academy premises shall be provided the same rights and access and shall be subject to the same administrative guidelines that govern the meetings of student organizations sponsored by this Board, except as provided by this policy. Participation in a student-initiated meeting must be available to all students who wish to attend and cannot be denied on the basis of a student's gender, religion, race, color, national origin or ancestry, age, disability, height, weight, marital status, social or economic status, and/or any other legally protected characteristic. In addition, there shall be no discrimination on the basis of the religious, political, philosophical, or other content of the speech at the meeting.

A professional staff member may be assigned to attend a student initiated meeting in a custodial capacity but shall not participate directly in the activity. No professional staff member shall be compelled to attend a student-initiated meeting if the content of the speech at the meeting is contrary to his/her beliefs. The School Principal may take such actions as may be necessary to maintain order and discipline on Academy premises and to protect the safety and well-being of students and staff members.

The Board will not permit the organization of a fraternity, sorority, or secret society. A student initiated meeting may be attended by no more than two (2) outside resource person(s). The School Principal may exclude non-students from directing, controlling, or attending any such meetings of students.

POSSESSION OF WEAPONS

Reference: MCL 380.1311, 380.1312(1), 380.1313 20 USC 7151

The Board of Directors prohibits students from possessing, storing, making, or using a weapon in any setting under the control and supervision of the Academy for the purpose of Academy activities approved and authorized by the Academy including, but not limited to, property leased, owned, or contracted for by the Academy, an Academy-sponsored event, including athletic events, or in an Academy vehicle.

The term "weapon" means any object capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms, guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons, ammunition, and explosives.

The Educational Service Provider will refer any student who violates this policy to the student's parents or guardians and to the criminal justice or juvenile delinquency system. The student may also be subject to disciplinary action, up to and including expulsion.

This policy may be published annually in all Academy student and staff handbooks. Publication is not a precondition to enforcement of this policy.

Adopted 7/28/11 Revised 1/25/16

STUDENT/PARENT RIGHTS

Reference: 20 USC 1232(h)

The Board of Directors recognizes that students possess not only the right to an education but the rights of citizenship as well.

Attendant to the rights guaranteed to each student, however, are certain responsibilities, which include respect for the rights of others, obedience to properly constituted Academy authority, and compliance with the guidelines and rules of the Academy.

The Board realizes that as students differ in age and maturity, so they differ in ability to handle both the rights of citizens and the concomitant responsibilities. The exercise of each right shall be granted, therefore, with due regard for the degree of responsibility possessed by the student and the student's need for the continuing guidance and control of those responsible for his/her education.

Since a student who has reached the age of majority possesses the full rights of an adult, s/he may authorize those Academy matters previously handled by his/her parents, but s/he also assumes the responsibility for his/her performance in the Academy, attendance, and compliance with Academy rules.

Administrators, counselors, and teachers shall not provide a supporting affidavit for students who have petitioned the court to grant them the status of emancipated minors unless prior approval has been obtained from the School Principal.

Parents also have the right to know about their student's educational experience. Specific rights are listed in topic areas of these policies.

In addition, parents have the right to inspect any instructional materials used as part of the educational curriculum for their student. Instructional materials means instructional content, regardless of format, that is provided to the student, including printed or representational materials, audio-visual materials, and materials available in electronic or digital formats (such as materials accessible through the Internet). Instructional material does not include academic tests or academic assessments.

The Educational Service Provider/School Principal shall, in consultation with parents, develop a procedure addressing the rights of parents and procedures to assure timely response to parental requests to review instructional material. The procedure shall also address reasonable notification to parents and students of their rights to review these materials.

This policy shall not supersede any rights under the Family Education Rights and Privacy Act.

Adopted 7/28/11

The Board will recognize the Student Government as the official voice of the student body and for the purpose of:

- A. giving students practical experience in organizing, planning, and affecting outcomes;
- B. developing student leadership;
- C. providing a learning experience in democratic decision making;
- D. offering another avenue toward the realization of the goals of this Academy.

STUDENT FUNDRAISING

Reference: MCL 380.1272b 7 CFR Parts 210 and 220 42 USC 1779

The Board of Directors acknowledges that the solicitation of funds from students must be limited because a student is a "captive donor" due to compulsory attendance laws and because solicitations disrupt the program of the Academy.

For purposes of this policy "student fundraising" shall include the solicitation and collection of money from students for any purpose and the collection of money in exchange for tickets, papers, or any other goods or services for approved student activities. "Student fundraising also includes giving away goods or services, but suggesting a monetary donation."

The Board will permit student fundraising by students in the Academy, on Academy property, or at any Academy sponsored event only when the profit is to be used for Academy purposes or for an activity connected with the Academy.

Fundraising by approved Academy organizations (with funds managed by the Academy) may be permitted in the Academy by the School Principal (employed by the Board). Such fundraising that occurs off Academy grounds may be permitted by the School Principal (employed by the Board).

The Board permits ten (10) fundraisers per week per school that involve the sale of food items and/or beverages that are an exception to the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in Schools regulations for consumption on campus during the school day by students.

Other than approved non-compliant fundraisers, the food and/or beverage items to be sold for any other fundraisers by student clubs and organizations, parent groups, or booster clubs and consumed on campus, shall comply with the current USDA Dietary Guidelines for Americans, and the USDA Smart Snacks in Schools nutrition standards, and also be consistent with requirements set forth in Policy 8500 – Food Services.

If approved, fundraisers that involve the sale of food items or beverages to students on campus must be consistent with regulations established in Policy 8500, Food Services, pertaining to the sale of foods and beverages during food-service hours, whether those food items and beverages are complaint with, or an exception to, the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in Schools nutrition standards.

Use of the name, logo, or any assets of the Academy, including, but not limited to facilities, technology, or communication networks, is prohibited without the specific permission of the Educational Service Provider.

Crowdfunding activities aimed at raising funds for a specific classroom or school activity, including extracurricular activity, or to obtain supplemental resources (e.g., supplies or equipment) that are not required to provide a free appropriate public education to any students in the classroom may be permitted, but only with the specific approval of the Educational Service Provider.

All crowdfunding activities are subject to AG 6605.

Fundraising by students on behalf of Academy related organizations and Academy support organizations (with funds not managed by the Academy) may be permitted on or off Academy © National Charter Schools Institute grounds by the Educational Service Provider. All fundraising by Academy-related organizations and Academy support organizations shall be done in accordance with Policy 9211 and Policy 9700.

The Educational Service Provider may establish Administrative Procedures for the solicitation of funds that shall accomplish the following:

- A. specify the times and places in which funds may be collected;
- B. describe permitted methods of solicitation, without placing undue pressure on students;
- C. limit the kind and amount of advertising for solicitation;
- D. require that the Educational Service Provider approve the distribution or liquidation of monies remaining in a student activity account when the organization is defunct or disbanded; and
- E. limit the number of fundraising events.

Advisors for approved Academy organizations shall not accept any form of compensation from vendors that might influence their selection or a vendor that will provide a fundraising activity or a product that will be sold as a fundraiser. Furthermore, advisors for approved Academy organizations shall not accept any compensation from a vendor after a decision has been made regarding a fundraising activity or a product that will be sold as a fundraiser. In addition, advisors for approved Academy organizations who make the selection of a vendor that will provide a fundraising activity or a product that will be sold as a fundraiser shall not enter into a contractual arrangement whereby an advisor receives compensation in any form from the vendor that provides a fundraising activity or a product that will be sold as a fundraiser.

Such compensation includes, but is not limited to, cash, checks, stocks, or any other form of securities, and gifts such as televisions, microwave ovens, computers, discount certificates, travel vouchers, tickets, passes, and other such things of value. In the event that an advisor of an approved Academy organization receives such compensation, albeit unsolicited, from a vendor, the individual shall notify the Board President or designee, in writing, that s/he received such compensation and shall thereafter properly transmit said compensation to the Board President or designee at his/her earliest opportunity.

The Educational Service Provider shall distribute this policy and the procedures that implement it to each organization granted permission to solicit funds.

Academy social events which take place outside Academy facilities must be approved by Educational Service Provider.

The Educational Service Provider may develop guidelines for the conduct of student social events.

GRANT FUNDS

Reference: 2 CFR 200.112, 200.302, 200.310, 200.403, 200.404 and 200.406 Compliance Supplement for Single Audits of State and Local Governments 20 U.S.C. 7906

It is the objective of the Board of Directors to provide equal educational opportunities for all students at the Academy. Government agencies, as well as foundations, businesses, and individuals, periodically offer both human and material resources to the Academy that would benefit students and the educational program. Therefore, it is the intent of the Board to consider grant proposals and applications for their potential to enhance educational opportunities, the educational environment, and the physical and mental growth for each student.

The Educational Service Provider shall review new Federal education legislation and prepare proposals for programs deemed to be of aid to the students of this Academy. The Board shall approve all grants resulting from such proposals.

The Board regards available Federal funds of aid to local school districts, public school academies, and communities as a public trust. It forbids the use of Federal monies for partisan political activities and for any use that would not be in accordance with Federal regulations and guidelines.

No Federal funds received by the Academy shall be used (1) to develop or distribute materials, or operate programs or courses of instruction directed at youth, that are designed to promote or encourage sexual activity, whether homosexual or heterosexual; (2) to distribute or to aid in the distribution by any organization of legally obscene materials to minors on Academy grounds; (3) to provide sex education or HIV-prevention education in schools unless that instruction is age appropriate and includes the health benefits of abstinence; or (4) to operate a program of contraceptive distribution in schools.

Grant Proposal Development

- A. All grant proposals must support at least one (1) <u>Academy</u> goal or priority.
- B. For projects where grant funds will not cover the entire cost of project implementation, additional fund sources must be identified, documented, and approved during the internal review process.
- C. Each grant proposal shall be reviewed and approved by the Educational Service Provider prior to submission to the funding source.

Grant Administration

- A. The administration of grants will adhere to all applicable Federal, State, local, and grantor rules and regulations, including the terms and conditions of the Federal awards, as well as Academy policies and administrative procedures/guidelines.

- E. All Federal funds received by the Academy will be used in accordance with the applicable Federal law and regulations and the terms and conditions of the Federal award. If funds are permitted to be drawn in advance, all draws will be as close as administratively feasible to the related program expenditures and that, when restricted, such monies are used to supplement programs and funding and not to supplant or replace existing programming or current funding.

The Academy shall maintain appropriate documentation and records to substantiate compliance or to justify allowable exceptions, exemptions, or waivers.

- F. The Educational Service Provider is authorized to sign related documents for grant administration, including documents required for submittal of grant proposals.
- G. Written amendments requiring the Educational Service Providers signature shall be presented to the Board for approval.

It includes, but is not limited to, income from fees for services performed, the use or rental of real or personal property acquired under Federal awards, the sale of commodities or items fabricated under a Federal award, license fees and royalties on patents and copyrights, and principal and interest on loans made with Federal award funds. - B. evaluate and monitor its compliance with statutes, regulations, and the terms and conditions of the award;
- C. take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; and
- D. take reasonable measures to safeguard protected personally identifiable information and other information the awarding agency or pass-through entity designates as sensitive or the Academy considers sensitive information consistent with applicable Federal, state, local, and tribal laws and Academy policies regarding privacy and obligations of confidentiality.

CASH MANAGEMENT OF GRANTS

Reference: 2 CFR 200.305

In order to provide reasonable assurance that all assets, including Federal, State, and local funds, are safeguarded against waste, loss, unauthorized use, or misappropriation, the Educational Service Provider shall implement internal controls in the area of cash management.

The Academy's payments methods shall minimize the time elapsing between the transfer of funds from the United States Treasury or the Michigan Department of Education (MDE) (pass-through entity) and disbursement by the Academy, regardless of whether the payment is made by electronic fund transfer, or issuance or redemption of checks, warrants, or payment by other means.

The Academy shall use forms and procedures required by the grantor agency or pass-through entity to request payment. The Academy shall request grant funds payments in accordance with the provisions of the grant. Additionally, the Academy's financial management systems shall meet the standards for fund control and accountability as established by the awarding agency.

The Educational Service Provider is authorized to submit requests for advance payments and reimbursements at least monthly when electronic fund transfers are not used, and as often as deemed appropriate when electronic transfers are used, in accordance with the provisions of the Electronic Fund Transfer Act (15 U.S.C. 1693-1693r).

When the Academy uses a cash advance payment method, the following standards shall apply:

- A. The timing and amount of the advance payment requested will be as close as is administratively feasible to the actual disbursement for direct program or project costs and the proportionate share of any allowable indirect costs.
- B. The Academy shall make timely payment to contractors in accordance with contract provisions.
- C. To the extent available, the Academy shall disburse funds available from program income (including repayments to a revolving fund), rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds before requesting additional cash payments.
- D. The Academy shall account for the receipt, obligation and expenditure of funds.
- E. Advance payments will be deposited and maintained in insured accounts whenever possible.

COST PRINCIPLES - SPENDING FEDERAL FUNDS

Reference: 2 CFR 200.216, 2 CFR. 200.344(b), 2 CFR. 200.403-.407, 200.413(a)-(c), 200.430(a), 200.431(a), 200.439(b)(2), 200.458, 2 CFR 200.474(b) 34 CFR 76.707-.708(a), 75.703

Cost Principles

Except where otherwise authorized by statute, costs shall meet the following general criteria in order to be allowable under Federal awards:

A. Be necessary and reasonable for proper and efficient performance and administration of the Federal award and be allocable thereto under these principles.

To determine whether a cost is reasonable, consideration shall be given to:

- 1. whether a cost is a type generally recognized as ordinary and necessary for the operation of the Academy or the proper and efficient performance of the Federal award;
- 2. the restraints or requirements imposed by such factors as sound business practices, arm's length bargaining, Federal, State, local, tribal and other laws and regulations;
- 3. market prices for comparable goods or services for the geographic area;
- 4. whether the individuals concerned acted with prudence in the circumstances considering their responsibilities; and
- 5. whether the cost represents any significant deviation from the established practices or Board policy which may unjustifiably increase the expense.

While Federal regulations do not provide specific descriptions of what satisfies the "necessary" element beyond its inclusion in the reasonableness analysis above, whether a cost is necessary is determined based on the needs of the program. Specifically, the expenditure must be necessary to achieve an important program objective. A key aspect in determining whether a cost is necessary is whether the Academy can demonstrate that the cost addresses an existing need, and can prove it.

When determining whether a cost is necessary, consideration may be given to whether:

- a. the cost is needed for the proper and efficient performance of the grant program;
- b. whether the cost is identified in the approved budget or application;
- c. whether there is an educational benefit associated with the cost; © National Charter Schools Institute

- d. whether the cost aligns with identified needs based on results and findings from a needs assessment;
- e. whether the cost addresses program goals and objectives and is based on program data.

A cost is allocable to the Federal award if the goods or services involved are chargeable or assignable to the Federal award in accordance with the relative benefit received. This standard is met if the cost: is incurred specifically for the Federal award; benefits both the Federal award and other work of the Academy and can be distributed in proportions that may be approximated using reasonable methods; and is necessary to the overall operation of the Academy and is assignable to the Federal award in accordance with cost principles mentioned here.

- B. Conform to any limitations or exclusions set forth in the cost principles in Part 200 or in the terms and conditions of the Federal award.
- C. Be consistent with policies and procedures that apply uniformly to both Federally-financed and other activities of the Academy, including prohibitions regarding costs incurred for telecommunications and video surveillance services or equipment.
- D. Be accorded consistent treatment. A cost cannot be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to a Federal award as an indirect cost under another award.
- E. Be determined in accordance with generally accepted accounting principles.
- F. Be representative of actual cost, net of all applicable credits or offsets.

The term "applicable credits" refers to those receipts or reductions of expenditures that operate to offset or reduce expense items allocable to the Federal award. Typical examples of such transactions are: purchase discounts; rebates or allowances; recoveries or indemnities on losses; and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the State relate to the Federal award, they shall be credited to the Federal award, either as a cost reduction or a cash refund, as appropriate.

- G. Be not included as a match or cost-share, unless the specific Federal program authorizes Federal costs to be treated as such.
- H. Be adequately documented:
 - 1. in the case of personnel services, the Educational Service Provider shall implement a system for Academy personnel to account for time and efforts expended on grant funded programs to assure that only permissible personnel expenses are allocated;
 - 2. in the case of other costs, all receipts and other invoice materials © National Charter Schools Institute

shall be retained, along with any documentation identifying the need and purpose for such expenditure if not otherwise clear.

I. Be incurred during the approved budget period.

The budget period means the time interval from the start date of a funded portion of an award to the end date of that funded portion during which recipients are authorized to carry out authorized work and expend the funds awarded, including any funds carried forward or other revisions pursuant to the law. Prior written approval from the Federal awarding agency or State pass through entity may be required to carry forward unobligated balances to subsequent budget periods, unless waived.

Selected Items of Cost

The Educational Service Provider shall follow the rules for selected items of cost at 2 C.F.R. Part 200, Subpart E when charging these specific expenditures to a Federal grant. When applicable, the Educational Service Provider shall check costs against the selected items of cost requirements to ensure the cost is allowable. In addition, State, Academy and program-specific rules, including the terms and conditions of the award, may deem a cost as unallowable and Academy personnel shall follow those rules as well.

The following rules of allowability must apply to equipment and other capital expenditures:

- A. Capital expenditures for general purpose equipment, buildings, and land are unallowable as direct charges, except with the prior written approval of the Federal awarding agency or pass-through entity.
- B. Capital expenditures for special purpose equipment are allowable as direct costs, provided that items with a unit cost of \$5,000 or more have the prior written approval of the Federal awarding agency or pass-through entity.
- C. Capital expenditures for improvements to land, buildings, or equipment that materially increase their value or useful life are unallowable as a direct cost except with the prior written approval of the Federal awarding agency, or pass-through entity.
- D. All Federally-funded contracts in excess of \$2,000 related to construction, alterations, repairs, painting, decorating, etc. must comply with Davis-Bacon prevailing wage requirements.
- E. Allowability of depreciation on buildings, capital improvements, and equipment shall be in accordance with 2 CFR 200.436 and 2 CFR 200.465.
- F. When approved as a direct cost by the Federal awarding agency or passthrough entity under Sections A-C, capital expenditures will be charged in the period in which the expenditure is incurred, or as otherwise determined appropriate and negotiated with the Federal awarding agency.
- G. If the Academy is instructed by the Federal awarding agency to otherwise dispose of or transfer the equipment, the costs of such disposal or transfer are allowable.

Cost Compliance

The Educational Service Provider shall require that grant program funds are expended and are accounted for consistent with the requirements of the specific program and as identified in the grant application. Compliance monitoring includes accounting for direct or indirect costs and reporting them as permitted or required by each grant. Costs incurred for the same purpose in like circumstances shall be treated consistently as either direct or indirect costs, but may not be double charged or inconsistently charged as both.

Determining Whether a Cost is Direct or Indirect:

A. Direct costs are those costs that can be identified specifically with a particular final cost objective, such as a Federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.

These costs may include: salaries and fringe benefits of employees working directly on a grant-funded project; purchased services contracted for performance under the grant; travel of employees working directly on a grant-funded project; materials, supplies, and equipment purchased for use on a specific grant; program evaluation costs or other institutional service operations; and infrastructure costs directly attributable to the program (such as long distance telephone calls specific to the program, etc.). Direct costs may also include capital expenditures if approved by the Federal awarding agency or pass-through entity, as well as capital expenditures for special purpose equipment with a unit cost of less than \$5,000.

B. Indirect costs are those that have been incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved. Costs incurred for the same purpose in like circumstances shall be treated consistently as either direct or indirect costs.

These costs may include: general data processing, human resources, utility costs, maintenance, accounting, etc.

Federal education programs with supplement not supplant provisions must use a restricted indirect cost rate. In a restricted rate, indirect costs are limited to general management costs. General management costs do not include divisional administration that is limited to one component of the Academy, the Board, compensation of the Chief Administrative Officer, compensation of the chief executive officer of any component of the Academy, and operation of the immediate offices of these officers.

The salaries of administrative and clerical staff should normally be treated as indirect costs. Direct charging of these costs may be appropriate only if all of the following conditions are met:

- 1. Administrative or clerical services are integral to a project or activity.
- 2. Individuals involved can be specifically identified with the project or activity.
 - © National Charter Schools Institute

- 3. Such costs are explicitly included in the budget or have the prior written approval of the Federal awarding agency.
- 4. The costs are not also recovered as indirect costs.

Where a Federal program has a specific cap on the percentage of administrative costs that may be charged to a grant, that cap shall include all direct administrative charges as well as any recovered indirect charges.

Effort should be given to identify costs as direct costs whenever practical, but allocation of indirect costs may be used where not prohibited and where indirect cost allocation is approved ahead of time by the Michigan Department of Education (MDE) or the pass-through entity (Federal funds subject to 2 C.F.R. Part 200 pertaining to determining indirect cost allocation).

Equipment and other capital expenditures are unallowable as indirect costs.

Timely Obligation of Funds

Financial obligations are orders placed for property and services, contracts and subawards made, and similar transactions that require payment. This term is used when referencing a recipient's or subrecipient's use of funds under a Federal award.

The following list illustrates when funds are determined to be obligated under the U.S. Department of Education ("USDOE") regulations:

If the obligation is for:

- A. Acquisition of property on the date which the Academy makes a binding written commitment to acquire the property.
- B. Personal services by an employee of the Academy or Educational Service Provider - when the services are performed.
- C. Personal services by a contractor who is not an employee of the Academy on the date which the Academy makes a binding written commitment to obtain the services.
- D. Performance of work other than personal services on the date when the Academy makes a binding written commitment to obtain the work.
- E. Public utility services when the Academy receives the services.
- F. Travel when the travel is taken.
- G. Rental of property when the Academy uses the property.
- H. A pre-agreement cost that was properly approved by the Secretary (USDOE) under the cost principles in 2 C.F.R. Part 200, Subpart E Cost Principles on the first day of the project period.

Period of Performance

All financial obligations must occur during the period of performance. Period of performance means the total estimated time interval between the start of an initial Federal award when the Academy is permitted to carry out the work authorized by the grant and the planned end date. The period of performance may include one or more funded portions or budget periods. The period of performance is dictated by statute and will be indicated in the grant award notification ("GAN"). As a general rule, State-administered Federal funds are available for obligation within the year that Congress appropriates the funds for. However, given the unique nature of educational institutions, for many Federal education grants, the period of performance is twenty-seven (27) months. This maximum period includes a fifteen (15) month period of initial availability, plus a twelve (12) month period for carryover. For direct grants, the period of performance is generally identified in the GAN.

In the case of a State-administered grant, financial obligations under a grant may not be made until the application is approved or is in substantially approvable form, whichever is later. In the case of a direct grant, a grantee may use grant funds only for obligations it makes during the grant period, unless an agreement exists with the awarding agency or the pass-through entity (e.g., MDE) to reimburse for pre-approval expenses.

If a Federal awarding agency or pass-through entity approves an extension, or if the Academy extends under C.F.R. 200.308(e)(2), the Period of Performance will be amended to end at the completion of the extension. If a termination occurs, the Period of Performance will be amended to end upon the effective date of termination. If a renewal is issued, a distinct Period of Performance will begin.

For both State-administered and direct grants, regardless of the period of availability, the Academy shall liquidate all financial obligations incurred under the award not later than ninety (90) days after the end of the funding period unless an extension is authorized. Any funds not obligated within the period of performance or liquidated within the appropriate timeframe are said to lapse and shall be returned to the awarding agency. Consequently, the Educational Service Provider shall closely monitor grant spending throughout the grant cycle.

TIME AND EFFORT REPORTING

Reference: 2 C.F.R. 200.430, 200.431

As a recipient of Federal funds, the Academy shall comply with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The Code of Federal Regulations requires certification of effort to document salary expenses charged directly or indirectly against Federally-sponsored projects. This process is intended to verify that compensation for employment services, including salaries and wages, is allocable and properly expended, and that any variances from the budget are reconciled.

Compensation for employment services includes all remuneration, paid currently or accrued, for services of employees, whether employed by the Board or an Educational Service Provider, rendered during the period of performance under the Federal award, including but not necessarily limited to wages and salaries. Compensation for personal services may also include fringe benefits, which are addressed in 2 C.F.R. 200.431 Compensation—fringe benefits. Costs of compensation are allowable to the extent that they satisfy the specific requirements of these regulations, and that the total compensation for individual employees:

- A. is reasonable for the services rendered, conforms to the Academy's established written policy where applicable, and is consistently applied to both Federal and non-Federal activities; and
- B. follows an appointment made in accordance with the Academy's written policies and meets the requirements of Federal statute, where applicable.

Time and Effort Reports

The reports:

- A. are supported by a system of internal controls which provide reasonable assurance that the charges are accurate, allowable, and properly allocated;
- B. are incorporated into the official records of the Educational Service Provider;
- C. reasonably reflect the total activity for which the employee is compensated by the Educational Service Provider, not exceeding 100% of the compensated activities;
- D. encompass both Federally assisted and other activities compensated by the Educational Service Provider on an integrated basis;
- E. comply with the Academy's established accounting policies and practices;
- F. support the distribution of the employee's salary or wages among specific activities or cost objectives if the employee works on more than one (1) Federal award, a Federal award and non-Federal award, an indirect cost activity and a direct cost activity, two or more indirect activities which are allocated using different allocation bases, or an unallowable activity and a direct cost activity.

The Educational Service Provider will also follow any time and effort requirements imposed by the pass-through entity to the extent that they are more restrictive than the Federal requirements. The Educational Service Provider is responsible for the distribution, collection, and retention of all employee effort reports. Individually reported data will be made available only to authorized auditors.

Reconciliations

Budget estimates are not used as support for charges to Federal awards. However, the Academy may use budget estimates for interim accounting purposes. The system used by the Academy to establish budget estimates produces reasonable approximations of the activity actually performed. Any significant changes in the corresponding work activity are identified by the Educational Service Provider and entered into the Academy's records in a timely manner.

The Academy's internal controls require the Educational Service Provider to review after-the-fact interim charges made to a Federal award based on budget estimates and ensure that all necessary adjustments are made so that the final amount charged to the Federal award is accurate, allowable, and properly allocated.

The Educational Service Provider shall include in the financial report to the Board all cash in all accounts on deposit as well as the investment assets of the Board.

POST-ISSUANCE COMPLIANCE FOR TAX-EXEMPT AND TAX-ADVANTAGED OBLIGATIONS

Reference: Internal Revenue Code of 1986, as amended Treasury Regulations SEC Rule 15c2-12

The Board of Directors may, from time to time, finance its capital improvements and operations through the issuance of debt obligations that are eligible for tax benefits under the Internal Revenue Code of 1986, as amended (the "Code"), and regulations promulgated thereunder ("Treasury Regulations"). Such obligations may include tax exempt obligations and/or obligations eligible for tax credits (direct subsidies to the Academy or tax credits to bond owners). All such tax-exempt obligations or tax advantaged obligations are referred to herein as "Obligations," whether in the form of general obligation bonds, revenue bonds, bond anticipation notes, tax anticipation notes, lease-purchase obligations, installment-purchase obligations or otherwise.

This policy and related AG 6146 document practices and describes various procedures and systems designed to identify on a timely basis facts relevant to demonstrating compliance with the requirements that must be satisfied subsequent to the issuance of Obligations in order that the interest on such Obligations continue to be eligible to the excluded from gross income for federal income tax purposes or that the Obligations continue to receive tax-advantaged treatment. The Federal tax law requirements applicable to each issue of obligations will be detailed in the non-arbitrage or tax-compliance certificate prepared by bond counsel (the "Tax Certificate") and signed by officials of the Academy and the post-closing compliance checklist provided by bond counsel with respect to such issue. This policy and related AG 6146 establish a permanent, ongoing structure of practices and procedures that will facilitate compliance with the Code, Treasury Regulations and SEC Rule 15c2-12 (the "Rule").

The Board recognizes that compliance with applicable provisions of the Code and Treasury Regulations is an on-going process, necessary during the entire term of the Obligations, and is an integral component of the Academy's debt management. Accordingly, the analysis of those facts and implementation of this Policy and Administrative Procedures will require ongoing monitoring and consultation with an attorney experienced in legal work relating to the issuance of tax-exempt obligations or tax advantaged obligations ("Bond Counsel") and the Academy's accountants. The tasks enumerated hereunder may be delegated to an Educational Service Provider, and shall be deemed to be delegated, if the Educational Service Provides financial, business or accounting services to the Academy.

This policy and the related AG 6146 do not address any post-issuance compliance requirements under State law. Nor is this Policy and related AG 6146 a substitute, or a replacement, for any Tax Certificate or a post-issuance compliance checklist relating to specific Obligations. The Academy is responsible for compliance with any such Tax Certificate or post-issuance compliance checklist.

This policy may be modified, expanded, abridged, or otherwise amended only by the Board of Directors upon consultation with the Academy's attorney and Bond Counsel, but without any notice to or consent from any trustee, bondholder or any other person.

A. Investment and Expenditure of Proceeds

The Academy's system of internal controls and accounting will be capable of tracking the investment and expenditure of proceeds of Obligations and other amounts subject to special requirements, and the allocation of such proceeds and other amounts to Academy facilities. Appropriate coding will be developed to identify Academy facilities (or portions thereof) financed or refinanced by Obligations. Such Administrative Procedures will ensure that such proceeds are expended only for the purposes authorized by the resolution and, as applicable, referendum, pursuant to which such Obligations were issued and in compliance with the Tax Certificate relating to the Obligations or other instructions of Bond Counsel.

B. Financed Facilities

The Academy will track the use of facilities (or portions thereof) financed or refinanced by Obligations ("Financed Facilities") in the private trades or businesses of non-governmental persons. Arrangements for the sale, disposition, lease, sublease, management or other use of more than 1% of facilities financed or refinanced by Obligations with a term of (i) less than 200 days will be subject to prior review and approval by the Board, and (ii) equal to or greater than 200 days will be subject to prior review and approval by the Board and Bond Counsel. The Educational Service Provider will track the aggregate annual private use (if any) of facilities financed or refinanced by Obligations.

C. Periodic Review

The Academy will periodically review compliance with the requirements of the Code and Treasury Regulations necessary to preserve the tax advantages of such Obligations. Such reviews will include final allocations of proceeds not later than 150 days after completion of facilities financed or refinanced with proceeds of Obligations and annual reviews to ensure private business use of such facilities does not exceed allowable levels. Such annual review will be conducted in connection with the preparation of the Academy's audited financial statements.

D. Potential Non-Compliance

If the Board, upon any annual review or otherwise, discovers noncompliance with any requirements of the Code or Treasury Regulations necessary to preserve the tax advantages of such Obligations, the Board will, after consultation with the Academy's attorney and Bond Counsel, take necessary actions to remedy any such non-compliance.

E. Retention of Professionals; Rebate Analyst

The Academy will engage such professionals or consultants as are necessary, in the judgment of the Educational Service Provider to ensure that the requirements of the Code and Treasury Regulations necessary to preserve the tax advantages of such Obligations are timely met, including, without limitation, the requirement to compute and pay rebatable arbitrage to the United States government or to confirm an exception thereto. The Educational Service Provider will ensure that all information reports or other returns or filings with the United States Department of Treasury or Internal Revenue Service, or the State of Michigan will be timely filed on behalf of the Academy.

F. Purchase of Investments

All investments of the proceeds of Obligations will be purchased at fair market value, as defined in the Code and Treasury Regulations, and will comply with the requirements of the Code and Treasury Regulations relating to yield restriction as advised by Bond Counsel.

G. Credit Enhancement Transactions

The Educational Service Provider will consult with Bond Counsel prior to engaging in any post-issuance credit enhancement transactions (i.e., bond insurance or letters of credit) or hedging transactions (i.e., interest rate swaps, caps, etc.) relating to any Obligation.

H. Subsidy Payments

The Educational Service Provider will implement proper Administrative Procedures to ensure that any federal subsidy payable in respect of any direct-pay tax credit bonds is timely transmitted to the appropriate account of the Academy including the timely filing of any required return or other documentation.

I. Post-Issuance Modifications

The Educational Service Provider will consult with Bond Counsel prior to any modification of the interest rate, maturity date, or other material terms of any Obligation.

J. Records Retention

The Academy will retain records sufficient to demonstrate compliance with the requirements of the Code and Treasury Regulations necessary to preserve the tax advantages of such Obligations for the period required by law, presently understood to be the life of the Obligations or any succeeding refunding Obligation plus three (3) years.

K. Continuing Disclosure

The Educational Service Provider will implement proper Administrative Procedures to ensure that the Academy complies with any undertakings to provide continuing disclosure in accordance with the Rule, including annual filing of operating and financial information and notices of listed "material events." The Educational Service Provider may enter into a contract with a third party to assist the Academy in complying with its continuing disclosure obligations.

L. Training and Education

The Board authorizes the Educational Service Provider and any other person assigned responsibilities under this Policy and the Administrative Procedures/Guidelines to attend educational seminars and conferences providing training and education on post-issuance compliance issues at least once a year and will pay the authorized expenses of such person.

Adopted 12/10/12 Revised 1/25/16; 6/27/16

BAD CHECKS

When the Academy receives a check from a student or parent that, when deposited, is returned marked "insufficient funds", the Educational Service Provider/School Leader shall provide an opportunity for the payor to make proper payment or to arrange for a satisfactory payment schedule. If payment is not received within thirty (30) days, the payment schedule is not adhered to, or the monies do not appear to be collectable, the Board of Directors authorizes the Educational Service Provider to remove the fee or charge from the Academy's Accounts Receivable and to take appropriate action against the student and/or the parents.

STUDENT FEES, FINES, AND SUPPLIES

Reference: MCL 388.1904 [Suggested/Referred to, but not required]

Fees

The Board of Directors may assess certain fees to pay the costs for extra-curricular and noncredit activities. Such fees might be made for expendable items such as magazines, workbook materials, paperback selections, laboratory supplies, materials for clubs, independent study or special projects, transportation costs, and admission/participation fees for School-sponsored trips and activities.

If an eligible student enrolled in an eligible course offered by a career and technical preparation program does not complete the course, other than for reasons related to a family or medical emergency, the student shall repay to the Academy any funds expended by the Academy for the course that are not refunded by the career and technical preparation program, and may also be subject to such sanctions as are provided for in guidelines prepared by the Academy administration.

No student, however, shall be deprived of participation in any mandatory school activity or required curriculum activity due to a lack of financial ability to pay. Fees will not be charged for such activities. Extra-curricular activities for which fees will be charged may not be used in determining credit or grades in any course.

A fee shall not exceed the combined cost of the service(s) provided and/or materials used. An accurate accounting of all fees collected and all fees expended shall be provided to the Superintendent (or his/her designee) for each fee-based activity, at the conclusion of the activity, along with a record of the remission of any fees not expended.

Fines

When Academy property, equipment, or supplies are damaged, lost, or taken by a student, whether in a regular course or extra-curricular offering, a fine will be assessed. The fine will be reasonable, seeking only to compensate the Academy for the expense or loss incurred.

The late return of borrowed books or materials from the Academy libraries will be subject to appropriate fines. Failure to pay the fines may result in loss of privileges.

Any fees or fines collected by members of the staff are to be given to the Accounting Office within twenty-four (24) hours after collection.

In the event the above course of action does not result in the collection of the fee or fine, the Board authorizes the Superintendent to take the student and/or his/her parents to Small Claims Court for collection.

Supplies

The Academy will provide all basic supplies needed by the student to complete the required course curriculum. The student and/or his/her family may choose to purchase their own supplies if they desire to have a greater quantity or quality of supplies, or to conserve the limited resources for use by others. The teacher or appropriate administrator may recommend useful supplies.

Students Experiencing Homelessness - McKinney-Vento Act

No fine or fee shall be charged to a student identified as a student experiencing homelessness unless it is determined that the student has the ability to pay the fee or fine and that its imposition does not create a barrier to the student's ability to enroll, or attend school, achieve academic success, or cause the student to be identified as experiencing homelessness. Any dispute regarding a fine or a fee that is imposed shall not delay the student's enrollment or serve as a barrier to enrollment by delaying the transfer of student records to another academy or school district if applicable.

Immediate enrollment notwithstanding fines or fees shall be extended to extra-curricular and co-curricular activities as well as to academic programming.

- A. prepare long range plan for cost of maintaining alignment of Academy's curriculum with Michigan Curriculum Frameworks as well as materials such as; textbooks, computer software, computer replacement and professional development.
- B. include cost estimates in all ongoing financial requirements;
- C. prepare a long range year-by-year plan for the maintenance and replacement of facilities and equipment;
- D. report to the Board any serious financial implications that emerge from the Academy's ongoing fiscal planning.

In addition, the Board directs the Educational Service Provider to maintain annually a detailed one (1) year forecast of estimated expenditures and revenues.

The Academy's operation and educational plan is reflected in its budgets. Each year, the Board of Directors will cause to have prepared and then review and approve the following fund budges:

()	 _
Ô	
X	 _
	 _
()	 _
()	 _

Each budget shall be designed to carry out Academy operations in a thorough and efficient manner, maintain Academy facilities properly, and honor continuing obligations of the Board.

A proposed budget requires the critical analysis of every member of the Board prior to approval; once adopted, the budget deserves the support of all members of the Board regardless of their position before its adoption.

The Board directs the Educational Service Provider to present the budgets to the Board along with all available information associated with each budget in sufficient time to allow for proper analysis and discussion prior to the hearing.

When presented to the Board for review and/or adoption, the information shall include, as appropriate:

- A. the proposed expenditure and revenue in each financial category for the ensuing year;
- B. the anticipated expenditure and revenue in each financial category for the current year;
- C. the actual expenditure, the approved budget, and the revenue in each financial category for the previous year;
- D. the amount of fund equity anticipated at the end of the current year;
- E. an appropriations resolution.

BUDGET HEARING

Reference: MCL 141.411 et seq.

The annual budget adopted by the Board of Directors represents the Board's position on the allocation of resources required to operate an appropriate system of education. All reasonable means shall be employed by the Board to present and explain that position to all interested parties. The public budget hearing will be conducted in accordance with law.

Each member of the Board, Educational Service Provider, and the School Leader shall be sufficiently acquainted with the budget and its underlying purposes to answer questions from members of the public.

The budget approved by this Board will be made available to the public in the form and at the places required by law. A simplified form of the budget may also be prepared annually and may be sent to appropriate parties and distributed to each person attending the annual budget hearing.

A simplified budget may include the expenditure in each major category of current expense for the current year and the coming year and a summary of anticipated receipts as well as a brief explanation of significant increases and decreases from the preceding budget.

The final adoption of the proposed annual budget shall be made by the Board after completion of the public hearing, but in no case later than June 30th.

BUDGET IMPLEMENTATION

Reference: MCL 141.436 et seq.

The Board of Directors places the responsibility of administering the budget, once adopted, with the Educational Service Provider. The Educational Service Provider shall keep the Board informed as to problems or concerns as the budget is being implemented.

The Educational Service Provider shall be authorized to proceed with making financial commitments, purchases, and other expenditures within limits provided in the budget, limitations stated in Board policies, and within legal authority expressed in State statutes.

Listings of expenditures, appropriate financial reports, and budget comparison reports shall be submitted monthly to the Board to keep members informed as to the status of the budget and overall financial condition of the Academy.

If, during the fiscal year, it appears to the Educational Service Provider that actual revenues are less than estimated revenues, including the available equity upon which the appropriations from the fund were based, the Educational Service Provider shall present to the Board recommended amendments to the General Appropriations Act that will prevent expenditures from exceeding revenues.

Such recommendations shall be in accordance with requirements of the law and provisions of negotiated agreements.

PURCHASING

Reference: MCL 380.1267, 380.1274 et seq.

The purchasing objective of the Board of Directors of the Academy shall be to provide services, materials, and supplies which offer Academy personnel the most effective and efficient means to perform their tasks.

The policy of the Board will be to acquire these at a minimum possible cost, but taking into consideration the best interests of the Academy. The Chief Administrative Officer or Executive Director of the Academy or his/her designees shall serve as the purchasing agents for the Academy.

It is recognized that the Board does rely on upon the Chief Administrative Officer and his/her staff to administer the business operations of the schools. Because the Board cannot relinquish its responsibility and accountability as an agent of the state, the following guidelines are established with regard to purchasing procedures:

- A. In awarding purchases or contracts for services, the Chief Administrative Officer of his/her designee shall consider the following:
 - 1. price
 - 2. quality of product
 - 3. service, delivery, and maintenance of product
 - 4. suitability of product
 - 5. conformance to specifications
 - 6. past service to the Academy
 - 7. vendor reliability
- B. The Board directs that all purchases from all funds under its control and responsibility be made after proper documentation is secured to support such purchases, excluding purchases of minor or emergency nature.
- C. The Board will have a fully operative purchase order system as a means of budgetary control.
- D. Vendor competition in purchasing shall be practiced whenever possible.
- E. The selection of textbooks will not be contingent upon competitive bidding. However, comparative pricing will be considered prior to purchase.
- F. Sufficient amounts must have been budgeted in appropriate accounts and sufficient funds available in said accounts, or line item transfer approval given by the Board.

Competitive Bids

The Chief Administrative Officer shall make available to the Board, upon request, the competitive bids obtained from vendors for goods or services. These copies are to be retained by the Chief Administrative Officer until the audit for a fiscal year has been formally accepted by the Board.

Competitive bids are not required for items purchased through the cooperative bulk purchasing program operated by the Michigan Department of Management and Budget pursuant to MCL 18.1263.

Competitive bids are not required for food purchases, unless food purchased in a single transaction costs \$100,000 or more.

The lowest responsible bidder, submitting a competitive bid, ordinarily shall be awarded the contract. However, the Board reserves the right to accept or reject any bid which it feels is in the best interest of the school, and delegates this authority to those responsible for purchases not coming before the Board.

Non-negotiated Purchase

Purchases which are not negotiated via competitive bidding shall be limited to those purchases made when there is only one supply source, provided the amount does not exceed bidding requirement limitations.

Informal Quotations

Informal quotations (verbal information of price on equal products or services), secured in person or by telephone, may be used in obtaining the many small purchases (\$3000 or less in cost) for routine supplies used by the school.

Written Quotations

No purchase shall be made for goods, construction, or on-teaching services costing more than \$3000 an item, or group related items, without written quotations.

The Chief Administrative Officer or his/her designee is authorized to make sure purchases and shall use discretion in deciding whether such purchases are made on the basis of requested quotation or advertising for bids.

Formal Bidding

No purchases shall be made for goods in a single transaction costing more than \$17,000 or the maximum amount calculated pursuant to Section 1274 of the Revised School Code, whichever is greater, unless competitive bids for those goods are obtained and the purchase is approved by the Board. Pursuant to Section 1267 of the Revised School Code, no construction, addition, repair, or renovation of a school building shall commence unless competitive bids are obtained for material and labor required for such activities.

Competitive bids shall be opened at a specific time and place, as stated in the bid advertisement or in the invitation to bid. Bids may be opened by the Chief Administrative Officer and/or his/her designee at the time and place as stated, and analyzed and brought to

the Board at a regular or special meeting with recommendations as to which bids should be accepted.

The Board shall have discretion in determining the responsibility of the bidders and generally shall award the contract to the lowest responsible bidder, provided specifications are fully met. The Board may also consider available services and delivery in determining the successful bidder. The Board may also reject any or all bids, and in case of construction, shall re-advertise in the event all bids are rejected, in the manner provided by law and this policy.

All bids received after the date and time specified shall be returned to the bidder unopened. Changes in the amount or condition of the bid will not be allowed once the bid has been received.

Voluntary alternates submitted by bidders hall not be considered in determining low bids. However, such alternates may be negotiated after the successful bidder has been determined.

Construction bidders shall be required to file security with the Board, in the amount of five percent (5%) of the amount of the bid, conditioned to secure the school from loss or damage by reason or withdrawal of the bid, or by the failure of the bidder to enter a contract for performance if the bid is accepted by the Board.

Emergency Purchases

Emergency purchases may be made without using the quotation or the bidding process. Such emergencies may arise as a result of an accident or other unforeseen occurrence which could affect the life, health, welfare, or safety of the schools' children, employees, or properties.

Purchasing Rules and Regulations

The Chief Administrative Officer shall develop the necessary rules and regulations to implement this policy, including requisition and approval procedures, verification or purchases, and verification that goods have been received in an acceptable condition and services performed in an acceptable manner.

Automatic Amendments

To the extent this Purchasing Policy is or becomes inconsistent with the requirements of Sections 1264, or 1274 of the Revised School Code, or any other applicable statutory requirement, this Purchasing Policy shall be automatically amended to conform with such requirements.

Procurement – Federal Grants

The Educational Service Provider shall maintain a procurement and contract administration system in accordance with the USDOE requirements (34 CFR 80.36) for the administration and management of Federal grants and federally-funded programs. The Academy shall maintain a compliance system that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. Except as

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

otherwise noted, procurement transactions shall conform to the provisions of this policy and administrative guidelines (AG 6320).

Adopted 7/28/11 Revised 12/10/12

NEW ACADEMY CONSTRUCTION, RENOVATION

Reference:	MCL 380.1267
	M.C.L. 380.1264

Before commencing construction of any new academy building or the major renovation of an existing academy building, the Board shall consult on the plans for construction or major renovation regarding academy safety issues with the law enforcement agency that is the first responder for the academy building at issue. For purposes of this paragraph, academy building means any building intended to be used to provide instruction to students and any recreational or athletic structure or field intended to be used by students.

Before beginning construction of a new academy building, or addition to or repair or renovation of an existing academy building, except repair in emergency situations, the Board, shall obtain competitive bids on all the material and labor required for the complete construction of a proposed new building or addition to or repair or renovation of an existing academy building which exceeds the State statutory limit.

This policy does not apply to buildings, renovations, or repairs costing less than the statutory limit or to repair work normally performed by Academy employees.

The Board shall advertise for the bids required under subsection

- A. by placing an advertisement for bids at least once in a newspaper of general circulation in the area where the building or addition is to be constructed or where the repair or renovation of an existing building is to take place and by posting an advertisement for bids for at least two (2) weeks on the department of management and budget website on a page on the website maintained for this purpose or on a website maintained by an academy organization and designated by the department of management and budget for this purpose.
- B. If the department of management and budget designates an academy organization website for this purpose, the department of management and budget shall indicate this fact on its website and include a link on its website to the school organization website.
- C. The advertisement for bids shall do all of the following:
 - 1. Specify the date and time by which all bids must be received by the Board at a designated location.
 - 2. State that the Board will not consider or accept a bid received after the date and time specified for bid submission.
 - 3. Identify the time, date, and place of a public meeting at which the Board or its designee will open and read aloud each bid received by the Board by the date and time specified in advertisement.
 - 4. State that the bid shall be accompanied by a sworn and notarized statement disclosing any familial relationship that exists between the owner or any employee of the bidder and any member of the Board or the School Principal of the © National Charter Schools Institute

Academy. A Board shall not accept a bid that does not include this sworn and notarized disclosure statement.

- D. The Board shall require each bidder for a contract under this policy, to file with the Board security in an amount not less than 1/20 of the amount of the bid conditioned to secure the Academy from loss or damage by reason of the withdrawal of the bid or by the failure of the bidder to enter a contract for performance, if the bid is accepted by the Board.
- E. The Board shall not open, consider, or accept a bid that the Board receives after the date and time specified for bid submission in the advertisement for bids as described in subsection three (3) of this policy
- F. At a public meeting identified in the advertisement for bids described in subsection three (3) of this policy, the Board or its designee shall open and read aloud each bid that the Board received at or before the time and date for bid submission specified in the advertisement for bids. The Board may reject any or all bids, and if all bids are rejected, shall readvertise in the manner required by this policy.
- G. The competitive bid threshold amount specified in this policy (\$24,459 for 2019) is adjusted each year by multiplying the amount for the immediately preceding year by the percentage by which the average consumer price index for all items for the twelve (12) months ending August 31st of the year in which the adjustment is made differs from that index's average for the twelve (12) months ending on August 31st of the immediately preceding year and adding that product to the maximum amount that applied in the immediately preceding year, rounding to the nearest whole dollar. The current exempt amount must be confirmed with the Michigan Department of Education prior to issuing contracts for construction, renovation, or repairs which exceed the amount listed in this policy.

PROCUREMENT – FEDERAL GRANTS/FUNDS

Reference: 2 C.F.R. 200.317 - .326

Procurement of all supplies, materials, equipment, and services paid for from Federal funds or Academy matching funds shall be made in accordance with all applicable Federal, State, and local statutes and/or regulations, the terms and conditions of the Federal grant, Board policies, and administrative procedures.

The Educational Service Provider shall maintain a procurement and contract administration system in accordance with the USDOE requirements (2 CFR 200.317-.326), including affirmative steps for small and minority businesses and women's business enterprises, for the administration and management of Federal grants and Federally-funded programs. The Educational Service Provider shall maintain a contract administration system that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. Except as otherwise noted, procurement transactions shall conform to the provisions of the Academy's documented general purchasing Policy 6320 and AG 6320.

All Federally-funded contracts in excess of \$2,000 related to construction, alteration, repairs, painting, decorating, etc. must comply with Davis-Bacon prevailing wage requirements.

All Academy employees, whether employed by the Board or by an Educational Service Provider, all officers of the Academy, and all agents of the Academy who have purchasing authority shall abide by the standards of conduct covering conflicts of interest and governing the actions of its employees, whether employed by the Board or by an Educational Service Provider, officers, and agents engaged in the selection, award, and administration of contracts as established in Policy 1130 and Policy 3110– Conflict of Interest.

The Academy will avoid acquisition of unnecessary or duplicative items. Additionally, consideration shall be given to consolidating or breaking out procurements to obtain a more economical purchase. And, where appropriate, an analysis shall be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach. These considerations are given as part of the process to determine the allowability of each purchase made with Federal funds.

To foster greater economy and efficiency, the Academy may enter into State and local intergovernmental agreements where appropriate for procurement or use of common or shared goods and services.

Competition

All procurement transactions paid for from Federal funds or Academy matching funds shall be conducted in a manner that encourages full and open competition and that is in accordance with good administrative practice and sound business judgement. In order to promote objective contractor performance and eliminate unfair competitive advantage, the Academy shall exclude any contractor that has developed or drafted specifications, requirements, statements of work, or invitations for bids or requests for proposals from competition for such procurements.

Some of the situations considered to be restrictive of competition include, but are not limited to, the following:

- A. unreasonable requirements on firms in order for them to qualify to do business;
- B. unnecessary experience and excessive bonding requirements;
- C. noncompetitive contracts to consultants that are on retainer contracts;
- D. organizational conflicts of interest;
- E specification of only a "brand name" product instead of allowing for an "*or equal*" product to be offered and describing the performance or other relevant requirements of the procurement; and
- F. any arbitrary action in the procurement process.

Further, the Academy does not use statutorily or administratively imposed State, local, or tribal geographical preferences in the evaluation of bids or proposals, unless (1) an applicable Federal statute expressly mandates or encourages a geographic preference; or (2) the Academy is contracting for architectural and engineering services, in which case geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

To the extent that the Academy uses a pre-qualified list of persons, firms or products to acquire goods and services, the pre-qualified list includes enough qualified sources as to ensure maximum open and free competition. The Academy allows vendors to apply for consideration to be placed on the list continuously.

Solicitation Language

The Academy shall require that all solicitations made pursuant to this policy incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, shall set forth those minimum essential characteristics and standards to which it shall conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible.

When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a "brand name or equivalent" description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which shall be met by offers shall be clearly stated; and identify all requirements which the offerors shall fulfill and all other factors to be used in evaluating bids or proposals.

The Academy will not approve any expenditure for an unauthorized purchase or contract.

Procurement Methods

The Academy shall utilize the following methods of procurement:

A. Micro-purchases

Procurement by micro-purchase is the acquisition of supplies or services, © National Charter Schools Institute the aggregate dollar amount of which does not exceed \$3,500. To the extent practicable, the Academy shall distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be made without soliciting competitive quotations if Educational Service Provider considers the price to be reasonable. The Academy maintains evidence of this reasonableness in the records of all purchases made by this method.

B. Small Purchases

Small purchase procedures provide for relatively simple and informal procurement methods for securing services, supplies, and other property that does not exceed the competitive bid threshold of \$5,000. Small purchase procedures require that price or rate quotations shall be obtained from an adequate number of qualified sources.

C. Sealed Bids

Sealed, competitive bids shall be obtained when the purchase of, and contract for, single items of supplies, materials, or equipment which amounts more than to the amount allowed by Michigan statute and when the Board determines to build, repair, enlarge, improve, or demolish a academy building/facility the cost of which will exceed the amount allowed by Michigan statute.

In order for sealed bidding to be feasible, the following conditions shall be present:

- 1. a complete, adequate, and realistic specification or purchase description is available;
- 2. two (2) or more responsible bidders are willing and able to compete effectively for the business; and
- 3. the procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

When sealed bids are used, the following requirements apply:

- 1. Bids shall be solicited in accordance with the provisions of State law and Policy 6320. Bids shall be solicited from an adequate number of qualified suppliers, providing sufficient response time prior to the date set for the opening of bids. The invitation to bid shall be publicly advertised.
- 2. The invitation for bids will include product/contract specifications and pertinent attachments and shall define the items and/or services required in order for the bidder to properly respond.
- 3. All bids will be opened at the time and place prescribed in the invitation for bids; bids will be opened publicly.
- 4. A firm fixed price contract award will be made in writing to the lowest © National Charter Schools Institute

responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts may only be used to determine the low bid when prior experience indicates that such discounts are usually taken.

- 5. The Board reserves the right to reject any or all bids for sound documented reason.
- D. Competitive Proposals

Procurement by competitive proposal, normally conducted with more than one source submitting an offer, is generally used when conditions are not appropriate for the use of sealed bids or in the case of a recognized exception to the sealed bid method. (See Policy 6320 for competitive bid procedures.)

If this method is used, the following requirements apply:

- 1. Requests for proposals shall be publicized and identify all evaluation factors and their relative importance. Any response to the publicized requests for proposals shall be considered to the maximum extent practical.
- 2. Proposals shall be solicited from an adequate number of sources.
- 3. The Academy shall use its written method for conducting technical evaluations of the proposals received and for selecting recipients.
- 4. Contracts shall be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.

The Academy may use competitive proposal procedures for qualificationsbased procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E that firms are a potential source to perform the proposed effort.

E. Noncompetitive Proposals

Procurement by noncompetitive proposals allows for solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- 1. the item is available only from a single source
- 2. the public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation

© National Charter Schools Institute

- 3. the Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the Academy
- 4. after solicitation of a number of sources, competition is determined to be inadequate

Contract/Price Analysis

The Academy shall perform a cost or price analysis in connection with every procurement action in excess of \$250,000, including contract modifications. A cost analysis generally means evaluating the separate cost elements that make up the total price, while a price analysis means evaluating the total price, without looking at the individual cost elements.

The method and degree of analysis is dependent on the facts surrounding the particular procurement situation; however, the Academy shall come to an independent estimate prior to receiving bids or proposals.

When performing a cost analysis, the Academy shall negotiate profit as a separate element of the price. To establish a fair and reasonable profit, consideration is given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

Time and Materials Contracts

The Academy uses a time and materials type contract only (1) after a determination that no other contract is suitable; and (2) if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract whose cost to the Academy is the sum of the actual costs of materials, and direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, the Academy sets a ceiling price for each contract that the contractor exceeds at its own risk. Further, the Academy shall assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

Suspension and Debarment

The Academy will award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the proposed procurement. All purchasing decisions shall be made in the best interests of the Academy and shall seek to obtain the maximum value for each dollar expended. When making a purchasing decision, the Academy shall consider such factors as (1) contractor integrity; (2) compliance with public policy; (3) record of past performance; and (4) financial and technical resources.

The Educational Service Provider shall have the authority to suspend or debar a person/corporation, for cause, from consideration or award of further contracts. The Academy is subject to and shall abide by the nonprocurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR Part 180.

Suspension is an action taken by the Academy that immediately prohibits a person from participating in covered transactions and transactions covered under the Federal Acquisition © National Charter Schools Institute

Regulation (48 CFR chapter 1) for a temporary period, pending completion of an agency investigation and any judicial or administrative proceedings that may ensue. A person so excluded is suspended. (2 CFR Part 180 Subpart G)

Debarment is an action taken by the Educational Service Provider to exclude a person from participating in covered transactions and transactions covered under the Federal Acquisition Regulation (48 CFR chapter 1). A person so excluded is debarred. (2 CFR Part 180 Subpart H)

The Academy shall not subcontract with or award subgrants to any person or company who is debarred or suspended. For contracts over \$25,000, the Academy shall confirm that the vendor is not debarred or suspended by either checking the Federal government's System for Award Management, which maintains a list of such debarred or suspended vendors at www.sam.gov; collecting a certification from the vendor; or adding a clause or condition to the covered transaction with that vendor. (2 CFR Part 180 Subpart C)

Bid Protest

The Academy maintains the following protest procedures to handle and resolve disputes relating to procurements and, in all instances, discloses information regarding the protest to the awarding agency.

A bidder who wishes to file a bid protest shall file such notice and follow procedures prescribed by the Request For Proposals (RFPs) or the individual bid specifications package, for resolution. Bid protests shall be filed in writing with the Educational Service Provider within seventy-two (72) hours of the opening of the bids in protest.

Within five (5) days of receipt of a protest, the Educational Service Provider shall review the protest as submitted and render a decision regarding the merits of the protest and any impact on the acceptance and rejection of bids submitted. Notice of the filing of a bid protest shall be communicated to the Board and shall be so noted in any subsequent recommendation for the acceptance of bids and awarding of contracts.

Failure to file a notice of intent to protest, or failure to file a formal written protest within the time prescribed, shall constitute a waiver of proceedings.

Maintenance of Procurement Records

The Academy maintains records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price (including a cost or price analysis).

The Academy will avoid acquisition of unnecessary or duplicative items. Additionally, consideration shall be given to consolidating or breaking out procurements to obtain a more economical purchase. To foster greater economy and efficiency, the Academy may enter into State and local intergovernmental agreements where appropriate for procurement or use of common or shared goods and services.

Competition

All procurement transactions for the acquisition of property or services required under a Federal award paid for from Federal funds or Academy matching funds shall be conducted in a manner that encourages full and open competition and that is in accordance with good administrative practice and sound business judgement. In order to promote objective contractor performance and eliminate unfair competitive advantage, the Academy shall exclude any contractor that has developed or drafted specifications, requirements, statements of work, or invitations for bids or requests for proposals from competition for such procurements.

Some of the situations considered to be restrictive of competition include, but are not limited to, the following:

A. unreasonable requirements on firms in order for them to qualify to do business;

- B. unnecessary experience and excessive bonding requirements;
- C. noncompetitive pricing practices between firms or between affiliated companies;
- D. noncompetitive contracts to consultants that are on retainer contracts;
- E. organizational conflicts of interest;
- F. specification of only a "brand name" product instead of allowing for an "*or equal*" product to be offered and describing the performance or other relevant requirements of the procurement; and
- G. any arbitrary action in the procurement process.

Further, the Academy does not use statutorily or administratively imposed State, local, or tribal geographical preferences in the evaluation of bids or proposals, unless (1) an applicable Federal statute expressly mandates or encourages a geographic preference; or (2) the Academy is contracting for architectural and engineering services, in which case geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

To the extent that the Academy uses a pre-qualified list of persons, firms or products to acquire goods and services that are subject to this policy, the pre-qualified list includes enough qualified sources as to ensure maximum open and free competition. The Academy allows vendors to apply for consideration to be placed on the list continuously.

The Academy shall require that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to provide maximum open and free competition. The Academy shall not preclude potential bidders from qualifying during the solicitation period.

Solicitation Language (Purchasing Procedures)

The Academy shall have written procurement procedures that require that all solicitations made pursuant to this policy incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, shall set forth those minimum essential characteristics and standards to which it shall conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible.

When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a "brand name or equivalent" description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which shall be met by offers shall be clearly stated; and identify all requirements which the offerors shall fulfill and all other factors to be used in evaluating bids or proposals.

The Academy will not approve any expenditure for an unauthorized purchase or contract.

BOARD OF DIRECTORS ACADEMY NAME

Procurement Methods

The Academy shall have and use documented procedures, consistent with the standards described above for the following methods of procurement:

A. Informal Procurement Methods

When the value of the procurement for property or services under a Federal award does not exceed the simplified acquisition threshold, or a lower threshold established by the State, formal procurement methods are not required. The Academy may use informal procurement methods to expedite the completion of its transactions and minimize the associated administrative burden and cost. The informal methods used for procurement of property or services at or below the simplified acquisition threshold include:

1. Micro-purchases

Procurement by micro-purchase is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed \$ 3,500. To the maximum extent practicable, the Academy should distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be made without soliciting competitive quotations if Educational Service Provider considers the price to be reasonable based on research, experience, purchase history or other relevant information and documents are filed accordingly. The Academy shall maintain evidence of this reasonableness in the records of all purchases made by this method.

2. Small Purchases

Small purchases include the acquisition of property or services, the aggregate dollar amount of which is higher than the micro-purchase threshold but does not exceed the simplified acquisition threshold of \$5,000. Small purchase procedures require that price or rate quotations shall be obtained from qualified sources.

Academies are responsible for determining an appropriate simplified acquisition threshold based on internal controls, an evaluation of risk, and its documented procurement procedures which must not exceed the threshold established in the Federal Acquisition Regulations (FAR). When applicable, a lower simplified acquisition threshold used by the non-Federal entity must be authorized or not prohibited under State, local, or tribal laws or regulations.

B. Formal Procurement Methods

When the value of the procurement for property or services under a Federal award exceeds the simplified acquisition threshold, or a lower threshold established by the State, formal procurement methods are required. Formal procurement methods require following documented procedures. Formal procurement methods also require public advertising unless a non-competitive procurement method can be used in accordance with the standards on

competition in C.F.R. 200.319 or non-competitive procurement. The formal methods of procurement are:

1. Sealed Bids

Sealed, competitive bids shall be obtained when the purchase of, and contract for, single items of supplies, materials, or equipment which amounts more than to the amount allowed by Michigan statute and when the Board determines to build, repair, enlarge, improve, or demolish an academy building/facility the cost of which will exceed the amount allowed by Michigan statute.

In order for sealed bidding to be feasible, the following conditions shall be present:

- a. a complete, adequate, and realistic specification or purchase description is available;
- b. two (2) or more responsible bidders are willing and able to compete effectively for the business; and
- c. the procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

When sealed bids are used, the following requirements apply:

- a. Bids shall be solicited in accordance with the provisions of State law and Policy 6320. Bids shall be solicited from an adequate number of qualified suppliers, providing sufficient response time prior to the date set for the opening of bids. The invitation to bid shall be publicly advertised.
- b. The invitation for bids will include product/contract specifications and pertinent attachments and shall define the items and/or services required in order for the bidder to properly respond.
- c. All bids will be opened at the time and place prescribed in the invitation for bids; bids will be opened publicly.
- d. A firm fixed price contract award will be made in writing to the lowest responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts may only be used to determine the low bid when prior experience indicates that such discounts are usually taken.
- e. The Board reserves the right to reject any or all bids for sound documented reason.
- 2. Proposals

Procurement by proposals is a method in which either a fixed price or cost-reimbursement type contract is awarded. Proposals are generally used when conditions are not appropriate for the use of sealed bids or in the case of a recognized exception to the sealed bid method. (See Policy 6320 for competitive bid procedures.)

If this method is used, the following requirements apply:

- a. Requests for proposals shall be publicized and identify all evaluation factors and their relative importance. Any response to the publicized requests for proposals shall be considered to the maximum extent practical.
- b. Proposals shall be solicited from an adequate number of sources.
- c. The Academy shall use its written method for conducting technical evaluations of the proposals received and for selecting recipients.
- d. Contracts shall be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.

The Academy may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E that firms are a potential source to perform the proposed effort.

3. Noncompetitive Procurement

Procurement by noncompetitive proposals allows for solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- a. micro-purchases
- b. the item is available only from a single source
- c. the public exigency or emergency for the requirement will not permit a delay resulting from publicizing a competitive solicitation
- d. the Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the Academy
- e. after solicitation of a number of sources, competition is determined to be inadequate.

As appropriate and to the extent consistent with law, the Academy shall, to the extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. Such requirements shall be included in all subawards including all contracts and purchase orders for work or products under the Federal award.

Contract/Price Analysis

The Academy shall perform a cost or price analysis in connection with every procurement action in excess of \$250,000, including contract modifications. A cost analysis generally means evaluating the separate cost elements that make up the total price, while a price analysis means evaluating the total price, without looking at the individual cost elements.

The method and degree of analysis is dependent on the facts surrounding the particular procurement situation; however, the Academy shall come to an independent estimate prior to receiving bids or proposals.

When performing a cost analysis, the Academy shall negotiate profit as a separate element of the price. To establish a fair and reasonable profit, consideration is given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

Time and Materials Contracts

The Academy uses a time and materials type contract only (1) after a determination that no other contract is suitable; and (2) if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract whose cost to the Academy is the sum of the actual costs of materials, and direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, the Academy sets a ceiling price for each contract that the contractor exceeds at its own risk. Further, the Academy shall assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

Suspension and Debarment

The Academy will award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the proposed procurement. All purchasing decisions shall be made in the best interests of the Academy and shall seek to obtain the maximum value for each dollar expended. When making a purchasing decision, the Academy shall consider such factors as (1) contractor integrity; (2) compliance with public policy; (3) record of past performance; and (4) financial and technical resources.

The Educational Service Provider shall have the authority to suspend or debar a person/corporation, for cause, from consideration or award of further contracts. The Academy is subject to and shall abide by the nonprocurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR Part 180.

Suspension is an action taken by the Academy that immediately prohibits a person from participating in covered transactions and transactions covered under the Federal Acquisition Regulation (48 CFR chapter 1) for a temporary period, pending completion of an agency investigation and any judicial or administrative proceedings that may ensue. A person so excluded is suspended. (2 CFR Part 180 Subpart G)

Debarment is an action taken by the Educational Service Provider to exclude a person from participating in covered transactions and transactions covered under the Federal Acquisition Regulation (48 CFR chapter 1). A person so excluded is debarred. (2 CFR Part 180 Subpart H)

The Academy shall not subcontract with or award subgrants to any person or company who is debarred or suspended. For contracts over \$25,000, the Academy shall confirm that the vendor is not debarred or suspended by either checking the Federal government's System for Award Management, which maintains a list of such debarred or suspended vendors at www.sam.gov; collecting a certification from the vendor; or adding a clause or condition to the covered transaction with that vendor. (2 CFR Part 180 Subpart C)

Bid Protest

The Academy maintains the following protest procedures to handle and resolve disputes relating to procurements and, in all instances, discloses information regarding the protest to the awarding agency.

A bidder who wishes to file a bid protest shall file such notice and follow procedures prescribed by the Request For Proposals (RFPs) or the individual bid specifications package, for resolution. Bid protests shall be filed in writing with the Educational Service Provider within seventy-two (72) hours of the opening of the bids in protest.

Within five (5) days of receipt of a protest, the Educational Service Provider shall review the protest as submitted and render a decision regarding the merits of the protest and any impact on the acceptance and rejection of bids submitted. Notice of the filing of a bid protest shall be communicated to the Board and shall be so noted in any subsequent recommendation for the acceptance of bids and awarding of contracts.

Failure to file a notice of intent to protest, or failure to file a formal written protest within the time prescribed, shall constitute a waiver of proceedings.

Maintenance of Procurement Records

The Academy shall maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price (including a cost or price analysis).

CONFLICT OF INTEREST - LEGAL COUNSEL, ADVISORS, OR CONSULTANTS

Reference: M.C.L. 380.1203

A person serving as the legal counsel to the Academy or otherwise acting as an advisor or consultant to the Board of Directors, who believes or has reason to believe that the s/he has a conflict of interest with regard to a contract or other financial transaction that requires the approval of the Board shall disclose the conflict of interest to the Board before the vote on the contract or other financial transaction.

Such a person is presumed to have conflict of interest if the person or his/her family member has financial interest, or a competing financial interest in the contract or other financial transaction under consideration by the Board.

"Family member" means a person's spouse or spouse's sibling or child; a person's sibling or sibling's spouse or child; a person's child or child's spouse; or a person's parent or parent's spouse; and includes these relationships as created by adoption or marriage.

Having a child in the Academy does not alone constitute a conflict of interest or financial interest in a contract or other financial transaction of the Academy.

USE OF CREDIT CARDS

The Board of Directors recognizes the value of an efficient method of payment and recordkeeping for certain expenses.

The Board, therefore, authorizes the use of Academy credit cards with a total authorized limit not to exceed five percent (5%) of the General Fund Budget.

The Educational Service Provider shall develop administrative guidelines that specify those authorized to use credit cards, the types of expenses which can be paid by credit card, and their proper supervision and use.

COOPERATIVE PURCHASING

Reference: MCL 124.1 et seq.

The Board of Directors recognizes the advantages of centralized purchasing in that volume buying tends to maximize value for each dollar spent. The Board, therefore, encourages the Educational Service Provider to seek advantages in savings that may accrue to this Academy through joint agreements for the purchase of supplies, equipment, or services with the governing body(ies) of other governmental units.

The Board authorizes the Educational Service Provider to negotiate such joint purchase agreements for services, supplies, and equipment which may be determined to be required from time to time by the Board and which the Board may otherwise lawfully purchase for itself, with governmental contracting units as may be appropriate in accordance with State law, the policies of this Board, and the dictates of sound purchasing procedures.

Cooperative or joint purchases require an agreement approved by the Board and the participating contracting body(ies) which shall specify the categories of equipment and supplies to be purchased; the manner of advertising for bids and of awarding contracts; the method of payment by each participating party and such other matters as may be deemed necessary to carry out the purposes of the agreement. Such agreements are subject to all legal bidding requirements.

VENDOR RELATIONS

Reference: MCL 15.321 et seq.

Neither the Board of Directors, Educational Service Provider nor the School Leader shall enter a contract knowingly with any supplier of goods or services to this Academy under which any Board member or officer, staff member, or agent of this Academy has any financial or beneficial interest, direct or indirect, unless the person has not solicited the contract or participated in the negotiations leading up to the contract. This prohibition shall not prevent any person from receiving royalties upon the sale of any textbook of which s/he is the author and which has been properly approved for use in the Academy.

For the purpose of this policy "beneficial interest" shall be determined in accordance with MCL 15.321 et seq.

Board members and Academy personnel shall not accept any gifts or favors from vendors which might, in any way, influence their recommendations on the eventual purchase of equipment, supplies, or services.

All sales persons, regardless of product, shall clear with the Educational Service Provider before contacting any teachers, students, or other personnel of the Academy. Purchasing personnel shall not show any favoritism to any vendor. Each order shall be placed in accordance with policies of the Board on the basis of quality, price, and delivery with past service a factor if all other considerations are equal.

PAYMENT OF CLAIMS

Reference:MCL 380.1274

The Board of Directors directs the prompt payment of legitimate claims by suppliers of goods and services to the Academy.

Each bill or obligation of this Board must be itemized fully, and verified before a warrant can be drawn for its payment.

When an invoice is received, the Educational Service Provider shall verify the following: a voucher is submitted properly: acceptable goods were received or satisfactory services rendered; the expenditure is included in the Board's budget and funds are available for its payment; and the amount of the invoice is correct.

The Educational Service Provider is authorized to approve electronic funds transfers (EFTs) in the completion of prompt payment of legitimate claims. Such payments shall comply with the provisions of Policy 6107 and Michigan Statute.

All payments shall be submitted for Board review in the form of a list, including the vendor's name; the number and amount of the payment check; and a description of the item.

PAYROLL DEDUCTIONS

MCL 380.1224, 408.477; 423.210 (2012 P.A. 53) Michigan OAG 7187 (2006) Michigan Education Ass'n v. Sec. of State. (on rehearing) 489 Mich.194 (2011)

The Board of Directors authorizes, in accordance with the provisions of law or upon proper authorization on the appropriate form that deductions be made from an employee's paycheck for the following purposes:

- A. Federal and State income tax;
- B. Social Security;
- C. Municipal income tax;
- D. Public School Employees Retirement System;
- E. Michigan Public School Employment Retirement System (MPSERS) Tax Deferred Payment (TDP) plan;

Deductions are not allowed for dues or service fees for a labor organization or for contributions to political action committees. [Note: The prohibition on deduction of union dues or services fees is effective as of March 16, 2012, unless a collective bargaining agreement was in effect as of that date, then it becomes effective with the date of expiration, renewal or extension of that bargaining agreement.]

To the extent permitted by law and in accordance with procedures set forth below, the Board declares its willingness to enter into an agreement with any of its employees whereby the employee agrees to take a reduction in salary with respect to amounts earned after the effective date of such agreement in return for the Board's agreement to use a corresponding amount to purchase an annuity for such employee (or group of employees desiring the same annuity company) from any company authorized to transact the business as specified in law in accordance with Section 403(b) of the Internal Revenue Code, and in accordance with the Academy's Administrative Procedures. However, it shall be clearly understood that the Board's only function shall be the deduction and remittance of employee funds.

In any case where the employee designates the agent, broker or company through whom the Board shall arrange for the placement or purchase of the tax-sheltered annuity, the agent, broker or company must execute a reasonable service agreement, an information sharing agreement, and/or other similar agreements as determined at the discretion of the Academy. The service agreement shall include a provision that protects, indemnifies, and holds the Academy harmless from any liability attendant to procuring the annuity in accordance with provisions of the Internal Revenue Code and other applicable Federal or State law.

The Board, by providing employees with payroll deduction services for annuities, is not providing any financial advice to employees, and is not vouching for the suitability of any investment or any annuity provider. The Academy assumes no responsibility or liability for any investment decisions or losses with respect to employee annuity purchases.

Said agreement shall comply with all of the provisions of law and may be terminated as said law provides upon notice in writing by either party. Employees shall notify the School Leader's office in writing if they wish to participate in such a program.

The Educational Service Provider shall be responsible for all payroll functions.

Petty cash fund may not be used to circumvent the purchasing procedures required by law and the policies of this Board. A request for petty cash funds must be made in writing, be signed by the person making the request, and include such supporting documentation as may be appropriate. The petty cash box must be secured daily.

The petty cash fund will be closed out for audit at the end of the Academy year and unused funds will be returned to the depository.

TRUST AND AGENCY FUND

The Board of Directors allows the establishment of a Trust and Agency Fund for the financial administration of scholarships and other trusts operated for the benefit of students and duly approved by the Board.

The Educational Service Provider shall be responsible for the administration of the Trust and Agency Fund. The Fund will be audited annually and will be administered under appropriate accounting controls. The books of account will record income and expenses separately for each approved area.

The Board will, upon recommendation of the School Leader, consider, as appropriate, the presentation of token gifts to such individuals and groups who have rendered service to the Academy for a period of time. The use of public funds for the purchase of a plaque, medal, trophy, or other award for the recognition of any employee, volunteer, or student may not exceed current statute limitations per recipient.

Public funds under the control of the Academy may NOT be used to purchase alcoholic beverages, jewelry, gifts, fees for golf, or any item whose purchase or possession is illegal. Any such expenditure violates this policy.

The Board authorizes expenses incurred as listed above only when they serve a public purpose. GIFTS, GRANTS, AND BEQUESTS

The Board of Directors is duly appreciative of public interest in and good will toward the Academy manifested through gifts, grants, and bequests. If accepted, the Board will attempt to carry out the wishes of the donor. All gifts, grants, or bequests shall be accepted and acknowledged by the Board, Educational Service Provider, or School Leader.

Any proposal for the purchase of equipment by a parent organization for use in the Academy or at an Academy-related event shall be submitted to the Educational Service Provider, prior to purchase, so it can determine if the Academy would incur any liability by its use.

The Board reserves the right to not accept such liability and thus deny the use of the equipment by students or Academy employees.

DISPOSITION OF REAL PROPERTY

References: 2 C.F.R. 200.85

USE OF TOBACCO ON ACADEMY PREMISES

Reference: MCL 333.12601 et seq. MCL 380.1170 MCL 750.473 20 USC 6081 et seq. USDOE. Memorandum, 1995 MDE Board Policy on 24/7 Tobacco-Free Schools

The Board of Directors believes that the right of persons to use tobacco must be balanced against the right of those who do not use tobacco to breathe air untainted by tobacco.

The use of tobacco products of any kind, including but not limited to cigarettes, cigars, pipes, and chewing tobacco, and by any person, is prohibited on academy property (including grounds, buildings, and vehicles) and during any academy-sponsored activity or event.

In order to protect students and employees who choose not to use tobacco from an environment noxious to them and potentially damaging to their health, the Board prohibits the use of tobacco products on Academy premises (owned or leased), in academy vehicles, at all academy sponsored events and in all academy buildings owned and/or operated by the Academy.

The term "tobacco" includes any product that contains tobacco, is derived from tobacco, contains nicotine, or e-cigarettes and other electronic smoking devices (including but not limited to "JUUL's"), but does not include any cessation product approved by the United States Food and Drug Administration for use as a medical treatment to reduce or eliminate nicotine or tobacco dependence.

In order to protect students and staff who choose not to use tobacco from an environment noxious to them, and because the Board does not condone smoking and/or the use of tobacco, the Board prohibits the use of tobacco or tobacco substitute products at all times (twenty-four (24) hours a day, seven (7) days a week) within any enclosed facility owned or leased or contracted for by the Board, and in the areas directly or indirectly under the control of the Board immediately adjacent to locations of ingress or egress to such facilities. This prohibition extends to any Board-owned and/or operated vehicles used to transport students and to all other Board-owned and/or operated vehicles. Such prohibition also applies to:

Such a program may include the use of video surveillance and electronic monitoring equipment in appropriate public areas in and around the schools and other School facilities, and on school buses.

Every effort shall be made to apprehend those who knowingly cause serious physical harm to students, staff, visitors and Board property and may require prosecution of those who bring harm to persons and/or property. Appropriate authorities may be contacted in the case of serious offenses.

The Educational Service Provider is authorized to install metal detectors and video surveillance/electronic monitoring equipment on school property in order to protect the health, welfare, and safety of students, staff, visitors and Board property, and other security devices that would assist in the detection of guns and dangerous weapons:

- A. in Academy buildings;
- B. on Academy property;
- C. at *Board-sponsored/*controlled events.

The Educational Service Provider is authorized to install temporary door locking devices as permitted by law in order to protect the health, welfare, and safety of students, staff, visitors and Board property. VIDEO SURVEILLANCE AND ELECTRONIC MONITORING

Reference: FERPA, 20 U.S.C. 1232g 34 C.F.R. 99.1-99.67 Title I of the Electronic Communication Privacy Act of 1986 18 U.S.C. 2510-2521

The Board of Directors authorizes the use of video surveillance and electronic monitoring equipment at various Academy sites throughout the Academy and on school buses. The video surveillance/electronic monitoring equipment shall be used to protect Board property and assets from theft and vandalism, through deterrence and video documentation. The system is not designed nor intended to protect individuals from being victims of violent or property crimes, nor to detect other potentially illegal and undesirable activities that may occur, although information may be used as evidence in such cases.

The Chief Administrative Officer is responsible for approving where and when to install and operate fixed-location video surveillance/electronic monitoring equipment in the Academy. The building principals and administrators responsible for other facilities shall be responsible for recommending use of video surveillance/electronic monitoring. The determination of where and when to use video surveillance/electronic monitoring equipment will be made in a nondiscriminatory manner. Video surveillance/electronic monitoring equipment may be placed in common areas in school buildings (e.g., school hallways, entryways, the front office where students, employees and visitors are permitted to freely come and go, gymnasiums, cafeterias, libraries), the school parking lots and other outside areas, and in school buses. Except in extraordinary circumstances and with the written authorization of the Chief Administrative Officer or Board President, video surveillance/electronic monitoring equipment shall not be used in areas where persons have a reasonable expectation of privacy (e.g., restrooms, locker rooms, changing areas). The Chief Administrative Officer shall carefully consider and consult with Academy legal counsel before authorizing placement in, private offices (unless there is express consent given by the office occupant), or conference/meeting rooms, or in individual classrooms during instructional times. Security staff and administrators are authorized to carry and use portable video cameras when responding to incidents.

Any person who takes action to block, move, or alter the location and/or viewing angle of a video camera shall be subject to disciplinary action.

Legible and visible signs shall be placed at the main entrance to buildings where video surveillance/electronic monitoring equipment is in use. Signs shall be reasonably designed to notify people that their actions/behaviors are being monitored/recorded.

Any information obtained from video surveillance/electronic monitoring systems may only be used to support the orderly operation of the Academy and facilities, and for law enforcement purposes, and not for any other purposes.

The Educational Service Provider will not use video surveillance/electronic monitoring equipment to obtain information for the purpose of routine staff appraisal/evaluation or monitoring. However, prerecorded lessons or observations of on-line virtual learning sessions may be included as part of an employee's evaluation.

The Educational Service Provider, shall appoint individuals to the Technology Governance Committee that include representatives of all educational, administrative and business/operational areas in the Academy.

The ATP shall set forth procedures for the proper acquisition of technology. The ATP shall also provide guidance to staff and students about making safe, appropriate and ethical use of Academy Technology Resources, as well as inform both staff and students about disciplinary actions that will be taken if its Technology Resources are abused in any way or used in an inappropriate, illegal, or unethical manner. See Policy 7540.03 and AG 7540.03 - Student Technology Acceptable Use and Safety, and Policy 7540.04 and AG 7540.04 – Staff Technology Acceptable Use and Safety.

The Educational Service Provider, in conjunction with the Technology Planning Team, shall review the ATP and recommend the approval of any changes, amendments, or revisions to the Board annually.

This policy, along with the Student and Staff Technology Acceptable Use and Safety policies, and the Student Code of Conduct, further govern students' and staff members' use of their personal communication devices (see Policy 5136 and Policy 7530.02). Users have no right or expectation of privacy when using Academy technology resources (including, but not limited to, privacy in the content of their personal files, e-mails and records of their online activity when using the Academy's computer network and/or Internet connection).

Further safeguards shall be established so that the Board's investment in both hardware and software achieves the benefits of technology and inhibits negative side effects. Accordingly, students shall be educated about appropriate online behavior including, but not limited to, using social media to interact with others online; interacting with other individuals in chat rooms or on blogs; and, recognizing what constitutes cyberbullying, understanding cyberbullying is a violation of Board policy, and learning appropriate responses if they experience cyberbullying.

For purposes of this policy, social media is defined as Internet-based applications that facilitate communication (e.g., interactive/two-way conversation/dialogue) and networking between individuals or groups. Social media is "essentially a category of online media where people are talking, participating, sharing, networking, and bookmarking online. Most social media services encourage discussion, feedback, voting, comments, and sharing of information from all interested parties." [Quote from Ron Jones of Search Engine Watch]

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

Social media provides a way for people to stay "connected or linked to other sites, resources, and people." Examples include Facebook, Twitter, Instagram, webmail, text messaging, chat, blogs, and instant messaging (IM). Social media does not include sending or receiving e-mail through the use of Academy-issued e-mail accounts.

Staff may use social media for business-related purposes. Authorized staff may use Academy Technology Resources to access and use social media to increase awareness of Academy programs and activities, as well as to promote achievements of staff and students, provided the Educational Service Provider approves, in advance, such access and use. Use of social media for business-related purposes is subject to Michigan's public records laws and staff members are responsible for archiving their social media and complying with the Academy's record retention schedule. See Policy 8310 – Public Records, AG 8310A - Public Records, and AG 8310D – Records Retention and Disposal.

Staff must comply with Policy 7540.04 and Policy 7530.02 when using Academy Technology Resources to access and/or use social media.

Adopted 7/28/11 Revised 12/19/16

TECHNOLOGY PRIVACY

Staff members shall be notified that they have should have no expectation that any personal information/data maintained, stored, or transmitted contained on or through such systems is confidential or private.

Review of such information may be done by the Board and/or Educational Service Provider with or without the staff member's knowledge. The use of passwords does not guarantee confidentiality, and the Board retains the right to access information in spite of a password. All passwords or security codes must be registered with the Board. A staff member's refusal to permit such access may be grounds for discipline up to and including discharge.

Academy Technology Resources are to be used only for business and educational purposes.

No personal messages should be exchanged via Board-owned technology. Because Academy Technology Resources are to be used primarily for business and educational purposes, staff members are prohibited from sending offensive, discriminatory, or harassing computer, electronic, or voice mail messages.

Staff members are encouraged to keep their personal records and personal business at home.

Academy Technology Resources must be used properly. Review of computer files, electronic mail, and voice mail will only be done in the ordinary course of business and will be motivated by a legitimate business reason. If a staff member's personal information is discovered, the contents of such discovery will not be reviewed by the Board, except to the extent necessary to determine if the files/e-mail/voice mail constitute a public record or if the Board's interests have been compromised. Any information discovered will be limited to those who have a specific need to know that information. The administrators and supervisory staff members authorized by the Educational Service Provider have the authority to search and access information electronically.

All Academy Technology Resources and Academy Information Resources are the property of the Board. Such pre-approval shall include a review of any copyright infringements or virus problems associated with such outside software.

Adopted 7/28/11 Revised 12/19/16

WEB CONTENT, SERVICES AND APPS

The Board of Directors authorizes the creation of web sites by employees and students of the Academy to be published on the World Wide Web. The creation of web sites by students must be done under the supervision of a professional staff member. These web sites must reflect the professional image of the Academy, its employees, and students. The content of all pages must be consistent with the Board's Mission Statement and is subject to prior approval of the Educational Service Provider/Chief Administrative Officer.

The purpose of such web sites is to educate, inform, and communicate. The following criteria should be used to guide the development of such web sites:

- A. Content provided in the web site should be suitable for and usable by students and teachers to support the curriculum and the Board's Objectives as listed in the Board's Technology Plan.
- B. Content may inform the community about the Academy, teachers, students, or departments, including information about curriculum, events, class projects, student activities, and departmental policies.
- C. Content may provide an avenue to communicate with the community.

The information contained on the web site should reflect and support the Board's Mission Statement, Educational Philosophy, and the School Improvement Process.

When the content includes a photograph or information relating to a student the Board will abide by the provisions of Policy 8330 - Student Records.

All links included on the pages must also meet the above criteria and comply with State and Federal law (e.g. copyright laws, Children's Internet Protection Act), ADA, Student Online Personal Protection Act (SOPPA) and Children's Online Privacy Protection Act (COPPA). Nothing in this paragraph shall prevent the Academy from linking the Board's website to (1) recognized news/media outlets (e.g., local newspapers' websites, local television stations' websites) or (2) to websites that are developed and hosted by outside commercial vendors pursuant to a contract with the Board. The Board recognizes that such third party websites may contain age appropriate advertisements that are inconsistent with the requirements of Policy 9700.01, AG 9700B, and State and federal Law.

Under no circumstances is a web site to be used for commercial purposes advertising, political lobbying or to provide financial gains for any individual. Included in this prohibition is the fact no webpages contained on the Academy's website may: (1) include statements or other items that support or oppose a candidate for public office or a ballot proposal, the investigation, prosecution or recall of a public official, or passage of a tax levy or bond issue; (2) link to a website of another organization if the other website includes such a message; (3) communicate information that supports or opposes any labor organization or any action by, on behalf of, or against any labor organization; or communicate a political position or advocate for an issue.

Pages should reflect an understanding that both internal and external audiences will be viewing the information. School web sites must be located on Board-affiliated servers.

The Board retains all proprietary rights related to the design of web sites and/or pages that are hosted on the Board's servers, absent written agreement to the contrary.

Students who want their class work to be displayed on the Board's web site must have written parent permission and expressly license its display without cost to the Board. Prior written parental permission is necessary for a student to be identified by name on the Board's website.

The Board recommends that the Educational Service Provider shall prepare administrative guidelines defining the standards permissible for web-site use.

STUDENT EDUCATION TECHNOLOGY ACCEPTABLE USE AND SAFETY

Reference: P.L. 106-554, Children's Internet Protection Act of 2000 P.L. 110-385, Title II, Protecting Children in the 21st Century Act 18 USC 1460 18 USC 2246 18 USC 2256 20 USC 6777, 9134 (2003) 20 USC 6801 et seq., Part F, Elementary and Secondary Education Act of 1965, as amended (2003) 47 USC 254(h), (1), Communications Act of 1934, as amended (2003) 47 C.F.R. 54.520

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The Board provides Education Technology so that students can acquire the skills and knowledge to learn effectively and live productively in a digital world. The Board of Directors provides students with access to the Internet for limited educational purposes only and utilizes online educational services to enhance the instruction delivered to its students. The Academy's Internet system does not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with tis limited educational purpose.

This policy and its related administrative guidelines and the Student Code of Conduct govern students' use of the Academy's computers, laptops, tablets, personal communication devices (as defined by Policy 5136), network, and Internet connection and online educational services ("Education Technology" or "Ed-Tech"). The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Education Technology. Users have no right or expectation to privacy when using the Ed-Tech (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity while on the network and Internet).

This policy and its related administrative guidelines and the Student Code of Conduct also govern students' use of their personal communication devices (that is, according to Policy 5136, computers, laptops, tablets, e-readers, cellular/mobile telephones, smartphones, and any other web-enabled device), when connected to the Academy's network, the Academy's Internet connection, and online educational services ("Education Technology" or "Ed-Tech"). The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Education Technology. Users have no right or expectation to privacy when using the Ed-Tech (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity while on the network and Internet).

First, and foremost, the Board may not be able to technologically limit access to services through its Educational Technology to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted procedures and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, opens classrooms and students to

electronic information resources that may not have been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures which protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the Chief Administrative Officer, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The Academy also utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. However, the Board is cognizant of the fact that such software and/or hardware is not perfect and relies on students to self-police (and immediately cease viewing) online activity that would otherwise be in conflict with these policies and to immediately report such to the Chief Administrative Officer. The Educational Service Provider may temporarily or permanently unblock access to websites or online education services containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures.

Parents/guardians are advised that a determined user may be able to gain access to services on the Internet that the Board has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using Education Technology. The Board supports and respects each family's right to decide whether to apply for independent student access to the Education Technology.

The technology protection measures may not be disabled at any time that students may be using the Education Technology, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

The Educational Service Provider is directed to prepare procedures which address students' safety and security while using e-mail, chat rooms and other forms of direct electronic communications, and prohibit disclosure of personal identification information of minors and unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by minors online.

Pursuant to Federal law, students shall receive education about the following:

- A. safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications;
- B. the dangers inherent with the online disclosure of personally identifiable information;

- C. the consequences of unauthorized access (e.g., "hacking") cyberbullying and other unlawful or inappropriate activities by students online; and
- D. unauthorized disclosure, use, and dissemination of personal information regarding minors.

The Board directs the Educational Service Provider to implement procedures regarding the appropriate use of technology and online safety and security as specified above. Furthermore, the Educational Service Provider will implement monitoring procedures for the online activities while students are at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

The Educational Service Provider is responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying procedures. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of the Education Technology. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response. All Internet users (and their parents if they are minors) are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying procedures.

Students may be assigned a school email account that they are required to utilize for all Academy-related electronic communications, including those to staff members and individuals and/or organizations outside the Academy with whom they are communicating for Academy-related projects and assignments. Further, as directed and authorized by their teachers, they shall use their Academy-assigned email account when signing up/registering for access to various online educational services, including mobile applications/apps that will be utilized by the student for educational purposes.

Students and staff members are responsible for good behavior on the Academy's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. The Board does not sanction any use of the Education Technology that is not authorized by or conducted strictly in compliance with this policy and its accompanying procedures.

Students shall not access social media for personal use from the Academy's network.

Users who disregard this policy and its accompanying procedures may have their use privileges suspended or revoked, and disciplinary action taken against them. Users of the Board's Education Technology are personally liable, both civilly and criminally, for uses of the Education Technology not authorized by this Board policy and its accompanying procedures.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

The Board designates the Educational Service Provider and designee as the persons responsible for initiating, implementing, and enforcing this policy and its accompanying procedures as they apply to the use of the Academy's Education Technology for instructional purposes.

Adopted 7/28/11 Revised 6/25/12; 2/9/15

STAFF TECHNOLOGY ACCEPTABLE USE AND SAFETY

Reference: P.L. 106-554, Children's Internet Protection Act of 2000 P.L. 110-385, Title II, Protecting Children in the 21st Century Act 18 USC 1460 18 USC 2246 18 USC 2256 20 USC 6801 et seq., Part F, Elementary and Secondary Education Act of 1965, as amended (2003) 47 USC 254(h), (1), Communications Act of 1934, as amended (2003)

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The Board of Directors provides Technology and Information Resources (as defined by Bylaw 0100) to support the educational and professional needs of its staff and students. The Board provides staff with access to the Internet for limited educational purposes only and utilizes online educational services/apps to enhance the instruction delivered to its students and to facilitate the staff's work. The Academy's computer network and Internet system does not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

The Board regulates the use of Academy Technology and Information Resources by principles consistent with applicable local, State, and Federal laws, and the Academy's educational mission. This policy and its related administrative guidelines, Policy 7544 and AG 7544 and any applicable employment contracts and collective bargaining agreements govern the staffs' use of the Academy's Technology and Information Resources and staff's personal communication devices when they are connected to the Academy's computer network, Internet connection and/or online educational services/apps, or when used while the staff member is on Board-owned property or at a Board-sponsored activity (see Policy 7530.02).

Users are required to refrain from actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like). Because its Technology Resources are not unlimited, the Board has also instituted restrictions aimed at preserving these resources, such as placing limits on use of bandwidth, storage space, and printers.

Users have no right or expectation to privacy when using Academy's Technology and Information Resources (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity when using the Academy's computer network and/or Internet connection).

Staff are expected to utilize Academy Technology and Information Resources to promote educational excellence in our schools by providing students with the opportunity to develop the resource sharing, innovation, and communication skills and tools that are essential to both life and work. The Board encourages the faculty to develop the appropriate skills necessary to effectively access, analyze, evaluate, and utilize these resources in enriching educational activities. The instructional use of the Internet and online educational services will be guided by Board Policy 2521 – Selection of Instructional Materials and Equipment.

The Internet is a global information and communication network that brings incredible education and information resources to our students. The Internet connects computers and users in the School with computers and users worldwide. Through the Internet, students and

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

staff can access relevant information that will enhance their learning and the education process. Further, Academy Technology Resources provide students and staff with the opportunity to communicate with other people from throughout the world. Access to such an incredible quantity of information and resources brings with it, however, certain unique challenges and responsibilities.

The Board may not be able to technologically limit access over its Technology Resources, to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted procedures and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, opens classrooms and students to electronic information resources that may not have been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures, that protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or Educational Service Provider, the technology protection measures may also be configured to protect against access to other material considered inappropriate for students to access. The Board also utilizes software and/or hardware to monitor online activity of staff members to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. However, the Board is cognizant of the fact that such software and/or hardware is not perfect and relies on Staff members to self-police (and immediately cease viewing) online activity that would otherwise be in conflict with these policies and to immediately report such to the Chief Administrative Officer. The technology protection measures may not be disabled at any time that students may be using the Academy Technology Resources, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any staff member who attempts to disable the technology protection measures without express written consent of an appropriate administrator will be subject to disciplinary action, up to and including termination.

The Educational Service Provider or Chief Administrative Officer may temporarily or permanently unblock access to websites or online educational services/apps containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures. The determination of service provider or Chief Technology Officer may also disable the technology protection measures to enable access for bona fide research or other lawful purposes.

The Educational Service Provider is directed to prepare procedures which address students' safety and security while using e-mail, chat rooms and other forms of direct electronic communication, and prohibit disclosure of personal identification information of minors and unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by minors online. Staff members are reminded that personally identifiable student information is confidential and may not be disclosed without prior written parental permission. The Board directs the Educational Service Provider to initiate professional development programs in accordance with the provisions of law and this policy. Training shall include:

- A. the safety and security of students while using e-mail, chat rooms, social media and other forms of direct electronic communications;
- B. the inherent danger of students disclosing personally identifiable information online;
- C. the consequences of unauthorized access (e.g., "hacking", "harvesting", "digital piracy", "data mining", etc.), cyberbullying and other unlawful or inappropriate activities by students or staff online; and
- D. unauthorized disclosure, use, and dissemination of personally-identifiable information regarding minors.

Furthermore, the Board directs the Educational Service Provider to cause to provide instruction for students regarding the appropriate use of technology and online safety and security as specified above, and the Educational Service Provider will implement monitoring procedures for the online activities while students are at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

The disclosure of personally identifiable information about students online is prohibited.

The Educational Service Provider is responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying procedures. The Board expects that guidance will be provided and instruction offered to students in the appropriate use of the Academy Technology Resources. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social media including in chat rooms, and cyberbullying awareness and response. All users of Academy Technology Resources are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying procedures.

Staff will be assigned a school e-mail address that they are required to utilize for all schoolrelated electronic communications, including those to students, parents and other constituents, fellow staff members, and vendors or individuals seeking to do business with the Academy.

With prior approval from the Chief Administrative Officer or Chief Technology Officer, staff may direct students who have been issued Academy-assigned email accounts to use those accounts when signing up/registering for access to various online educational services including mobile applications/apps that will be utilized by the students for educational purposes under the teacher's supervision.

The Board expects all Academy personnel to be responsible for good behavior o when using Academy Technology and Information Resources – i.e., behavior comparable to that expected when in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. The Board does not approve any use of its Technology and Information Resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines and Policy 7544 and its accompanying procedure.

Staff members use of Academy Technology Resources to access or use social media is to be consistent with Policy 7544 and its accompanying procedure.

An employee's personal or private use of social media may have unintended consequences. While the Board respects its employees' First Amendment rights, those rights do not include permission to post inflammatory comments that could compromise the Academy's mission, undermine staff relationships, or cause a substantial disruption to the school environment. This warning includes staff members' online conduct that occurs off school property including from the employee's private computer. Postings to social media should be done in a manner sensitive to the staff member's professional responsibilities.

General school rules for behavior and communication apply.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked, and disciplinary action taken against them. Users are personally responsible and liable, both civilly and criminally, for uses of Academy Technology and Information Resources that are not authorized by this policy and its accompanying guidelines.

The Board designates the Educational Service Provider as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to staff members' use of Academy Technology and Information Resources.

In addition, Federal and State confidentiality laws forbid schools and Academy employees from using or disclosing student education records without parental consent. See Policy 8330. Education records include a wide variety of information; posting personally identifiable information about students is not permitted. Academy personnel who violate State and Federal confidentiality laws or privacy laws related to the disclosure of confidential employee information may be disciplined.

ACADEMY-ISSUED STAFF E-MAIL ACCOUNT

<u>Staff</u>

The Board of Directors is committed to the effective use of electronic mail ("e-mail") by all Academy staff and Board members in the conduct of their official duties. This policy and any corresponding guidelines are intended to establish a framework for the proper use of e-mail for conducting official business and communicating with colleagues, students, parents and community members.

When available, the Academy's e-mail system must be used by employees for any official Academy e-mail communications. Personal e-mail accounts on providers other than the Academy's e-mail system may be blocked at any time if concerns for network security, SPAM, or virus protection arise. Furthermore, Academy staff are expected to exercise reasonable judgment and prudence and take appropriate precautions to prevent viruses from entering the Academy's network when opening or forwarding any e-mails or attachments to e-mails that originate from unknown sources.

Academy staff shall not send or forward mass e-mails, even if the e-mails concern Academy business, without prior approval of the Chief Technology Officer.

Academy staff may join list servs or other e-mail services (e.g. RSS feeds) that pertain to their responsibilities in the Academy, provided these list servs or other e-mail services do not exceed the staff member's e-mail storage allotment. The Educational Service Provider is authorized to block e-mail from list servs or e-mail services.

Staff members are encouraged to keep their inbox and folders organized by regularly reviewing e-mail messages, appropriately saving e-mails that constitute a public record or student record and e-mails that are subject to a litigation hold (see Policy 8315 – Information Management), and purging all other e-mails that have been read.

Public Records

The Academy complies with all Federal and State laws pertaining to electronic mail. Accordingly, e-mails written by or sent to Academy staff and Board members may be public records if their content concerns Academy business, or education records if their content includes personally identifiable information about a student. E-mails that are public records are subject to retention and disclosure, upon request, in accordance with Policy 8310 – Public Records. E-mails that are student records must be maintained pursuant to Policy 8330 – Student Records. Finally e-mails may constitute electronically stored information ("ESI") that may be subject to a litigation hold pursuant to Policy 8315 – Information Management.

State and Federal law exempt certain documents and information within documents from disclosure, no matter what their form. Therefore, certain e-mails may be exempt from disclosure or it may be necessary to redact certain content in the e-mails before the e-mails are released pursuant to a public records request, the request of a parent or eligible student to review education records, or a duly served discovery request involving ESI.

E-mails written by or sent to Academy staff and Board members by means of their private email account may be public records if the content of the e-mails concerns Academy business, or education records if their content includes personally identifiable information about a student. Consequently, staff shall comply with an Academy request to produce copies of email in their possession that are either public records or education records, or that constitute ESI that is subject to a litigation hold, even if such records reside on a computer owned by an individual staff member, or are accessed through an e-mail account not controlled by the Academy.

Retention

Pursuant to State and Federal law, e-mails that are public records or education records, and e-mails that are subject to a litigation hold shall be retained.

Unauthorized E-mail

The Board does not authorize the use of its Technology Resources, including its computer network ("network") to accept, transmit, or distribute unsolicited bulk e-mail sent through the Internet to network e-mail accounts. In addition, Internet e-mail sent, or caused to be sent, to or through the network that makes use of or contains invalid or forged headers, invalid or nonexistent domain names, or other means of deceptive addressing will be deemed to be counterfeit. Any attempt to send or cause such counterfeit e-mail to be sent to or through the network is unauthorized. Similarly, e-mail that is relayed from any third party's e-mail servers without the permission of that third party, or which employs similar techniques to hide or obscure the source of the e-mail, is also an unauthorized use of the network. The Board does not authorize the harvesting or collection of network e-mail addresses for the purposes of sending unsolicited e-mail. The Board reserves the right to take all legal and technical steps available to prevent unsolicited bulk e-mail or other unauthorized e-mail from entering, utilizing, or remaining within the network. Nothing in this policy is intended to grant any right to transmit or send e-mail to, or through, the network. The Board's failure to enforce this policy in every instance in which it might have application does not amount to a waiver of its rights.

Unauthorized use of the network in connection with the transmission of unsolicited bulk email, including the transmission of counterfeit e-mail, may result in civil and criminal penalties against the sender and/or possible disciplinary action.

Authorized Use and Training

Pursuant to Policy 7540.04, staff and Board members using the Academy's e-mail system shall acknowledge their review of, and intent to comply with, the Academy's policy on acceptable use and safety by signing the Internal Use Policy or Form 7540.04 F1.

Furthermore, staff and Board members using the Academy's e-mail system shall satisfactorily complete training, pursuant to the Internet Use Policy, regarding the proper use and retention of e-mail.

Adopted 7/28/11 Revised 12/18/17

ACADEMY-ISSUED STUDENT E-MAIL ACCOUNT

Students assigned an academy e-mail account are required to utilize it for all academy-related electronic communications, including those to staff members and individuals and/or organizations outside the Academy with whom they are communicating for academy-related projects and assignments. Further, as directed and authorized by their teachers, they shall use their academy-assigned e-mail account when signing-up/registering for access to various online educational services, including mobile applications/apps that will be utilized by the student for educational purposes.

This policy and any corresponding guidelines serve to establish a framework for student's proper use of e-mail as an educational tool.

Personal e-mail accounts on providers other than the Academy's e-mail system may be blocked at any time if concerns for network security, SPAM, or virus protection arise. Students are expected to exercise reasonable judgment and prudence and take appropriate precautions to prevent viruses from entering the Academy's network when opening or forwarding any e-mails or attachments to e-mails that originate from unknown sources.

Students shall not send or forward mass e-mails, even if educationally-related, without prior approval of their classroom teacher or the Educational Service Provider.

Students may join list servs or other e-mail services (e.g. RSS feeds) that pertain to academic work, provided the e-mails received from the list servs or other e-mail services do not become excessive. The Educational Service Provider is authorized to block e-mail from list servs or e-mail services if the e-mails received by the student becomes excessive.

Students are encouraged to keep their inbox and folders organized by regularly reviewing email messages and purging e-mails once they are read and no longer needed for school.

Unauthorized E-mail

The Board does not authorize the use of its Technology Resources, including its computer network ("network"), to accept, transmit, or distribute unsolicited bulk e-mail sent through the Internet to network e-mail accounts. In addition, Internet e-mail sent, or caused to be sent, to or through the network that makes use of or contains invalid or forged headers, invalid or nonexistent domain names, or other means of deceptive addressing will be deemed to be counterfeit. Any attempt to send or cause such counterfeit e-mail to be sent to or through the network is unauthorized. Similarly, e-mail that is relayed from any third party's e-mail servers without the permission of that third party, or which employs similar techniques to hide or obscure the source of the e-mail, is also an unauthorized use of the network. The Board does not authorize the harvesting or collection of network e-mail addresses for the purposes of sending unsolicited e-mail. The Board reserves the right to take all legal and technical steps available to prevent unsolicited bulk e-mail or other unauthorized e-mail from entering, utilizing, or remaining within the network. Nothing in this policy is intended to grant any right to transmit or send e-mail to, or through, the network. The Board's failure to enforce this policy in every instance in which it might have application does not amount to a waiver of its rights.

Unauthorized use of the network in connection with the transmission of unsolicited bulk email, including the transmission of counterfeit e-mail, may result in civil and criminal penalties against the sender and/or possible disciplinary action.

CRIMINAL HISTORY RECORD CHECK

Reference: M.C.L. 380.1230 et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Academy hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Academy or with a third-party vendor, management company, or similar contracting entity, to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").¹ Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work within the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the Chief Administrative Officer may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. the record check has been requested;
- B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
- C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

For substitute teachers or substitute bus drivers currently working in another district, public school academy or non-public school in the State, the Chief Administrative Officer may use a

¹ Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy or, if such access is approved by the Board, ESP personnel who are provided view only access by the Local Agency Security Officer. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321

report received from the State Police by such school to confirm the individual has no criminal history. Absent such confirmation, a criminal history record check shall be performed.

Individuals working in multiple districts or Academies may authorize the release of a prior criminal history records check with another district or Academy in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Academy in lieu of submitting to a new criminal background check. If this method is used, the Chief Administrative Officer must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay-off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

All criminal history record check reports received from the State Police or produced by the State Police and received by the Academy from another proper source will be maintained in the individual's personnel record.

When the Academy receives a report that shows an individual has been convicted of a listed offense under state statutes or any felony, the Chief Administrative Officer shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in M.C.L. 28.722. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the Chief Administrative Officer and the Board provide written approval.

The Academy must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Academy with regard to such conviction. Such report shall be filed within sixty (60) days or receipt of the original report of the conviction.

The Chief Administrative Officer shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the Chief Administrative Officer shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must provide, at the Academy's expense, a set of fingerprints, prepared by an entity approved by the Michigan State Police, upon receiving an offer of employment, or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to the CHRI by the Chief Administrative Officer or the Board. Records involving misdemeanor convictions for sexual or physical abuse or any felony are not subject to these restrictions. Violation of confidentiality is considered a misdemeanor punishable by a fine up to \$10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Academy employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a FOIA request.

Criminal history reports may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school district, intermediate school district, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

Reference: Federal Rules of Civil Procedure 34, 37(f)

The Board of Directors recognizes its responsibility, in certain circumstances, to maintain information created, maintained or otherwise stored by the Academy outside the "Records Retention Schedule". In such situations, a "Litigation Hold" procedure will be utilized to identify and preserve information relevant to a specific matter. "Information" includes both paper documents and electronically stored information ("ESI"). When implementing the "Litigation Hold," the Academy will identify individuals in possession or custody of paper documents, ESI and electronic media containing ESI, and inform them of their obligation to preserve the documents and ESI outside the "Records Retention Schedule". The Academy will also identify third parties with custody or control over paper documents, ESI, or electronic media storing ESI, and request them to preserve that information. All information falling within a "Litigation Hold," which is under the control of the Academy, must be preserved in a readily accessible form and cannot be disposed of under the "Records Retention and Disposal" requirements. Failure to comply with a Litigation Hold notice may result in disciplinary action, up to and including possible termination.

Instances where the Board must maintain information outside the "Records Retention Schedule" include:

- A. when the Board has specific information and/or written notice from an individual, parent or student of an intent to file an appeal of student discipline to State court;
- B. when the Board has specific information and/or written notice that litigation is imminent even though the litigation has not yet been filed in Federal or State court;
- C. when the Board is served with litigation, including, but not limited to, notice of a lawsuit in Federal or State court, or notice of a student disciplinary appeal to State court;
- D. when the Board receives specific information and/or written notification from an employee, labor union, or other person of an intent to file a claim against the Board, its members, employees or agents at an administrative agency such as the Equal Employment Opportunity Commission, Michigan Employment Relations Commission, U.S. Department of Education Office for Civil Rights, State Personnel Board of Review, or a Civil Service Commission regarding a claim against the Board, its members, employees or agents;
- E. when the Board receives specific information and/or written notification from an administrative agency such as the Equal Employment Opportunity Commission, Michigan Employment Relations Commission, U.S. Department of Education Office for Civil Rights, State Personnel Board of Review, or a Civil Service Commission regarding a claim against the Board, its members, employees

Commission regarding a claim against the Board, its members, employees or agents;

- F. when the Board receives written notification from a third party requesting that the Board maintain information that could be at issue in litigation or potential litigation against that third party;
- G. when the Chief Administrative Officer recommends the termination of an employee to the Board pursuant to a labor contract;
- H. when the Board explores, contemplates or initiates litigation.

RECEIPT OF LEGAL DOCUMENTS

Service of Process on the Board of Directors

In suits against the Board, only the Board President or Educational Service Provider accepts service on behalf of the Board.

Service of Legal Documents on Board Employees

Board employees may be served with legal documents (1) requesting not only public records (such as employees' personnel files), but also student education records and other documents and electronically stored information maintained by the Academy, or (2) directing them to testify at a deposition or hearing concerning issues that fall within the employees' employment responsibilities.

An employee served with legal documents in his/her official capacity as a Board employee shall immediately provide copies of those legal documents to his/her Principal or site administrator.

The Principal or site administrator shall immediately furnish copies to the Educational Service Provider and shall follow his/her directives.

Generally, confidential personnel records, student records, or personal observations or opinions about student behavior/academic performance do not have to be disclosed. The law makes an exception for a subpoena or court order.

Board policy requires the Principal or a site administrator to release only the documents specifically identified in the subpoena or order. In circumstances where, in responding to a subpoena or order, information is developed or summarized from the student's education records, a copy of that information and a statement of the purpose for which it was prepared shall be filed in the student's cumulative folder.

The Board requires the Educational Service Provider or Board attorney to accompany the employee to the deposition or hearing.

STUDENT RECORDS

Reference: MCL 380.1135 Letter, April 6, 2004 Jeremy Hughes, Deputy Supt. Department of Education 34 CFR Part 99, 2002 Section 444 of subpart of part C of the General Education Provisions Act Title IV of Public Law 90-247 20 USC, Section 1232f through 1232i (FERPA) 20 USC 1400 et seq., Individuals with Disabilities Education Improvement Act 20 USC 7165(b) 26 USC 152 20 USC 7908

In order to provide appropriate educational services and programming, the Board of Directors must collect, retain, and use information about individual students. Simultaneously, the Board recognizes the need to safeguard student's privacy and restrict access to student's personally identifiable information.

If the parent or legal guardian of a student provides the Academy with notice that s/he/they have received a participation card issued by the attorney general under the address confidentiality program act, the Academy shall not disclose the confidential address of the student, regardless of any other provision of this policy. The Educational Service Provider, or his or her designee, shall develop a process to ensure that a student's participation in the address confidentiality program act is appropriately noted to avoid disclosure of this information to any person or entity.

Student "personally identifiable information" ("PII") includes, but is not limited to: the student's name; the name of the student's parent or other family members; the address of the student or student's family; a personal identifier, such as the student's social security number, student number, or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who the Academy reasonably believes knows the identity of the student to whom the education record relates.

The Board of Directors is responsible for maintaining records of all students attending this Academy. Only records mandated by the State or Federal government and/or necessary and relevant to the function of the Academy or specifically permitted by this Board will be compiled by Board employees. The Board hereby authorizes collection of the following student records, in addition to the membership record required by law:

- A. observations and ratings of individual students by professional staff members acting within their sphere of competency
- B. samples of student work
- C. information obtained from professionally acceptable standard instruments of measurement such as:
 - 1. interest inventories and aptitude tests
 - 2. vocational preference inventories
 - 3. achievement tests

© National Charter Schools Institute

- 4. standardized intelligence tests
- D. authenticated information provided by a parent or eligible student concerning achievements and other school activities which the parent or student wants to make a part of the record
- E. verified reports of serious or recurrent behavior patterns
- F. rank in class and academic honors earned
- G. psychological tests
- H. attendance records
- I. health records
- J. custodial arrangements

In all cases, permitted, narrative information in student records shall be objectively-based on the personal observation or knowledge of the originator.

Student records shall be available only to students and their parents, eligible students, and designated school officials who have a legitimate educational interest in the information, or to other individuals or organizations as permitted by law. The term "parents" includes legal guardians or other persons standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child). The term "eligible student" refers to a student who is eighteen (18) years of age or older or a student of any age who is enrolled in a postsecondary institution.

In situations in which a student has both a custodial and a noncustodial parent, both shall have access to the student's educational records unless stipulated otherwise by court order. In the case of eligible students parents will be allowed access to the records without the student's consent, provided the student is considered a dependent under section 152 of the Internal Revenue Code.

An Academy official is a person employed by the Educational Service Provider as an administrator, supervisor, teacher/instructor (including substitutes), or support staff member (including health or medical staff and law enforcement unit personnel); and a person serving on the Board. The Board further designates the following individuals as entities as "school officials" for the purpose of FERPA:

- A. persons or companies with whom the Board has contracted to perform a specific task (such as an attorney, auditor, insurance representative, or medical consultant);
- B. contractors, consultants, volunteers or other parties to whom the Board has outsourced a service or function otherwise performed by the Board employees (e.g. a therapist, authorized information technology (IT) staff, and approved online Educational Service Providers).

The above-identified outside parties must (a) perform institutional services or functions for which the Board would otherwise use its employees, (b) be under the direct control of the Board with respect to the use and maintenance of education records, and (c) be subject to the

requirements of 34 CFR 99.33(a) governing the use and re-disclosure of PII from education records.

Finally, a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks (including volunteers) is also considered an "Academy official" for purposes of FERPA provided s/he meets the above-referenced criteria applicable to other outside parties.

"Legitimate educational interest" shall be defined as a "direct or delegated responsibility for helping the student achieve one (1) or more of the educational goals of the Academy" or if the record is necessary in order for the school official to perform an administrative, supervisory or instructional task or to perform a service or benefit for the student or the student's family. The Board directs that reasonable and appropriate methods (including but not limited to physical and/or technological access controls) are utilized to control access to student records and to make certain that school officials obtain access to only those education records in which they have legitimate educational interest.

The Board authorizes the administration to:

- A. forward student records, including any suspension and expulsion action against the student, on request to a school or school district in which a student of this Academy seeks or intends to enroll upon condition that the student's parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record;
- B. forward student records, including disciplinary records with respect to suspensions and expulsions, upon request to a public school or school Board in which a student in foster care is enrolled. Such records shall be transferred within one (1) school day of the enrolling school's request;
- C. provide "personally-identifiable" information to appropriate parties, including parents of an eligible student, whose knowledge of the information is necessary to protect the health or safety of the student or other individuals, if there is an articulable and significant threat to the health or safety of a student or other individuals, considering the totality of the circumstances;
- D. report a crime committed by a child with or without a disability to appropriate authorities and, with respect to reporting a crime committed by a student with a disability, to transmit copies of the student's special education records and disciplinary records including any suspension and expulsion action against the student to the authorities and school officials for their consideration;
- E. release de-identified records and information in accordance with Federal regulations;
- F. disclose personally identifiable information from education records, without consent, to organizations conducting studies "for, or on behalf of" the Academy for purposes of developing, validating or administering predictive tests, administering student aid programs, or improving instruction;

Information disclosed under this exception must be protected so that students and parents cannot be personally identified by anyone other than a representative of the organization conducting the study, and must be destroyed when no longer needed for the study. In order to release information under this provision, the Academy will enter into a written agreement with the recipient organization that specifies the purpose of the study. (See Form 8330 F14.)

While the disclosure of personally identifiable information (other than social security numbers, religion, political party affiliation, voting record, or biometric information) is allowed under this exception, it is recommended that de-identifiable information be used whenever possible. This reduces the risk of unauthorized disclosure.

G. disclose personally identifiable information from education records without consent, to authorized representatives of the Comptroller General, the Attorney General, and the Secretary of Education, as well as state and local educational authorities. The disclosed records must be used to audit or evaluate a federal or state supported education program, or to enforce or comply with Federal requirements related to those education programs. A written agreement between the parties is required under this exception. (See Form 8330 F16)

The Academy will verify that the authorized representative complies with FERPA regulations.

H. request each person or party requesting access to a student's record to abide by the Federal regulations concerning the disclosure of information.

The Board will comply with a legitimate request for access to a student's records within a reasonable period of time but not more than forty-five (45) days after receiving the request or within such shorter period as may be applicable to students with disabilities. Upon the request of the viewer, a record shall be reproduced, unless said record is copyrighted, and the viewer may be charged a fee equivalent to the cost of handling and reproduction. Based upon reasonable requests, viewers of education records will receive explanation and interpretation of the records.

The Board shall maintain a record of those persons to whom information about a student has been disclosed. Such disclosure records will indicate the student, person viewing the record, information disclosed, date of disclosure, and date parental/eligible student consent was obtained (if required).

Upon written request by a student's parent or legal guardian, the Academy shall disclose to the parent or legal guardian any personally identifiable information concerning the student that is collected or created by the Academy as part of the student's education records.

If the Academy provides any personally identifiable information concerning the student that is collected or created by the Academy as part of the student's education records to any person, agency, or organization, then the Academy shall disclose to the student's parent or legal guardian upon his or her written request:

A. The specific information that was disclosed.

- B. The name and contact information of each person, agency, or organization to which the information has been disclosed.
- C. The legitimate reason that the person, agency, or organization had in obtaining the information.

This information shall be provided without charge within 30 days after the Academy receives the written request and without charge to the parent or legal guardian.

The Academy is not required to disclose to the parent or legal guardian, even upon written request, any personally identifiable information concerning the student that is collected or created by the Academy as part of the student's education records and is provided to any person, agency, or organization in any of the following situations:

- A. Provision of such information to the Michigan Department of Education or CEPI.
- B. Provision of such information to the student's parent or legal guardian.
- C. Provision of such information to its authorizing body or to an educational management organization with which it has a management agreement.
- D. Provision of such information to or from its intermediate school board or to another intermediate school board providing services to the Academy or its students pursuant to a written agreement.
- E. Provision of such information to a person, agency, or organization with written consent from the student's parent or legal guardian or, if the student is at least age 18, the student.
- F. Provision of such information to a person, agency, or organization seeking or receiving records in accordance with an order, subpoena, or ex parte order issued by a court of competent jurisdiction.
- G. Provision of such information as necessary for standardized testing that measures the student's academic progress and achievement.
- H. Provision of such information that is covered by the opt-out form described above, unless the student's parent or legal guardian or, if the student is at least age 18 or is an emancipated minor, the student has signed and submitted the opt-out form referenced below.

Only "directory information" regarding a student shall be released to any person or party, other than the student or his/her parent, without the written consent of the parent; or, if the student is an eligible student, the written consent of the student, except those persons or parties stipulated by the Board policy and administrative procedures and/or those specified in the law.

The Board shall exempt from disclosure directory information, as requested for the purpose of surveys, marketing, or solicitation, unless the Board determines that the use is consistent with the educational mission of the Board and beneficial to the affected students. The Board may take steps to ensure that directory information disclosed shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitations. Before disclosing the directory information, the Board may require the requester to execute an affidavit stating that directory © National Charter Schools Institute

information provided shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

- B. Address (except for students participating in the address confidentiality program act);
- C. telephone number;
- D. date and place of birth;
- E. major field of study;
- F. participation in officially recognized activities and sports; height and weight, if a member of an athletic team;

The Academy designates Academy-assigned email accounts as "directory information" for the limited purpose of facilitating students' registration for access to various online educational services, including mobile application/apps that will be utilized by the student educational purposes and for inclusion in internal email address books. Academy-limited purpose(s) and to any person or entity but the specific online Educational Service Provider and internal users of the Academy's Education Technology. The Educational Service Provider will also develop a list of uses for which the Academy commonly would disclose a student's directory information and develop an opt-out form that lists all of the uses or instances and allows a parent or legal guardian to elect not to have his or her child's directory information disclosed for 1 or more of these uses.

Each student's parent or legal guardian will be provided with the opt-out form within the first 30 days of the school year. The form shall also be provided to a parent or legal guardian at other times upon request.

If an opt-out form is signed and submitted to the Academy by a student's parent or legal guardian, the Academy shall not include the student's directory information in any of the uses that have been opted out of in the opt-out form. A student who is at least age 18 or is an emancipated minor may act on his or her own behalf with respect to the opt-out form.

Parents and eligible students may also refuse to allow the Academy to disclose any or all of such "directory information" upon written notification to the Academy within seven (7) days after receipt of the Academy's public notice.

Armed Forces Recruiting

The Board shall provide United States Armed Forces recruiters with at least the same access to the high school campus and to student directory information (names, addresses, Academy-assigned email addresses (if available) (except for students participating in the address confidentiality program act), and telephone listings of secondary students) as is provided to other entities offering educational or employment opportunities to those students. "Armed forces of the United States" means the armed forces of the United States and their reserve components and the United States Coast Guard.

If a student or the parent or legal guardian of a student submits a signed, written request to the Board that indicates that the student or the parent or legal guardian does not want the student's directory information to be accessible to official recruiting representatives, then the officials of the school shall not allow that access to the student's directory information. The Board shall ensure that students and parents and guardians are notified of the provisions of the opportunity to deny release of directory information.

Public notice shall be given regarding the right to refuse disclosure of any or all "directory information" including to the armed forces of the United States and the service academies of the armed forces of the United States.

A fee, not to exceed the actual costs incurred by the high school, for copying and mailing student directory information under this section, may be charged an official recruiting representative.

Directory information received under armed services authorization request shall be used only to provide information to students concerning educational and career opportunities available in the armed forces of the United States or the service academies of the armed forces of the United States. An official recruiting representative who receives student directory information under this section shall not release that information to a person who is not involved in recruiting students for the armed forces of the United States or the service academies of the armed forces of the armed forces of the United States.

Annually the Board will notify male students age eighteen (18) or older that they are required to register for the selective service.

Requests to the School Records Officer shall be presented on a standardized form developed by the armed forces of the United States requesting access to a high school campus and a time for the access. Requests should bear the signature of the ranking recruiting officer of the armed service making the request.

Whenever consent of the parent(s)/eligible student is required for the inspection and/or release of a student's *education* records or for the release of "directory information", either parent may provide such consent unless stipulated otherwise by court order. If the student is under the guardianship of an institution, the Chief Administrative Officer shall appoint a person who has no conflicting interest to provide such written consent.

The Board may disclose "directory information" on former students without student or parental consent, unless the parent or eligible student previously submitted a request that such information not be disclosed without their prior written consent.

The Academy shall not sell or otherwise provide to a for-profit business entity any personally identifiable information that is part of a student's education records. This does not apply to any of the following situations:

- A. Providing the information to an educational management organization with which the Academy has a management agreement.
- B. Providing the information as necessary for standardized testing that measures the student's academic progress and achievement.
- C. Providing the information as necessary to a person that is providing educational or educational support services to the student under a contract with the Academy.

The parent of a student or an eligible student has the right to inspect upon request any instrument used in the collection of personal information before the instrument is administered or distributed to a student. Personal information for this section is defined as individually identifiable information including a student or parent's first and last name, a home or other physical address (including street name and the name of the city or town, unless a parent is prohibited from doing so due to a student's participation in the address confidentiality program act), a telephone number, or a Social Security identification number. In order to review the instrument, the parent or eligible students, must submit a written request to the building principal at least five (5) work days before the scheduled date of the activity. The instrument will be provided to the parent within ten (10) business days of the principal receiving the request.

The Educational Service Provider shall directly notify the parent(s) of a student and eligible students, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when such activities are scheduled or expected to be scheduled.

- E. the sale by students of products or services to raise funds for school-related or education-related activities; and
- F. student recognition programs.

The Board may establish online access for the parents or the eligible student to the student's confidential academic and attendance record. To authorize such access, the parents or the eligible student must sign a release (see Form 8330 F10). This release shall remind the parents or eligible student that the account and confidential information about the student is only as secure as they keep their account information. Neither the Educational Service Provider nor its employees will be held responsible for any breech of this policy by the parent/eligible student or any unauthorized party.

The Educational Service Provider shall prepare administrative procedures to ensure that students and parents are adequately informed each year regarding their rights to:

- A. inspect and review the student's *education* records;

- E. file a complaint with the United States Department of Education;
- F. obtain a copy of the Board's policy and administrative procedures on student records.

LETTERS OF REFERENCE

Reference: MCL 423.452, 380.1230(b) Section 8546 of the Every Student Succeeds Act (ESSA)

The Board of Directors recognizes any current or former Educational Service Provider employee's request to an administrator for a letter of reference is an opportunity to share information about the staff member's performance with a prospective employer. The Board, however, does not require such references to be provided. A current or former staff member should not expect a letter of reference will be written upon request. The decision to comply with such a request shall be solely at the discretion of the administrator and the Educational Service Provider.

However, if an administrator decides to prepare such a letter, the Board expects that administrator to provide specific and truthful comments concerning the employee's actual performance, which can be substantiated by the individual's personnel file. The letter must be reviewed by the Educational Service Provider before it may be released.

In accordance with State law, an administrator who provides such a letter of reference is entitled to at least a qualified privilege for statements made in the letter, provided such statements were made in good faith, without malice.

All Academy employees, including but not limited to an administrator who prepares a letter of reference or provides an employment reference pursuant to this policy, are prohibited from assisting an Academy employee, contractor or agent in obtaining a new job if s/he knows or has reasonable cause to believe that such Academy employee, contractor or agent engaged in sexual misconduct regarding a minor or student in violation of State or Federal law. "Assisting" does not include the routine transmission of administrative and personnel files. The only exceptions permitted are those authorized by the Every Student Succeeds Act, such as where the matter has been investigated by law enforcement and the matter was officially closed due to lack of probable cause or where the individual was acquitted or otherwise exonerated of the alleged misconduct.

This policy does not excuse the Academy from providing responses to requests for information about unprofessional conduct, as required by State law.

The Board of Directors believes that all student records are confidential documents protected by Family Educational Rights and Privacy Act ("FERPA"), and exist primarily for Academy use and as otherwise required or permitted by law. Therefore, the policy of the Board is that disclosure of student records shall only be afforded to third parties in very limited circumstances consistent with FERPA and other applicable law.

The Board directs the Educational Service Provider to develop and implement written procedures consistent with this policy to limit disclosure of student records to third parties, other than personal information that can be made public ('directory information"). Such procedures shall include:

- A. Written procedures which define directory information as the student's name, address, telephone number, and other information typically found in the Academy's yearbooks, including pictures of students, and information typically maintained by the Academy's athletic and extracurricular programs.
- B. Written procedures giving parents public notice, at the beginning of each academic year, of the types of information the Academy considers directory information ("Directory Information Notice"). The procedures shall also allow parents at least fifteen (15) calendar days after receiving the Directory Information Notice to notify the Academy, in writing, that the parent does not wish to have directory information disclosed regarding his or her student without the parent's written consent. Such notice shall be effective for the remainder of the academic year, and no directory information shall be disclosed regarding the student without the parent's prior written consent.
- C. Written procedures for allowing disclosure of directory information, including a requirement that requests for directory information must be made in writing, signed and dated by the requesting party, and contain the requesting party's address, telephone number, and driver's license number and/or state identification number. The Academy shall provide a copy of the requested directory information to the requesting party within fifteen (15) calendar days of receiving the request.
- D. Written procedures for releasing non-directory information regarding any student to third parties only upon a student's parent or legal guardian request, or in order to comply with a lawfully issued subpoena for documents or information.
- E. Written procedures for providing written notification to a student's parent or legal guardian that the Academy received a subpoena for information and/or testimony concerning the student as soon as practicable after the Academy receives the subpoena, and in any event prior to the Academy's compliance with the subpoena. The Academy's parental notification shall be effective as of the date set forth on the notice.

For purposes of this policy, third parties shall not include Educational Service Provider employees or agents in the course of providing educational services to the Academy, Academy Board, or the parent or legal guardian requesting information regarding his or her student, or a student desiring access to his or her own student record. Nothing in this policy shall be construed to limit, or conflict with, a student and his or her parent or legal guardian's rights to access and review the student's own records.

To the extent this policy is or becomes inconsistent with any applicable statutory requirements, this policy shall be automatically amended to conform with such requirements.

The Board shall provide United States Armed Forces recruiters with at least the same access to the high school campus and to student directory information (names, addresses, and telephone listings of secondary students) as is provided to other entities offering educational or employment opportunities to those students. "Armed forces of the United States" means the armed forces of the United States and their reserve components and the United States Coast Guard.

If a student or the parent or legal guardian of a student submits a signed, written request to the Board that indicates that the student or the parent or legal guardian does not want the student's directory information to be accessible to official recruiting representatives, then the officials of the School shall not allow that access to the student's directory information. The Board shall ensure that students and parents and guardians are notified of the provisions of the opportunity to deny release of directory information.

Neither the Board nor its employees shall permit the release of the social security number of an employee, student, or other individual except as authorized by law (see AG 8350). Documents containing social security numbers shall be restricted to those employees who have a need to know that information or a need to access those documents. When documents containing social security numbers are no longer needed, they shall be shredded by an employee who has authorized access to such records.

Freedom of Information Act requests shall only be responded to in accordance with the Academy's Policy.

Employees who intentionally violate this policy are subject to discipline, up to and including discharge.

The School Principal/Educational Service Provider shall assure that employees receive a copy of and have readily available access to this policy.

BREACH OF CONFIDENTIAL INFORMATION

Reference: MCL 445.61 et. seq.

It is the policy of the Board of Directors that when unauthorized access or acquisition of data occurs, which would compromise the confidentiality or security of personal information maintained by the Academy, the Academy will take appropriate action to assess the risk and notify the affected individuals.

A "breach" means the unauthorized access and acquisition of data that compromises the security or confidentiality of personal information maintained by the Academy. Unauthorized access may be considered incidental access by an employee or other individual if the access meets all of the following:

- A. The individual acted in good faith in accessing the data;
- B. The access was related to the activities of the agency or person
- C. The individual did not misuse any personal information or disclose any personal information to an unauthorized person.

Personal information for purposes of this policy means the person's last name with either the first name or initial when linked to one of more of the following:

- A. Social security number
- B. Driver's license
- C. Demand deposit or other financial account numbers (including credit/debit card numbers, when combined with access code, security code or password which would allow access to the financial accounts)

Upon determining that a breach has occurred, the individual shall notify the Administrator in writing. The Administrator shall promptly determine and implement the steps necessary to correct the unauthorized access and notify those individuals whose personal information may have been compromised.

Individuals who intentionally violate this policy shall be reported to the appropriate law enforcement agency and may be subject to criminal penalties.

ANIMALS ON ACADEMY PROPERTY

Reference: 28 C.F.R. 35.104 Section 504 of the Rehabilitation Act of 1973, as amended (Section 504) The Americans with Disabilities Act, as amended (ADA) The Individuals with Disabilities Education Improvement Act (IDEIA)

Introduction

The Board of Directors recognizes that there are many occasions when animals are present on Academy property and many reasons for those animals' presence. Animals are commonly utilized by teachers during classroom presentations and are often housed in classrooms and other locations on campus. Additionally, employees, students, parents, vendors, and other members of the public may be accompanied at the Academy by a service or therapy animal in accordance with Federal and State law and this policy.

This policy applies to all animals on Academy property, including service animals.

Definitions

- A. "Animal": includes every vertebrate other than a human.
- B. "Service animal": pursuant to 28 C.F.R. Section 35.104, "means any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing nonviolent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition."

The Americans with Disabilities Act (ADA) also defines a miniature horse as an animal that can serve as a service animal, so long as the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability. To better determine whether the Board must allow for the use of a miniature horse or make modifications to buildings, the Board should refer to Section 35.136 (c) through (i) of the ADA.

Non-Service Animals in the Academy and Elsewhere on Academy Property

Animals permitted in the Academy and elsewhere on Academy property shall be limited to those necessary to support specific curriculum-related projects and activities, those that provide assistance to a student or staff member due to a disability (e.g., seizure disorder), those that provide a reasonable accommodation to a student in accordance with a Section 504 Plan, or those that serve as service animals as required by Federal and State law.

Taking into consideration that some animals can cause or exacerbate allergic reactions, spread bacterial infections, or cause damage and create a hazard if they escape from confinement, the Educational Service Provider may permit non-service animals to be present in classrooms to support curriculum-related projects and activities only under the following conditions:

- A. the staff member seeking approval to have a non-service animal in his/her classroom shall:
 - 1. provide a current satisfactory health certificate or report of examination from a veterinarian for the animal;
 - 2. take precautions deemed necessary to protect the health and safety of students and other staff;
 - 3. ensure that the animal is treated humanely, keeping it in a healthy condition and in appropriate housing (e.g., a cage or tank) that is properly cleaned and maintained; and,
 - 4. keep the surrounding areas in a clean and sanitary condition at all times;
- B. other staff members and parents of students in areas potentially affected by animals have been notified in writing and adjustments have been made to accommodate verified health-related or other concerns.

Except where required by law, the presence of a non-service animal shall be disallowed if documented health concerns of a student or staff member cannot be accommodated.

Service Animals for Students

A service animal is permitted to accompany a student with a disability to whom the animal is assigned anywhere on the Academy campus where students are permitted to be.

A service animal is the personal property of the student and/or parents. The Board does not assume responsibility for training, daily care, or healthcare or supervision of service animals. The Board does not assume responsibility for personal injury or property damage arising out of or relating to the presence or use of service animals on Academy property or at Academy-sponsored events.

A service animal that meets the definitions set forth in the ADA and this policy shall be under the control of the student with a disability, or a separate handler if the student is unable to control the animal. A service animal shall have a harness, leash, or other tether, unless either the student with a disability is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the student's control (e.g., voice control, signals, or other effective means), or under the control of a handler other than the student.

Removing and/or Excluding a Student's Service Animal

If a service animal demonstrates that it is not under the control of the student or its handler, the Chief Administrative Officer is responsible for documenting such behavior and for determining if and when the service animal is to be removed and/or excluded from the Academy.

Similarly, in instances when the service animal has demonstrated that it is not housebroken, the Principal shall document such behavior and determine whether the service animal is to be removed and/or excluded from Academy property.

The Educational Service Provider shall be notified when a service animal is removed and/or excluded, and, immediately subsequent to such notification, document the reasons for the removal and/or exclusion.

The Educational Service Provider decision to remove and/or exclude a service animal from Academy property may be appealed in accordance with the complaint procedure set forth in Policy 2260 – Nondiscrimination and Access to Equal Educational Opportunity.

The procedures set forth in Policy 2260 – Nondiscrimination and Access to Equal Educational Opportunity do not interfere with the rights of a student and his/her parents or an eligible student to pursue a complaint with the United States Department of Education's Office for Civil Rights or the Department of Justice.

Eligibility of a Student's Service Animal for Transportation

A student with a disability shall be permitted to access Academy transportation with his/her service animal. There may also be a need for the service animal's handler, if the handler is someone other than the student, to also access Academy transportation.

When a service animal is going to ride on a school bus or other Board-owned or leased vehicle, the student and his/her parents, or eligible student, and the handler, is s/he is someone other than the student, shall:

- A. Meet with the Educational Service Provider and Transportation Supervisor to discuss critical commands needed for daily interaction and emergency/evacuation, and to determine whether the service animal should be secured on bus/vehicle with a tether or harness.
- B. At the discretion of the Educational Service Provider and Transportation Supervisor an orientation will take place for students and staff who will be riding the bus/vehicle with the service animal regarding the animal's functions and how students should interact with the animal.

The service animal shall board the bus by the steps with the student, not a lift, unless the student uses the lift to enter and exit the bus. The service animal must participate in bus evacuation drills with the student.

© National Charter Schools Institute

While the bus/vehicle is in motion, the service animal shall remain positioned on the floor, at the student's feet.

Situations that would cause cessation of transportation privileges for the service animal include:

- A. the student, or handler, is unable to control the service animal's behavior, which poses a threat to the health or safety of others; or
- B. the service animal urinates or defecates on the bus.

The student and his/her parents shall be informed of behaviors that could result in cessation of transportation privileges for the service animal, in writing, prior to the first day of transportation.

If it is necessary to suspend transportation privileges for the service animal for any of the above reasons, the decision may be appealed to the Transportation Supervisor and/or Educational Service Provider

Although transportation may be suspended for the service animal, it remains the Academy's responsibility to transport the student. Furthermore, unless the behavior that resulted in the service animal's removal from the bus is also documented during the school day, the service animal may still accompany the student in school.

Service Animals for Employees

In accordance with Policy 1623, Policy 3123, and Policy 4123 - Section 504/ADA Prohibition Against Disability Discrimination in Employment, the Board provides qualified individuals with disabilities with reasonable accommodation(s). An employee with a disability may request authorization to use a service animal while on duty as such an accommodation. The request will be handled in accordance with the ADA mandated interactive process.

Service Animals for Parents, Vendors, Visitors, and Others

Individuals with disabilities who are accompanied by their service animals are permitted access to all areas of the Academy's facilities where members of the public, as participants in services, programs or activities, as vendors, or as invitees, are permitted to go. Individuals who will access any area of the Academy's facilities with their service animals should notify the Educational Service Provider that their service animal will accompany them during their visit.

An individual with a disability who attends an Academy event will be permitted to be accompanied by his/her service animal in accordance with Policy 9160 - Public Attendance at Academy Events.

ACADEMY SAFETY INFORMATION

Reference: Title IX, Section 9532 of the Elementary and Secondary Education Act, as amended MCL 380.1241, 380.1308, 380.1308a, 380.1310a, 752.913, 771.2a

The Board of Directors is committed to maintaining a safe academy environment. The Board believes that crime and violence at the Academy are potential, multifaceted problems that need to be addressed by utilizing the best resources and coordinated efforts of Academy personnel, law enforcement agencies, and families. The Board further believes that the Academy and local law enforcement officials must work together to provide for the safety and welfare of students while at the Academy, at an Academy-sponsored activity or while enroute to or from the Academy, or an Academy-sponsored activity. The Board also believes the first step in addressing academy crime and violence is to assess the extent and nature of the problem(s), and then plan and implement strategies that promote school safety and minimize the likelihood of school crime and violence.

In furtherance of its commitment to a safe academy environment, the Board has prohibited weapons on academy property and at academy-sponsored events, except in very limited circumstances. See Board Policy 3217, and Policy 5772. This prohibition is reasonably related to legitimate educational concerns, including the ability to provide a safe and secure learning and social environment for its students and controlling and minimizing disruptions to the educational process. The presence of dangerous weapons on academy property or at academy-sponsored events, except under very controlled circumstances, creates a potentially dangerous situation for students, staff and visitors, and may trigger precautionary safety responses, which disrupt the educational process and learning environment for students.

Federal law establishes a "Student Safety Zone" that extends 1,000 feet from the boundary of any academy property in relation to weapons and drugs. Individuals are prohibited from possessing or using weapons or drugs at any time on academy property, within the Student Safety Zone, or at any academy-related event.

The Academy will work with local officials in arranging signage defining the 1,000-foot boundary.

The Educational Service Provider shall hold a meeting for the purpose of conferring regarding the *School Safety Information Policy Agreement* and making modifications deemed necessary and proper; discussing additional training that might be needed; and, discussing any other such related matters as may be deemed to be necessary by the participants. Participants in this meeting shall include the Educational Service Provider, members of the Board of Directors, the County Prosecutor or his/her designee, and representatives from the local law enforcement agencies. Others may also be invited to participate in the meeting.

The Educational Service Provider shall make a report to the Board about all such reviews and recommend the approval and adoption of any proposed revisions or additions.

Academy Contact Person

Furthermore, in accordance with state law, the Board hereby designates the Educational Service Provider, or designee, as the Academy contact person who shall receive information from law enforcement officials, prosecutors and the court officials, including receipt of information provided from the Michigan State Police relating to the student safety act hotline ("OK2Say"). The current contact information for the School Principal shall be provided to the Michigan State Police in the manner and frequency required by law.

© National Charter Schools Institute

The Academy contact person shall notify the School Principal of the academy of attendance of a student about whom information is received from law enforcement officials, prosecutors, or court officials within twenty-four (24) hours of the receipt of that information. The School Principal shall, in turn, notify the building staff members who s/he determines have a need to know the information that has been received within twenty-four (24) hours of receipt of that information.

The Educational Service Provider, or designee, shall notify the appropriate law enforcement officials when an adult or a student commits any offense listed as a reportable incident in the *School Safety Information Policy Agreement* and shall report all information that is required to be reported to State or local law enforcement agencies and prosecutors. Reporting such information is subject to 20 U.S.C. 1232g, commonly referred to as the Family Educational Rights and Privacy Act of 1974.

If a student is involved in an incident that is reported to law enforcement officials pursuant to the Academy's *School Safety Information Policy Agreement*, then, upon request by academy officials, the student's parent or legal guardian shall execute any waivers or consents necessary to allow academy officials access to academy, court, or other pertinent records of the student concerning the incident and action taken as a result of the incident.

Required Reporting

The Educational Service Provider shall submit a report at least annually to the Superintendent of Public Instruction, in the form prescribed by the Superintendent of Public Instruction, stating the number of students expelled from the Academy during the preceding school year and the reason for the expulsion.

The Educational Service Provider shall post a report on the Academy website at least annually in the form prescribed by the Superintendent of Public Instruction, stating the incidents of crime occurring at the Academy. At least once annually, a copy of the most recent report of incidents of crime, disaggregated by academy building, shall be made available to the parent or legal guardian of each student enrolled in the Academy. This report will include at least crimes involving:

- A. physical violence;
- B. gang related acts;
- C. illegal possession of a controlled substance, controlled substance analogue or other intoxicant;
- D. trespassing;
- E. property crimes, including but not limited to theft and vandalism, including an estimate of the cost to the Academy resulting from the property crime.

The Educational Service Provider shall collect and keep current on a weekly basis the information required from the report of incidents of crime, and must provide that information, within seven (7) days, upon request.

Each Academy building shall collect and keep current on a weekly basis the information required from the report of incidents of crime, and must provide that information, within seven (7) days, upon request.

© National Charter Schools Institute

Additionally, the Academy shall report all incidents of and attempted commissions of the crimes listed above to the Michigan State Police, in the form and manner prescribed by the Michigan State Police, within twenty-four (24) hours after the incident occurs.

Law Enforcement Information Network (LEIN)

The Board authorizes the Educational Service Provider to request vehicle registration information for suspicious vehicles within 1,000 feet of Academy property through the Law Enforcement Information Network (LEIN).

Persistently Dangerous Schools

The Board recognizes that State and Federal law requires that the Academy report annually incidents which meet the statutory definition of violent criminal offenses that occur in the Academy, on academy grounds, on an academy conveyance, or at an academy-sponsored activity. It is further understood that the State Department of Education will then use this data to determine whether or not an academy is considered "persistently dangerous," as defined by State policy.

Pursuant to the Board's stated intent to provide a safe academy environment, Academy administrators are expected to respond appropriately to any and all violations of the Student Code of Conduct, especially those of a serious, violent nature. In any year where the number of reportable incidents of violent criminal offenses in the Academy exceed the threshold number established in State policy, the Educational Service Provider shall discuss this at the annual meeting, for the purpose of reviewing the School Safety Plan, so that a plan of corrective action can be developed and implemented to reduce the number of these incidents in the subsequent year.

The Educational Service Provider shall make a report to the Board about this plan of corrective action and shall recommend approval and adoption of it.

Adopted 7/28/11 Revised 1/25/16; 6/30/17; 6/26/19; 12/16/19; 6/29/20; 5/24/21

FIRE SAFETY AND FIRE DEPARTMENT NOTIFICATION

- B. The availability at all times of a non-pay telephone for designated employees to notify the local fire department;
- C. The conspicuous posting of the telephone number of the local fire department near the telephone;
- D. A requirement that notification of the fire department is incorporated into all fire drills.

References: M.C.L.380.1308a

By no later than January 1, 2020, each Academy shall 1) develop an emergency operations plan or 2) adapt its statewide academy information policy (referred to as the "Plan" throughout the remainder of this Policy) to comply with the requirements of this Policy. This action shall be taken with input from the public. Academy building means any building intended to be used to provide instruction to students and any recreational or athletic structure or field intended to be used by students.

Beginning in the 2019-2020 school year, and at least biennially thereafter, the Academy shall conduct a review of its Plan, including a review of the vulnerability assessment, with at least one law enforcement agency that has jurisdiction over the Academy.

The Plan must include guidelines and procedures that address all of the following:

- A. academy violence and attacks
- B. threats of academy violence and attacks
- C. bomb threats
- D. fire
- E. weather-related emergencies
- F. intruders
- G. parent and pupil reunification
- H. threats to an academy-sponsored activity or event whether or not it is held on academy premises
- I. a plan to train teachers on mental health and pupil and teacher safety
- J. a plan to improve academy building security
- K. an active violence protocol
- L. continuity of operations after an incident
- M. a vulnerability assessment

The Academy shall notify the Michigan Department of Education not later than thirty (30) days after it adopts its Plan and after each biennial review in the form and manner prescribed by the Department.

ENVIRONMENTAL HEALTH AND SAFETY ISSUES

The Board of Directors recognizes its responsibility relative to student, employee, and visitor health and safety and to the need for the development of a comprehensive program designed to provide a healthy, safe, and secure environment on Academy property and at Academy-sponsored activities. To achieve this, the Board intends for the Academy to take advantage of the most current, proven technologies in the fields of health, safety, and environmental sciences.

Student, Employee, and Visitor Health and Safety

The Educational Service Provider shall develop and implement a positive, proactive environmental health and safety program that integrates responsibilities within the Academy and promotes and incorporates the following:

- A. Procedures that describe a hazard identification and abatement program requiring the following: periodic inspection of Academy facilities; the implementation of immediate and programmed corrective actions, when deemed necessary by such inspections; and the development of a Academy-wide hazard reporting procedure that enables employee/parent/school community participation. This program should also provide procedures for identifying and responding to hazards created by outside entities, inspecting activities of contractors, and inspecting new facilities to determine if appropriate requirements for environmental health and safety have been met.
- B. Procedures that promote environmental health and safety awareness among employees, students, parents and community. These procedures shall include, but not be limited to, the establishment of Academy safety committees and the establishment of a program of regular communication with students, employees, and parents about pertinent safety and health issues through available mediums in the Academy.
- C. Procedures that address the safety and health of students during transportation to the Academy, in the Academy, on Academy property, and during participation in Academy-related activities. These procedures shall include, but not be limited to, promoting bus safety for students; assessing the safety of Academy traffic patterns; operating Academy clinics; administering medication and medical treatment; promoting laboratory and shop safety; promoting safety in sports and other outdoor activities; inspecting playground equipment and promoting safety on playgrounds; and assessing environmental exposure.
- D. Procedures that relate to Academy employees' health and safety issues, including, but not limited to, provision of work areas free from recognized hazards; OSHA-related programs required by Federal and State law (e.g., employee safety and health training and training in hazard recognition); and definition of employer and employee responsibilities and expectations related to health and safety.
- E. Procedures that establish a system for reporting and investigating accidents, including identification of root causes, determination of remedial and programmed corrective actions, and communication about accidents to employees, parents and members of the Academy community.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

F. Procedures that detail plans for foreseeable emergencies and fire prevention.

Phase-out/Banned Products

The Educational Service Provider shall immediately ban the use, on Board property, of any chemicals, insecticides, or other materials, which the Federal government is phasing out and/or banning by a certain date.

Indoor Environmental Quality (IEQ)

The Board recognizes that excessive moisture levels within the Academy can lead to conditions optimum for the development of biological contaminants (e.g., mold and fungi on building surfaces). The Board further recognizes the presence of these contaminants can be harmful on contact with respiratory tissue.

Contributing factors to excessive moisture levels include the following:

- A. roof leaks;
- B. structural defects in the building;
- C. improperly controlled humidity levels;
- D. faulty HVAC systems.

As preventive measures, the Academy shall do the following:

- A. address prevention of water intrusion as a priority IEQ issue and implement strategies toward its elimination;
- B. maintain environmental conditions in occupied areas in compliance with applicable regulations and strive to conform to industry standards;
- C. implement a preventative maintenance program for HVAC systems that includes, but is not be limited to, periodic filter replacement; inspection; cleaning and disinfecting processes; and procedures to eliminate the contribution to indoor air quality problems caused by this equipment;
- D. implement a system to ensure materials used (and purchased for use) in the construction, furnishing and maintenance (including cleaning), do not contribute to health hazards for employees and students by degrading the quality of indoor air. In addition, activities that create indoor air quality health hazards shall not be permitted.

In addition, the Educational Service Provider shall develop Administrative Guidelines for properly monitoring factors that contribute to excessive moisture and for developing mitigation plans when, and if, problems with IEQ are identified.

Diesel Exhaust and Academy Bus Idling

In accordance with the Environment Protection Agency's initiative to reduce pollution caused by buses on Academy property, the Board will take the recommended steps to reduce the negative effects of diesel exhaust on indoor and outdoor air quality on Academy campuses, including, but not limited to, reducing bus idling time and reinforcing smart driving practices.

The Educational Service Provider shall develop the Administrative Guidelines necessary to establish these practices in the Academy (see AG 8615).

Pollution Control and Prevention

In an effort to comply with environmental policy and applicable regulations, the Academy shall develop and implement procedures designed to prevent air and water pollution; minimize or eliminate waste streams, where possible; and identify possible sources of air and water pollution.

INTEGRATED PEST MANAGEMENT

Reference: MCL 324.8316 [This policy applies to all pest control activities and pesticide use in the school building and related facilities including grounds. Recipients of this policy include faculty, other staff, or any employees or independent contractors monitoring or treating pest problems. Each recipient is required to follow this policy.]

<u>Purpose</u>

The goal of this integrated pest management policy is to provide a safe and healthy learning environment that is relatively pest-free with the least possible use of pesticides. To achieve this goal, it is the policy of the Academy to develop, implement and maintain an integrated pest management program for the control of pests and minimize pesticide exposure to children, faculty, and staff. This policy is consistent with MCL 324.8316, which encourages schools to adopt an IPM strategy.

Sanitizers, germicides, disinfectants, or antimicrobials are exempt from the IPM notification requirements. This policy adheres to the principles of IPM and is conducted in accordance with all federal and state laws and regulations and local ordinances.

Pests are controlled to protect the health and safety of students and staff, maintain a productive learning environment and maintain the integrity of the school building and grounds. IPM is a pest management system that uses all suitable techniques in a total management system to prevent pests from reaching unacceptable levels or to reduce existing pest populations to acceptable levels while balancing the risk of the pest with the potential risk of the management technique.

Development of IPM program

The Academy's IPM program written under this policy states the Academy's goals regarding the management of pests and the use of pesticides. It reflects the Academy's site-specific needs and includes the following elements as required by law:

- Site evaluation, including site description, inspection, and monitoring and the concept of threshold levels;
- Consideration of the relationship between pest biology and pest management methods;
- Consideration of all available pest management methods, including population reduction techniques, such as mechanical, biological, and chemical techniques and pest prevention techniques, such as habitat modification;
- Pest controls methods selection, including consideration of the impact on human health, especially for children, and the environment; and
- Continued evaluation of the integrated pest management program.

The Superintendent or designee for the Academy shall be responsible for ensuring that an IPM program is developed and is in compliance with MCL 324.8316.

Education /Training

The Academy community will be educated about potential pest problems and IPM methods used to achieve the pest management objectives.

The IPM Coordinator, Academy staff and pesticide applicators involved with implementation of the Academy IPM program will be trained in appropriate components of IPM as it pertains to the Academy environment.

Students, parents/guardians will be provided with information on this policy and instructed on how they can contribute to the success of the IPM program.

Record keeping

Records of pesticide use shall be maintained on-site to meet the requirements of the Michigan Department of Agriculture and the Academy Board. Records shall also include, but are not limited to, pest surveillance data sheets and other non-pesticide pest management methods and practices utilized.

Notification/Posting

The Superintendent or IPM Coordinator of the Academy is responsible for timely prenotification to students' parents or guardians and the Academy staff of pesticide treatments pursuant to the requirements under the Natural Resources and Environmental Protection Act, MCL 324.8316.

Re-entry

In accordance with the Natural Resources and Environmental Protection Act, Part 83, reentry to a pesticide treated area may not occur less than 4 hours after application unless the product label requires a longer reentry period. Outdoor ornamental and turf applications of liquid spray pesticides shall not be made on Academy grounds within 100 feet of an occupied classroom during normal school hours or when persons are using the treatment area.

Pesticide applicators

The IPM coordinator shall ensure that pesticide applicators, as well as Academy staff and volunteers follow state regulations, including licensing requirements, applicator certification or registration, and IPM training, label precautions, and comply with all components of the IPM Program.

Evaluation

Annually, the Superintendent will report to the Academy Board on the effectiveness of the IPM plan and make recommendations for improvement as needed.

The Superintendent is responsible to develop guidelines for the implementation of this policy.

CRISIS INTERVENTION

The Board of Directors believes that the employees, and students of the Academy, as well as visitors, are entitled to function in a safe academy environment. In this regard, the Board has adopted policies related to conduct in the Academy setting as well as those that address various crisis situations.

The Educational Service Provider shall develop administrative guidelines for responding to a crisis situation, developing a prevention plan, and providing effective intervention for students who may show warning signs that relate to violence or other troubling behaviors.

These hazards exist in chemicals, pesticides, and other substances used in the Academy setting such as in laboratories, science classrooms, kitchens, and in the cleaning of rooms and equipment.

The Educational Service Provider will appoint an employee to serve as Toxic Hazard Preparedness (THP) Officer. The THP Officer will be responsible for the following:

Hazard Determination

Identification of potential sources of toxic hazards in cooperation with material suppliers, who shall supply the Toxic Hazard Preparedness Officer with Material Safety Data Sheets (MSDSs). The Educational Service Provider will rely on MSDSs from material suppliers to meet hazard determination requirements.

Labeling

Ensuring that all incoming materials are properly labeled with the identity of the chemical, the hazard warning, and the name and address of the manufacturer or responsible party, and that any containers to which the materials are transferred are also properly labeled.

Material Safety Data Sheets

Maintaining a current file of MSDSs for all hazardous materials present on Academy property. The MSDS files will be kept at the main office; additional copies for employees' use will be kept by the building manager

MSDSs will be available for review to all employees. Copies will be available upon request to the Toxic Hazard Preparedness Officer. Posters identifying the person responsible for monitoring MSDSs and where MSDSs are located at the main office. Posters notifying employees when new MSDSs are received will be located in the same location. The Toxic Hazard Preparedness Office shall contact the supplier, in writing, if a required MSDS is not received, and promptly procure the MSDS before releasing the material for use.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

If s/he is unable to obtain an MSDS from a supplier, s/he should contact MIOSHA's Occupational Health Division (OHD) or General Industry Safety Division for assistance in obtaining the MSDS.

Multi-Employer Work Sites – Informing Contractors

Informing contractors and their employees of any hazardous substances to which they may be exposed; measures to be employed to control or eliminate exposure; container and pipe labeling system used on-site; and where applicable MSDSs can be reviewed or obtained. Whenever Academy employees may potentially be exposed to hazards brought on site by contractors, the THP Officer will obtain information from the contractor pertaining to the chemicals brought on-site, and measures that should be taken to control or eliminate exposure to the chemicals.

Employee Information and Training

Information to employees shall include the following:

- A. regulations of MIOSHA's hazardous communication standard;
- B. all operations in employee's work area where hazardous chemicals are present;
- C. location and availability of written hazardous communication program (i.e. the policy), the list of hazardous chemicals and the MSDSs.

Training should include:

- A. techniques used to detect presence or release of hazardous chemicals in work area;
- B. physical and health hazard of hazardous chemicals;
- C. the measures the employee should take to protect themselves from these hazards;
- D. details of the hazardous communication program including an explanation of labeling system and MSDSs and how employees can obtain and use hazard information.

Employees shall be informed of the employer's anti-discrimination/discharge policy for employees accessing hazard information and how the employee can contact OHD or General Industry Safety Division for assistance in obtaining an MSDS if s/he is unable to obtain the MSDS from the employer.

Records of each employee's hazardous communication training should be maintained and all new employees should receive training regarding any hazardous chemicals they may potentially come in contact with as part of their job.

Hazardous non-routine tasks – before an employee is required to start a non-routine task (e.g. enter confined space) the employee will be given information about the hazards of the area or procedure including specific chemical hazards, protection or safety measures the employee can take to lessen hazard, and measures the company has taken to eliminate or control hazard.

Any staff member or contractor who applies pesticides on Academy property shall meet the requirements of AG 8413A in addition to requirements established by the State. S/He shall provide written notification each year, prior to any application, to all parents and staff members:

- A. that a pesticide is to be applied,

The Educational Service Provider shall also ensure that, when conducting asbestos abatement projects, each contractor employed by the Academy is licensed pursuant to the Michigan Department of Health Regulations.

Nothing in this policy should be construed in any way as an assumption of liability by the Board for any death, injury, or illness that is the consequence of an accident or equipment failure or negligent act, or a deliberate act beyond the control of the Board or its officers and employees.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

The Board may provide, however, legal representation and indemnification against civil liability with regard to claims or actions resulting from or arising out of negligence or alleged negligence of those persons responsible for inspecting, monitoring, removing, treating asbestos or material containing asbestos, or supervising these activities, provided the employee was performing the duties while in the course of his/her employment or while acting within the scope of his/her authority. The Board reserves the right to deny representation and indemnification in those circumstances wherein the employee's actions demonstrate gross negligence or willful and wanton misconduct.

REPORTING ACCIDENTS

The Board of Directors directs that all reasonable efforts be made to ensure a safe learning and working environment for the students and the Educational Service Provider employees. Any accident that results in an injury, however slight, to a student, staff or a visitor to the Academy must be reported promptly and in writing to the Educational Service Provider. CONTROL OF CASUAL CONTACT COMMUNICABLE DISEASES

Reference: MCL 380.1169

The Board of Directors recognizes that control of the spread of communicable disease spread through casual-contact is essential to the well-being of the community and to the efficient Academy operation.

For purposes of this policy, "casual-contact communicable disease" shall include:

- A. diphtheria
- B. scarlet fever and other strep infections
- C. whooping cough
- D. mumps
- E. measles
- F. rubella
- G. and others designated by the Michigan Department of Community Health.

In order to protect the health and safety of the students, Educational Service Provider personnel, and the community at large, the Board shall follow all State statutes and Health Department regulations which pertain to immunization and other means for controlling communicable disease spread through normal interaction in the Academy setting.

The teacher may remove from the classroom and the School Leader may exclude from the building or isolate in the Academy any student who appears to be ill or has been exposed to a communicable disease.

The Educational Service Provider shall develop administrative guidelines for the control of communicable disease which shall include:

- A. instruction of professional staff members in the detection of these common diseases and measures for their prevention and control;
- B. removal of students from Academy property to the care of a responsible adult;
- C. preparation of standards for the readmission of students who have recovered from casual-contact communicable diseases;
- D. filing of reports as required by statute State Department of Education and the State Department of Community Health.

PEDICULOSIS (HEAD LICE)

Whenever a student is found to be infested with head lice, s/he is to be sent home for treatment and not readmitted until the parent completes form 8450A F3 and it is confirmed that the child is free of any nits.

The necessary treatment is contained in Form 8450A F1 which is to be sent to the parent along with the cover letter (Form A F2).

The other students in the infested student's classroom and the student's sibling(s) should be examined for evidence of either the lice or lice eggs (nits). The examinations should be done by Academy personnel.

AUTOMATIC EXTERNAL DEFIBRILLATORS (AED)

Reference: 21 C.F.R. §801.109

The Board of Directors the Educational Service Provider has determined that it may enhance school safety to have an automatic external defibrillator (AED) placed in building(s) within the Academy.

An AED is a medical device that contains a heart monitor and defibrillator that is used to administer an electric shock through a person's chest wall to the heart. The built-in computer system of the AED assesses the patient's heart rhythm, determines whether defibrillation is needed, and then administers a shock, if necessary. Audible and/or visual prompts guide the user through the process of using the AED.

The Board recommends the Educational Service Provider to develop guidelines that govern AEDs, including the use of the AED, placement of the AED, training and oversight by a medical doctor or by the local EMS Medical Director. The Board also recommends the Educational Service Provider, in conjunction with the Medical Director, to review the guidelines, as appropriate. The AED devices, if available, will be located at the nurse, nurse aid or Principal's office for use by employees with proper AED training.

DIRECT CONTACT COMMUNICABLE DISEASES

Reference: MCL 380.1169

The Board of Directors directs the Educational Service Provider to provide a safe educational environment for students and staff. This can best be accomplished by assuring that all persons with the Academy community understand the method of transmission and prevention of diseases that are not contracted through air-borne pathogens, but rather, through direct contact with body fluids and excretions, especially blood, vomit, feces, or urine. The Board is also committed to assuring the confidential status of individuals who may have been diagnosed with a blood-borne communicable disease.

For purposes of this policy, these diseases shall include: HIV (human immunodeficiency virus); AIDS (acquired immune deficiency syndrome); AIDS related complex (condition); HAV, HBV, HCV (Hepatitis A, B, C); and other disease that may be specified by the Michigan Department of Community Health as contact communicable diseases.

The Educational Service Provider recognizes the fact that individuals who have contracted these diseases may not exhibit symptoms for many years after exposure and may, in fact, not be aware that they have contracted the disease. They are, however, able to transmit the disease to other individuals.

The Board of Directors directs the Educational Service Provider to assure that students or staff that reveals the fact they have contracted one of these diseases will have their status safeguarded in accordance with Federal and State statutes dealing with confidentiality and that their civil rights will be respected. Staff members will have access to leave policies in accordance with Educational Service Provider administrative guidelines and opportunities for reasonable accommodation as described by the Americans with Disabilities Act. Should a student be unable to attend school as a result of illness, an alternative education program shall be provided in accordance with the Board's policy and administrative guidelines dealing with Homebound/Hospitalized Instruction.

Additionally, the Board directs the Educational Service Provider to develop an educational program in accordance with Michigan law that will ensure proper instruction of guidance counselors, nurses (need not be included if a "licensed health care professional"), teachers, and other Academy personnel who teach students about HIV and AIDS. Such a program shall include information about:

- A. the nature of the disease;
- B. its causes and effects;
- C. the means of detecting it and preventing its transmission;
- D. the availability of appropriate sources of counseling and referral; and
- E. any other information that is appropriate considering the age and grade levels of students.

CONTROL OF BLOOD-BORNE PATHOGENS

The Board of Directors recognizes that the health and physical well-being of the students and staff of the Academy depends in large measure upon having a clean and sanitary environment in which to learn.

Therefore, the Board directs the Educational Service Provider to institute a cleanliness and sanitation program at the Academy, which shall have the following components:

- A. Written procedures for staff handling and disposal of bodily wastes and fluids. Such procedures shall include protections for staff members who clean or handle blood or blood-soaked items, vomitus, saliva, urine, or feces, as well as the disinfection of surfaces and items in contact with such matter; the disposal of such matter in sealed containers; and the frequent and thorough cleaning of hands and all other body parts coming into contact with such matter.
- B. Written procedures for protecting students from direct contact with bodily wastes and fluids excreted by others, including encouraging the frequent and thorough cleansing of hands and all other body parts coming into contact with such matter.
- C. Written procedures for maintaining the overall cleanliness and sanitation of the school building, school grounds, and school equipment consistent with the terms of the Academy's lease and applicable law.

Reference: MCL 380.1505, 722.621 et. seq.

The Board of Directors is concerned with the physical and mental well-being of the students of this Academy and will cooperate in the identification and reporting of suspected cases of child abuse or neglect in accordance with law.

Any staff and all other persons employed by the Educational Service Provider who are mandatory reporters under the law with reasonable cause to suspect child abuse or neglect shall be responsible for reporting immediately every case, whether ascertained or suspected, of abuse or neglect resulting in physical or mental injury to a student by other than accidental means.

The staff member or other mandatory reporter shall immediately notify the local office of the Central Registry of the Michigan Department of Health and Human Services (MDHHS) Family Independence Agency, by telephone, or, if available, through the online reporting system, of the suspected child abuse or child neglect. If an oral report is made by telephone, the reporting person shall file a written report within seventy-two (72) hours of making the oral report as required by the Child Protection Law.

The identity of the reporting person shall be confidential, subject only to disclosure by consent or court order. A reporting employee shall not be dismissed or otherwise penalized for making a report of child abuse or neglect.

Information concerning alleged child abuse is confidential. Any unauthorized disclosure by an official or employee of the Educational Service Provider is a violation of the law and subjects the disseminator to civil liability for resulting damages.

Bad debt incurred through the inability to collect lunch payment from students is not an allowable cost chargeable to any Federal program. Any related collection cost, including legal cost, arising from such bad debt after they have been determined to be uncollectable are also unallowable.

Bad debt is uncollectable/delinquent debt that has been determined to be uncollectable by the end of the school year in which the debt was incurred. If the uncollectable/delinquent debt cannot be recovered by the School Meals Program in the year when the debt was incurred, then this is classified as bad debt. Once classified as bad debt, non-Federal funding sources must reimburse the NSFSA for the total amount of the bed debt. The funds may come from the Academy general fund, State or local funding, academy or community organizations such as the PTA, or any other non-federal source. Once the uncollectable/delinquent debt charges are converted to bad debt, records relating to those charges must be maintained in accordance with the record retention requirements in 7 CFR 210.9(b) (17) and 7 CFR 210.15(b).

The Educational Service Provider is authorized to develop and implement an administrative guideline regarding meal charge procedures. WELLNESS

Reference: 42 USC §§ 1751, **Sec. 204** 42 USC § 177**1** 7 CFR Parts 210 and 220

The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the Academy's students. Furthermore, research concludes that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

The Board, however, believes this effort to support the students' development of healthy behaviors and habits with regard to eating and exercise cannot be accomplished by the schools alone. It will be necessary for not only the staff, but also parents and the public at large to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits.

The Board sets the following goals in an effort to enable students to establish good health and nutrition habits:

- A. With regard to nutrition education, the Academy shall: (Specific goals need to be inserted here. See Appendix A.)
- B. With regard to physical activity, the Academy shall: (Specific goals need to be inserted here. See Appendix B.)
- C. With regard to other school-based activities the Academy shall: (Specific goals need to be inserted here. See Appendix C.)

The Wellness Committee shall be an ad hoc committee with members recruited and chosen annually. Academy-level health advisory teams may assist in the planning and implementation of these Wellness initiatives.

The Wellness Committee shall be responsible for:

- A. assessment of the current Academy environment;
- B. review of the Academy's wellness policy;
- C. presentation of the wellness policy to the Board for approval;
- D. measurement of the implementation of the policy;
- E. recommendation for the revision of the policy, as necessary.

Before the end of each school year the Wellness Committee shall recommend to the Educational Service Provider any revisions to the policy it deems necessary and/or appropriate. In its review, the Wellness Committee shall consider evidence-based strategies in determining its recommendations.

The Educational Service Provider shall report annually to the Board on the progress of the Wellness Committee and on its evaluation of policy implementation and areas for improvement, including status of compliance by individual schools and progress made in attaining goals of policy.

The Educational Service Provider is also responsible for informing the public, including parents, students and community members, on the content and implementation of this policy. In order to inform the public, the Educational Service Provider shall:

- A. distribute information at the beginning of the school year to families of Academy children;
- B. include information in the student handbook;

and post the policy on the Academy's website, including the Wellness Committee's assessment of the implementation of the policy.

RELIGIOUS/PATRIOTIC CEREMONIES AND OBSERVANCES

Reference: M.C.L. 380.1347, 380.1347a, 380.1565

As a public school, the Academy is constitutionally bound to allow students to voluntarily engage in prayer and other forms of meditative reflection. However, we also have a duty to maintain an orderly classroom environment. To that end, the Academy's policy regarding prayer is as follows:

- A. *Students:* Our students may voluntarily engage in prayer or other contemplative meditation during non-instructional time. Non-instructional time is defined as time other than that devoted to teaching and other curricula activities. In other words, students may freely engage in prayer or other types of meditative reflection prior to the official start of the school day, at the end of the day, and the beginning of the lunch/recess period. Students not engaged in prayer must use this time for quiet study.
- B. Teachers and School Officials: As state officials, teachers and school officials are prohibited from encouraging, coercing, or participating in the religious activities of our students. Therefore, teachers and other school officials may not recognize, facilitate, or penalize students for participation or non-participation in prayer, meditation, or other types of reflection. However, one teacher may be assigned to the area for the sole purpose of monitoring and ensuring students' safety. Moreover, teachers and school officials, when not performing their duties, may freely engage in prayer or other meditative reflection. In order to prevent the appearance of coercion, teachers and school officials should refrains from praying near or with the school's students. A separate area has been designated for that purpose. In addition, if a parent, in writing, informs the school that his or her child needs to be excused from class in order to participate in off-campus religious activities, their request shall not be denied absent good cause. Prior to the start of each school year, school officials shall send a letter to all parents advising them of this policy.
- C. Parents: Parents may bring their children to the school early and pick them up later so that their children may have the opportunity to participate in prayer or other types of mediation, without fear of reprisal or reprimand from other parents or members of the faculty staff, or administration. Furthermore, parents may, in writing, inform school officials of the days and times their child or children should be released from school in order to participate in religious instruction or devotional exercises off-campus. Parents' requests shall not be unreasonably denied, and the parent, in partnership with the teacher, must take reasonable steps to ensure that nay work missed is made up at a later date.

The United States Flag and Pledge of Allegiance

The flag of the United States shall be raised above each public school building operated by the Academy at all times during school hours, weather permitting. This flag shall measure at least 4 feet 2 inches by 8 feet. A United States flag shall also be displayed in every classroom or other instructional site in which students recite the Pledge of Allegiance.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

OPERATIONS 8800/page 2 of 2

All students in attendance at school will be provided an opportunity to recite the Pledge each day that school is in session. However, no student shall be compelled to recite the Pledge of Allegiance. No student shall be penalized for failure to participate in the Pledge and the professional staff shall protect any such students from bullying as a result of their not participating in the Pledge.

The building principal or administrator shall be responsible for determining the appropriate time and manner for reciting the Pledge, with due regard to the need to protect the rights and the privacy of a nonparticipating student.

<u>Scope</u>

This policy applies to any fraud, or suspected fraud, involving Academy personnel as well as consultants, vendors, contractors, outside agencies doing business with employees of such agencies, and any other parties with a business relationship with the Academy.

Policy

Fraud and fraudulent activity is strictly prohibited.

Academy personnel shall be responsible for reporting any observed or suspected fraud or fraudulent activity to the School Leader or Board President.

All administrators shall be vigilant for any conduct that may appear to constitute fraud within the areas of their responsibility.

All reporting and investigation shall be done in accordance with the Academy's guidelines on this subject.

Fraud – Definitions

Fraud is defined as the intentional, false representation or concealment of a material fact for the purpose of inducing another to act upon his/her injury.

The following are examples of prohibited acts:

- B. Forgery of a check, bank draft, wire transfer or any other financial document;

However, absolute confidentiality for reporting witnesses and investigation results cannot be guaranteed.

Except as authorized by the School Leader or his/her designee, the reporting witness and others interviewed are not to discuss the allegations or investigation with other Academy personnel or officials, vendors or contractors. Such discussions may interfere with the investigation. Further, because of the nature of the alleged misconduct, unsubstantiated allegations which are not privileged could harm an innocent individual's reputation and result in potential civil liability.

Non-Retaliation

Those who, in good faith, report suspected fraudulent activity will not be subject to any retaliation as a result of bringing the suspected misconduct forward.

TELEPHONE COMMUNICATIONS

The Board of Directors is vitally interested in maintaining effective communication with parents, members of the community, vendors, and others who have dealings with the Academy. The Board realizes that although advances in technology provide the possibility of enhancing communications some innovations can also inhibit effective contact between the public and Academy personnel.

The Board directs that incoming calls during regular school hours to be answered by an Educational Service Provider staff member or volunteer and not by a computer-generated voice. This will ensure that each caller's concern is dealt with in an expeditious manner.

If, under certain rare circumstances it is not possible for a staff member or volunteer to be available to answer a telephone call to a main office number, a computer message may be substituted provided the message instructs the caller on how to contact an Academy staff member who can take some type of action in response to the caller's need.

ACADEMY INFORMATION PROGRAM

The Board of Directors directs that the Educational Service Provider employ reasonable means to keep the parents and other interested parties informed on matters of importance regarding Academy policies, finances, programs, personnel, and operations. The Educational Service Provider shall develop administrative guidelines for this purpose.

ACADEMY VISITORS

The Board of Directors welcomes and encourages visits to Academy by parents, other adult residents of the community and interested educators. But in order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the Academy, it is necessary to establish visitor guidelines.

All visitors must report to the School Principal who has the authority to prohibit the entry of any person to this Academy or to expel any person when there is reason to believe the presence of such person would be detrimental to the good order of the Academy. If such an individual refuses to leave the Academy grounds or creates a disturbance, the School Principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Parents/Guardians, who are registered sex offenders and wish to participate in their child's school activities, may be allowed on campus at the discretion and under the direction of the School Principal. Conditions may be imposed, including but not limited to the following: must have prior permission, must check in, must have approved escort in building or at event, must leave premises immediately upon conclusion of business, and may not visit while school is in session.

Non-staff access to students and classes must be limited and only in accordance with a schedule which has been determined by the School Principal after consultation with the teacher whose classroom is being visited. Classroom visitations must be non-obtrusive to the educative process and learning environment and should not occur on an excessive basis.

Parent concerns about any aspect of his/her child's educational program should be presented through the procedure set forth in Board Policy 9130 - Public Complaints, a copy of which is available at the Board office.

Except as set forth in Academy policy, canines brought on the premises by law enforcement personnel for law enforcement purposes, or in the case of "service animals" required for use by a person with a disability, no other animals may be brought or released onto school premises at any time, except with the permission of the Chief Administrative Officer or designee.

The Educational Service Provider shall develop such Administrative Guidelines as are necessary to protect students and employees from disruption to the educational program or the efficient conduct of their assigned tasks.

Rules regarding entry of persons other than students, Educational Service Provider staff, and faculty upon Academy grounds or premises shall be posted conspicuously at or near the entrance to such grounds or premises if there are no formal entrances, and at the main entrance to the building.

Individual Board members who are interested in visiting the Academy or classrooms on an unofficial basis shall make the appropriate arrangements with the Educational Service Provider. In keeping with Board bylaws, such Board member visits shall not be considered to be official unless designated as such by the Board.

BOARD OF DIRECTORS NOOR INTERNATIONAL ACADEMY

The Board member shall be visiting as an interested individual in a similar capacity of any parent or citizen of the community. These visits should not be considered to be inspections nor as supervisory in nature. If, during such visit a Board member observes a situation or condition which causes concern, s/he should discuss the situation first with the School Principal as soon as convenient or appropriate. Such a report or discussion shall not be considered an official one from the Board.

If the Board member believes the situation or condition serious enough, s/he may wish to also inform the Educational Service Provider. If the Board member visiting is representing the Board, all observations, concerns, or issues should be addresses to the Educational Service Provider.

PUBLIC ATTENDANCE AT ACADEMY EVENTS

Reference: 28 C.F.R. Part 35

The Board of Directors welcomes the attendance of members of the community at athletic and other public events held in the Academy, but the board also acknowledges its duty to maintain order and preserve the facilities of the Academy during the conduct of such events. The Board retains the right to bar the attendance of or remove any person whose conduct may constitute a disruption at an Academy event. Academy administrators are expected to call law enforcement officials if a person violates posted regulations or does not leave Academy property when reasonably requested. In accordance with Board Policy 7440 and AG 7440 B, administrators may use metal detectors and other devices to protect the safety and well-being of participants and visitors.

No qualified person with a disability will, because the Academy's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the Academy will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the Academy is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto.

The Board directs that no alcoholic beverage or other controlled substance be possessed, consumed, or distributed. Nor any betting occur at any function sponsored by the Academy or at any function occurring on or off Academy premises.

Individuals with disabilities shall have an equal opportunity to purchase tickets for events that have been sanctioned or approved by the Board in accordance with the provisions of the Americans with Disabilities Act, as amended.

Further, in accordance with the provisions of the Americans with Disabilities Act, as amended, the Board shall permit individuals with disabilities to be accompanied by their service animals in all areas of the District's facilities where members of the public, as participants in services, programs or activities, or as invitees, are allowed to go. (See also AG9160B)

Smoking and/or the use of tobacco and/or tobacco substitute products is prohibited at any time within any enclosed facility owned or leased or contracted for by the Board, and in areas directly or indirectly under the control of the Board immediately adjacent to locations of ingress or egress to such facilities. Such prohibition also applies to Academy grounds and/or any Academy-related event.

The Board is aware of the increasing desire of many parents and other members of an audience to make audio and/or video recordings of school events.

Such recordings can be made by parents or other members of the audience without restriction if the performance is not of copyrighted material. However, if the performance is of copyrighted material, recording can be made if the appropriate license authorizing such recordings has been secured in advance by the Academy. If the performance is of copyrighted material and the necessary license has not been secured in advance by the

Academy, the audience shall be advised before the performance begins that audio and/or video recordings that will be re-broadcast or distributed in any way, such as posting on the internet, are prohibited.

The Board authorizes the Educational Service Provider to establish rules and procedures governing the use of non-school audio/visual recording equipment at any Academy sponsored event or activity. Such rules are to be distributed in such a manner that members of the audience who wish to record the event are aware of the rules early enough to make proper arrangements to obtain their recordings without causing delay or disruption to an activity.

Because some parents may object to their child being video recorded, the Educational Service Provider reserves the right to control such recording and to deny recording if in its judgment this is the best solution to adhere to the parent's request.

Any person or organization seeking to film students or an Academy activity which is not a public event shall obtain prior permission from the Chief Administrative Officer.

The Chief Administrative Officer shall ensure that all notices, signs, schedules, and other communications about Academy events contain the following statement:

"Upon request to the Chief Administrative Officer, the Academy shall make reasonable accommodation for a disabled person to be able to participate in this activity."

ACADEMY SUPPORT ORGANIZATIONS

The Board of Directors appreciates the efforts of any organizations whose objectives are to enhance the educational experiences of students in the Academy, to help meet educational needs of students, and/or provide extra educational benefits not provided for, at the time, by the Board.

The Board recognizes that parent-teacher organizations and other school-related organizations are channels through which Academy personnel, parents, and other citizens may discuss educational concerns, problems, and needs and then work together toward solutions.

No organization may hold itself out as affiliated in any manner with the Academy unless directly approved to do so by the Academy Board of Directors, and then only as a "booster" or PTA/PTO organization for support purposes. No support organization shall be, or hold itself out as, an agent of the Academy for any purpose whatsoever.

Adopted 7/28/11 Revised 2/9/15; 1/25/16

RELATIONS WITH PARENTS

Reference: MCL 380.10, 380.1137

The Board of Directors believes that the education of children is a joint responsibility, one it shares with the parents of the Academy. To ensure that the best interests of the child are served in this process, a strong program of communication between home and the Academy must be maintained.

The parents have the right to participate in the education of their children as well as the ultimate responsibility for their children's in-school behavior, including the behavior of students who have reached the legal age of majority, but are still, for all practical purposes, under parental authority.

In accordance with Board policies and administrative guidelines 2240 (Opt-Out), 2413/14 (Health/Sex Education), and 9150 (Academy Visitors), the Academy shall provide the opportunity for parents to review curriculum and instructional materials and to visit the Academy to observe the instructional process.

With regard to student behavior, during school hours, the Board, through the Educational Service Provider, acts in loco parentis or in place of the parents.

The Board recommends that the following activities be implemented to encourage parent-Academy cooperation:

- A. parent-teacher conferences to permit two-way communication between home and school
- B. meetings of staff members and parents of those students having special abilities, disabilities, needs, or problems
- C. open houses to provide parents with the opportunity to see the Academy facilities, meet the faculty, and sample the program on a first hand basis

For the benefit of children, the Board believes that parents have a responsibility to encourage their child's career in school by:

- supporting the Academy in requiring that the children observe all Academy rules and regulations and by accepting their own responsibility for children's willful inbehavior;
- B. sending children to school with proper attention to their health, personal cleanliness, and dress;
- C. maintaining an active interest in the student's daily work and making it possible for the student to complete assigned homework by providing a quiet place and suitable conditions for study;
- D. reading all communications from the Academy, signing, and returning them promptly when required;

E. cooperating with the Academy in attending conferences set up for the exchange of information of the child's progress in school.

RELATIONS WITH EDUCATIONAL INSTITUTIONS AND ORGANIZATIONS

It is the policy of the Board of Directors that strong lines of communication be maintained by the Academy with other schools and with institutions and organizations which provide Academy students with programs, training, or services not available in the Academy.

The Academy may participate in cooperative ventures with institutions or organization for the purpose of providing programs, which correlate to the Academy's curriculum and help students better, accomplish the educational outcomes established by the Board.

PARTNERSHIPS WITH BUSINESS

The Board of Directors is well aware of the role that education will play in increasing the nation's productivity and future well-being. To ensure success requires the combining of talent and resources within the region between business and education. It also recognizes that the Academy needs to operate as an integral part of the economic community if students are to receive the type of education and training they will need to function effectively in the twenty-first century.

The Board may seek to establish partnerships between the Academy and individual companies. The purpose will be to seek opportunities for students and staff to share in new strategies and technologies being created in the business world and offer, in exchange, the knowledge and skill of Academy personnel in creating more effective continuing education for employees and members of the community. Properly planned and implemented, such partnerships could have significant impact on the nature and content of the curriculum as well as on the manner in which students are taught to learn.

The Educational Service Provider/School Leader is authorized to actively seek such partnerships.
